Lyon County Board of County Commissioners Agenda Summary

Meeting Date: November 5, 2026

Agenda Item Number:
6.a

Subject:
Time Certain at 9:00 A.M.: For Possible Action: Approve a broker for health, dental, vision, and life insurance and authorize the County Manager to negotiate and sign a one-year contract with automatic renewal language. (Comptroller, Josh Foli)

Summary:
The Comptroller and Human Resources Director met with three different insurance brokers and determined that they all have extensive experience in the health insurance market. Prior to considering cost, the team placed the brokers in the following order: A & H Insurance, Benefits Intelligence, and LP Insurance. After considering costs as well, A & H Insurance is the recommended broker. A & H Insurance proposed a flat annual fee of $40,000; Benefits Intelligence proposed a flat fee per employee of $17.50 per month, which is estimated to be $91,560 per year; LP Insurance proposed a flat annual fee of $66,000 per year. It is recommended that the Board appoint A & H Insurance as the County's broker. However, the Comptroller recommends negotiating a percentage fee contract so that the contract cost can be passed on to federal grants and allocated appropriately to the other Districts for whom we provide payroll services.

Financial Department Comments:
I recommend appointing A & H Insurance as the broker, which will be within the County's budget.

Approved As To Legal Form:

County Manager Comments:

Recommendation:
I move to approve A & H Insurance as the County's broker for health, dental, vision, and life insurance and authorize the County Manager to negotiate and sign a one-year contract with automatic renewal language.

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets [~~omitted material~~] is material to be omitted.

AN ACT relating to housing; requiring the governing body of each county and city to adopt an ordinance to authorize by-right a multifamily housing development or mixed-use development that includes a residential use on property zoned for commercial use; declaring void certain county or city ordinances; **authorizing the State Land Registrar to transfer, under certain circumstances, certain real property owned by the State of Nevada to certain entities without consideration;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill requires each governing body of a county or city to adopt an ordinance that authorizes by-right a multifamily housing development or mixed-use development that includes a residential use on property zoned for commercial use. **Section 1** further provides that property zoned for commercial use does not include property zoned for industrial use. **Section 5** of this bill declares void any ordinance, regulation or rule of a county or city which conflicts with the provisions of this bill.

Existing law authorizes the governing body of a county or city to divide the county, city or region into zoning districts of such number, shape and area as are best suited to carry out certain purposes. Within a zoning district, the governing body may regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures or land. (NRS 278.250) **Section 4** of this bill creates an exception to account for the requirement that the governing body of a county or city adopt an ordinance to authorize by-right a multifamily housing development or mixed-use development that includes a residential use on property zoned for commercial use pursuant to **section 1**.

Existing law requires that an action or proceeding seeking judicial relief or review from or with respect to any final action, decision or order of any governing body of a county or city be commenced within 25 days after the date of filing of notice of the final action, decision or order with the clerk or secretary of the governing body. (NRS 278.0235) **Section 3** of this bill applies these provisions to **section 1**.

Section 2 of this bill makes a conforming change to apply the definitions of certain terms relating to planning and zoning to **section 1**.

Existing law requires the State Land Registrar to execute on behalf of the State of Nevada any lease, deed or other document by which any land or interest therein owned

by the State is conveyed. (NRS 321.003) Section 5.3 of this bill authorizes the State Land Registrar to transfer title to certain real property owned by the State, with certain restrictions, to Catholic Charities of Northern Nevada and the Reno-Sparks Gospel Mission. Section 5.3 provides that such a transfer is conditioned upon the Reno Redevelopment Agency entering into certain agreements with Catholic Charities of Northern Nevada or the Reno-Sparks Gospel Mission. Section 5.3 further provides that such agreements must require the Reno Redevelopment Agency to: (1) survey and generate a legal description for the portions of real property that the State Land Registrar is authorized to transfer to each entity; and (2) pay the costs relating to the transfer of the real properties. Section 5.5 of this bill requires the deed for the real properties to include certain restrictions and provide for the reversion of the title to the real properties under certain circumstances.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 278 of NRS is hereby amended by adding thereto a new section to read as follows:

1. Not later than October 1, 2026, each governing body shall adopt an ordinance that authorizes by-right a multifamily housing development or mixed-use development that includes a residential use on property zoned for commercial use.

2. As used in this section, "property zoned for commercial use" does not include property zoned for industrial use.

Sec. 2. NRS 278.010 is hereby amended to read as follows:

278.010 As used in NRS 278.010 to 278.630, inclusive, ***and section 1 of this act,*** unless the context otherwise requires, the words and terms defined in NRS 278.0103 to 278.0195, inclusive, have the meanings ascribed to them in those sections.

Sec. 3. NRS 278.0235 is hereby amended to read as follows:

278.0235 1. No action or proceeding may be commenced for the purpose of seeking judicial relief or review from or with respect to any final action, decision or order of any governing body, commission or board authorized by NRS 278.010 to 278.630, inclusive, ***and section 1 of this act,*** unless the action or proceeding is commenced within 25 days after the date of filing of notice of the final action, decision or order with the clerk or secretary of the governing body, commission or board.

2. A petitioner or cross-petitioner who is seeking judicial review must serve and file a memorandum of points and authorities within 40 days after an action is commenced.

3. The respondent or cross-petitioners shall serve and file a reply memorandum of points and authorities within 30 days after the service of the memorandum of points and authorities.

4. The petition or cross-petitioner may serve and file a reply memorandum of points and authorities within 30 days after service of the reply memorandum.

5. Within 7 days after the expiration of the time within which the petitioner is required to reply, any party may request a hearing. Unless a request for hearing has been filed, the matter shall be deemed submitted.

6. All memoranda of points and authorities filed in proceedings involving petitions for judicial review must be in the form provided for appellate briefs in Rule 28 of the Nevada Rules of Appellate Procedure.

7. The court, for good cause, may extend the times allowed in this section for filing memoranda.

Sec. 4. NRS 278.250 is hereby amended to read as follows:

278.250 1. For the purposes of NRS 278.010 to 278.630, inclusive, ***and section 1 of this act,*** the governing body may divide the city, county or region into zoning districts of such number, shape and area as are best suited to carry out the purposes of NRS 278.010 to 278.630, inclusive ~~[. Within]~~ ***, and section 1 of this act. Except as otherwise provided in section 1 of this act, within*** the zoning district, it may regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures or land.

2. The zoning regulations must be adopted in accordance with the master plan for land use and be designed:

(a) To preserve the quality of air and water resources.

(b) To promote the conservation of open space and the protection of other natural and scenic resources from unreasonable impairment.

(c) To consider existing views and access to solar resources by studying the height of new buildings which will cast shadows on surrounding residential and commercial developments.

(d) To reduce the consumption of energy by encouraging the use of products and materials which maximize energy efficiency in the construction of buildings.

(e) To provide for recreational needs.

(f) To protect life and property in areas subject to floods, landslides and other natural disasters.

(g) To conform to the adopted population plan, if required by NRS 278.170.

(h) To develop a timely, orderly and efficient arrangement of transportation and public facilities and services, including public access and sidewalks for pedestrians, and facilities and services for bicycles.

(i) To ensure that the development on land is commensurate with the character and the physical limitations of the land.

(j) To take into account the immediate and long-range financial impact of the application of particular land to particular kinds of development, and the relative suitability of the land for development.

(k) To promote health and the general welfare.

(l) To ensure the development of an adequate supply of housing for the community, including the development of affordable housing.

(m) To ensure the protection of existing neighborhoods and communities, including the protection of rural preservation neighborhoods and, in counties whose population is 700,000 or more, the protection of historic neighborhoods.

(n) To promote systems which use solar or wind energy.

(o) To foster the coordination and compatibility of land uses with any military installation in the city, county or region, taking into account the location, purpose and stated mission of the military installation.

3. The zoning regulations must be adopted with reasonable consideration, among other things, to the character of the area and its peculiar suitability for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the city, county or region.

4. In exercising the powers granted in this section, the governing body may use any controls relating to land use or principles of zoning that the governing body determines to be appropriate, including, without limitation, density bonuses, inclusionary zoning and minimum density zoning.

5. As used in this section:

(a) "Density bonus" means an incentive granted by a governing body to a developer of real property that authorizes the developer to build at a greater density

than would otherwise be allowed under the master plan, in exchange for an agreement by the developer to perform certain functions that the governing body determines to be socially desirable, including, without limitation, developing an area to include a certain proportion of affordable housing.

(b) "Inclusionary zoning" means a type of zoning pursuant to which a governing body requires or provides incentives to a developer who builds residential dwellings to build a certain percentage of those dwellings as affordable housing.

(c) "Minimum density zoning" means a type of zoning pursuant to which development must be carried out at or above a certain density to maintain conformance with the master plan.

Sec. 5. On and after October 1, 2026, any ordinance, regulation or rule of a county or city which conflicts with the provisions of this act is void and unenforceable.

Sec. 5.3. **1. If the Reno Redevelopment Agency enters into an agreement with Catholic Charities of Northern Nevada or the Reno-Sparks Gospel Mission, as applicable, pursuant to subsection 2, the Administrator of the Division of State Lands of the State Department of Conservation and Natural Resources, as ex officio State Land Registrar, may transfer, without consideration, to:**

(a) Catholic Charities of Northern Nevada, all interest of the State of Nevada in the real property located on the western portion of the property commonly known as the Northern Nevada Adult Mental Health Services Campus, containing approximately 4 acres, and further described in the legal description generated by the Reno Redevelopment Agency pursuant to subsection 2; and

(b) The Reno-Sparks Gospel Mission, all interest of the State of Nevada in the real property located on the western portion of the property commonly known as the Northern Nevada Adult Mental Health Services Campus, containing approximately 1.3 acres, and further described in the legal description generated by the Reno Redevelopment Agency pursuant to subsection 2,

➥ to provide community and social services to at-risk and underserved populations, including, without limitation, affordable housing, workforce housing, supportive housing, food services, supportive services and any other service for at-risk and underserved communities.

2. The Reno Redevelopment Agency shall enter into an agreement with Catholic Charities of Northern Nevada or the Reno-Sparks Gospel Mission, as applicable, relating to the transfer of the property described in subsection 1. The agreement must require the Reno Redevelopment Agency to:

(a) Survey and generate a legal description for the real properties described in paragraphs (a) and (b) of subsection 1; and

(b) Pay the costs relating to the transfer of the real property.

Sec. 5.5. **If real property is transferred pursuant to section 5.3 of this act, the deed from the State of Nevada to Catholic Charities of Northern Nevada or the Reno-Sparks Gospel Mission, as applicable, must, subject to any easement, condition or other encumbrance of record:**

1. Include restrictions:

(a) Requiring that the real property be used to provide community and social services to at-risk and underserved communities, which may include, without limitation, affordable housing, workforce housing, supportive housing, food services and any other services provided for at-risk and underserved communities; and

(b) Prohibit Catholic Charities of Northern Nevada or the Reno-Sparks Gospel Mission, as applicable, or any successors in title from transferring, leasing, encumbering or otherwise disposing of the property except pursuant to the express authority of the Legislature.

2. Provide for the reversion of the title to the property to the State of Nevada upon the breach of any restriction specified in subsection 1.

Sec. 6. The provisions of NRS 354.599 do not apply to any additional expenses of a local government that are related to the provisions of this act.

November 5, 2026

At the August 6, 2026 Lyon County Board of Commissioner meeting, three potential projects were proposed to the Board. The only viable project was the Boys and Girls Club of Mason Valley – Silver Springs Project for the Community Development Block Grant (CDBG) application cycle for 2026-2027.

1. **The Boys and Girls Club of Mason Valley - Silver Springs Project** proposal was an idea submitted to use CDBG funds for the curb, gutter, and sidewalk needed along the property for the new Clubhouse being built in Silver Springs. The Boys and Girls Club of Mason Valley would be looking to apply for approximately $150,000 of CDBG funds for their Silver Springs Project.

The preliminary review by GOED determined that this project would meet both a National Objective and Eligible Activity.

With the assistance of Nick Beaton and Travis Crowder from the Boys and Girls Club of Mason Valley, we were able to submit eligibility on September 10, 2026.

On October 27, 2026 we were notified by the CDBG Program Administrator that the County was approved to proceed to the application phase for this project as it passed eligibility.

Since The Boys and Girls Club of Mason Valley - Silver Springs Project passed eligibility, it is now up to this Board if this project will receive County support to be able to proceed through to the development of the CDBG application.

The goals of this 3rd meeting are to:

- Address all comments received to date
- Make any recommendations for changes to the proposed project
- Prioritize the potential projects
- Final selection of projects for the application phase

Executive Summary

This document presents the findings of Lyon County's Community Opioid Use and Misuse Needs Assessment, developed in accordance with Nevada Senate Bill 390 (2021) and the requirements of NRS 433.712 through 433.744. The assessment draws on multiple data sources and community engagement methods, including the March 2026 Lyon County Behavioral Health Summit, an Opioid Response Working Group, a community focus group, and secondary epidemiological data, to characterize the local opioid landscape, document existing community efforts, and establish priorities for the use of opioid abatement funds.

Community Context

Lyon County is a geographically expansive rural county of approximately 65,000 residents, with four primary communities spread across 2,003 square miles of high desert terrain. The county's rural geography, limited public transportation, and significant provider shortages create compounding barriers to behavioral health and substance use care. Lyon County has a mental health provider ratio of 630:1, nearly double the Nevada average, and no locally based inpatient psychiatric or medically managed intensive inpatient substance use treatment capacity. Residents requiring higher levels of care must travel to Carson City or the Reno-Sparks area, a distance that is prohibitive for many. The county's senior population is above both state and national averages, its high proportion of veterans, and its significant Hispanic and Latino community present additional considerations for effective behavioral health service delivery.

Key Indicators for Opioid Conditions in Lyon County

The data indicators for opioid use and misuse in Lyon County reflect progress in some areas along with persistent and emerging concerns.

Indicator	Finding
Opioid-related ED visits (2024)	**26.6 per 100,000, 48% decrease from 2023 peak of 43.2**
Opioid inpatient admissions (2024)	**6.9 per 100,000, 60% decline since 2019, one of the largest in Nevada**
Opioid-related deaths (2021–2023)	**26 deaths recorded locally; Northern Nevada region rate of 14.9 per 100,000 (lowest among Nevada's five regions)**
Opioid prescription rate (2025)	**62.5 per 100 population- 36% above the Nevada average; 5th highest among all Nevada counties despite a 27% decline since 2020**
Stimulant-related deaths (Northern NV)	**Near-doubled since 2019; rate of 12.7 per 100,000 in 2024- an urgent and emerging concern**
Drug supply complexity	**Fentanyl contamination widespread; methamphetamine-opioid combinations increasingly present in medical examiner data**

Key Findings: Youth Risk

Youth data from the Youth Risk Behavior Survey (YRBS) reflect some of the most concerning trends in this needs assessment. Region 5 in the YRBS (Lyon, Mineral, and Storey Counties) shows several elevated opioid risk indicators that are moving in the opposite direction from state and national trends.

- Nonmedical prescription pain medicine use among Region 5 youth has remained elevated for eight consecutive years, reaching 19.4% in 2025, the highest rate since 2017, and 70% above the current national rate
- Perceived access to prescription pain medicine rose to 30.5% in 2025, a significant increase from 21.7% in 2021 that is specific to Region 5 and does not appear in statewide data
- Parental disapproval of prescription misuse declined sharply between 2023 and 2025, falling 6.2 percentage points in Region 5 while Nevada's rate was stable
- The Region 5 ACE burden is the highest of any Nevada region: 31.5% of high school students report four or more Adverse Childhood Experiences, compared to the statewide average of 21.2%, a well-established upstream driver of substance use disorder risk

Key Findings: Community Voice

Qualitative data from the community focus group and the March 2026 Behavioral Health Summit reinforced and deepened the quantitative picture. Participants with lived and living experience described substance use as deeply connected to mental health, trauma, and social isolation, and identified several systemic barriers to care:

- Provider shortages and frequent provider rotation undermine trust and continuity of care
- Residents are largely unaware of what services exist or how to access them
- Transportation barriers make care inaccessible for many
- Stigma remains a pervasive barrier to help-seeking across the community
- Justice system involvement tends to compound instability rather than support recovery
- Peer support and human connection were consistently identified as among the most valued and effective recovery resources

Current Community Efforts

Lyon County has a meaningful foundation of programs and collaborative structures addressing opioid use across the continuum of care. Key assets include the Mobile Outreach Safety Team (MOST), the Forensic Assessment Services Triage Team (FASTT), two Certified Community Behavioral Health Clinics (Rural Nevada Counseling and Vitality), Western Regional Specialty Courts with MAT-integrated Drug Court programming, the Healthy Communities Coalition, Community Chest, Inc., NAMI Western Nevada, DPBH Rural Clinics, and Lyon County Human Services' direct services including naloxone distribution and the Live Better Lyon public awareness campaign. Despite these assets, significant gaps remain, particularly in higher levels of care, provider shortages, peer support capacity, transportation, and system coordination at transition points.

Priorities for the Use of Opioid Abatement Funds

Based on community engagement, provider input, and local data, Lyon County identified the following priorities for opioid abatement funds, developed through the 2026 Behavioral Health Summit dotmocracy and validation survey process and confirmed by the Opioid Response Working Group:

Priority	Strategy	Summit Score
High	Discharge and follow-up for individuals experiencing substance misuse	**4.50 / 5**
High	Jail reentry follow-up	**4.33 / 5**
Medium	Explore strategies to reduce reliance on law enforcement	**3.71 / 5**
Medium	Community resource connection (workforce, events, navigation)	**3.07 / 5**
Lower	Reframe public concepts and education on substance use disorder	**2.93 / 5**
Lower	Recovery-friendly workplace initiatives	**2.50 / 5**

Background

The 2021 Nevada Legislature passed Senate Bill 390 (SB390), an act relating to behavioral health; providing for the establishment of a suicide prevention and crisis hotline; establishment of the Fund for a Resilient Nevada; and establishing guidance for state, local, or tribal governmental entities to address the impact of opioid use disorder and other substance use disorders.

The Fund for a Resilient Nevada (FRN) was established in Nevada Revised Statutes (NRS) 433.712 through 433.744 and is specific to the state's portion of opioid litigation recoveries. It is administered by the Nevada Department of Health and Human Services (DHHS) Director's Office, as identified in NRS 433.732, utilizing the recoveries resulting from litigation concerning the manufacture, distribution, sale, or marketing of opioids. FRN monies are deposited through the Attorney General's Office from recoveries from opioid litigation, settlements, and bankruptcies.

Pursuant to NRS 433.734, one of DHHS's responsibilities is the development of the statewide needs assessment and a statewide plan to identify priorities. FRN recoveries must be used to address the risks, harms, and impacts of the opioid crisis on the state, using a data-driven and evidence-based approach. A regional, local, or tribal government entity that receives a grant pursuant to paragraph (b) of Subsection 2 of NRS 433.738 shall conduct a new needs assessment and update its plan no less than every four (4) years, as designated in NRS 433.740 through 433.744, or at the direction of the Department.

This document serves as Lyon County's community needs assessment and plan for the expenditure of opioid abatement funds, developed in accordance with the following guiding principles identified by the Johns Hopkins Bloomberg School of Public Health's Principles for the Use of Funds from Opioid Litigation:

- Spend money to save lives.
- Use evidence to guide spending.
- Invest in youth prevention.
- Focus on racial equity.
- Develop a fair and transparent process for deciding where to spend the funding.

Community Overview

Geography

Lyon County stretches across 2,003 miles of west-central Nevada, and is located to the east of Carson City, Washoe, Douglas, and Storey Counties and to the west of Churchill and Mineral Counties [1]. The geography is varied throughout the county, ranging from high desert, mountainous areas, agricultural lands, and riparian regions that surround the Carson River. Lyon County is the fourth-smallest county in Nevada by total area yet had a population density of only 29.6 residents per square mile in 2020 [1], reflecting a relatively large geographic spread relative to population density.

Lyon County has four primary communities situated in distinct areas of the county, including Fernley and Silver Springs in the northern region, Dayton along the western border, and Yerington near the county's center. These communities vary considerably in population size and character. The northern communities which include Fernley and Dayton, as well as Mound House, Silver Springs, and Stagecoach, function primarily as bedroom communities for the Reno and Carson City metropolitan areas, while the southern communities of Yerington, Smith Valley, Mason Valley, and Wellington are more rural and agricultural, and are geographically more isolated from regional services.

Population

Lyon County has the third largest population in the state, estimated to be 65,008 in 2025 [3]. In the 2024 Census, 48% of residents in Lyon County were estimated to be female. Lyon County's population has grown substantially over the past two decades, increasing by 16.1% from 2017 to 2022 [2] driven by population growth in the Fernley corridor and from the Reno-Sparks metropolitan area. Between 2000 and 2008, Lyon County was among the fastest-growing counties in the United States, though that growth trend significantly slowed during the 2008 economic recession [4]. Lyon County’s population growth resumed in subsequent years, and the county continues to add residents. Lyon County’s population is projected to grow to 71,607 by 2030, with an additional 6,599 residents, a 9.2% increase between 2025 and 2030 [4].

The large majority of the population residing in Lyon County identified as White, Non-Hispanic (70%) and a significant portion of the population reported as Hispanic or Latino (21.2%). In addition, 3.3% of the population identified as American Indian/ Alaska Native [1]. As of 2022, the estimated median age of Lyon County residents was 43.2 years, significantly higher than the Nevada state median of 39.1 years [3]. Seniors aged 65 and older are estimated to constitute approximately 22.5% of Lyon County's population, well above the Nevada average of 17.6% and the U.S. national average of 18.0% [1]. The Lyon County Community Context Report highlights that some areas in Lyon County have notably higher concentrations of younger individuals while others higher concentrations of older individuals. The highest proportion of seniors, aged over 65, live in the Yerington/ Smith Valley Region, comprising 35.4% of the regional population while the highest proportions of youth, under the age of 18, are found in Fernley and Yerington at 23.9% and 23.2% respectively. This contrasts with the significantly lower proportion of youth living in Silver Springs, comprising 13.0% of the population [5].

The Yerington Paiute Tribe is the primary federally recognized Native American tribe located within Lyon County, with two land holdings in the county: the Yerington Colony and the Campbell Ranch Reservation. Additionally, Lyon County encompasses portions of two reservations that cross county boundaries. The Walker River Paiute Reservation spans Churchill, Lyon, and Mineral Counties, and the Pyramid Lake Paiute Tribe's reservation extends across Lyon, Storey, and Washoe Counties.

Lyon County's income indicators reflect a working-class county with modest but stable median household incomes. Median household income in Lyon County was estimated to be $75,200, slightly lower than the median income for Nevada ($76,300) and the United States ($77,700) [8]. During 2020-2024, 11.7% of residents were estimated to be living under the poverty line in Lyon County [1]. The 2025 *Lyon County Community Context Report* provides an overview of the uneven income distribution varying from 4.8% to 44.7% of individuals living below 150% of the federal poverty line across Lyon County's 18 census tracts. The areas identified with the most concentrated poverty include the Eastern part of Silver Springs (42.7%), the tract containing Yerington (44.7%), and a large rural census tract north of Yerington (42.0%) [5]. In 2023, 12% of the population under 65 living in Lyon County didn't have insurance, which was slightly less than the larger population in Nevada (13%), and higher than the U.S. population (9%).

While Lyon County's homeownership rate is well above the national average estimated to be at 76.7% [1], a significant percentage of the population continues to experience housing vulnerability factors. The Lyon County Community Context Report highlights data that reflects continuing housing stressors in the county. While there is a relatively high homeownership rate in Lyon County, 18.8% of all units are mobile homes. The Community Context report cites evidence that living in a mobile home can increase vulnerability through higher utility rates and lower home values and equity[1]. In addition, 26.4% of housing units in Lyon County are cost burdened, defined as households spending more than 30% of their income on housing. In 2025, 13.2% of the population reported experiencing severe housing problems [6]. The *Lyon County Community Context Report* highlights data provided by the Lyon County School District, that in 2024,119 youth reported experiencing housing instability [5]. While both indicators have trended downward over the past decade, a portion of the population continues to experience housing stressors in Lyon County. Finally, those experiencing unsheltered homelessness has trended upward in Lyon County over the past several years, with 112 individuals counted during the 2024 Rural Nevada Continuum of Care (RNCoC) Point in Time Count, the highest recorded figure since 2015 [7].

Local Industries/ Economies

Much of Lyon County's economic history lies in agriculture and mining. However, the county's economy has diversified in recent decades, with significant industrial growth in warehousing, transportation, and advanced manufacturing. This growth has been influenced by proximity to the Reno- Tahoe Industrial Center located just to the outside of the county's western boundary,

[1] To see the article cited in the Lyon County Community Context Report, 2025 regarding the link between mobile home residency and vulnerability, go to https://shelterforce.org/2017/10/03/policy-agenda-manufactured-homeowners/

which is beginning to expand into the county. Lyon County economy has experienced significant growth in its role as a logistics and industry corridor, estimated to have expanded by over 10.8% since 2019, outpacing national economic growth [2].

Healthcare availability

Access to healthcare services in Lyon County is significantly constrained by geographic isolation, provider shortages, and limited local infrastructure, presenting ongoing challenges for residents across the county's dispersed communities.

South Lyon Medical Center (SLMC), located in Yerington, the sole acute care hospital in Lyon County, operates as a 14-bed Critical Access Hospital (CAH). The medical center provides an array of inpatient and outpatient services, including emergency medicine, primary care, rehabilitation, imaging, and laboratory services, and a skilled nursing facility.

SLMC maintains several outpatient clinic locations, including the Physicians Clinic and Barnett Walk-In Clinic in Yerington, and the Smith Valley Physicians Clinic serving the Wellington and surrounding areas. SLMC's 2024 Community Health Needs Assessment reports that SLMC has a medical provider team consisting of three physicians, three nurse practitioners, and two physician assistants. SLMC also contracts with outreach specialists to provide limited specialty care within the county [12].

No behavioral health hospitals operate in Lyon County. Residents requiring inpatient psychiatric care or ASAM (American Society of Addiction Medicine) Level 4, medically managed inpatient treatment, must travel to regional facilities outside of Lyon County, including Carson Tahoe Behavioral Health Services in Carson City, and Reno Behavioral Health, St. Mary's Behavioral Health, Northwest Specialty Hospital, the state operated, Northern Nevada Adult Mental Health Services (NNAMHS) in the greater Reno-Sparks area. This local gap in services significantly limits access to timely behavioral health intervention for individuals experiencing acute mental health crises or substance use disorders.

Lyon County faces significant healthcare workforce shortages across primary care, dental, and behavioral health disciplines. Lyon County residents live within multiple designated regional Healthcare Provider Shortage Areas (HPSAs) for primary care, dental, and mental health [13]. According to 2022 data reported in County Health Rankings [8], there was one primary care physician (PCP) per 6,160 people in Lyon County compared to 1700:1 in Nevada and 1310:1 nationally. Updated numbers for Lyon County for 2025 report a more severe workforce gap of 7,610:1 in Lyon County. Data for the mental health provider workforce also reflected shortages in Lyon County (630:1) to be almost double that in Nevada (360:1) and in the US (290:1).

Needs Assessment

Methodology

This Community Opioid Needs Assessment draws on a multi-method approach to data collection and community engagement, combining structured community participation, provider-level working group deliberation, and qualitative focus group inquiry, drawing on both qualitative and quantitative data sources. Together, these methods ensured that assessment findings reflect both the breadth of community priorities and the depth of lived experience across Lyon County.

Lyon County Behavioral Health Summit

The Lyon County Behavioral Health Summit served as a primary platform for community-wide engagement and opioid-specific priority identification. The Summit employed a participatory engagement model designed to surface both quantitative priorities and qualitative insights from cross-sector stakeholders. Key methodological elements included informative presentations grounding discussions in local and statewide data and facilitated panel discussions with cross-sector representation that generated issues and topics for consideration as future priorities.

A dedicated opioid panel was convened during the Summit, bringing together participants with expertise and experience in opioid prevention, treatment, and recovery. Topics surfaced through the opioid panel informed a structured visual prioritization exercise known as Dotmocracy, in which participants placed dot stickers next to their highest-priority strategies across opioid-related topic areas. Following the Summit, a post-Summit online priority validation survey was distributed to participants to confirm and refine in-person results, yielding 15 responses from representatives across local, regional, and state organizations.

Data obtained through both the Dotmocracy exercise, and the post-Summit stakeholder validation survey were synthesized into a final prioritization rating on a 1–5 scale (1 = Not a Priority, 5 = Top Priority), with items subsequently classified as low, medium, or high priorities.

Following the Behavioral Health Summit, an Opioid Response Working Group was convened to build on Summit findings and deepen provider-level analysis. The Working Group brought together local and regional behavioral health providers, prevention specialists, and peer advocates to review local, regional, and statewide opioid data trends. The group's deliberations focused on identifying and prioritizing future projects and strategies to address opioid prevention, treatment, and recovery needs in Lyon County, ensuring that emerging priorities were grounded in current epidemiological and systems data.

Community Focus Group

To complement quantitative and stakeholder-driven data, state contractors conducted a focus group to gather qualitative data from community partners and individuals with lived or living experience in Lyon County. Data collection occurred between winter 2025 and spring 2026 and included a total of 15 participants. The majority of participants (eleven or 73% of the focus group) identified as having lived or living experience with substance use, while four participants were community leaders or individuals working in sectors that interact with or serve people who use substances. All 15 participants completed a demographic survey. Most respondents were male (67%) and identified as white, non-Hispanic (67%), with an average reported length of residence in Lyon County of 13.1 years. More information can be found in Appendix B.

Secondary Data Sources:

Multiple qualitative data were provided by the Nevada Office of State Epidemiology, originating from the Nevada Prescription Drug Monitoring Program (PDMP)[14], the Nevada Opioid Overdose and Addiction (OoA) Dashboard [15], the Nevada Center for Health Information Analysis, the Nevada Electronic Death Registry System (Medical Examiner data), the Nevada Youth Risk Behavior Survey (YRBS) [17-23], and the Behavioral Risk Factor Surveillance System (BRFSS). Additional data was obtained from the 2025 County Health Rankings [8], the

2025 Lyon County Community Context Report [5], and the 2024 Behavioral Health Epidemiologic Profile: Northern Region, Nevada [26]. A complete list of references can be found in Appendix C.

Impact of Opioid Use/Misuse in Lyon County

Data indictors for opioid use/ misuse in Lyon County reflect improvements in some areas accompanied by persistent and emerging concerns. Opioid-related emergency department visits and inpatient hospitalizations have declined significantly since their 2023 peak, and the Northern Nevada Behavioral Health Region currently has the lowest opioid death rate in the state at 14.9 per 100,000 in 2024. Opioid prescription rates have also fallen 27% since 2020, however Lyon County remains 36% above the statewide average and 5th highest among all Nevada counties. Local law enforcement and service providers report that the local drug supply is increasingly mixed. Fentanyl contamination and methamphetamine-opioid combinations are appearing regularly in medical examiner data, and stimulant-related deaths in the Northern Nevada region have nearly doubled since 2019.

The data for youth is especially concerning. The Youth Risk Behavior Survey (YRBS) reports from 2017-2025, Region 5 youth (Lyon, Storey, and Mineral Counties), show a trend of maintained elevated rates of nonmedical prescription opioid use with the 2025 rate of 19.4% representing the highest point in the eight years of data, and 70% above the current national rate. Perceived access to prescription pain medicine is rising while parental disapproval dropped sharply between 2023 and 2025 in a shift that is specific to Region 5 and does not appear in statewide Nevada data. Finally, Region 5 carries the highest ACE burden of any region in Nevada, with 31.5% of high school students reporting four or more adverse childhood experiences, a well-established upstream driver of substance use disorder risk. Together, these trends signal that community-level opioid risk, particularly among youth, has not meaningfully improved and may be worsening in ways that aggregate data do not fully capture.

Community-Based Opioid Use Indicators

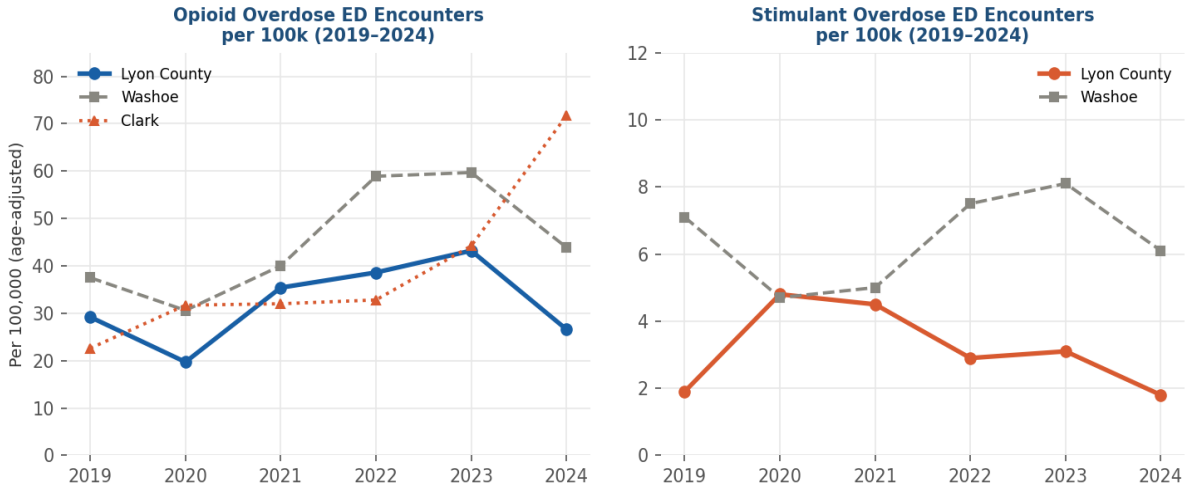

Crime Statistics and Opioid Availability

Qualitative data collection identified increased involvement of the criminal legal system related to substance use in Lyon County, with people with lived/living experience (PWLE) describing higher numbers of individuals entering the justice system in connection with substance use (see Justice Data, below, and the Community-Based Participatory Research section).

Summit panelists that included local law enforcement and prevention advocates reported that the local drug supply has become increasingly complex, with fentanyl contamination widespread across substances and methamphetamine-opioid combinations appearing regularly in medical examiner data. Emerging synthetic substances present additional risks that current response systems are not fully equipped to address. Panelists emphasized the need for ongoing education for providers, law enforcement, and the public on new drug trends and their associated risks. Methamphetamine remains the dominant drug of concern in Lyon County, with dramatically reduced prices increasing community accessibility, and prescription pill misuse is a growing concern among teens.

Emergency Services Utilization

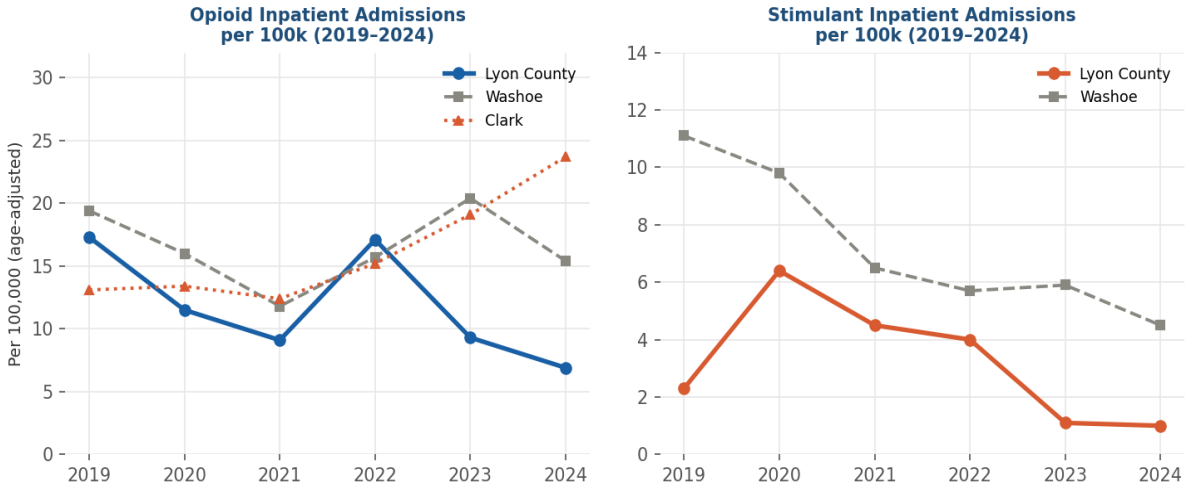

Lyon County's opioid-related emergency department (ED) encounter rate peaked in 2023 at 43.2 per 100,000 population, a 48% increase from 2019, before declining sharply to 26.6 per 100,000 in 2024. In 2024, Lyon County's opioid ED rate of 26.6 per 100,000 sits in the lower-middle tier among Nevada counties. Stimulant-related ED encounters in Lyon County are consistently lower than peer counties, at 1.8 per 100,000 in 2024, compared to Washoe County (4.5 per 100,000) and Clark County (6.5 per 100,000), where stimulant burden is more pronounced.

Source: Nevada Opioid Overdose and Addiction (OoA) Dashboard. Emergency department visit and inpatient discharge data are provided by Nevada's Center for Health Information Analysis; all rates are per 100,000 population, age-adjusted.

Opioid & Stimulant Inpatient Hospitalizations

Lyon County's opioid inpatient admission rate has declined steadily from 17.3 per 100k in 2019 to 6.9 in 2024 — a 60% reduction and one of the largest declines among Nevada counties. In contrast, Clark County has seen steady increases in opioid inpatient admissions, reaching 23.7 by 2024. Stimulant inpatient admissions in Lyon are very low at 1.0 per 100k, well below Washoe's 4.5 and reflecting limited methamphetamine-driven hospital burden locally.

Source: Nevada OoA Dashboard. Emergency department visit and inpatient discharge data are provided by Nevada's Center for Health Information Analysis; all rates are per 100,000 population, age-adjusted.

Lyon County's 60% decline in opioid inpatient admissions since 2019 is among the most significant improvements statewide. This trend may reflect improved community-level intervention, MAT access, and diversion of lower-acuity cases away from inpatient settings. However, the county continues to lack Level 4 inpatient treatment capacity locally, meaning residents requiring the highest level of care must be referred to Reno.

Opioid Related Fatalities

The Northern Behavioral Health Region, which includes Carson City, Churchill, Douglas, Lyon, and Storey Counties, has the lowest opioid death rate among Nevada's five regions, at 14.9 per 100,000 in 2024. Southern Nevada (27.3 per 100,000) and Rural Nevada (23.4 per 100,000) have seen the most dramatic increases over the six-year period.

Lyon County's inclusion in the lowest-mortality regional group reflects relatively better outcomes compared to Southern and Rural Nevada. However, Lyon County recorded 26 opioid-related deaths between 2021 and 2023 (Medical Examiner data), confirming that mortality remains a concern at the local level. Stimulant-related death data reflected heightened community concerns about stimulants. The Northern region's stimulant death rate of 12.7 per 100,000 in 2024 represents a near-doubling from 2019, and all Nevada regions are trending upward. These trends highlight the need to expand dual-diagnosis treatment capacity and community outreach for stimulant use disorder, which currently receives far less structured treatment funding and infrastructure than opioid use disorder.

Opioid Prescribing

Lyon County's opioid prescription rate has declined 27% over six years from 85.5 in 2020 to 62.5 in 2025. Despite significant progress, Lyon County rates remain above both the Nevada state average

(45.9) and most peer counties. The shaded area between Lyon and Nevada's lines illustrates this persistent gap.

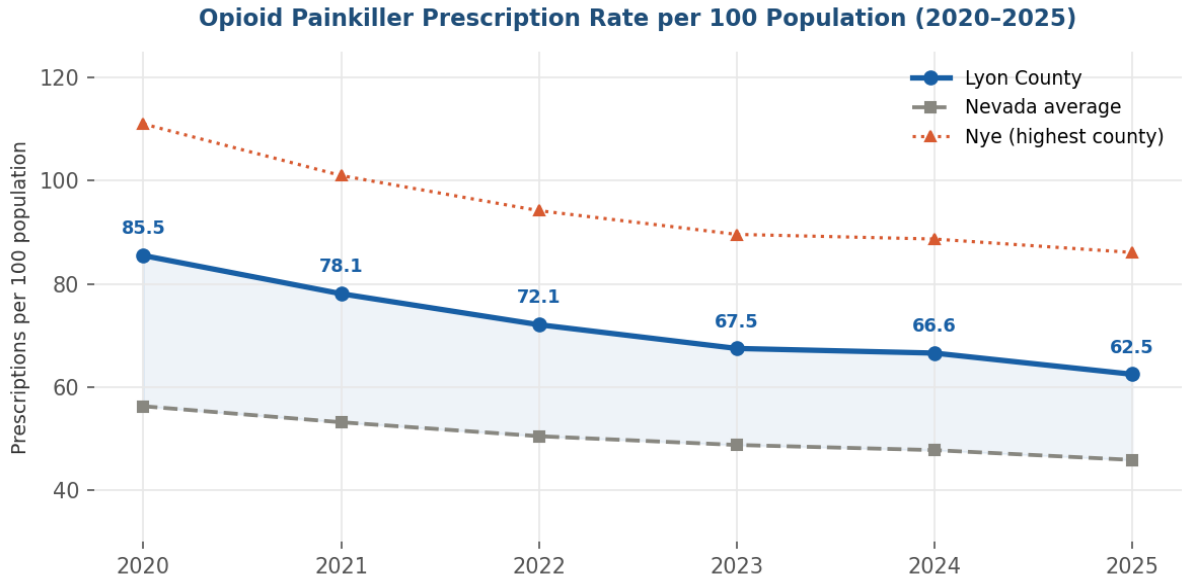

Figure 1.1 — Opioid prescription rate per 100 population: Lyon County vs. Nevada average vs. Nye County (highest), 2020–2025

Lyon County ranks 5th highest in opioid prescription rates among all Nevada counties in 2025. Statewide, prescription volumes have declined, but rural counties continue to outpace urban peers.

Clinical Indicators

Summit Findings: Opioid Use Disorder Treatment and Prevention

During the March 2026 Lyon County Behavioral Health Summit, opioid panel participants and cross-sector stakeholders reviewed local and regional opioid data, identified key gaps in prevention and treatment capacity, and prioritized strategies to address the county's substance use challenges. The county does not have a full continuum of care for substance use disorders which complicates treatment options and recovery for individuals who have Opioid Use Disorder (OUD). Local law enforcement and treatment providers reported that opioids are present throughout the county and are increasingly mixed with fentanyl in the local drug supply, creating heightened overdose risk. However, law enforcement and treatment partners report that methamphetamine remains the dominant drug of concern, with dramatically reduced prices increasing community accessibility. Panelists also reported that medical examiner data increasingly reflects a mixed drug supply, with methamphetamine and opioids appearing in combination, and prescription pill misuse is emerging as a growing concern among teens.

Community Focus Group Findings

Qualitative data collected from Lyon County stakeholders, including people with lived/living experience (PWLE) and community leaders, highlighted several provider- and system-level findings relevant to clinical capacity:

- A shortage of healthcare professionals was identified as a key structural barrier, with noted challenges in both recruiting and retaining providers, particularly in rural settings. These workforce limitations reduce local service capacity and increase reliance on out-of-area providers, contributing to longer wait times and reduced access.
- PWLE expressed frustration with frequent provider rotation, describing difficulty building trust and continuity of care when required to see a different provider at each visit. Participants emphasized a preference for an ongoing relationship with a consistent provider who understands their history.
- While telehealth services are often promoted as a solution to provider shortages, PWLE described a preference for in-person care, noting that the current reliance on virtual care does not fully meet community needs.
- PWLE expressed excitement about the development or expansion of a local mental health facility, viewing it as a positive step toward improving access to care and addressing current service gaps.

Opioid & Stimulant Related Deaths

The Northern Nevada region, which includes Lyon County, has the lowest opioid death rate among Nevada's five regional groupings at 14.9 per 100,000 in 2024. Southern Nevada (27.3) and Rural Nevada (23.4) have seen the most significant increases over the six-year period. Stimulant-related deaths data is more concerning: all regions are trending upward, with Southern Nevada nearly quadrupling from 9.6 (2019) to 34.4 (2024). The Northern region's stimulant death rate of 12.7 in 2024 represents a near-doubling from 2019.

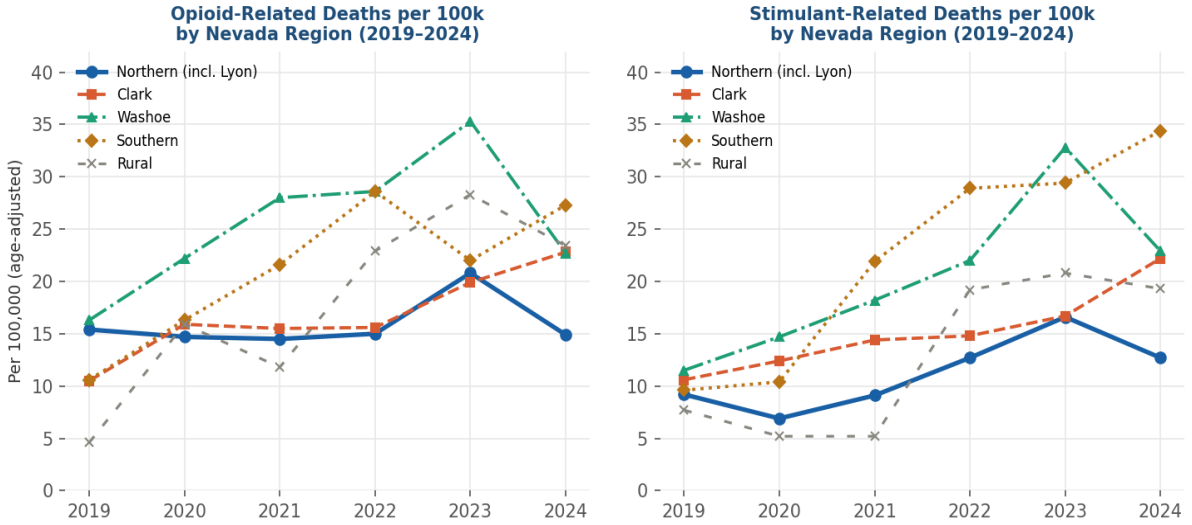

Figure 4.1 — Opioid-related (left) and stimulant-related (right) deaths per 100k by Nevada region, 2019–2024. Lyon County falls under the "Northern" grouping.

Key Findings

Lyon County's inclusion in the lowest-mortality regional group reflects relatively better outcomes compared to Southern and Rural Nevada. However, the county recorded 26 opioid-related deaths between 2021 and 2023 (Medical Examiner data), confirming that mortality remains a concern at the local level. The rising stimulant death trend statewide, including in Northern Nevada, signals an urgent concern to be addressed.

Justice Data

Community-Based Participatory Research findings indicate that people with lived/living experience (PWLE) describe increased involvement of the criminal legal system related to substance use, with higher numbers of individuals entering the justice system in connection with substance use. Participants who had been justice-involved described the system as contributing to continued instability following release, noting that contact with the criminal legal system can create additional challenges in securing housing, maintaining employment, and reconnecting with support networks, ultimately making long-term recovery more difficult.

For some participants, incarceration represented an initial interruption in substance use by removing access to substances and external influences. While this created a starting point for sobriety, it was not viewed as a sustainable recovery pathway on its own. Over time, participants described a shift toward internally driven recovery, with family and meaningful relationships becoming the primary reasons for maintaining sobriety.

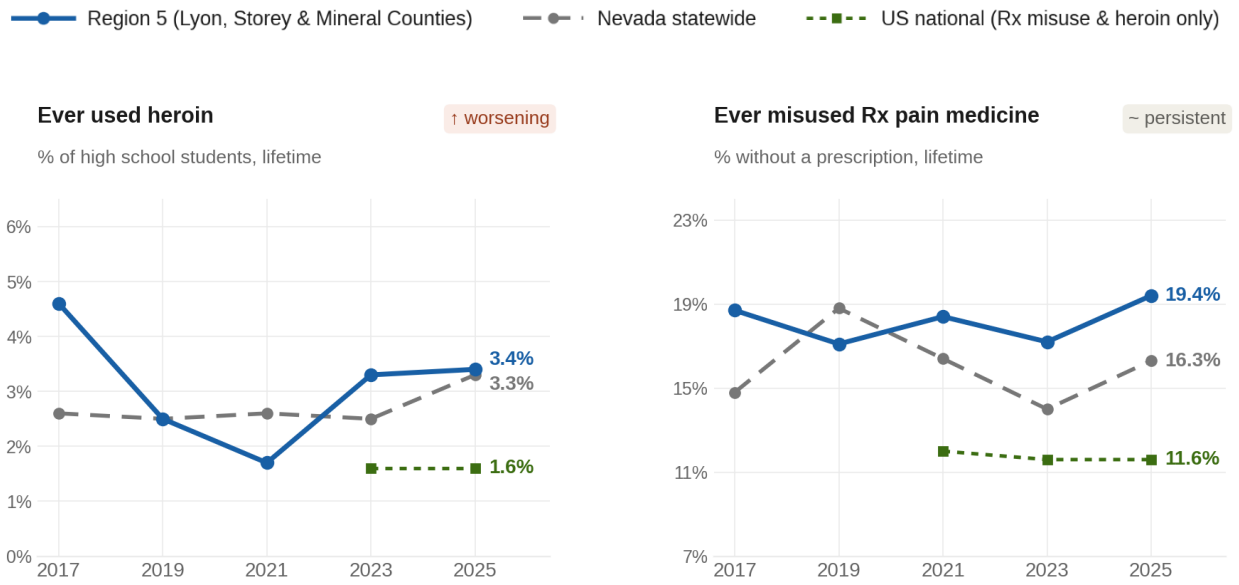

Summit panelists echoed these findings, noting that repeat substance-involved offenders cycle through the justice system, and that bail reform concerns have created challenges in holding individuals accountable while also connecting them to services. Panelists identified a need for better local data to guide targeted interventions, and noted that the 2019 Lyon County Overdose Preparedness and Response Plan be revisited and updated to incorporate current data on drug trends and available resources.

Discharge and follow-up for individuals experiencing substance misuse, and jail reentry follow-up, were the two highest-ranked opioid-specific strategies among Summit participants, both centering on the moments when individuals move between systems (see Plan for the Use of Funds, below, for the related strategic goal and objectives).

Adult and Youth Risk Factor Prevalence

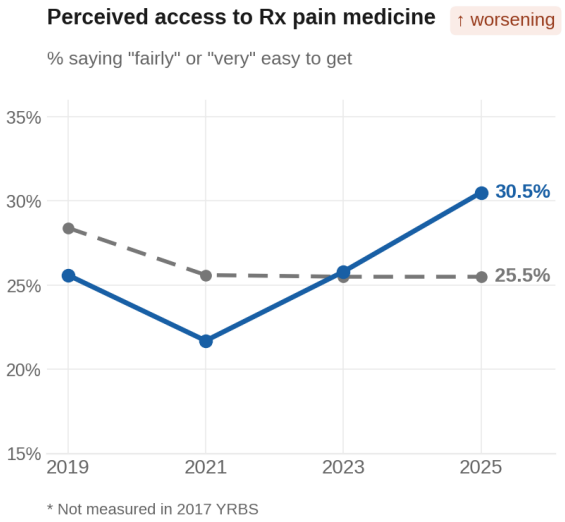

Youth Risk Behavior Survey Trend Charts: Region 5 (Lyon, Mineral, Storey Counties) vs. Nevada and U.S. 2021–2025

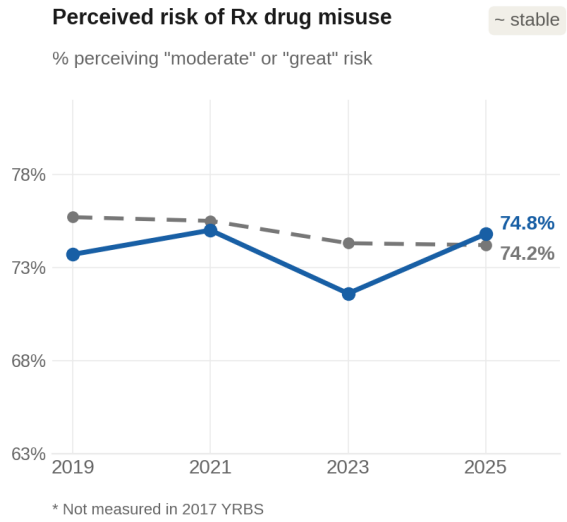

The charts below track six opioid- and prescription drug-related indicators for Region 5 (Lyon, Storey, and Mineral Counties) across 2021, 2023, And 2025 Nevada Youth Risk Behavior Survey reports [17-23]. Region 5 shows several concerning trends. While Nevada's statewide rates and national trends have largely stabilized or improved over this period, Region 5 is moving in the opposite direction on several important indicators. Youth reported use of opioids and perceived access to prescription pain medicine has increased, and the parental disapproval of prescription (Rx) misuse has declined. These trends suggest that the opioid risk environment for Lyon County-area youth has worsened over the four-year period. See Appendix A for the reference data table.

Heroin Use: The 8-year heroin trend reflects a high starting point of 4.6% in 2017 which was nearly double the Nevada's rate of 2.6%), then significantly declined to 2.5% in 2019 and 1.7% in 2021, before rebounding sharply to 3.3% in 2023 and holding at 3.4% in 2025.

Nonmedical prescription pain medicine use: Region 5 prescription pain medicine misuse has remained remarkably stable at an elevated level from 2017-2025, from 18.7% in 2017 to 19.4% in 2025. The rate in Lyon County is significantly higher than rates both statewide (16.3%) and nationally (11.6%). The 2025 rate in Region 5 is the highest in the 8-year series and is 70% above the current US national rate.

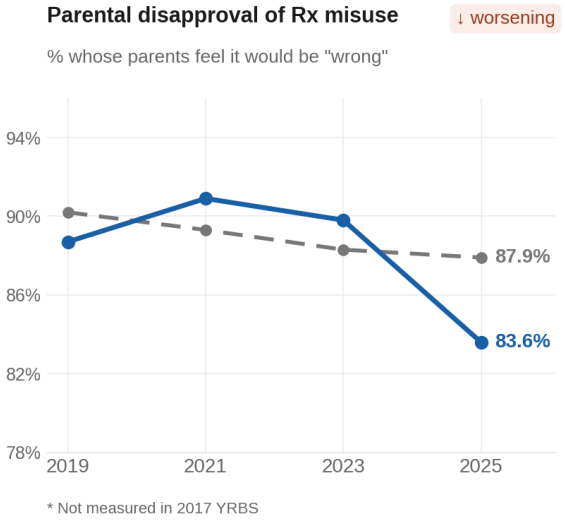

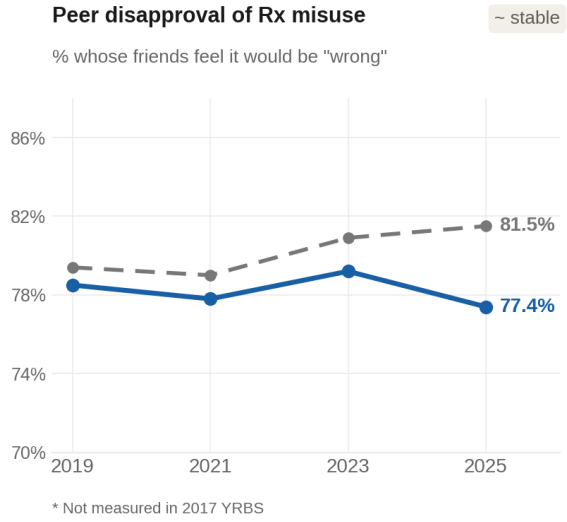

Perceived access: Region 5 students perceived lower access in 2021 (21.7%) than in 2019 (25.6%) however, this improvement reversed by 2023 (25.8%) and accelerated further by 2025 (30.5%). Nevada's rate was fairly flat from 2019-2025 in comparison.

Perceived risk: Perceived risk has been relatively stable across all five measurable years, ranging between 71.6% and 75.0% for Region 5 and between 74.2% and 75.7% for Nevada.

.

Parental disapproval of prescription misuse: From 2019 through 2023, Region 5 and Nevada parental disapproval rates were both high and stable, and then declined between 2023–2025 interval, to 83.6%. This marked a 6.2 percentage point decline in just two years, compared to Nevada's comparatively modest decline from 88.3% to 87.9%. This shift in parental norms highlights the importance of family-based prevention in Lyon Counties communities.

Peer disapproval of prescription misuse: Peer disapproval has been the most stable indicator across the full trend period. Region 5 peer disapproval has ranged narrowly between 77.4% and 79.2% across all four measurable cycles (2019–2025), with no clear directional

trend. Nevada's rate has been similarly stable and slightly higher ranging from 79.4 to 81.5%.The gap between Region 5 and Nevada has remained small and relatively consistent.

ACES: Adverse Childhood Experiences

ACE Score Distribution by Region — High School Students (2023)

The Lyon/Mineral/Storey region has the highest share of high school students with four or more Adverse Childhood Experiences (ACEs) in Nevada at 31.5%, which is nearly 50% above the statewide average of 21.2%. The region also has the lowest share of students with zero ACEs (19.8%), meaning only about 1 in 5 Lyon-region high schoolers enters adulthood with no reported childhood adversity. This ACE burden is directly linked to elevated risk for substance use disorder, mental health conditions, and social instability in adulthood.

Statewide High School ACE Trends (2021–2025)

Across Nevada, witnessed neighborhood violence is the one ACE indicator trending upward — rising from 26.2% in 2021 to 31.3% in 2025, with the Lyon region at 33.5% in 2025. Physical abuse at home has remained relatively stable at approximately 35–36%. Verbal abuse has declined from 68.5% (2021) to 59% (2025), though it remains the most prevalent ACE reported by Nevada students.

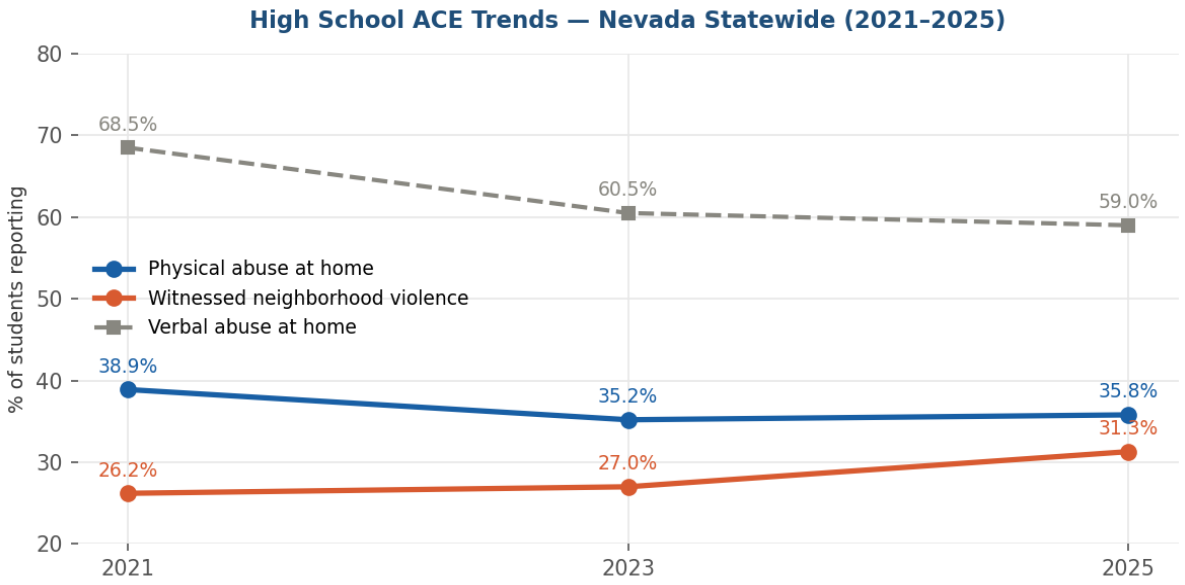

Figure 5.2 — Selected high school ACE indicator trends, Nevada statewide, 2021–2025

Key Findings

The ACE burden in Lyon County's region is among the highest in Nevada and represents a critical upstream driver of the behavioral health challenges documented elsewhere in this report. High ACE exposure is strongly associated with elevated risk for substance use disorder, depression, anxiety, and early mortality. The finding that neighborhood violence is rising while

household trauma indicators stabilize suggests the need for community safety investments alongside prevention efforts.

Community-Based Participatory Research (CBPR)

Overview

NRS 433.742, Paragraph 2 describes the use of CBPR in the needs assessment process, requiring that a regional, local, or tribal governmental entity applying for a grant use community-based participatory research methods or similar methods to conduct outreach to groups impacted by the use of opioids, opioid use disorder, and other substance use disorders.

Summary of CBPR Findings

Qualitative data collection in Lyon County occurred between winter 2025 and spring 2026 and included 15 participants. Eleven (73%) identified as having lived or living experience with substance use (PWLE); four were community leaders and professionals working in sectors that serve individuals who use substances. Most respondents were male (67%) and White, non-Hispanic (67%), with an average length of residence in Lyon County of 13.1 years. Throughout interviews, participants emphasized that Lyon County's diverse communities each with distinct demographics, socioeconomic conditions, and access challenges, resist one-size-fits-all solutions. Findings are organized across four themes: Impacts, Needs, Solutions, and Barriers, followed by perspectives specific to PWLE.

Impacts of Substance Use

Participants described substance use as having wide-reaching consequences for individuals, families, and the broader community. Increased involvement with the criminal legal system was a prominent theme, with PWLE noting that justice involvement tends to compound instability rather than support recovery, creating long-term barriers to housing, employment, and social connection following release.

Family relationships were described as central to community life in Lyon County, yet highly vulnerable to the strains of active substance use. Trust, communication, and household stability were frequently named as early casualties, with impacts extending to extended family networks. Relationship strain was also identified, however, as a powerful motivator for recovery.

Participants highlighted a cyclical relationship between substance use, mental health, and social isolation. Early use was commonly described as a coping mechanism for stress, trauma, or emotional pain — one that over time became habitual while simultaneously deepening isolation from family and support networks. Unmet mental health needs and limited human connection were consistently identified as factors that sustain ongoing use.

Community Needs

Knowledge and Navigation of Services

PWLE expressed significant uncertainty about what services exist locally and how to access them. While county leadership noted that service information is available on a county website, PWLE reported being largely unaware of these resources. This disconnect between the existence of information, and its effective reach was described as a meaningful barrier, leaving individuals without a clear pathway to help.

Youth Messaging and Education

Participants across groups identified more consistent, ongoing substance use education for youth as a top priority. Current approaches were characterized as insufficient often limited to a single health class or programming available only through drug court. Participants noted that youth are increasingly turning to social media for information about substances, where misinformation is common and difficult to counter. Parents were also identified as needing support in having open conversations with their children, particularly given the conflicting messages youth receive when they observe substance use among adults.

Providers, Services, and Transportation

Participants described a system strained by provider shortages, limited services, and structural access barriers. The availability of both primary care and specialty providers was characterized as insufficient, with long waitlists and delays frequently preventing timely support. Insurance gaps left many services partially or uncovered. While telehealth has been promoted as a workaround, PWLE expressed a strong preference for in-person care and indicated that virtual services do not fully meet community needs. Geographic distance and the complete absence of public transportation compounded these challenges, with mobile health services visiting communities only twice monthly. For many residents, particularly older adults and those without vehicles, these barriers make accessing care extremely difficult or impossible.

Solutions

Early Intervention and Prevention

Participants expressed strong support for shifting the system's orientation toward earlier engagement. Support currently becomes available most often at a point of crisis; participants called for intervention at first contact with law enforcement or other systems rather than after repeated involvement. Expanding behavioral health screening across settings, including primary care, schools, and justice, was seen as a key mechanism for earlier identification. Prevention was also identified as a long-term investment, with participants emphasizing the need for sustained, age-appropriate education that begins early and continues across developmental stages.

Mental Health Integration and Healthy Coping

There was broad consensus that substance use cannot be effectively addressed without integrating mental health support. Use was consistently framed as a response to underlying stress, trauma, or emotional distress, and participants stressed that treatment focused solely on the substance, without addressing root causes, is unlikely to produce lasting change. Building healthy coping skills was identified as a core component of both prevention and recovery, with participants noting that many individuals simply lack alternative strategies for managing difficult emotions.

Human Connection and Peer Support

Strengthening human connection was described as foundational to any effective response. Isolation was identified as both a driver of substance use and a barrier to recovery, making the expansion of peer-based support a particularly high-value opportunity. Peer Recovery Support Specialists (PRSS) were highlighted for their ability to help individuals navigate systems and

feel supported by someone with shared lived experience. The Narcotics Anonymous model was also noted for its emphasis on sponsorship and community accountability as supports for sustained recovery.

Service Expansion

Participants viewed expanded substance use services as broadly beneficial improving workforce participation, reducing overdose mortality, and supporting family stability and reunification. They cautioned, however, that offering services alone is insufficient when barriers to engagement remain. Awareness, trust, and accessibility must be addressed alongside service provision to ensure that resources reach those who need them most.

Barriers to Access and Engagement

Stigma

Stigma was identified as one of the most pervasive barriers to help-seeking. Community attitudes that reduce substance use to visible behaviors such as theft or crime rather than recognizing it as a health issue create an environment in which individuals fear judgment and consequences if their use becomes known. A history of unmet needs and limited support has contributed to deep distrust of systems among PWLE, and participants noted that communities that conceal or minimize substance use issues tend to see those issues grow. Reducing stigma was implicitly identified as a prerequisite for meaningful community engagement.

Workforce Capacity

A shortage of healthcare professionals was identified as a key structural barrier, with ongoing challenges in recruiting and retaining providers in a rural setting. Provider rotation was a source of frustration among PWLE, who described the difficulty of building trust and continuity of care when they see a different provider at each visit. Despite these challenges, participants expressed optimism about the development of a local mental health facility, viewing it as a meaningful step toward addressing current service gaps.

Access to Naloxone

Participants expressed strong support for making naloxone widely and freely available, while identifying ongoing barriers including cost, limited distribution points, and challenges obtaining it through pharmacies or emergency services. More consistent community-level distribution — through peer networks and trusted community organizations — was identified as a priority to ensure naloxone reaches those most at risk.

Perspectives of Persons with Lived or Living Experience

Use Patterns

PWLE described use patterns shaped heavily by early life environments, particularly households where substance use was present and consistent parental support was absent. Initiation typically occurred at a young age, with use serving to manage stress, grief, trauma, or daily demands — including, for some, maintaining energy for work. A subset of participants described use that began with prescribed opioids and progressed over time to misuse or dependence, underscoring the prescription pathway as a meaningful entry point.

Recovery

Family was the most consistently cited motivation for pursuing and sustaining recovery. Participants described the importance of being present for loved ones and rebuilding relationships as enduring drivers of sobriety. Supportive human connection — through peers, mentors, or recovery communities — was identified as critical at every stage, with isolation consistently associated with increased relapse risk. For some participants, incarceration created an initial interruption in use, but was not viewed as a recovery pathway; post-release barriers including housing instability and employment challenges were described as compounding the difficulty of maintaining long-term sobriety. Participants emphasized that justice system involvement, without accompanying recovery support, tends to deepen instability rather than resolve it.

Summary

Across all participant groups, several themes emerged consistently: substance use in Lyon County is deeply intertwined with mental health, trauma, and isolation; rural geography and infrastructure gaps create compounding access barriers; and distrust of systems, developed from lived experience with unmet needs, limits engagement even when services exist. At the same time, participants identified real opportunities, including expanded peer support, earlier intervention, integrated mental health services, and local facility development. These findings provide a community-grounded foundation for the strategic recommendations that follow.

Current Community Efforts to Address Opioid Use

Lyon County has a number of programs, providers, and collaborative initiatives in place to address opioid use and related behavioral health needs across the continuum of care that range from primary prevention through treatment and recovery support. The resources described below reflect both locally based services and regional programs accessible to Lyon County residents. This section is organized according to the Strategic Prevention Framework categories: Prevention, Treatment, Recovery Support, Harm Reduction, and Social Determinants of Health.

Prevention

Prevention efforts in Lyon County span primary and secondary prevention activities, with a focus on youth, families, and community education. Lyon County's prevention landscape includes school-based supports, community coalitions, and behavioral health task force coordination.

Primary Prevention: Preventing Misuse and New Cases of OUD

Primary prevention in Lyon County is anchored by the Healthy Communities Coalition (HCC), Lyon County Human Services (LCHS) and Community Chest Inc (CCI). HCC provides youth substance abuse prevention programming, leadership and job training, and access to health and behavioral health care across multiple county communities including Dayton, Silver Springs, and Yerington. The coalition operates food pantries and coordinates community access to services across Lyon County's geographically dispersed communities. LCHS offers behavioral health services including mental health assessments, bridge care, and early intervention. The organization also provides naloxone distribution to the community and an array of services to support families, adults, and seniors. In addition, Lyon County Human Services oversees public awareness campaigns under the slogan, “Live Better Lyon”.

School-based prevention support is provided through Safe School Professionals, which places behavioral health support staff at Lyon County School District high schools in Dayton, Silver Springs, and Fernley. Community Chest, Inc. also works with high school prevention programs across Lyon County communities, providing youth and family-focused counseling and prevention education.

Secondary Prevention: Early Identification and Overdose Prevention

Early identification and intervention in Lyon County are supported through several collaborative mechanisms. The Lyon County Mobile Outreach Safety Team (MOST) pairs a clinician, deputy, and case manager to respond to behavioral health crises in the community, providing outreach, follow-up, and connection to services as an alternative to law enforcement-only response.

The Lyon County Forensic Assessment Services Triage Team (FASTT) provides multidisciplinary screening and service plan development for individuals in the county jail, addressing mental health, substance use, and basic needs at the point of incarceration and upon reentry. FASTT represents an important secondary prevention intercept connecting individuals to services who may not otherwise be reached through community-based channels.

Western Regional Specialty Courts provide Mental Health Court, DUI Diversion Court, and Drug Court with Medication Assisted Treatment (MAT) in Lyon County. These specialty courts represent structured intervention points within the criminal justice system, connecting individuals with substance use and co-occurring disorders to treatment and supervision as an alternative to incarceration.

The statewide CARE Team Rural Crisis Hotline (877-283-2437) provides adults in rural Nevada including Lyon County with mental health support. The Youth Mobile Crisis Response Team offers 24/7 telephone triage, mobile crisis response, and crisis stabilization for youth and families across Nevada.

Tertiary Prevention: Reducing Harm and Restoring Health

Lyon County's treatment capacity is limited relative to its population size and geographic footprint. While outpatient services exist across several county communities, local providers report significant operational constraints driven by clinical workforce shortages and reimbursement structures that do not adequately account for the true cost of delivering care in a rural setting. Factors that contribute to elevated service delivery costs include lengthy provider travel times to clinic sites, elevated client no-show rates, and less clients seen in a day at times, due to small community size. In addition, providers new to the county report struggling to connect with clients who need the services they offer. Finally, while many providers offer telehealth, clinicians and community advocates report that special populations including youth, seniors, and individuals with Serious Mental Illness (SMI) struggle with that modality. Taken together, these issues limit both the capacity and the long-term stability of Lyon County's local treatment system.

The majority of intensive treatment services, including inpatient detoxification, residential treatment, and higher levels of psychiatric care, require residents to travel outside the county, often to Carson City or the Reno-Sparks metropolitan area. For individuals without reliable transportation or the financial means to support extended time away from home and work, this distance represents a substantial and often prohibitive barrier to care. The following providers offer outpatient behavioral health and substance use treatment services to Lyon County residents, either locally or via telehealth.

The Western Regional Specialty Courts also support MAT-integrated Drug Court programming for Lyon County residents. Residents requiring MAT through a standalone clinic most commonly access services through The Life Change Center in Carson City, which operates a methadone and MAT clinic.

Inpatient, Detoxification, and Residential Treatment

Lyon County does not have locally based inpatient psychiatric, medical detoxification, or residential substance use treatment services. Residents requiring these levels of care are referred to regional providers, including:

- **Carson Tahoe Behavioral Health Services & Mallory Crisis Center (Carson City)**: 24/7 behavioral health crisis stabilization, inpatient and outpatient behavioral health services, medically supported detoxification, medication adjustment, counseling, and referral.
- **Vitality Unlimited (Carson City)**: Social model detox, residential and inpatient/outpatient substance use treatment; telehealth; IOP; transitional housing. 24/7 crisis line available.

Collaborative Behavioral Health Programs

Lyon County participates in the following collaborative behavioral health programs, which represent structured, multi-agency responses to behavioral health needs:

- **Mobile Outreach Safety Team (MOST):** Monday through Friday, three days per week; clinician, deputy, and case manager team.
- **Forensic Assessment Services Triage Team (FASTT):** multidisciplinary jail in-reach and reentry support.

Social Determinants of Health

Social determinants of health, including housing instability, unemployment, poverty, limited education, and domestic violence, are significant risk factors for opioid misuse and barriers to recovery in Lyon County. Lyon County's rural geography, geographic dispersion across communities, and limited public transportation infrastructure compound these challenges, particularly for older adults and individuals without access to a vehicle.

Among the social determinants of greatest concern in Lyon County are inadequate housing stock, limited access to healthy food, and transportation barriers. Each of these factors can meaningfully undermine an individual's ability to initiate, engage with, and sustain treatment and recovery services. Transportation emerged as a particularly critical gap across the community engagement sessions that informed this needs assessment, with participants consistently identifying the absence of reliable, affordable transportation as a primary obstacle to accessing behavioral health care. The following resources are available to Lyon County residents navigating these challenges.

Available Resources

- **Lyon County Human Services (Dayton, Fernley, Silver Springs, Yerington)**: Case management and employment support services; coordinates referrals to community resources; administers the FASTT. Multiple office locations.
- **Friends in Service Helping (FISH)**: Food assistance, clothing, and medical aid for individuals experiencing food insecurity and housing challenges; multiple weekly distribution hours.
- **Healthy Communities Coalition — Food Pantries (Dayton, Silver Springs, Yerington)**: Emergency food access across multiple county communities.
- **MTM Non-Emergency Medical Transportation**: State-contracted non-emergency transportation for eligible Medicaid members; can arrange transport for medical appointments with 3 business days' notice for routine appointments, 24/7 for urgent needs.
- **Nevada Rural Counties RSVP**: Transportation, respite, homemaker services, and other supports for older adults and veterans.

- **Nevada Health Link (Silver State Health Insurance Exchange)**: Assistance with finding affordable health insurance. Call: (800) 547-2927.
- **Division of Welfare and Supportive Services (DWSS):** Medicaid eligibility, public assistance benefits, and child support services.
- **State of Nevada Rural Housing Authority**: Housing Choice Voucher and rental assistance for low-income individuals.
- **Tribal Health Services**: The Yerington Paiute Tribal Health Clinic and Walker River Paiute Tribal Health Clinic serve tribal community members in Lyon County with direct health care services.
- **Community Chest, Inc.**: Domestic violence services and workforce employment support in Fernley, Dayton, Yerington, and Virginia City.

Community Recovery Support Options

Recovery support services provide community-based resources that promote sustained recovery after treatment goals are achieved. Lyon County's recovery support landscape is limited in formal, locally based recovery capital resources; community members most commonly access peer support and recovery meetings either through regional providers or through statewide virtual and phone-based options.

- **Peer Recovery Support Specialists (PRSS)**: Peer Recovery Support Specialists are available through Rural Nevada Counseling and the Lyon County FASTT. PRSS provide navigation support, lived-experience mentorship, and connection to services for individuals in or seeking recovery. Expansion of peer support capacity in Lyon County was identified as a high priority by community participants in this needs assessment.
- **Narcotics Anonymous (NA) / Alcoholics Anonymous (AA)**: Community-based mutual aid meetings available through statewide meeting finders (na.org and aa.org). Meeting availability within Lyon County communities is limited; many residents travel to Carson City or the Reno-Sparks area for regular attendance.
- **SMART Recovery**: Alternative peer support meetings available statewide and virtually. Meeting search available at meetings.smartrecovery.org.
- **Nevada Peer Recovery Support Warmline:** Non-crisis peer support line for individuals experiencing substance use issues or maintaining recovery, provided by Foundation for Recovery.
- **Mobile Opioid Recovery Engagement Team (M.O.R.E.) Life Change Center**: Hotline staffed by a peer recovery specialist for individuals struggling with heroin or pain pills.
- **Western Regional Specialty Courts**: Drug Court and Mental Health Court programming includes structured aftercare and accountability supports as part of the treatment court continuum.
- **National Alliance on Mental Illness (NAMI) Western Nevada**: Peer and family support programs including NAMI Peer-to-Peer, Family-to-Family, and Family Support Group; available to Lyon County residents.

Harm Reduction

Harm reduction activities in Lyon County aim to decrease the negative physical, social, and health consequences of substance use. Naloxone (Narcan) awareness was high among community participants in this needs assessment; however, access remains inconsistent due to cost, limited distribution points, and challenges obtaining naloxone through pharmacies or emergency services. Expanding community-level naloxone distribution through peer networks, trusted organizations, and first responders was identified as a priority need.

Overdose Prevention

- **Naloxone (Narcan) Access**: Naloxone is available without a prescription at pharmacies in Lyon County communities and is provided by Lyon County Human Services. Lyon County MOST and FASTT teams carry naloxone as part of community outreach operations.

Infectious Disease Prevention

Infectious disease prevention services in Lyon County are provided primarily through DPBH Community Health Nurses stationed in Dayton, Fernley, Silver Springs, and Yerington. These nurses provide public health nursing, disease investigation, and health education services and serve as community-based access points for individuals who may not otherwise engage with the formal health care system. South Lyon Medical Center and Banner Health Center also provide primary care services that can address infectious disease screening and treatment for individuals with substance use disorders.

Plan for the Use of Funds for the Mitigation of Opioid Impact

The Lyon County Board of County Commissioners (BOCC) has the ultimate funding approval authority. SB390 dictates funds must be utilized to abate opioid use and misuse within the Lyon County jurisdiction. Any organization seeking to use county allocated opioid settlement dollars will need to present to the BOCC their project with a detailed budget and intended outcomes that align with priorities set forth by SB390 and this plan. Grants awarded through the State of Nevada for the purpose of opioid abatement will align with the following plan and must be approved through the Board of County Commissioners for any funds being used by a county entity.

Eligible Use of Funds

The following outlines the eligible uses of grant money by a state, local or tribal governmental entity may allocate money pursuant to SB390, paragraph (b) of subsection 1 to:

(a) Projects and programs to:

1. Expand access to evidence-based prevention of substance use disorders, early intervention for persons at risk of a substance use disorder, treatment for substance use disorders and support for persons in recovery from substance use disorders
2. Reduce the incidence and severity of neonatal abstinence syndrome

3. Prevent incidents of adverse childhood experiences and increase early intervention for children who have undergone adverse childhood experiences and the families of such children
4. Reduce the harm caused by substance use
5. Prevent and treat infectious diseases in persons with substance use disorders
6. Provide services for children and other persons in a behavioral health crisis and the families of such persons
7. Provide housing for persons who have or are in recovery from substance use disorders

(b) Campaigns to educate and increase awareness of the public concerning substance use and substance use disorders
(c) Programs for persons involved in the criminal justice or juvenile justice system and the families of such persons, including, without limitation, programs that are administered by courts
(d) Evaluation of existing programs relating to substance use and substance use disorders
(e) Development of the workforce of providers of services relating to substance use and substance use disorders
(f) The collection and analysis of data relating to substance use and substance use disorders
(g) Capital projects relating to substance use and substance use disorders, including, without limitation, construction, purchasing and remodeling.

3.The projects described in subsection 2 may include, without limitation, projects to maximize expenditures through federal, local and private matching contributions.

Lyon County Opioid Priorities

As noted earlier in the report, the following priorities were developed through the 2026 Lyon County Behavioral Health Summit, a post-Summit stakeholder validation survey, and a Lyon County Opioid Response Working Group (Please see the Methodology section of this report for more detail on these events). Priorities are presented in three tiers (High, Medium, and Lower) are based on combined dotmocracy and validation survey scores on a 1–5 scale and validation from the Opioid Response Working Group.

HIGH PRIORITY STRATEGIES

HIGH

Discharge and Follow-Up for Individuals Experiencing Substance Misuse

Summit Priority Score: 4.50 / 5

Community Need:

Lyon County currently lacks standardized discharge planning and follow-up protocols for individuals with opioid and substance use disorders discharging from hospitals and behavioral health services. Individuals are routinely released without a warm handoff to community treatment, without medication continuity, and without peer support contact making the post-release period one of the highest-risk windows for fatal opioid overdose.

Recommended Strategies:

Objective 1.1- Stakeholder Engagement

- Designate a lead agency to coordinate discharge planning improvement efforts and track progress across partner organizations
- Conduct a landscape assessment of current discharge practices for individuals with OUD leaving hospitals and behavioral health services, including documentation of existing referral pathways and follow-up protocols
- Identify key gaps in post-discharge follow-up, including lack of warm handoffs, prescription continuity, and case management connections at the point of release or discharge

Objective 1.2 — Protocol Development

- Explore discharge planning and follow-up protocols for individuals with substance use disorders, discharging from emergency departments, inpatient behavioral health settings, residential treatment and other higher levels of care, that include medication continuity, referral to community treatment, and identification of peer support contacts
- Establish warm handoff procedures between emergency departments, inpatient behavioral health settings, residential treatment and other higher levels of care, and community-based treatment providers
- Begin development of MOUs and data-sharing agreements between emergency departments, inpatient behavioral health settings, residential treatment and other higher levels of care, and community behavioral health providers to support coordinated care

Objective 1.3 — Follow-Up and Case Management

- Establish a structured follow-up protocol for individuals discharged from emergency departments, including outreach calls and in-person visits
- Integrate peer support specialists into post-discharge follow-up
- Identify and pursue funding to expand dedicated case management services for individuals with high utilization of crisis and jail services related to substance use

- Review and update the 2019 Overdose Preparedness and Response Plan in coordination with the Lyon County Sheriff's Office and community partners, incorporating current data on drug trends and available resources

HIGH

Jail Reentry Follow-Up

Summit Priority Score: 4.33 / 5

Community Need:

Community partners report that repeat substance-involved offenders cycle through the Lyon County system without structured connection to community treatment or recovery support. Bail reform concerns have created additional challenges in simultaneously holding individuals accountable and connecting them to services in a timely manner. Jail reentry represents a distinct gap: individuals may receive an initial referral in connection with a service, after overdose or hospitalization, or in jail but lack the ongoing case management and peer support needed to sustain recovery during the high-risk reentry period.

Recommended Strategies:

- Expand peer support specialist capacity focused on reentry follow-up for individuals with OUD, coordinated with the FASTT jail reentry team
- Expand case management services for individuals with high utilization of jail and crisis services related to substance use, specifically during the reentry period
- Develop and formalize referral pathways and MOUs between the Lyon County jail, the FASTT team, Rural Nevada Counseling, and other community reentry and treatment providers
- Coordinate with community reentry programs in Carson City to extend post-release support for Lyon County residents referred out of county

MEDIUM PRIORITY STRATEGIES

MEDIUM

Explore Strategies to Reduce Reliance on Law Enforcement

Summit Priority Score: 3.71 / 5

Community Need:

Summit panelists noted that law enforcement remains the default first responder for substance use situations in Lyon County, and that repeat substance-involved offenders cycle through the system without effective treatment connection. Bail reform concerns have created challenges in connecting individuals to services while maintaining accountability. Stakeholders identified a need for law enforcement, behavioral health, and treatment providers to share data and work collaboratively.

Recommended Strategies:

- Develop data-sharing protocols between law enforcement, behavioral health providers, and treatment agencies to enable collaborative responses to repeat substance-involved individuals
- Explore expansion of the MOST (Mobile Outreach Safety Team) or other co-responder models to increase non-law enforcement response options for substance use situations
- Identify diversion pathway opportunities at pre-arrest and pre-booking intercepts for individuals whose involvement stems primarily from substance use

MEDIUM

Community Resource Connection (Workforce, Events, and Navigation)

Summit Priority Score: 3.07 / 5

Community Need:

Community partners at the 2026 Lyon County Behavioral Health Summit identified navigation challenges as a cross-cutting barrier: residents across age groups report not knowing what resources exist or how to access them. The ideal vision articulated by Summit participants included communities that are educated about evolving drug trends, harm reduction strategies, and available local resources, as well as and a recovery culture understood as connection and belonging.

Recommended Strategies:

- Develop community education campaigns focused on behavioral health in Lyon County, including crisis response, behavioral health treatment, harm reduction, peer support, and recovery support options
- Deploy Community Health Workers (CHWs) and peer support specialists as connectors to resources in community settings including schools, faith communities, senior centers, and primary care offices
- Support community events that model healthy, substance-free connection and reduce isolation

LOWER PRIORITY STRATEGIES

The following strategies received Lower priority designations in the combined dotmocracy and validation survey scoring.

Strategy	Score
Reframe public concepts and education on substance use disorder	**2.93 / 5**
Recovery-friendly workplace initiatives	**2.50 / 5**

Youth Opioid Risk and Alignment with Behavioral Health Summit Priorities

The youth data documented in this needs assessment shows concerning trends across all opioid indicators, that are not directly addressed in the opioid priorities identified above. As described earlier in this report, the YRBS reports from 2017-2025 reflect that Region 5 youth non-medical prescription pain medicine use has remained elevated for eight consecutive years, reaching 19.4% in 2025, the highest point in that period, and 70% above the current national rate. YRBS data also shows that perceived access to prescription pain medicine increased sharply between 2021 and 2025, and parental disapproval of prescription misuse declined 6.2 percentage points between 2023 and 2025, a shift specific to Region 5 that does not appear in statewide Nevada data. Underlying these trends is the highest ACE burden of any Nevada region, with 31.5% of Region 5 high school students reporting four or more Adverse Childhood Experiences. The youth and prevention priorities identified through the 2026 Lyon County Behavioral Health Summit directly address these trends.

- Number of community events held that model healthy, substance-free engagement

Conclusion

Input from community partners and quantitative data reflect mixed progress for opioid issues in Lyon County. Emergency Department visits and inpatient admissions have declined significantly since their 2023 peak, and Lyon County is part of the Northern Behavioral Health Region, which has the lowest opioid mortality rate in the state. At the same time, Lyon County residents are receiving opioid prescriptions at a rate 36% above the statewide average, 26 residents died from opioid-related causes between 2021 and 2023, and law enforcement is reporting that the local drug supply is increasingly contaminated with fentanyl and polysubstance combinations.\

People with lived and living experience described a system that becomes available most often at the point of crisis, and that too often, the criminal legal system serves as the primary pathway to services rather than treatment and recovery infrastructure. They described the importance of connection as both the most meaningful protection against substance use and the most powerful driver of recovery. And they described a community that is frequently unaware of what resources exist, struggles to trust systems shaped by years of unmet needs, and needs more integrated and more accessible support.

Lyon County's two highest priorities, discharge and follow-up for individuals experiencing substance misuse, and jail reentry follow-up, reflect the recognition of where the greatest systemic vulnerabilities lie: at the moments when individuals move between systems. The post-release and post-discharge periods are among the highest-risk windows for fatal opioid overdose, and Lyon County currently lacks the standardized protocols, warm handoffs, and peer support infrastructure to reliably address those moments.

The opioid youth data show some of the most concerning trends. The 2025 YRBS shows elevated nonmedical prescription opioid use, a rate that is at its highest in eight years, rising perceived access to prescription pain medicine, and a significant decline in parental disapproval of misuse between 2023 and 2025. These data trends reflect that the opioid risk environment for Lyon County-area youth has worsened in recent years despite broader national improvements. In addition, considering that Region 5 counties (Lyon, Mineral, Storey) have the highest ACE burden of any Nevada region, Lyon County faces a structural vulnerability in its youth population that will require sustained, community-embedded prevention investment. The youth and prevention priorities identified through the 2026 Lyon County Behavioral Health Summit, including parent outreach through child activity organizations, expanded in-person therapy options for youth, maximizing the reach of Community Health Workers and peer support workers, and strategies to offset substance use experimentation, directly respond to these trends. These priorities represent an evidence-grounded framework for deploying opioid abatement funds upstream, before crisis intervention becomes the only available option.

Lyon County has many strengths: a history of cross-sector collaboration and a community that, even in the face of significant challenges, continues to show up for its residents. Addressing the

full scope of opioid risk in Lyon County will require that those assets be deployed with the same sustained commitment that has produced measurable progress on other fronts.

BACKGROUND AND INTRODUCTION

On March 4, 2026, Lyon County Human Services organized a one-day, in-person Behavioral Health Summit in Dayton, Nevada, convening a broad cross-section of community partners, county agencies, service providers, law enforcement, judicial representatives, advocates, and individuals with lived experience to ensure that programs and services effectively address the evolving behavioral health needs of the community. The Summit and follow-up survey directly inform this Behavioral Health Strategic Plan, which will guide county investments and partnerships in the years ahead.

This document provides a next step in the community's behavioral health planning process to ensure that programs and services effectively address the evolving behavioral health needs of the community. This effort is particularly important in a rural region like Lyon County, where limited access to behavioral health resources and geographic isolation can exacerbate disparities in mental health, substance use, and overall well-being. Lyon County's geography, approximately 2,003 square miles of high desert, and mountainous terrain, exacerbates the challenges to behavioral health planning.

The purpose of this report is to provide a deeper understanding of the behavioral health challenges and opportunities facing Lyon County residents, including demographic shifts, socioeconomic conditions, substance use trends, mental health indicators, and systemic gaps in service delivery.

ORGANIZATION OF THIS REPORT

This report documents the proceedings, findings, and strategic priorities emerging from the 2026 Lyon County Behavioral Health Summit and serves as a foundation for Lyon County's Behavioral Health Strategic Plan. It is organized into the following sections:

- **Executive Summary** provides a high-level overview of the Summit's purpose, key findings across all six topic areas, cross-cutting themes, and the top-priority strategies identified through the combined dotmocracy and validation survey process.
- **Lyon County Behavioral Health Summit Overview** describes the Summit's format, engagement methodology, objectives, and structure, including the lived experience opening testimony and the six core topic areas examined during the day.
- **Topic Review and Prioritization** presents detailed findings for each of the six topic areas: Crisis Response, Behavioral Health Treatment, Opioid-Specific Needs, Youth Behavioral Health, Senior Behavioral Health, and Prevention including current landscape, highlighted issues, key findings, ideal vision, and prioritized strategies with combined dotmocracy and validation survey scores.
- **Cross-Cutting Themes and Priorities** identifies the systemic challenges that emerged consistently across all topic areas including workforce shortages, transportation barriers, and fragmented care—and presents the two cross-cutting strategies prioritized by stakeholders: workforce development and transportation.

- **Stakeholder Engagement & Next Steps** outlines the recommended path forward, including workgroup formation and opportunities for continued community engagement.
- **Strategic Plan Goals, Objectives, and Strategies** provides recommendations on actionable goals, objectives, and implementation strategies for the top identified priorities to guide Lyon County's behavioral health investments and partnerships in the years ahead.
- **Appendices** include supporting materials: a dotmocracy and survey synthesis of priorities across all topic areas, a history of collaborative behavioral health planning in Lyon County, a list of Summit participating organizations and validation survey respondents, a glossary of key terms, and references.

SUMMIT ENGAGEMENT AND PRIORITIZATION METHODOLOGY

The strategic priorities presented in this report were developed through a two-phase primary data collection process: an in-person dotmocracy prioritization exercise conducted at the March 4, 2026 Summit, followed by a post-Summit online stakeholder validation survey. These methods were designed to capture both the immediate, in-room consensus of Summit participants and the more deliberate, post-reflection priorities of the broader behavioral health community.

Phase 1: Dotmocracy Exercise (March 4, 2026) At the conclusion of each of the six topic area sessions, Summit participants were invited to place dot stickers on printed boards listing potential strategies for that topic area. Each dot represented one vote from one participant. Participants could allocate their dots across strategies as they chose, without a limit on the number of dots per strategy. Total dot counts per strategy were tallied at the close of the Summit to produce in-person rankings for each topic area. The dotmocracy captured the immediate priorities of the 56 participants present on the day of the Summit. Note that strategies related to post-discharge wrap-around and case management, the Living Room model, and non-emergency behavioral health transport were not listed as discrete items on the Crisis Response dotmocracy board; their priority scores reflect the validation survey only.

Phase 2: Post-Summit Validation Survey (March 30 – April 13, 2026) Following the Summit, Lyon County Human Services distributed an online priority validation survey to Summit participants. Fifteen stakeholders completed the survey, representing organizations including Lyon County Human Services, Rural Nevada Counseling, Healthy Communities Coalition, NAMI Western Nevada, Empowered Go, VA Outreach, ADSD Adult Protective Services, Lyon County Juvenile Probation, Lyon County CASA, Community Chest Inc., Lyon County Board of County Commissioners, the Nevada Association of Counties, and GROWLER Consulting. Respondents rated each strategy on a 1–5 scale (1 = Not a Priority, 5 = Top Priority) and answered open-ended questions about missing strategies, barriers to participation, and interest in continued engagement.

Synthesis and Priority Designation Findings from both methods were synthesized into a final combined prioritization score on a 1–5 scale. Strategies were then designated as High, Medium, or Lower priority based on their combined scores and the degree of alignment between the two methods. Cross-method alignment was assessed and categorized as Strong Agreement, Moderate Agreement, Notable Divergence, Survey Elevated, Dotmocracy Elevated, or Dotmocracy only, as detailed in Appendix A. Where the two methods diverged meaningfully, both rankings are noted and the divergence is described in the topic-area narrative. The combined scores and alignment designations presented throughout this report represent the community's considered judgment about where investment and action are most urgently needed.

Limitations This report reflects the priorities of the organizations and individuals who participated in the 2026 Summit and the post-Summit validation survey. While participation was broad and cross-sectoral, findings represent the perspectives of 56 Summit attendees

and 15 survey respondents and should not be interpreted as a statistically representative sample of all Lyon County residents or behavioral health stakeholders.

EXECUTIVE SUMMARY

On March 4, 2026, Lyon County Human Services convened the Lyon County Behavioral Health Summit in Dayton, Nevada, bringing together 56 participants representing 23 organizations across local government, state agencies, healthcare, behavioral health, law enforcement, legal services, housing, peer support, and community-based organizations. The Summit was designed to assess the current state of behavioral health services in Lyon County, identify priorities for action, and inform the development of Lyon County's Behavioral Health Strategic Plan and Opioid Needs Assessment.

The Summit examined six interconnected topic areas: crisis response, behavioral health treatment, opioid-specific needs, youth behavioral health, senior behavioral health, and prevention. Structured panel discussions, dotmocracy prioritization exercises, and a post-Summit stakeholder validation survey, yielding 15 responses, were used to develop quantitative rankings and qualitative insights across each topic.

One of the most powerful elements of the Summit was opening testimony from Velvet Bernhard, a woman with lived experience of opioid use disorder, homelessness, and recovery. Her account of navigating insurance denials, four-month treatment waits, and facility rejections, and ultimately placing herself in Washoe County Jail to access treatment, anchored the Summit's sense of urgency and served as a through-line throughout the day's discussions.

> *"The opposite of addiction is not abstinence — the opposite of addiction is hope." — Velvet Bernhard, Lived Experience Speaker*

A HISTORY OF COLLABORATIVE ACTION

Lyon County has a demonstrated history of cross-sector behavioral health planning. From the 2014 SAMHSA GAINS Sequential Intercept Mapping workshop through the Lyon County Behavioral Health Task Force, a 2019 Opioid Summit, and ongoing Stepping Up Initiative planning efforts, local stakeholders have repeatedly convened to identify shared priorities and take coordinated action. More on this history can be found in Appendix B of this document. These efforts produced meaningful programs that served Lyon County’s communities, including the establishment of the MOST (Mobile Outreach Safety Team) co-responder program, FASTT (Forensic Assessment Services Triage Team) jail reentry services, and Crisis Intervention Team (CIT) training for law enforcement.

While the COVID-19 pandemic interrupted this collaborative momentum, the 2026 Behavioral Health Summit represents a timely opportunity to re-engage this collaborative spirit, assess progress and persistent gaps, and chart a renewed course toward a more equitable and effective behavioral health system for all Lyon County residents.

CROSS-CUTTING THEMES

A consistent set of systemic challenges emerged from discussions on the six Summit panel topics that cut across populations and service domains. These barriers must be addressed for any individual strategy to succeed:

- **Workforce shortages**- Clinician and support staff recruitment and retention challenges limit capacity across crisis, treatment, and prevention systems
- **Transportation barriers**- A persistent obstacle at every level of care, especially for vulnerable populations
- **Fragmented systems**- Lack of a full continuum of care, poor care coordination, and gaps in warm handoffs between service levels
- **Funding and sustainability gaps**- Many crisis encounters currently cannot be billed to Medicaid, and provider rates are insufficient to sustain adequate services in several areas
- **Navigation challenges-** Residents across age groups have reported not knowing what resources exist or how to access them
- **Stigma-** A barrier to help-seeking at all ages and across all topic areas
- **Social isolation-** Identified as a root cause of behavioral health challenges for youth, adults, and seniors alike
- **Insufficient local data-** Limits Lyon County's ability to advocate for funding and resources at the state and federal level

KEY FINDINGS BY TOPIC AREA

Crisis Response: The crisis system is currently absorbing needs that belong elsewhere in the care continuum while simultaneously failing to reach those who genuinely need acute intervention. Law enforcement remains the default first responder for behavioral health crises. Panelists on the Crisis Response panel reported that a large percentage of legal holds are decertified within one hour of hospital arrival, with little to no follow-up care upon discharge. Community awareness and buy-in of the 988 Suicide and Crisis Lifeline remains low, with multiple crisis lines creating confusion. Stakeholders identified post-discharge wrap-around and case management (avg. score 4.67/5) and a Living Room model for crisis drop-in stabilization (4.27/5) as the highest-priority strategies.

Treatment: Lyon County lacks a full continuum of behavioral health treatment services. Complex cases are routinely referred out of county to Reno. Clinician recruitment and retention is a persistent challenge that constrains capacity across the system. VA services remain significantly underutilized despite approximately one in ten Lyon County residents being a veteran. Top priorities included developing a behavioral health workforce pipeline (4.79/5) and expanding local and regional higher levels of care (4.57/5).

Opioid-Specific Needs: Methamphetamine remains the dominant drug of concern. The local drug supply is increasingly mixed, with fentanyl contamination widespread and methamphetamine-opioid combinations common in medical examiner data. Discharge and follow-up for individuals experiencing substance misuse (4.50/5) and jail reentry follow-up (4.33/5) were identified as top priorities.

Youth Behavioral Health: Youth behavioral health needs are acute and trending toward younger ages. Lyon County lacks local intensive outpatient programs for youth, in-state residential options for younger children, and in-home provider services — resulting in youth being placed out of state for treatment. A sharp drop-off in available services occurs at the teen transition. Schools identify behavioral health needs, but momentum is consistently lost at the family level. Families frequently do not know what resources exist, how to access them, or experience barriers such as schedule conflicts, transportation, and funding when trying to access them. Parent awareness via child activity organizations (4.86/5) and increasing in-person therapy options for youth (4.79/5) emerged as top priorities.

Senior Behavioral Health: Lyon County's older adult population represents approximately 20% of residents, above state and national averages, and is growing [1]. Panelists noted that approximately 40% of agencies report more demand than they can support. Cognitive decline is often not identified until a crisis occurs, and dementia is frequently treated separately from behavioral health, leaving co-occurring mental health needs unaddressed. Legal holds for seniors are commonly decertified soon after arrival to the hospital. Social isolation, often reframed as personal preference, is a significant and under addressed risk factor. In-home social supports including respite and homemaker services (4.73/5) and increasing access to cognitive assessments (4.47/5) were the top-rated strategies.

Prevention: Lyon County's greatest prevention asset is its culture of cross-sector collaboration. Community Health Workers (CHWs), NAMI Western Nevada, the Healthy Communities Coalition, Community Chest, Lyon County Human Services, and faith-based communities provide an existing prevention infrastructure. Panelists emphasized the need to shift from a "fix them" mindset to one centered on listening, connection, and belonging. Isolation was identified as a root cause across all populations. Maximizing the use of CHWs and peer support workers (4.47/5) and increasing community connection opportunities (4.33/5) were the top prevention priorities.

STRATEGIC PLAN: OVERVIEW OF TOP SUMMIT PRIORITIES

The chart below presents the objectives that were ranked as "high" priority based on the Summit Dotmocracy exercise and the follow-up validation survey.

Prioritized Strategies	Crisis Response	Treatment	Opioids	Youth	Seniors	Prevention
	Post-discharge wrap-around and case management for people experiencing crisis	Develop workforce pipeline (address barriers with licensing boards and background checks for Peers and CHWs)	Discharge and follow-up with people experiencing substance misuse	Parent awareness via child activity organizations (sports, 4-H, Scouts, etc.)	In-home social supports (respite, homemaker services)	Maximize use of Community Health Workers (CHWs) and Peer support workers
	Establish a Living Room Model crisis stabilization facility in Lyon County	Develop local and regional higher levels of care (including in-patient and long-term)	Jail re-entry follow-up	Increase in-person therapy options for youth	Increase providers who conduct cognitive assessments	Increase community connection opportunities (exercise groups, 1-to-1 relationships)
	Transportation — explore non-emergency secure behavioral health transport options	Establish a Living Room Model crisis stabilization facility in Lyon County		Transportation for youth behavioral health services	Address legal hold issues and access challenges for individuals with dementia	Identify strategies to offset substance use experimentation (events, modeling, etc.)
		Develop supportive and transitional housing			Increase resources to fully support aging in place	

2026 LYON COUNTY BEHAVIORAL HEALTH SUMMIT THEMES

The following themes emerged through a combination of in-person dotmocracy voting and a post-Summit stakeholder validation survey. The combined prioritization was ranked out of 5. Across all topic areas, strategies focused on direct service, workforce, and care transitions consistently outranked public awareness campaigns, regulatory approaches, and state-level systemic reform.

- **Youth priorities generated the strongest consensus.** The two highest-rated strategies in the entire dataset came from the youth topic area- parent awareness via child activity organizations (4.86) and in-person therapy options for youth (4.79). This reflects both the urgency of youth behavioral health needs in Lyon County and strong agreement across stakeholders that family engagement and direct access to care are the most critical intervention points.
- **Workforce and transportation are foundational.** The two cross-cutting priorities, workforce development (4.73) and transportation (4.64), were among the highest-rated strategies across all topic areas and appeared consistently in both the dotmocracy and the survey. Their presence as cross-cutting priorities reflects stakeholder recognition that no topic-specific strategy will succeed without first addressing these underlying system conditions.
- **Crisis response priorities focus on what happens after the crisis.** Post-discharge wrap-around and case management (4.67) was the highest-rated crisis strategy and among the highest in the entire survey, signaling that stakeholders are concerned with the persistent gap in follow-up care and continuity after a crisis encounter. The Living Room model (4.27) was also strongly supported as a concrete, community-based alternative to emergency department utilization.
- **Senior and treatment priorities reflect unmet demand.** In-home social supports for seniors (4.73) and development of higher levels of care (4.57) were both ranked as higher priorities, reflecting a system that is stretched beyond its current capacity. Panelists reported that approximately 40% of agencies serving older adults have more demand than they can meet, and the absence of local higher-level treatment options forces residents to seek care outside the county.
- **Opioid priorities focus on system transitions.** Both opioid strategies that received high ranking, discharge follow-up (4.50) and jail reentry (4.33), center on the moments when individuals move between systems.
- **Prevention priorities center on people, not programs.** Maximizing Community Health Workers and peer support workers (4.47) were ranked as the two top prevention priorities, reflecting a value for peer and community-based interventions.

LYON COUNTY BEHAVIORAL HEALTH SUMMIT OVERVIEW

SUMMIT FORMAT & ENGAGEMENT METHODOLOGY

The Summit employed a participatory engagement model designed to surface both quantitative priorities and qualitative insights. Key methodological elements included:

- Informative presentations to ground discussions in local and statewide data
- Facilitated panel discussions with cross-sector representation that generated issues and topics for consideration as priorities in the dotmocracy exercise
- Dotmocracy exercise, a structured visual prioritization method where participants place dot stickers next to their highest-priority strategies across topic areas
- A post-Summit online priority validation survey distributed to participants, yielding 15 responses from representatives across local, regional, and state organizations
- Data obtained through both the Summit's dotmocracy exercise and the post-Summit stakeholder validation survey was then synthesized into a final prioritization rating on a 1-5 scale (1 = Not a Priority, 5 = Top Priority) and determined to be low, medium, or high priorities. Please see Appendix A for the complete data synthetization analysis.

2026 SUMMIT OBJECTIVES

By the conclusion of the Summit, participants aimed to:

- Develop a shared understanding of Lyon County's current behavioral health system strengths and gaps
- Identify key service gaps and systemic challenges across the behavioral health continuum
- Highlight existing strengths, promising practices, and community assets
- Prioritize strategies for system improvement across six topic areas
- Contribute to Lyon County's behavioral health and opioid needs planning processes
- Identify stakeholder engagement and workgroup opportunities for continued action

LIVED EXPERIENCE: OPENING TESTIMONY

One of the most powerful elements of the Summit was opening testimony shared by Velvet, a woman with lived experience of opioid use disorder, homelessness, and recovery. Velvet's account illuminated the systemic barriers facing pregnant women with opioid use disorder: insurance denials, four-month treatment waits, facility rejections, and a system that treated her as a liability rather than a patient. She ultimately placed herself in the Washoe County jail to access treatment, the only available pathway at the time.

Her testimony anchored the Summit's sense of urgency and was referenced across multiple panel discussions. Her core message, that the opposite of addiction is not abstinence, but hope, became a through-line for the day's conversations and serves as a guiding principle for this report.

SUMMIT STRUCTURE AND TOPICS

The Summit was organized around six core topic areas:

Topic Area	Focus
Crisis Response	• Nevada's 988 Suicide & Crisis Lifeline implementation and system development. • Lyon County's crisis continuum, and exploration of coordination, diversion, and pathways to ongoing care.
Treatment	• Treatment services in Lyon County, addressing both substance use and mental health to examine access, workforce capacity, and continuity of care.
Opioid-Specific Needs	• Overview of prevention, harm reduction, treatment access, and recovery services across the continuum of care in Lyon County. Panelists will address substance trends and opportunities to strengthen systems in Lyon County.
Youth Behavioral Health	• Youth behavioral health, including early identification, crisis response for minors, and pathways to treatment. • Gaps in service capacity and family engagement, and steps to strengthen the youth system of care in Lyon County.
Senior Behavioral Health	• Senior behavioral health, and the intersection of aging, mental health, substance use, and social isolation in rural communities. • Service gaps, caregiver support, and strategies to strengthen coordinated care for older adults across the crisis and treatment continuum.
Prevention Strategies	• Prevention in the context of mental health and substance use. • Existing prevention strategies in Lyon County, focusing on upstream approaches that strengthen protective factors and reduce risk before behavioral health crises emerge. • Review of school-based initiatives, community partnerships, youth engagement, and cross-sector collaboration to build a sustainable prevention framework.

BEHAVIORAL HEALTH SUMMIT TOPIC OVERVIEW AND PRIORITIZATION

SECTION I: CRISIS RESPONSE

Current Landscape

The 988 Suicide & Crisis Lifeline has been rolled out nationally, but Lyon County faces persistent challenges in local adoption and effectiveness. Behavioral Health Summit Panelists and participants advocated for local opinions and perspectives to be considered when developing and implementing the 988 system.

Panelists highlighted reliance on law enforcement as a default first responder, inpatient bed shortages, confusion across multiple crisis lines, and the absence of consistent post-discharge case management. Panelists identified a recurring pattern: the crisis system is absorbing needs that belong elsewhere in the care continuum, and unable to address the needs of individuals who are in chronic crisis or are in need of acute intervention.

Key Indicator

- **Suicide rate:** Lyon County's suicide rate of 32 per 100,000 is more than double the national rate of 14 and 60% above the Nevada rate of 20 [1].

Highlighted Issues:

- **Coordination:**
  A key theme emerging from stakeholder engagement was the need for greater coordination around 988 Suicide and Crisis Lifeline implementation in Lyon County. Partners at both the state and local level noted that community awareness of 988 remains limited, with many providers and residents continuing to default to local crisis resources. Stakeholders broadly expressed interest in a more structured and collaborative approach to promoting and operationalizing 988 across the county, wanting to ensure that regional crisis response and follow up services are reliable.

- **Transportation:**
  A significant structural barrier emerged around legal holds and transport. When an individual is in mental health crisis and is voluntarily willing to engage in treatment, a community partner can transport them. However, those on a legal hold require Sheriff transport to an Emergency Department, and often that mechanism for transport is not available. One panelist noted that approximately 80% of legal holds are decertified

within one hour of hospital arrival. Panelists and Summit participants expressed the need for a non-emergency behavioral health transport service.

- **Funding and Sustainability:**
  Less than half of crisis encounters can currently be billed to Medicaid, creating a structural funding gap. The panel identified this as one of the most urgent sustainability challenges. The state is working to expand Medicaid billing pathways, but panelists noted this is not a complete solution and additional funding strategies are needed.

Key Panel Findings

- Reliance on law enforcement as the default crisis responder
- Demand for crisis services is greater than current capacity
- Lack of transportation for legal holds
- Community frustration with legal hold discharges soon after arriving to the hospital followed by lack of continuity of care upon discharge
- Lack of inpatient bed space
- Varied and inconsistent experience accessing crisis services
- Lack of coordination and no consistent post discharge case management
- Low awareness and underutilization of 988 in Lyon County and multiple crisis lines causing confusion
- Insufficient availability of mobile crisis response
- Workforce shortages limiting the number of qualified clinicians available
- Mallory Crisis Center is often misused for intoxicated individuals who are not in crisis are held until sober, older adults become unmanageable at home, and for individuals who are homeless.

Ideal Vision

- A truly interconnected 988 system modeled on how 911 filters nationally to local response with transparent system performance measures to ensure Lyon County's rural population receives the services it needs.
- Adequate crisis stabilization services with wrap-around and follow- up services routinely provided to all individuals who are willing to engage in them.
- Prevention systems in place to avert crises: address stigma, train community members about what crisis is and how to respond, and expand respite care.
- Conduct local landscape surveys and incorporate community resources, perspectives, and solutions into 988 implementation plans.
- Enhance ongoing communication between community partners and the 988-implementation team, identifying mechanisms beyond town hall meetings to gather community feedback on what is and is not working.
- Explore and develop living room model program for drop-in support and post release stabilization.

Crisis Priorities

Strategy	Avg. Score (1-5)	Priority Level
Post-discharge wrap-around and case management for people experiencing crisis	4.67	High
Implement Living Room model for crisis drop-in stabilization	4.27	High
Transportation — explore non-emergency secure behavioral health transport options	4.21	High
Explore issues with legal holds (collaborate with external partners)	4.14	Medium
Explore options for collaboration with regional and state partners to implement 988	4.00	Medium
Stigma reduction and community education (crisis definitions and appropriate use)	3.93	Medium

SECTION II: BEHAVIORAL HEALTH TREATMENT

Current Landscape

Lyon County lacks a full continuum of behavioral health treatment services. Residents requiring complex medication management, higher levels of psychiatric care, or specialized substance use treatment are routinely referred to providers in Reno, creating significant geographic and logistical barriers. Workforce shortages and care coordination gaps compound access challenges across the county, making it difficult to connect individuals from one level of care to another.

Key Indicators

- **Provider shortages:** Lyon County has a severe shortage of behavioral health providers. The population-to-mental health provider ratio (680:1) is more than twice the national benchmark (320:1), and the population-to-primary care physician ratio (7,610:1) is over five times the benchmark (1,330:1 [1]. Since primary care is often the first point of contact for behavioral health concerns, this gap compounds access problems significantly.
- **Insurance coverage:** Approximately 12% of Lyon County residents lack health insurance, compared to 13% of Nevadans and 9% nationally. Lack of insurance is a significant barrier to accessing primary care and behavioral health services, particularly those dependent on Medicaid reimbursement [1].

Highlighted Issues

- **Workforce Shortages:** Clinician retention is a persistent and urgent challenge in Lyon County. Providers report difficulty recruiting and maintaining qualified behavioral health staff and have resorted to sign-on and retention bonuses that remain insufficient to resolve the underlying gap. The shortage of clinicians limits the number of individuals who can receive timely services and creates capacity constraints across treatment, crisis, and prevention systems.
- **Gaps in the Continuum of Care:** Lyon County does not have ASAM Level 4 medically managed intensive inpatient services, or inpatient psychiatric hospitalization available locally. Complex cases requiring this level of care must be referred outside the county, creating barriers related to transportation, distance, and disruption of community and family supports. Panelists noted that care coordination between crisis, treatment, and

recovery support services remains fragmented, making it difficult to maintain continuity for individuals navigating multiple points in the system.

Key Findings

- Lyon County lacks a full continuum of care, with no Level 4 medically managed intensive inpatient services or inpatient psychiatric hospitalization available locally
- Complex behavioral health cases must be referred out of county to Carson City or Reno, creating geographic, logistical, and continuity of care barriers
- Clinician recruitment and retention is a persistent challenge that limits service capacity across the system
- Care coordination between crisis, treatment, and recovery support remains fragmented and difficult to navigate
- VA services are available but significantly underutilized despite one in ten Lyon County residents being a veteran
- Rural Health Transformation Act funding may offer an opportunity to develop collaborative grant applications aligned with goals identified at the Summit

Ideal Vision

Summit participants and panelists described a coordinated treatment system in Lyon County that provides a full continuum of care from early intervention through higher levels of inpatient services, available locally and without the need to refer individuals out of county. In this vision:

- A robust local and regional workforce pipeline produces, recruits, and retains qualified clinicians and peer support workers across the lifespan
- Lyon County has access to local and regional higher levels of care, including inpatient and long-term treatment options, eliminating the need to place individuals out of county or out of state
- A Living Room model provides a drop-in, peer-staffed stabilization option that bridges crisis and treatment and reduces unnecessary emergency department utilization
- Supportive and transitional housing is integrated into the treatment system, enabling individuals to stabilize and sustain recovery
- Care coordination between crisis, treatment, housing, and recovery support is seamless, with clear handoffs and shared accountability across agencies
- VA services are fully integrated into the local care continuum, ensuring veterans can easily access the full range of housing, treatment, and peer support options available to them
- Medicaid eligibility services are co-located with treatment providers, reducing administrative barriers and supporting enrollment at the point of care

Strategy	Avg. Score (1-5)	Priority Level

Develop workforce pipeline (address barriers with licensing boards and background checks for Peers and CHWs)	**4.79**	**High**
Develop local and regional higher levels of care (including in-patient and long-term)	**4.57**	**High**
Develop Living Room Model in Lyon County	**4.47**	**High**
Supportive and transitional housing	**4.20**	**High**
Collaborate with shared resources (e.g., Medicaid eligibility services co-location)	**3.87**	**Medium**

SECTION III: OPIOID USE DISORDER PREVENTION TREATMENT & RECOVERY

Current Landscape

Lyon County does not have a full continuum of care for substance use disorders. Opioids are present throughout the county and are increasingly mixed with fentanyl in the local drug supply, creating heightened overdose risk. Between 2021 and 2023, Lyon County recorded 26 opioid-related deaths. However, law enforcement and treatment partners report that methamphetamine remains the dominant drug of concern. Medical examiner data increasingly reflects a mixed drug supply, with methamphetamine and opioids appearing in combination, and prescription pill misuse emerging as a growing concern among teens.

Key Indicators

- **Elevated prescription rates:** Lyon County's opioid prescription rate of 62.5 per 100 population (2025) remains 36% above the Nevada average of 45.9, and ranks 5th highest among all Nevada counties — despite a meaningful 27% decline since 2020 [2].
- **Overdose ED visits peaked sharply:** Opioid-related emergency department encounter rates spiked 48% between 2019 and 2023 (from 29.2 to 43.2 per 100,000), before declining to 26.6 in 2024. [3].
- **26 opioid-related deaths (2021–2023):** The broader Northern Nevada region reported an opioid death rate of 14.9 per 100,000 in 2024 which was the lowest among Nevada's five regional groupings. However, opioid mortality remains a present and serious concern locally [4].

Highlighted Issues

- **Mixed and Evolving Drug Supply:** Summit panelists reported that the local drug supply has become increasingly complex, with fentanyl contamination widespread across substances and methamphetamine-opioid combinations appearing regularly in medical examiner data. Emerging synthetic substances present additional risks that current response systems are not fully equipped to address. Panelists emphasized the need for ongoing education for providers, law enforcement, and the public on new drug trends and their associated risks.

- **Criminal Justice and Treatment Intersection:** Panelists noted that repeat substance-involved offenders cycle through the system, and that bail reform concerns have created challenges in holding individuals accountable while also connecting them to services.
- **Data and Intervention Gaps:** Panelists identified a need for better local data, including EMS overdose data available through state dashboards, to guide targeted interventions. A 2019 Overdose Preparedness and Response Plan was developed by the Lyon County Sheriff's Office and was identified as a resource that should be revisited and updated.

Key Findings

- Lyon County lacks a full continuum of care for substance use disorders, with no Level 4 services available locally
- Between 2021 and 2023, Lyon County recorded 26 opioid-related deaths
- Methamphetamine remains the dominant drug of concern, with dramatically reduced prices increasing community accessibility
- The drug supply is increasingly mixed, with fentanyl contamination and methamphetamine-opioid combinations common in medical examiner data
- Prescription pill misuse is a growing concern among teens in Lyon Count
- Community partners may want to revisit and update Lyon County's 2019 Overdose Preparedness and Response Plan

Ideal Vision

Summit participants envisioned a Lyon County where individuals with opioid and other substance use disorders are connected to evidence-based care without the barriers of geography, stigma, or system fragmentation. In this vision:

- A full continuum of substance use disorder services is available locally, from harm reduction and outpatient treatment through medically managed withdrawal and recovery support
- Discharge planning and follow-up care are standard practice for individuals leaving jail, emergency departments, or inpatient settings after a substance use crisis
- Jail reentry is supported by coordinated case management, peer support, and warm handoffs to community treatment providers
- Law enforcement, behavioral health, and treatment providers share data and work collaboratively to reduce reliance on incarceration as a response to substance use
- Communities are educated about evolving drug trends, harm reduction strategies, and available local resources
- Recovery is understood as connection, and Lyon County builds community structures that support belonging, purpose, and long-term well-being for individuals in recovery

Opioid Use Disorder Priorities

Strategy	Avg. Score (1-5)	Priority Level

Discharge and follow-up with people experiencing substance misuse	**4.50**	**High**
Jail re-entry follow-up	**4.33**	**High**
Explore strategies to reduce reliance on law enforcement	**3.71**	**Medium**
Community resource connection (workforce, events, etc.)	**3.07**	**Medium**
Reframe public concepts and education on substance use disorder	**2.93**	**Lower**
Recovery-friendly workplace initiatives	**2.50**	**Lower**

SECTION IV: YOUTH BEHAVIORAL HEALTH

Current Landscape

Youth behavioral health needs in Lyon County are acute and trending toward younger ages. The county lacks a sufficient continuum of care for children and adolescents, resulting in youth being placed out of state for treatment when local options are exhausted. Most residential treatment facilities require youth to be at least 12 years of age, leaving younger children with limited options. A significant drop-off in available intensive services occurs at the transition into the teen years, and workforce shortages make it difficult to wrap services around the entire family unit.

Youth Behavioral Health: Key Indicators

- **Suicidal ideation, planning, and attempts:** Students in Lyon, Mineral, and Storey counties reported higher rates of suicidal ideation, planning, and attempts compared to statewide Nevada averages.
- **Sadness and hopelessness:** Middle school students in the region showed particularly elevated rates of sadness and hopelessness (41.9%, versus the Nevada average of 34.5%) and serious suicidal ideation (25.0%, versus 20.6%).
- **Self-harm:** A higher percentage of middle school and high school students in the region reported engaging in self-harm (26.3%) compared to the rest of Nevada (19.2%).
- **Help-seeking:** A higher percentage of regional high school students reported receiving help for emotional distress compared to the state average, suggesting that while need is elevated, some pathways to support are functioning.
- **Highest ACE burden in Nevada:** 31.5% of high school students in the Lyon/Mineral/Storey region report four or more Adverse Childhood Experiences (ACEs)-nearly 50% above the statewide average of 21.2% and the highest of any region in Nevada. Only 1 in 5 students in the region reports zero ACEs. High ACE exposure is a primary upstream driver of substance use disorder and behavioral health risk.

Note: These indicators from the 2023 Youth Risk Behavior Survey [5]*, reflect a regional cohort of Lyon, Mineral, and Storey counties and may not be specific to Lyon County alone.*

Highlighted Issues

Gaps in Youth Treatment Capacity: Lyon County lacks local intensive outpatient programs (IOP) for youth, in-state residential treatment options for younger children, and in-home provider services. Youth requiring a higher level of care are frequently placed out of state, disrupting family connections and community supports. The intersection of child welfare and juvenile

justice involvement is growing and is driven largely by the absence of adequate regional resources.

Family Engagement and Navigation: Schools in Lyon County are often the first to identify behavioral health needs in youth, but momentum is frequently lost at the family level. Families report not knowing what resources exist or how to access them, and teachers are often placed in the position of navigating these systems without adequate support. Panelists emphasized the need for direct family outreach and education through trusted venues such as schools, child activity organizations, and community events.

Transportation Barriers: Transportation is a significant and recurring barrier to youth and family access to behavioral health services. Geographic isolation across Lyon County's approximately 2,003 square miles creates challenges for families seeking in-person services, and the absence of reliable, youth-appropriate transportation limits participation in treatment, therapy, and prevention programs.

Key Findings

- Youth behavioral health needs are acute and trending toward younger ages, with limited local treatment options
- Community partners have found that many youth struggle with telehealth services, leading to the need for community providers
- Lyon County lacks local IOP options, in-state residential homes for younger youth, and in-home provider services
- Most residential treatment facilities require youth to be at least 12 years old, leaving younger children with few options for acute inpatient and residential treatment
- A lack of intensive services occurs at the transition to the teen years, when behaviors become harder to manage, that leads to more youth being placed out of state
- Families frequently do not know what resources exist or how to access them
- Schools identify behavioral health needs but struggle to connect families and youth to treatment due to barriers such as scheduling, transportation, and insurance
- Transportation is a major barrier to accessing youth behavioral health services
- Promising assets include Career and Technical Education (CTE) programs in Lyon County schools, Boys and Girls Club psychoeducation groups in Fernley, collaboration with Western Nevada College, and the Safer Schools Together initiative
- Rural Health Transformation Act funding may support development of collaborative applications aligned with Summit goals

Ideal Vision

Summit participants envisioned Lyon County where every child and adolescent has access to the behavioral health services they need — close to home, close to family, and embedded in the community systems that young people already trust. In this vision:

- A full continuum of youth behavioral health services is available locally, from prevention and early intervention through intensive outpatient and residential levels of care
- Youth do not need to leave the state to access residential treatment, and younger children have access to age-appropriate services regardless of their age

- Parents and families are active, informed partners in their child's behavioral health care, with clear information about available resources and how to navigate the system
- Schools are supported as a primary access point for behavioral health identification and early intervention, with strong linkages to community providers and family engagement strategies
- Reliable transportation is available to ensure young people can access services regardless of where they live in Lyon County
- Therapy and mental health support are available in person, in schools, and in homes reducing barriers for youth and families with limited mobility or flexibility
- A Harbor-like assessment facility is available to provide support for youth and families in the community with the goal of diverting young individuals from the criminal justice system
- Child welfare and juvenile justice systems are well-coordinated, with shared resources, collaborative planning, and youth-centered approaches that reduce unnecessary system involvement
- Youth voice and lived experience are meaningfully incorporated into local behavioral health planning

Youth Behavioral Health Priorities

Youth behavioral health emerged as a high-urgency area. The county lacks local intensive outpatient and residential options for youth, forcing placement out of state. Schools are identifying behavioral health needs, but connecting youth and families to treatment is challenging.

Strategy	Avg. Score (1-5)	Priority Level
#1 Parent awareness via child activity organizations (sports, 4-H, Scouts, etc.)	**4.86**	**High**
#2 Increase in-person therapy options for youth	**4.79**	**High**

#12 Develop higher levels of care locally and regionally (including IOP)	**3.86**	**Medium**
#9 Programs focused on self-confidence, self-esteem, and self-worth	**3.62**	**Medium**
#4 Direct access to parents via schools (Second Hand Smoke awareness model)	**3.38**	**Medium**
#10 Re-establish a Youth Working Group	**3.43**	**Lower**
#11 Identify opportunities to track, restrict, or monitor social media and digital life	**3.15**	**Lower**

SECTION V: SENIOR BEHAVIORAL HEALTH

Current Landscape

Lyon County's older adult population represents approximately 20% of total residents, above both state and national averages, and is growing. This population presents complex and intersecting behavioral health needs that the current system is not fully equipped to address. A panelist noted that approximately 40% of agencies report more demand than they can support, and the system handles straightforward needs reasonably well but is quickly overwhelmed when individuals present with complex, co-occurring conditions. The COVID-19 pandemic accelerated cognitive decline through social isolation, deepening existing gaps in the senior behavioral health system.

KEY INDICATORS: Age & Senior Population[1]

• **Senior Population:** Seniors aged 65 and older constitute approximately 22.5% of Lyon County's population, well above the Nevada average of 17.6% and the U.S. national average of 18.0% [6]

Highlighted Issues

Cognitive Decline and Dementia: Dementia is frequently treated as distinct from behavioral health, resulting in providers missing co-occurring mental health needs in older adults. Cognitive decline is often not identified until a crisis point, and access to providers who conduct cognitive assessments is limited. Legal holds for seniors with dementia present a particular challenge: dementia is not currently included as criteria for mental health crisis holds, and individuals are frequently decertified from holds within an hour of hospital arrival, leaving mental health needs unaddressed. Providers struggle to stabilize seniors, experiencing a lack of appropriate crisis services, funding, and time to develop a plan. Panelists noted that Medicaid provider rates for cognitive assessments and respite care are too low to sustain adequate service levels.

Social Isolation and Navigation Challenges: Social isolation among seniors is a significant behavioral health risk factor, often reframed as a personal preference rather than a systemic concern. Panelists challenged this narrative and emphasized the need for active community connection strategies. Older adults and their families frequently struggle to navigate the complex landscape of available services, and there is no single coordinated access point for

individuals with complex, co-occurring needs. Families also lack adequate support in understanding and planning for end-of-life and aging transitions.

Housing, Respite, and Waitlists: Long waitlists for respite care, Medicaid waivers, and housing supports limit the ability of older adults to age in place safely. Medicaid provider rates for relevant services are insufficient, creating sustainability challenges for providers. Panelists identified a need for creative assisted living models that accommodate varying levels of behavioral health need and for consistent behavioral health supportive services across all facility types and care levels.

Key Findings

- Lyon County's senior population represents approximately 20% of residents, above state and national averages, and is growing
- Local and state agencies report more demand for senior behavioral health services than they can support
- Cognitive decline is frequently not identified until a crisis point, and access to cognitive assessment providers is limited
- Dementia is often treated separately from behavioral health, causing providers to miss co-occurring mental health needs
- Legal holds for seniors are frequently decertified within one hour of hospital arrival, leaving mental health needs unaddressed, due to lack of community resources for dementia related issues
- Limited funding creates barriers to obtaining community-based assessment to diagnose dementia to connect individuals with treatment
- Medicaid provider rates are insufficient to sustain adequate service levels for cognitive assessments and respite care
- Social isolation, often framed as a preference, is a significant and under addressed risk factor for senior behavioral health
- There is no coordinated single access point for seniors with complex, co-occurring needs
- Long waitlists for respite care, waivers, and housing supports limit aging-in-place options
- COVID-19 significantly accelerated cognitive decline through social isolation, deepening existing gaps
- AB 461 (Nevada Plan on Aging) and a multi-sector statewide plan on aging were identified as planning vehicles for advancing senior behavioral health priorities

Ideal Vision

Summit participants described a Lyon County where older adults can age with dignity, safety, and social connection, and are supported by a well-coordinated system that identifies needs early and responds before a crisis occurs. In this vision:

- Older adults are able to age in place, supported by in-home services, adequate housing, and wrap-around supports that address behavioral health, medical, and social needs
- Community based cognitive assessments are easily accessible

- Cognitive decline is identified early, not at the point of crisis, through cognitive assessment providers
- Community education assists residents ages 35-40 to begin planning proactively for aging
- Dementia and co-occurring mental health needs are treated in an integrated, coordinated manner, rather than as separate and disconnected conditions
- Legal frameworks work effectively to support older adults with dementia obtaining the care and support they need
- Legal hold processes work effectively for older adults with dementia and behavioral health needs, ensuring that mental health crises are addressed rather than discharged without follow-up
- No waitlists exist for respite care, Medicaid waivers, or housing supports; older adults and caregivers can access these services when they need them
- A single, coordinated access point exists for older adults with complex, co-occurring needs, enabling families and individuals to navigate services without confusion
- Families are educated and supported in planning for aging transitions, including end-of-life care and decision-making
- Medicaid provider rates are adequate to sustain quality services for cognitive assessments, respite care, and in-home supports
- Health records are interoperable across providers, supporting coordinated, whole-person care for older adults with multiple providers
- AB 461 (Nevada Plan on Aging) is fully implemented as a vehicle for multi-sector planning and advocacy

Senior Behavioral Health Priorities

Lyon County's senior population faces a fragmented and under-resourced behavioral health system. Local and state agencies report more demand than they can support. The intersection of dementia and mental health needs is particularly poorly served. There is a need to educate the community about planning for aging.

Strategy	Avg. Score (1-5)	Priority Level
In-home social supports (respite, homemaker services)	**4.73**	**High**
Increase providers who conduct cognitive assessments	**4.47**	**High**

Multi-sector state-level plan on aging	**3.43**	**Medium**

SECTION VI: PREVENTION

Current Landscape

The Summit's prevention discussion was grounded in the World Health Organization's prevention continuum framework, which includes universal prevention for the whole population, selective prevention for groups at higher risk, and indicated prevention for individuals already showing early signs of behavioral health challenges. Panelists emphasized that mobilizing and collaborating across sectors is itself a form of prevention. Lyon County's greatest prevention asset is its culture of cross-sector collaboration, and existing programs — including NAMI Western Nevada, Healthy Communities Coalition, and Community Chest — provide a strong foundation on which to build.

Across multiple panels, Summit participants emphasized the importance of addressing basic needs—such as sleep, exercise, nutrition, and social connection—as foundational components of mental health support. The data indicators below highlight opportunities for Lyon County to support resident's needs in those domains.

Social Determinants: Key Indicators

- **Limited access to healthy foods:** 10% of Lyon County residents have limited access to healthy foods, compared to 6% in both Nevada and the United States — reflecting the county's rural geography and limited retail food infrastructure [1].
- **Limited access to parks:** Only 23% of Lyon County's population has access to parks, compared to 59% of Nevadans and 51% nationally — one of the most striking disparities in the county's health profile [1].
- **Limited access to exercise opportunities:** 65% of Lyon County residents live near a park or recreational facility, compared to 91% in Nevada and 84% nationally. Limited access to physical activity infrastructure is a known contributor to poor mental and physical health outcomes.
- **Elevated adult obesity and physical inactivity:** Lyon County's adult obesity rate (37%) and physical inactivity rate (25%) both exceed state and national figures. These indicators are social determinants of health closely linked to depression and anxiety and reflect the compounding effect of limited access to healthy food and exercise opportunities.
- **Long commute times:** 46% of Lyon County workers who drive alone to work commute more than 30 minutes each way, compared to 32% in Nevada and 37% nationally. Extended commute times are associated with increased stress, reduced sleep, and diminished mental health outcomes.
- **Alcohol-involved motor vehicle crash deaths:** 45% of motor vehicle crash deaths in Lyon County involved alcohol, compared to 30% in Nevada and 26% nationwide.

KEY INDICATORS: Housing & Homelessness

- **Homeownership Rate:** Lyon County's homeownership rate is approximately 75%, well above the national average. However, certain housing characteristics and indicators point to continuing vulnerability for a portion of the population [7].
- **Mobile Home Housing:** 18.8% of all housing units in Lyon County are mobile homes. Mobile home residency can increase vulnerability through higher utility costs and lower home values and equity[1] [7].
- **Cost Burden:** 26.4% of housing units are cost burdened, defined as households spending more than 30% of their income on housing [7].
- **Severe Housing Problems:** In 2025, 13.2% of the population reported experiencing severe housing problems [1].
- **Youth Housing Instability:** In 2024, 119 youth in the Lyon County School District reported experiencing housing instability [7]. Both this indicator and cost burden have trended downward over the past decade, though a portion of the population continues to experience housing stressors.
- **Unsheltered Homelessness:** Unsheltered homelessness has trended upward in Lyon County over the past several years. The 2024 Rural Nevada Continuum of Care (RNCoC) Point in Time Count identified 112 individuals which is the highest figure recorded since 2015 [7].

Highlighted Issues

Community Connection and Social Isolation: Multiple Summit panelists noted that isolation is a root cause of behavioral health challenges across all populations in Lyon County, from youth to seniors. Panelists emphasized the need to create intentional community connection opportunities, such as exercise groups, intergenerational programming, faith-based engagement, and one-to-one relationships, that do not center alcohol or substance use. Encouraging neighbors to check in on one another, particularly on youth and older adults, was identified as a powerful and accessible prevention strategy.

Substance Use Prevention and Youth Engagement: A prevention panelist noted that delaying the onset of substance use to age 21 is associated with significantly reduced long-term risk of substance use disorder. Panelists also advocated for early implementation of evidence-based programs such as "Ending the Silence" in schools and community events that model healthy engagement without alcohol or substance use. The panel discussed that schools are

implementing evidence-based prevention programs, and collaboration with Western Nevada College is expanding reach, but family awareness of available resources remains a gap.

Language, Stigma, and Messaging: Panelists emphasized the importance of using person-first, non-stigmatizing language, such as referring to mental health conditions and life stressors rather than labels, as a foundational prevention strategy. Reducing stigma enables help-seeking earlier and increases community willingness to engage with behavioral health resources. There was also broad consensus that the prevention mindset should shift from "fix them" to "listen to them," prioritizing connection and community belonging as core protective factors.

Ideal Vision

Summit participants described a Lyon County where prevention is woven into the fabric of everyday community life rather than confined to formal programs. In this vision:

- Community Health Workers (CHWs) and peer support workers are fully resourced and recognized as essential members of the behavioral health workforce, reaching individuals where they live, work, and gather
- Available housing stock exists in which residents do not need to spend more than 30% of their income on housing costs
- Community connection is abundant and accessible — exercise groups, intergenerational programs, faith-based activities, and social events create belonging and reduce isolation for residents of all ages
- Youth grow up in environments that delay and reduce substance use, supported by evidence-based school programs, family education, and community events that model healthy engagement
- Families know what resources are available and how to access them — outreach meets people where they are, through trusted venues like schools, child activity organizations, faith communities, and community centers
- Person-first, non-stigmatizing language is the standard across all sectors, reducing barriers to help-seeking and supporting a culture of openness around behavioral health
- Intergenerational programming connects youth and seniors, reducing isolation for both populations while building community cohesion
- Faith-based communities, Meals on Wheels, and other community contact programs serve as intentional prevention touchpoints, connecting residents to resources and support
- Prevention is understood as everyone's responsibility, including neighbors, volunteers, employers, and community members are equipped and encouraged to support one another
- Lyon County's culture of resilience and collaboration is leveraged as its greatest prevention asset, with partners working creatively within existing resources while advocating for additional investment

Key Findings

APPENDICES

APPENDIX A: DOTMOCRACY AND SURVEY SYNTHESIS OF TOP PRIORITIES ACROSS ALL TOPIC AREAS

The following table synthesizes findings from both the in-person dotmocracy exercise conducted at the March 4, 2026 Lyon County Behavioral Health Summit and the post-Summit stakeholder validation survey completed by 15 respondents in April 2026. Together, these two methods provide a comprehensive picture of community priorities — capturing both the immediate, in-room consensus of Summit participants and the more deliberate post-reflection rankings from the validation survey.

Analysis Overview

- Dotmocracy dots reflect in-person votes at the Summit — each dot represents one vote from a Summit participant
- Survey score reflects the average rating (1–5 scale) from 15 post-Summit validation survey respondents
- Priority reflects the combined High / Medium / Lower designation derived from both methods
- Cross-Method Alignment describes how the two methods compared:
  - Strong Agreement — both methods ranked the strategy similarly
  - Notable Divergence — meaningful ranking difference between methods
  - Moderate Agreement — broadly consistent with minor rank shifts
  - Survey Elevated — strategy ranked higher in the survey than in the dotmocracy
  - Dotmocracy Elevated — strategy ranked higher in the dotmocracy than in the survey
  - Dotmocracy Only — strategy appeared on the in-person board but was not included in the survey

Key Takeaways from the Synthesis

- Workforce development and transportation are the two most universally agreed-upon cross-cutting priorities across both methods and all topic areas
- Post-discharge wrap-around and case management is the single highest-rated strategy in the entire survey (4.67/5) — a direct-service intervention that stakeholders converged on strongly after reflection, even though it did not appear as a dedicated dotmocracy item

- Parent engagement and in-person therapy for youth were the most consistently ranked strategies in the full dataset — both methods, both instruments, #1 and #2 without exception
- CHW and peer support workforce maximization is the #1 prevention priority in both methods by a clear margin
- In-home social supports for seniors topped both instruments for that topic area
- The most notable divergence in the full dataset is local providers across all levels of care — nearly ignored in the dotmocracy (2 dots, 6th) but tied for the highest survey score overall (4.73). This reflects a strategy that requires deliberate reflection to fully appreciate
- 92.9% of survey respondents affirmed the results accurately reflect Lyon County's true behavioral health priorities

APPENDIX B: OVERVIEW OF COLLABORATIVE PLANNING FOR BEHAVIORAL HEALTH IN LYON COUNTY

Lyon County has a demonstrated history of collaborative planning to address behavioral health needs. The efforts highlighted in this section provide important historical context and inform current planning priorities. While momentum slowed during the COVID-19 pandemic beginning in 2020, the 2026 Lyon County Behavioral Health Summit represents a timely opportunity to reinvigorate cross-sector collaboration and advance meaningful progress on behavioral health in the county.

SAMHSA GAINS "Sequential Intercept Mapping (SIM) for Early Diversion, Lyon County, Nevada (2014)

In 2014, Lyon County applied to participate in a workshop facilitated by the Substance Abuse and Mental Health Services Agency's (SAMHSA) Gather, Assess, Integrate, Network, and Stimulate (GAINS) Center for Behavioral Health and Justice Transformation, "to facilitate collaboration and to identify and discuss ways in which barriers between the criminal justice and behavioral systems can be reduced through the development of integrated local strategic action plans"[2]

Using the Sequential Intercept Model as a guide, community partners from Lyon County law enforcement, courts, behavioral health, human services, and community organizations, identified gaps including a shortage of mental health professionals and no mobile crisis response; limited mental health screening at booking and arraignment; inadequate medical and behavioral health services within the jail; the underutilization of existing telemedicine infrastructure; poor continuity of care at reentry, including no formal reentry services and pharmacy barriers to prescription continuity; and limited probation and parole capacity, with no dedicated mental health caseloads.

Workshop participants voted for the following top priorities:

- Expand mental health screening, assessment, and staff training in the jail
- Establish a mobile mental health crisis response team
- Add a case manager for jail reentry assessment and linkage to community services
- Implement Crisis Intervention Team (CIT) training for law enforcement, following Mental Health First Aid
- Develop a Mental Health Court or dedicated docket

While some of the gaps identified at the workshop persist, such as behavioral workforce shortages, it is important to note that Lyon County made significant progress on all prioritized objectives in the ensuing years, with several programs continuing to operate almost twelve years later.

Lyon County Behavioral Health Task Force (2015-2019)

Following the SAMHSA GAINS SIM Workshop, Lyon County stakeholders launched a Lyon County Behavioral Health Taskforce, focused on addressing priorities identified at the workshop, including development and coordination of the Lyon County Forensic Assistance Stabilization and Triage Team (FASTT) Jail Reentry Team, the county's Mobile Outreach Safety Team (MOST), behavioral health workforce shortages, transportation barriers, and other behavioral health issues, including youth, seniors, and crisis response. The Behavioral Health Taskforce had diverse representation from law enforcement, emergency services, hospitals, social services, behavioral health treatment providers, and community prevention and peer advocate agencies.

Lyon County Behavioral Health Executive Committee (2016- Present)

Lyon County also developed an Executive Committee, consisting of the Lyon County Manager, Lyon County Sheriff, Director of Lyon County Human Services, Director of Healthy Communities Coalition, Lyon County District Attorney, Chief of Lyon County Juvenile Probation, and the Regional Behavioral Health Coordinator, to provide leadership and oversight over the Behavioral Health Taskforce.

Lyon County Opioid Summit (2019)

Lyon County Human Services hosted an Opioid Summit in 2019 to organize local partners, including law enforcement, emergency services, hospitals, social services, treatment providers, prevention advocates, to develop local prevention, intervention, and recovery efforts to address the opioid crisis. Summit participants identified the following top priorities:

- Increase crisis response services tailored to youth and seniors
- Maximize available Medicaid structure to create models of sustainability
- Increase Naloxone access
- Increase transportation services
- Invest in a database for Lyon County Human Services to appropriately collect, analyze and track substance use, naloxone distribution, prevention supplies, and referrals to treatment throughout all services in one platform
- Expand Lyon County Human Services to include a Behavioral Health division that will include:
    - Full time co-responder teams (MOST) to respond to the lifespan in crisis (Youth, Adult, and seniors)
    - Provide assessments and treatment plans for at-risk individuals across the lifespan in a variety of settings such as homes, schools, juvenile probation offices, senior centers, etc.

Appendices

- Lyon County Human Services to become a Medicaid provider to maximize expenditures and create stability for provided services including targeted case management for Juvenile Probation and non-severe mentally ill adults, and non-severe emotionally disturbed youth, and transportation

Lyon County Stepping Up Initiative Workshops

The Lyon County Board of Commissioners formally adopted those efforts through the adoption of the National Association of Counties' (NACO) Stepping Up Initiative in May, 2015. Lyon County partners met later that year to continue planning efforts aligned with the Stepping Up Initiative. The following priorities were identified during that workshop:

- Develop 24/7 mobile crisis team
- Develop Justice Court Diversion initiatives and resources
- Develop Domestic Violence counselor capacity in the county
- Develop in-home rehabilitation services in the county
- Access to mental health support groups in jail

In 2022, community partners participated in a Youth Stepping Up Workshop, focused on diverting youth with behavioral health issues from the criminal justice system as well.

Lyon County's behavioral health planning history reflects a sustained, community-driven commitment to addressing gaps in crisis response, criminal justice diversion, workforce capacity, and continuity of care. From the 2014 SAMHSA GAINS workshop through a series of task forces, executive committees, and summits culminating in the 2019 Opioid Summit and Stepping Up Initiative workshops, local stakeholders have repeatedly convened across sectors to identify shared priorities and take coordinated action. While the COVID-19 pandemic interrupted this momentum, the progress made over the preceding decade — including the establishment of the MOST team, FASTT jail reentry services, and CIT law enforcement training — demonstrates Lyon County's capacity for meaningful, sustained change. The 2026 Behavioral Health Summit builds directly on this foundation, offering an opportunity to re-engage this collaborative spirit, assess what has and has not been achieved, and chart a renewed course toward a more equitable and effective behavioral health system for all Lyon County residents.

APPENDIX C: LYON COUNTY BEHAVIORAL HEALTH SUMMIT PARTICIPATING ORGANIZATIONS

The 2026 Lyon County Behavioral Health Summit drew broad cross-sector participation, with a total of 56 attendees representing 23 organizations spanning local government, state agencies, healthcare, behavioral health, legal services, housing, peer support, and community-based organizations. 6. Presentation of awards and/or recognition of accomplishments

6.a For Presentation Only: Present Deputy Wheeler from the Lyon County Sheriff's Office with the Lyon County Sheriff's Office "Life Saving Award". (Sheriff, Brad Pope)

Sheriff Brad Pope, explained the events of September 3, 2026, wherein Deputy Benjamin Wheeler saved a life by preventing an inmate from completing an attempted suicide, and presented the Life Saving Award to Deputy Wheeler.

7. Time Certain

7.a Time Certain at 9:00 A.M.: For Possible Action: Recommend a course of action to the State Engineer in regards to application 95277T filed by Carol Tibbals, through the agent Laine Christman on June 12, 2026 to propose to change the manner of use and place of use of a portion of existing Permit 13879, Certificate 5074. The proposed and existing points of diversion are located in Lyon County. The existing place of use was in Lyon County, and the proposed place of use in both Lyon and Mineral Counties. (County Manager, Andrew Haskin)

County Manager, Andrew Haskin, gave background information on this type of application: When somebody applies for a water transfer from one county to another, the State Water Engineer sends a letter that starts the process, requiring newspaper notice and the holding of a hearing. He clarified no one in the County government is requesting these items, but that the request comes from the State Water Engineer by law per NRS 533, and required the Board to consider the item and make a non-binding recommendation to the State Water Engineer. Mr. Haskin stated this request is for approximately 27 acre-feet of water currently being used in Lyon County, and will change the place and manner of use to Lyon County and Mineral County temporarily for construction use in the solar project.

At Comm. Hockaday's request, Bert Bryan, General Manager of the Walker River Irrigation District, explained how the water transfer works for the County, how much water is involved, timeframes, and what the application means, and what it entails. He also reiterated that this is a temporary reclassification, and the water rights would revert to irrigation use after the term expired.

Chair Keller asked for public comment.

James Rosaschi requested clarification of the 27 acre-feet in relation to time (if that is a total, per month, or per year).

Jim DeChambeau recommended sending a letter of opposition regarding exporting water out of Lyon County.

Robin Biggs commented there are too many questions and this item should be rejected. She mentioned this will cause infringement of senior federal decree water rights, vacuum effect in surrounding wells, and severe ecological devastation. Ms. Biggs expressed opposition to the solar panels for being too low and questioned if the amount of water is monthly; she also referenced NRS 533.375 and the legal obligations of the State Engineer.

Comm. Hendrix explained she will not oppose this item because the project in Mineral County is having a huge effect on the people in Mason Valley, and she doesn't want to slow it down because she wants it over with as soon as possible.

Comm. Hendrix moved to recommend approval to the State Engineer in regards to application 95277T filed by Carol Tibbals, through the agent Laine Christman on June 12, 2026, to propose to change the manner of use and place of use of a portion of existing Permit 13879, Certificate 5074. The proposed and existing points of diversion are located in Lyon County. The existing place of use was in Lyon County, and the proposed place of use in both Lyon and Mineral Counties; Jacobson seconded, and motion passed 4-0.

Problem Statement and Data that Supports the Problem *
(Briefly describe the problem and solution, including how the program will contribute toward reducing traffic fatalities, injuries & crashes in Nevada.)

Lyon County is growing very fast and we have had an increase in traffic related fatalities involving vehicle crashes and vehicle vs pedestrian deaths. Grant funding that provides us the ability to focus on problem areas in our county will reduce these fatalities by issuing citations and educating the public on the dangers of speeding, driving impaired and wearing your seatbelt

Using the Highway Safety Countermeasures Guide link below, reference the countermeasure title and number chosen to address the identified problem.*

The Subrecipient shall at all times remain an "independent contractor" with respect to the services to be performed under this Agreement. The Department of Human Services (hereafter referred to as "Department") shall be exempt from payment of all Unemployment Compensation, FICA, retirement, life and/or medical insurance and Workers' Compensation Insurance as the Subrecipient is an independent entity.

2. The Subrecipient shall hold harmless, defend and indemnify the Department from any and all claims, actions, suits, charges and judgments whatsoever that arise out of the Subrecipient's performance or nonperformance of the services or subject matter called for in this Agreement.

3. The Department or Subrecipient may amend this Agreement at any time provided that such amendments make specific reference to this Agreement, and are executed in writing, and signed by a duly authorized representative of both organizations. Such amendments shall not invalidate this Agreement, nor relieve or release the Department or Subrecipient from its obligations under this Agreement.

    - The Department may, in its discretion, amend this Agreement to conform with federal, state or local governmental guidelines, policies and available funding amounts, or for other reasons. If such amendments result in a change in the funding, the scope of services, or schedule of the activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendment signed by both the Department and Subrecipient.

4. Either party may terminate this Agreement at any time by giving written notice to the other party of such termination and specifying the effective date thereof at least 30 days before the effective date of such termination. Partial terminations of the Scope of Work in Section B may only be undertaken with the prior approval of the Department. TOTAL DIRECT PROJECT COSTS	$82,437.00

Administrative Expenses/Indirect Costs **Total:** $0.00

Administrative expenses and indirect costs are to be used to help cover expenses that are not easily assignable to a specific program or unit within an organization. These costs are associated with depreciation and use allowances, facility operation and maintenance, general administrative expenses such as accounting, payroll, legal and data processing, and any personnel not providing direct services to the project. If requested, the expenses are limited to the maximum rate listed below, depending on the funding source and existence of a Federal Negotiated Indirect Cost Rate Agreement (NICRA) percentage for your agency of the direct project costs requested from ADSD. Once a funding source is assigned to an approved subaward, the allowable rate will apply, and a budget revision may be required if excess expenses are included.
Indirect/administrative expenses do not apply to fixed-fee subawards or portions of subawards. Indirect expenses must be applied using the agency's Federal Negotiated Indirect Cost Rate Agreement (NICRA) or Modified Total Direct Costs (MTDC) which excludes equipment, capital expenditures and items such as pass-through funds, and major subcontract(s) over the first $50,000, as applicable. Reference the Grant Instructions and Requirements for additional information on Indirect Costs.

Choose ONE type of rate according to funding source and provide calculation or explanations:	**RATE:**
1. Independent Living Grant (ILG)/FHN State Funds and State Funds awarded to the NV System of Higher Education* (non-research): **8%**	
2. Federal/Other State Funding: **15%** de minimis (Modified Total Direct Costs - MTDC)	
3. Federal Negotiated Indirect Cost Rate Agreement (**NICRA**): Identify approved costs per the NICRA & attach the current agreement to application. In cells below, describe how the total indirect amount was calculated based on the NICRA letter guidance and exceptions. Expand row as needed.

   b. Except as otherwise limited by this Addendum, the Business Associate may use or disclose protected health information received by the Business Associate in its capacity as a Business Associate of the Covered Entity, as necessary, for the proper management and administration of the Business Associate, to carry out the legal responsibilities of the Business Associate, as required by law or for data aggregation purposes in accordance with 45 CFR 164.504(e)(2)(A), 164.504(e)(4)(i)(A), and 164.504(e)(2)(i)(B).
   c. Except as otherwise limited in this Addendum, if the Business Associate discloses protected health information to a third party, the Business Associate must obtain, prior to making any such disclosure, reasonable written assurances from the third party that such protected health information will be held confidential pursuant to this Addendum and only disclosed as required by law or for the purposes for which it was disclosed to the third party. The written agreement from the third party must include requirements to immediately notify the Business Associate of any

breaches of confidentiality of protected health information to the extent it has obtained knowledge of such breach. Refer to 45 CFR 164.502 and 164.504 and 42 USC 17934.

2. **Prohibited Uses and Disclosures:**
   a. Except as otherwise limited in this Addendum, the Business Associate shall not disclose protected health information to a health plan for payment or health care operations purposes if the patient has required this special restriction and has paid out of pocket in full for the health care item or service to which the protected health information relates in accordance with 42 USC 17935.
   b. The Business Associate shall not directly or indirectly receive remuneration in exchange for any protected health information, as specified by 42 USC 17935, unless the Covered Entity obtained a valid authorization, in accordance with 45 CFR 164.508 that includes a specification that protected health information can be exchanged for remuneration.

IV. OBLIGATIONS OF COVERED ENTITY

1. The Covered Entity will inform the Business Associate of any limitations in the Covered Entity's Notice of Privacy Practices in accordance with 45 CFR 164.520, to the extent that such limitation may affect the Business Associate's use or disclosure of protected health information.
2. The Covered Entity will inform the Business Associate of any changes in, or revocation of, permission by an individual to use or disclose protected health information, to the extent that such changes may affect the Business Associate's use or disclosure of protected health information.

Except as provided in paragraph (b) of this section, upon termination of this Addendum, for any reason, the Business Associate will return or destroy all protected health information received from the Covered Entity or created, maintained, or received by the Business Associate on behalf of the Covered Entity that the Business Associate still maintains in any form and the Business Associate will retain no copies of such information.
   b. If the Business Associate determines that returning or destroying the protected health information is not feasible, the Business Associate will provide to the Covered Entity notification of the conditions that make return or destruction infeasible. Upon a mutual determination that return, or destruction of protected health information is infeasible, the Business Associate shall extend the protections of this Addendum to such protected health information and limit further uses and disclosures of such protected health information to those purposes that make return or destruction infeasible, for so long as the Business Associate maintains such protected health information.
   c. These termination provisions will apply to protected health information that is in the possession of subcontractors, agents, or employees of the Business Associate.
2. **Term.** The Term of this Addendum shall commence as of the effective date of this Addendum herein and shall extend beyond the termination of the contract and shall terminate when all the protected health information provided by the Covered Entity to the Business Associate, or accessed, maintained, created, retained, modified, recorded, stored, or otherwise held, transmitted, used or disclosed by the Business Associate on behalf of the Covered Entity, is destroyed or returned to the Covered Entity, or, if it not feasible to return or destroy the protected health information, protections are extended to such information, in accordance with the termination.
3. **Termination for Breach of Agreement.** The Business Associate agrees that the Covered Entity may immediately terminate the agreement if the Covered Entity determines that the Business Associate has violated a material part of this Addendum.

   b. Any claims, demands, awards, judgments, actions, and proceedings made by any person or organization arising out of or in any way connected with the party's performance under this Addendum.

This Addendum and the agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved to permit the Covered Entity and the Business Associate to comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

GRANT CONDITIONS AND ASSURANCES

General Conditions

1. Nothing contained in this Agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of employer/employee between the parties. The Recipient shall at all times remain an "independent contractor" with respect to the services to be performed under this Agreement. The Department of Human Services (hereafter referred to as "Department") shall be exempt from payment of all Unemployment Compensation, FICA, retirement, life and/or medical insurance and Workers' Compensation Insurance as the Recipient is an independent entity.

2. The Recipient shall hold harmless, defend and indemnify the Department from any and all claims, actions, suits, charges and judgments whatsoever that arise out of the Recipient's performance or nonperformance of the services or subject matter called for in this Agreement.

3. The Department or Recipient may amend this Agreement at any time provided that such amendments make specific reference to this Agreement, and are executed in writing, and signed by a duly authorized representative of both organizations.     - The Department may, in its discretion, amend this Agreement to conform with federal, state or local governmental guidelines, policies and available funding amounts, or for other reasons. If such amendments result in a change in the funding, the scope of services, or schedule of the activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendment signed by both the Department and Recipient.

4. Either party may terminate this Agreement at any time by giving written notice to the other party of such termination and specifying the effective date thereof at least 30 days before the effective date of such termination. Partial terminations of the Scope of Work in Section B may only be undertaken with the prior approval of the Department. In the event of any termination for convenience, all finished or unfinished documents, data, studies, surveys, reports, or other materials prepared by the Recipient under this Agreement shall, at the option of the Department, become the property of the Department, and the Recipient shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents or materials prior to the termination.

    - The Department may also suspend or terminate this Agreement, in whole or in part, if the Recipient materially fails to comply with any term of this Agreement, or with any of the rules, regulations or provisions referred to herein; and the Department may declare the Recipient ineligible for any further participation in the Department's grant agreements, in addition to other remedies as provided by law. In the event there is probable cause to believe the Recipient is in noncompliance with any applicable rules or regulations, the Department may withhold funding.

TOTAL DIRECT PROJECT COSTS	$99,675.00

Administrative Expenses/Indirect Costs	Total:	$0.00

Administrative expenses and FICR are to be used to help cover expenses that are not easily assignable to a specific program or unit within an organization. These costs are associated with depreciation and use allowances, facility operation and maintenance, general administrative expenses such as accounting, payroll, legal and data processing, and any personnel not providing direct services to the project. If requested, the expenses are limited to the maximum rate listed below, depending on the funding source and existence of an FICR percentage of the direct project costs requested from ADSD. Once a funding source is assigned to an approved subaward, the allowable rate will apply, and a budget revision may be required if excess expenses are included. Indirect/administrative expenses do not apply to fixed-fee subawards or portions of subawards. Indirect expenses must be applied using the agency's Federal Indirect Cost Rate (FICR) or Modified Total Direct Costs (MTDC) which excludes equipment, capital expenditures and items such as pass-through funds, and major subcontract(s) over the first $50,000, as applicable. Reference the Grant Instructions and Requirements for additional information on Indirect Costs.

Choose ONE type of rate according to funding source and provide calculation or explanations:	RATE:
1. Independent Living Grant (ILG)/FHN State Funds and State Funds awarded to the NV System of Higher Education* (non-research): 8%	
2. Federal/Other State Funding: 15% de minimis (Modified Total Direct Costs - MTDC)	
3. Federal Negotiated Indirect Cost Rate Agreement (**NICRA**): Identify approved costs per the NICRA & attach the current agreement to application. In cells below, describe how the total indirect amount was calculated based on the NICRA letter guidance and exceptions. Expand row as needed.

GRANT CONDITIONS AND ASSURANCES

General Conditions

1. Nothing contained in this Agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of employer/employee between the parties. The Subrecipient shall at all times remain an "independent contractor" with respect to the services to be performed under this Agreement. The Department of Human Services (hereafter referred to as "Department") shall be exempt from payment of all Unemployment Compensation, FICA, retirement, life and/or medical insurance and Workers' Compensation Insurance as the Subrecipient is an independent entity.

2. The Subrecipient shall hold harmless, defend and indemnify the Department from any and all claims, actions, suits, charges and judgments whatsoever that arise out of the Subrecipient's performance or nonperformance of the services or subject matter called for in this Agreement.

3. The Department or Subrecipient may amend this Agreement at any time provided that such amendments make specific reference to this Agreement, and are executed in writing, and signed by a duly authorized representative of both organizations. Such amendments shall not invalidate this Agreement, nor relieve or release the Department or Subrecipient from its obligations under this Agreement.

    - The Department may, in its discretion, amend this Agreement to conform with federal, state or local governmental guidelines, policies and available funding amounts, or for other reasons. If such amendments result in a change in the funding, the scope of services, or schedule of the activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendment signed by both the Department and Subrecipient.

4. Either party may terminate this Agreement at any time by giving written notice to the other party of such termination and specifying the effective date thereof at least 30 days before the effective date of such termination. Partial terminations of the Scope of Work in Section B may only be undertaken with the prior approval of the Department. In the event of any termination for convenience, all finished or unfinished documents, data, studies, surveys, reports, or other materials prepared by the Subrecipient under this Agreement shall, at the option of the Department, become the property of the Department, and the Subrecipient shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents or materials prior to the termination.

    - The Department may also suspend or terminate this Agreement, in whole or in part, if the Subrecipient materially fails to comply with any term of this Agreement, or with any of the rules, regulations or provisions referred to herein; and the Department may declare the Subrecipient ineligible for any further participation in the Department's grant agreements, in addition to other remedies as provided by law. In the event there is probable cause to believe the Subrecipient is in noncompliance with any applicable rules or regulations, the Department may withhold funding.

Administrative Expenses/Indirect Costs	Total:	$0.00
Administrative expenses and FICR are to be used to help cover expenses that are not easily assignable to a specific program or unit within an organization. These costs are associated with depreciation and use allowances, facility operation and maintenance, general administrative expenses such as accounting, payroll, legal and data processing, and any personnel not providing direct services to the project. If requested, the expenses are limited to the maximum rate listed below, depending on the funding source and existence of an FICR percentage of the direct project costs requested from ADSD. Once a funding source is assigned to an approved subaward, the allowable rate will apply, and a budget revision may be required if excess expenses are included. Indirect/administrative expenses do not apply to fixed-fee subawards or portions of subawards. Indirect expenses must be applied using the agency's Federal Indirect Cost Rate (FICR) or Modified Total Direct Costs (MTDC) which excludes equipment, capital expenditures and items such as pass-through funds, and major subcontract(s) over the first $50,000, as applicable. Reference the Grant Instructions and Requirements for additional information on Indirect Costs.

GRANT CONDITIONS AND ASSURANCES

General Conditions

1. Nothing contained in this Agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of employer/employee between the parties. The Subrecipient shall at all times remain an "independent contractor" with respect to the services to be performed under this Agreement. The Department of Human Services (hereafter referred to as "Department") shall be exempt from payment of all Unemployment Compensation, FICA, retirement, life and/or medical insurance and Workers' Compensation Insurance as the Subrecipient is an independent entity.

4. Either party may terminate this Agreement at any time by giving written notice to the other party of such termination and specifying the effective date thereof at least 30 days before the effective date of such termination. Partial terminations of the Scope of Work in Section B may only be undertaken with the prior approval of the Department. In the event of any termination for convenience, all finished or unfinished documents, data, studies, surveys, reports, or other materials prepared by the Subrecipient under this Agreement shall, at the option of the Department, become the property of the Department, and the Subrecipient shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents or materials prior to the termination.

    - The Department may also suspend or terminate this Agreement, in whole or in part, if the Subrecipient materially fails to comply with any term of this Agreement, or with any of the rules, regulations or provisions referred to herein; and the Department may declare the Subrecipient ineligible for any further participation in the Department's grant agreements, in addition to other remedies as provided by law. TOTAL DIRECT PROJECT COSTS		$125,000.00
Administrative Expenses/Indirect Costs	Total:	$0.00

Administrative expenses and FICR are to be used to help cover expenses that are not easily assignable to a specific program or unit within an organization. These costs are associated with depreciation and use allowances, facility operation and maintenance, general administrative expenses such as accounting, payroll, legal and data processing, and any personnel not providing direct services to the project. If requested, the expenses are limited to the maximum rate listed below, depending on the funding source and existence of an FICR percentage of the direct project costs requested from ADSD. Once a funding source is assigned to an approved subaward, the allowable rate will apply, and a budget revision may be required if excess expenses are included. Indirect/administrative expenses do not apply to fixed-fee subawards or portions of subawards. Indirect expenses must be applied using the agency's Federal Indirect Cost Rate (FICR) or Modified Total Direct Costs (MTDC) which excludes equipment, capital expenditures and items such as pass-through funds, and major subcontract(s) over the first $50,000, as applicable. Reference the Grant Instructions and Requirements for additional information on Indirect Costs.

Choose ONE type of rate according to funding source and provide calculation or explanations:	RATE:
1. Independent Living Grant (ILG)/FHN State Funds and State Funds awarded to the NV System of Higher Education* (non-research): 8%

The County may terminate this Contract, and Contractor waives any and all claim(s) for damages, effective immediately upon receipt of written notice (or any date specified therein) of termination if for any reason the County or its departments or boards funding from the Lyon County Board of County Commissioners and/or federal sources is not appropriated or is withdrawn, limited, or impaired.

c. Cause Termination for Default or Breach. A default or breach may be declared with or without termination. This Contract may be terminated by either party upon written notice of default or breach to the other party as follows:

i. If Contractor fails to provide or satisfactorily perform any of the conditions, work, deliverables, goods, or services called for by this Contract within the time requirements specified in this Contract or within any granted extension of those time requirements; or

ii. If any state, county, city or federal license, authorization, waiver, permit, qualification or certification required by statute, ordinance, law, or regulation to be held by Contractor to provide the goods or services required by this Contract is for any reason denied, revoked, debarred, excluded, terminated, suspended, lapsed, or not renewed; or

iii. If Contractor becomes insolvent, subject to receivership, or becomes voluntarily or involuntarily subject to the jurisdiction of the bankruptcy court; or

vi. If it is found by the County that Contractor has failed to disclose any material conflict of interest relative to the performance of this Contract.

d. Time to Correct. Termination upon a declared default or breach may be exercised only after service of formal written notice as specified in paragraph (4), and the subsequent failure of the defaulting party within 15 calendar days of receipt of that notice to provide evidence, satisfactory to the aggrieved party, showing that the declared default or breach has been corrected.

The performance of this Contract by either party shall be subject to force majeure, including but not limited to acts of God, fire, flood, natural disaster, war or threat of war, acts or threats of terrorism, civil disorder, unauthorized strikes, governmental regulation or advisory, recognized health threats as determined by the World Health Organization, the Centers for Disease Control, or local government authority or health agencies (including but not limited to the health threats of COVID-19, H1N1, or similar infectious diseases), curtailment of transportation facilities, or other similar occurrence beyond the control of the parties, where any of those factors, circumstances, situations, or conditions or similar ones prevent, dissuade, or unreasonably delay performance by either party, or where any of them make it illegal, impossible, inadvisable, or commercially impracticable to fully perform the terms of this Contract. This Contract may be cancelled by either party, without liability, damages, fees, or penalty, and any unused deposits or amounts paid shall be refunded, for any one or more of the above reasons, by written notice to the other party.

f. Winding Up Affairs Upon Termination. In the event of termination of this Contract for any reason, the parties agree that the provisions of this paragraph survive termination:

i. The parties shall account for and properly present to each other all claims for fees and expenses and pay those which are undisputed and otherwise not subject to set off under this Contract. Neither party may withhold performance of winding up provisions solely based on nonpayment of fees or expenses accrued up to the time of termination;

ii. Contractor shall satisfactorily complete work in progress at the agreed rate (or a pro rata basis if necessary) if so requested by the County;

iii. Contractor shall execute any documents and take any actions necessary to effectuate an assignment of this Contract if so requested by the County;

iv. Contractor shall preserve, protect and promptly deliver into County possession all proprietary information in accordance with paragraph (21).

11. REMEDIES. Except as otherwise provided for by law or this Contract, the rights and remedies of the parties shall not be exclusive and are in addition to any other rights and remedies provided by law or equity, including, without limitation, actual damages, and to a prevailing party reasonable attorneys' fees and costs.

12. LIMITED LIABILITY. The County will not waive and intends to assert available NRS chapter 41 liability limitations in all cases. Contract liability of both parties shall not be subject to punitive damages. Liquidated damages shall not apply unless otherwise specified in the incorporated attachments. Damages for any County breach shall never exceed the amount of funds appropriated for payment under this Contract, but not yet paid to Contractor, for the fiscal year budget in existence at the time of the breach. Damages for any Contractor breach shall not exceed 150% of the contract maximum "not to exceed" value. Contractor's tort liability shall not be limited.

13. FORCE MAJEURE. Neither party shall be deemed to be in violation of this Contract if it is prevented from performing any of its obligations hereunder due to strikes, failure of public transportation, civil or military authority, act of public enemy, accidents, fires, explosions, or acts of God, including, without limitation, earthquakes, floods, winds, or storms. In such an event the intervening cause must not be through the fault of the party asserting such an excuse, and the excused party is obligated to promptly perform in accordance with the terms of the Contract after the intervening cause ceases, except as provided in paragraph 10 (e).

14. INDEMNIFICATION. To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend, not excluding the County's right to participate, the County from and against all liability, claims, actions, damages, losses, and expenses, including, without limitation, reasonable attorneys' fees and costs, arising out of any alleged negligent or willful acts or omissions of Contractor, its officers, employees and agents.

15. INDEPENDENT CONTRACTOR. Contractor is associated with the County only for the purposes and to the extent specified in this Contract, and in respect to performance of the contracted services pursuant to this Contract, Contractor is and shall be an independent contractor and, subject only to the terms of this Contract, shall have the sole right to supervise, manage, operate, control, and direct performance of the details incident to its duties under this Contract. Nothing contained in this Contract shall be deemed or construed to create a partnership or joint venture, to create relationships of an employer-employee or principal-agent, or to otherwise create any liability for the County whatsoever with respect to the indebtedness, liabilities, and obligations of Contractor or any other party. Contractor shall be solely responsible for, and the County shall have no obligation with respect to: (1) withholding of income taxes, FICA or any other taxes or fees; (2) industrial insurance coverage; (3) participation in any group insurance plans available to employees of the County; (4) participation or contributions by either Contractor or the County to the Public Employees Retirement System; (5) accumulation of vacation leave or sick leave; or (6) unemployment compensation coverage provided by the County. Contractor shall indemnify and hold County harmless from, and defend County against, any and all losses, damages, claims, costs, penalties, liabilities, and expenses arising or incurred because of, incident to, or otherwise with respect to any such taxes or fees. Neither Contractor nor its employees, agents, or representatives shall be considered employees, agents, or representatives of the County. The County and Contractor shall evaluate the nature of services and term negotiated in order to determine "independent contractor" status and shall monitor the

work relationship throughout the term of the Contract to ensure that the independent contractor relationship remains as such.

16. INSURANCE SCHEDULE. Unless expressly waived in writing by the County, Contractor, as an independent contractor and not an employee of the County, must carry policies of insurance in amounts specified in this Insurance Schedule and pay all taxes and fees incident hereunto. The Contractor shall not commence work before: (1) Contractor has provided the required evidence of insurance to the Contracting Agency of the County, and (2) The County has approved the insurance policies provided by the Contractor. Prior approval of the insurance policies by the County shall be a condition precedent to any payment of consideration under this Contract. Retention time shall be extended when an audit is scheduled or in progress for a period reasonably necessary to complete an audit and/or to complete any administrative and judicial litigation which may ensue.

10. CONTRACT TERMINATION.

a. Termination Without Cause. Any discretionary or vested right of renewal notwithstanding, this Contract may be terminated upon written notice by mutual consent of both parties or unilaterally by either party without cause.

Neither party may withhold performance of winding up provisions solely based on nonpayment of fees or expenses accrued up to the time of termination;

ii. Contractor shall satisfactorily complete work in progress at the agreed rate (or a pro rata basis if necessary) if so requested by the County;

iii. Contractor shall execute any documents and take any actions necessary to effectuate an assignment of this Contract if so requested by the County;

12. LIMITED LIABILITY. The County will not waive and intends to assert available NRS chapter 41 liability limitations in all cases. Contract liability of both parties shall not be subject to punitive damages. Liquidated damages shall not apply unless otherwise specified in the incorporated attachments. Damages for any County breach shall never exceed the amount of funds appropriated for payment under this Contract, but not yet paid to Contractor, for the fiscal year budget in existence at the time of the breach. Neither Contractor nor its employees, agents, or representatives shall be considered employees, agents, or representatives of the County. The County and Contractor shall evaluate the nature of services and term negotiated in order to determine "independent contractor" status and shall monitor the work relationship throughout the term of the Contract to ensure that the independent contractor relationship remains as such.

ii. Contractor shall satisfactorily complete work in progress at the agreed rate (or a pro rata basis if necessary) if so requested by the County;

iii. Contractor shall execute any documents and take any actions necessary to effectuate an assignment of this Contract if so requested by the County;

12. LIMITED LIABILITY. The County will not waive and intends to assert available NRS chapter 41 liability limitations in all cases. Contract liability of both parties shall not be subject to punitive damages. Liquidated damages shall not apply unless otherwise specified in the incorporated attachments. Damages for any County breach shall never exceed the amount of funds appropriated for payment under this Contract, but not yet paid to Contractor, for the fiscal year budget in existence at the time of the breach. Neither Contractor nor its employees, agents, or representatives shall be considered employees, agents, or representatives of the County. The County and Contractor shall evaluate the nature of services and term negotiated in order to determine "independent contractor" status and shall monitor the work relationship throughout the term of the Contract to ensure that the independent contractor relationship remains as such.

The retention period runs from the date of payment for the relevant goods or services by the County, or from the date of termination of the Contract, whichever is later. Retention time shall be extended when an audit is scheduled or in progress for a period reasonably necessary to complete an audit and/or to complete any administrative and judicial litigation which may ensue.

10. CONTRACT TERMINATION.

a. Termination Without Cause. Any discretionary or vested right of renewal notwithstanding, this Contract may be terminated upon written notice by mutual consent of both parties or unilaterally by either party without cause.

b. State Termination for Non-appropriation. The continuation of this Contract beyond the current fiscal year is subject to and contingent upon sufficient funds being appropriated, budgeted, and otherwise made available by the Lyon County Board of County Commissioners and/or federal sources. The County may terminate this Contract, and Contractor waives any and all claim(s) for damages, effective immediately upon receipt of written notice (or any date specified therein) of termination if for any reason the County or its departments or boards funding from the Lyon County Board of County Commissioners and/or federal sources is not appropriated or is withdrawn, limited, or impaired.

c. Cause Termination for Default or Breach. A default or breach may be declared with or without termination. This Contract may be terminated by either party upon written notice of default or breach to the other party as follows:

i. If Contractor fails to provide or satisfactorily perform any of the conditions, work, deliverables, goods, or services called for by this Contract within the time requirements specified in this Contract or within any granted extension of those time requirements; or

ii. If any state, county, city or federal license, authorization, waiver, permit, qualification or certification required by statute, ordinance, law, or regulation to be held by Contractor to provide the goods or services required by this Contract is for any reason denied, revoked, debarred, excluded, terminated, suspended, lapsed, or not renewed; or

iii. If Contractor becomes insolvent, subject to receivership, or becomes voluntarily or involuntarily subject to the jurisdiction of the bankruptcy court; or

iv. If the County materially breaches any material duty under this Contract and any such breach impairs Contractor's ability to perform; or

v. If it is found by the County that any quid pro quo or gratuities in the form of money, services, entertainment, gifts, or otherwise were offered or given by Contractor, or any agent or representative of Contractor, to any elected official, department head, officer or employee of the County with a view toward securing a contract or securing favorable treatment with respect to awarding, extending, amending, or making any determination with respect to the performing of such contract; or

vi. If it is found by the County that Contractor has failed to disclose any material conflict of interest relative to the performance of this Contract.

d. Time to Correct. Termination upon a declared default or breach may be exercised only after service of formal written notice as specified in paragraph (4), and the subsequent failure of the defaulting party within 15 calendar days of receipt of that notice to provide evidence, satisfactory to the aggrieved party, showing that the declared default or breach has been corrected.

e. Termination for Other Reasons. The performance of this Contract by either party shall be subject to force majeure, including but not limited to acts of God, fire, flood, natural disaster, war or threat of war, acts or threats of terrorism, civil disorder, unauthorized strikes, governmental regulation or advisory, recognized health threats as determined by the World Health Organization, the Centers for Disease Control, or local government authority or health agencies (including but not limited to the health threats of COVID-19, H1N1, or similar infectious diseases), curtailment of transportation facilities, or other similar occurrence beyond the control of the parties, where any of those factors, circumstances, situations, or conditions or similar ones prevent, dissuade, or unreasonably delay performance by either party, or where any of them make it illegal, impossible, inadvisable, or commercially impracticable to fully perform the terms of this Contract. This Contract may be cancelled by either party, without liability, damages, fees, or penalty, and any unused deposits or amounts paid shall be refunded, for any one or more of the above reasons, by written notice to the other party.

f. Winding Up Affairs Upon Termination. In the event of termination of this Contract for any reason, the parties agree that the provisions of this paragraph survive termination:

i. The parties shall account for and properly present to each other all claims for fees and expenses and pay those which are undisputed and otherwise not subject to set off under this Contract. Neither party may withhold performance of winding up provisions solely based on nonpayment of fees or expenses accrued up to the time of termination;

ii. Contractor shall satisfactorily complete work in progress at the agreed rate (or a pro rata basis if necessary) if so requested by the County;

iii. Contractor shall execute any documents and take any actions necessary to effectuate an assignment of this Contract if so requested by the County;

iv. Contractor shall preserve, protect and promptly deliver into County possession all proprietary information in accordance with paragraph (21).

11. REMEDIES. 12. LIMITED LIABILITY. The County will not waive and intends to assert available NRS chapter 41 liability limitations in all cases. Contract liability of both parties shall not be subject to punitive damages. Liquidated damages shall not apply unless otherwise specified in the incorporated attachments. Damages for any County breach shall never exceed the amount of funds appropriated for payment under this Contract, but not yet paid to Contractor, for the fiscal year budget in existence at the time of the breach. Damages for any Contractor breach shall not exceed 150% of the contract maximum "not to exceed" value. Contractor's tort liability shall not be limited.

13. FORCE MAJEURE. Neither party shall be deemed to be in violation of this Contract if it is prevented from performing any of its obligations hereunder due to strikes, failure of public transportation, civil or military authority, act of public enemy, accidents, fires, explosions, or acts of God, including, without limitation, earthquakes, floods, winds, or storms. In such an event the intervening cause must not be through the fault of the party asserting such an excuse, and the excused party is obligated to promptly perform in accordance with the terms of the Contract after the intervening cause ceases, except as provided in paragraph 10 (e).

14. INDEMNIFICATION. To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend, not excluding the County's right to participate, the County from and against all liability, claims, actions, damages, losses, and expenses, including, without limitation, reasonable attorneys' fees and costs, arising out of any alleged negligent or willful acts or omissions of Contractor, its officers, employees and agents.

5. INCORPORATED DOCUMENTS. The parties agree that the scope of work shall be specifically described; this Contract incorporates the following attachments in descending order of constructive precedence; a Contractor's Attachment shall not contradict or supersede any County specifications, terms, or conditions without written evidence of mutual assent to such change appearing in this Contract:

ATTACHMENT A: SPECIFICATIONS REQUESTED BY THE COUNTY;

6. CONSIDERATION. The parties agree that Contractor will provide the services specified in paragraph (5) at a cost of $100 per hour, not to exceed $13,404. The County does not agree to reimburse Contractor for expenses unless otherwise specified in the incorporated attachments. Any intervening end to a fiscal year appropriation period shall be deemed an automatic renewal (not changing the overall Contract term) or a termination as the results of Board of County Commission appropriation may require.

7. ASSENT. The parties agree that the terms and conditions listed on incorporated attachments of this Contract are also specifically a part of this Contract and are limited only by their respective order of precedence and any limitations specified.

8. TIMELINESS OF BILLING SUBMISSION. The parties agree that timeliness of billing is of the essence to the Contract and recognize that the County is on a fiscal year. All billings for dates of service prior to July 1 must be submitted to the County no later than the first Friday in August of the same year.

9. INSPECTION & AUDIT.

a. Books and Records. Contractor agrees to keep and maintain under general accepted accounting principles (GAAP) full, true and complete records, contracts, books, and documents as are necessary to fully disclose to the County, State or United States Government, or their authorized representatives, upon audits or reviews, sufficient information to determine compliance with all state and federal regulations and statutes as well as Lyon County ordinances.

b. Inspection & Audit. Contractor agrees that the relevant books, records (written, electronic, computer related or otherwise), including, without limitation, relevant accounting procedures and practices of Contractor or its subcontractors, financial statements and supporting documentation, and documentation related to the work product shall be subject, at any reasonable time, to inspection, examination, review, audit, and copying at any office or location of Contractor where such records may be found, with or without notice by the County Auditor, the relevant County agency or its contracted examiners, the Lyon County Comptroller, County Manager, the Lyon County District Attorney, the State Legislative Auditor, and with regard to any federal funding, the relevant federal agency, the Comptroller General, the General Accounting Office, the Office of the Inspector General, or any of their authorized representatives. c. Period of Retention. All books, records, reports, and statements relevant to this Contract must be retained a minimum three years and for five years if any federal funds are used in the Contract. The retention period runs from the date of payment for the relevant goods or services by the County, or from the date of termination of the Contract, whichever is later. Retention time shall be extended when an audit is scheduled or in progress for a period reasonably necessary to complete an audit and/or to complete any administrative and judicial litigation which may ensue.

10. CONTRACT TERMINATION.

a. Termination Without Cause. Any discretionary or vested right of renewal notwithstanding, this Contract may be terminated upon written notice by mutual consent of both parties or unilaterally by either party without cause.

b. State Termination for Non-appropriation. The continuation of this Contract beyond the current fiscal year is subject to and contingent upon sufficient funds being appropriated, budgeted, and otherwise made available by the Lyon County Board of County Commissioners and/or federal sources. The County may terminate this Contract, and Contractor waives any and all claim(s) for damages, effective immediately upon receipt of written notice (or any date specified therein) of termination if for any reason the County or its departments or boards funding from the Lyon County Board of County Commissioners and/or federal sources is not appropriated or is withdrawn, limited, or impaired.

c. Cause Termination for Default or Breach. A default or breach may be declared with or without termination. This Contract may be terminated by either party upon written notice of default or breach to the other party as follows:

i. If Contractor fails to provide or satisfactorily perform any of the conditions, work, deliverables, goods, or services called for by this Contract within the time requirements specified in this Contract or within any granted extension of those time requirements; or

ii. If any state, county, city or federal license, authorization, waiver, permit, qualification or certification required by statute, ordinance, law, or regulation to be held by Contractor to provide the goods or services required by this Contract is for any reason denied, revoked, debarred, excluded, terminated, suspended, lapsed, or not renewed; or

iv. If the County materially breaches any material duty under this Contract and any such breach impairs Contractor's ability to perform; or

v. If it is found by the County that any quid pro quo or gratuities in the form of money, services, entertainment, gifts, or otherwise were offered or given by Contractor, or any agent or representative of Contractor, to any elected official, department head, officer or employee of the County with a view toward securing a contract or securing favorable treatment with respect to awarding, extending, amending, or making any determination with respect to the performing of such contract; or

vi. If it is found by the County that Contractor has failed to disclose any material conflict of interest relative to the performance of this Contract.

d. Time to Correct. Termination upon a declared default or breach may be exercised only after service of formal written notice as specified in paragraph (4), and the subsequent failure of the defaulting party within 15 calendar days of receipt of that notice to provide evidence, satisfactory to the aggrieved party, showing that the declared default or breach has been corrected.

e. Termination for Other Reasons. The performance of this Contract by either party shall be subject to force majeure, including but not limited to acts of God, fire, flood, natural disaster, war or threat of war, acts or threats of terrorism, civil disorder, unauthorized strikes, governmental regulation or advisory, recognized health threats as determined by the World Health Organization, the Centers for Disease Control, or local government authority or health agencies (including but not limited to the health threats of COVID-19, H1N1, or similar infectious diseases), curtailment of transportation facilities, or other similar occurrence beyond the control of the parties, where any of those factors, circumstances, situations, or conditions or similar ones prevent, dissuade, or unreasonably delay performance by either party, or where any of them make it illegal, impossible, inadvisable, or commercially impracticable to fully perform the terms of this Contract. This Contract may be cancelled by either party, without liability, damages, fees, or penalty, and any unused deposits or amounts paid shall be refunded, for any one or more of the above reasons, by written notice to the other party.

f. Winding Up Affairs Upon Termination. In the event of termination of this Contract for any reason, the parties agree that the provisions of this paragraph survive termination:

i. The parties shall account for and properly present to each other all claims for fees and expenses and pay those which are undisputed and otherwise not subject to set off under this Contract. Neither party may withhold performance of winding up provisions solely based on nonpayment of fees or expenses accrued up to the time of termination;

ii. Contractor shall satisfactorily complete work in progress at the agreed rate (or a pro rata basis if necessary) if so requested by the County;

iii. Contractor shall execute any documents and take any actions necessary to effectuate an assignment of this Contract if so requested by the County;

12. LIMITED LIABILITY. The County will not waive and intends to assert available NRS chapter 41 liability limitations in all cases. Contract liability of both parties shall not be subject to punitive damages. Liquidated damages shall not apply unless otherwise specified in the incorporated attachments. Damages for any County breach shall never exceed the amount of funds appropriated for payment under this Contract, but not yet paid to Contractor, for the fiscal year budget in existence at the time of the breach. Damages for any Contractor breach shall not exceed 150% of the contract maximum "not to exceed" value. Contractor's tort liability shall not be limited.

13. FORCE MAJEURE. Neither party shall be deemed to be in violation of this Contract if it is prevented from performing any of its obligations hereunder due to strikes, failure of public transportation, civil or military authority, act of public enemy, accidents, fires, explosions, or acts of God, including, without limitation, earthquakes, floods, winds, or storms. In such an event the intervening cause must not be through the fault of the party asserting such an excuse, and the excused party is obligated to promptly perform in accordance with the terms of the Contract after the intervening cause ceases, except as provided in paragraph 10 (e).

14. INDEMNIFICATION. To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend, not excluding the County's right to participate, the County from and against all liability, claims, actions, damages, losses, and expenses, including, without limitation, reasonable attorneys' fees and costs, arising out of any alleged negligent or willful acts or omissions of Contractor, its officers, employees and agents.

Nothing contained in this Contract shall be deemed or construed to create a partnership or joint venture, to create relationships of an employer-employee or principal-agent, or to otherwise create any liability for the County whatsoever with respect to the indebtedness, liabilities, and obligations of Contractor or any other party. Contractor shall be solely responsible for, and the County shall have no obligation with respect to: (1) withholding of income taxes, FICA or any other taxes or fees; (2) industrial insurance coverage; (3) participation in any group insurance plans available to employees of the County; (4) participation or contributions by either Contractor or the County to the Public Employees Retirement System; (5) accumulation of vacation leave or sick leave; or (6) unemployment compensation coverage provided by the County. An Allocation Statute is not required to address all three (3) types of funds comprising the Settlement Fund or all default provisions.

Attached as Exhibit I is an agreed list of the Primary Subdivisions in each Eligible State.

HHH. *"Prior Litigating Subdivision."* A Subdivision (or Subdivision official) that brought any Released Claim against any Released Entity prior to the Trigger Date and all such Released

Claims were separately settled or finally adjudicated prior to the Trigger Date; *provided, however,* that if the final adjudication was pursuant to a Bar, such Subdivision shall not be considered a Prior Litigating Subdivision. Notwithstanding the prior sentence, Albertsons and the Settling State of the relevant Subdivision may agree in writing that the Subdivision shall not be considered a Prior Litigating Subdivision.

III. *"Private Attorney Fees"* are the amount to be paid by Albertsons for private attorneys' litigation fees and costs on behalf of Participating Subdivisions. The maximum amount of Private Attorney Fees are $81,234,191.57. For avoidance of doubt, Private Attorney Fees do not include Additional Remediation Amount.

JJJ. *"Product."* Any chemical substance, whether used for medicinal or non-medicinal purposes, and whether natural, synthetic, or semi-synthetic, or any finished pharmaceutical product made from or with such substance, that is: (1) an opioid or opiate, as well as any product containing any such substance; or (2) benzodiazepine, carisoprodol, or gabapentin; or (3) a combination or "cocktail" of chemical substances prescribed, sold, bought, or dispensed to be used together that includes opioids or opiates. "Product" shall include, but is not limited to, any substance consisting of or containing buprenorphine, codeine, fentanyl, hydrocodone, hydromorphone, meperidine, methadone, morphine, oxycodone, oxymorphone, tapentadol, tramadol, opium, heroin, carfentanil, diazepam, estazolam, quazepam, alprazolam, clonazepam, oxazepam, flurazepam, triozolam, temazepam, midazolam, carisoprodol, gabapentin, or any variant of these substances or any similar substance. Notwithstanding the foregoing, nothing in this section prohibits a Settling State from taking administrative or regulatory action related to benzodiazepine (including, but not limited to, diazepam, estazolam, quazepam, alprazolam, clonazepam, oxazepam, flurazepam, triozolam, temazepam, and midazolam), carisoprodol, or gabapentin that is wholly independent from the use of such drugs in combination with opioids, *provided* such action does not seek money (including abatement and/or remediation) for conduct prior to the Initial Participation Date.

KKK. *"Reference Date."* The date on which Albertsons is to inform the Settling States of its determination whether the condition in Section VIII has been satisfied. The Reference Date shall be no later than thirty (30) calendar days after the Initial Participation Date, unless it is extended by written agreement of Albertsons and the Enforcement Committee.

LLL. *"Released Claims."* Any and all Claims that directly or indirectly are based on, arise out of, or in any way relate to or concern the Covered Conduct occurring prior to the Initial Participation Date. Without limiting the foregoing, Released Claims include any Claims that have been asserted against Released Entities, by a Settling State or Litigating Subdivision in any federal, state, or local action or proceeding (whether judicial, arbitral, or administrative) based on, arising out of, or relating to, in whole or in part, the Covered Conduct, or any such Claims that could be or could have been asserted prior to the Initial Participation Date by a Settling State, Subdivision, or Releasor (whether or not such Settling State, Subdivision, or Releasor has brought such action or proceeding). The Parties intend that this term, "Released Claims," be interpreted broadly. This Agreement does not release Claims by private individuals. It is the intent of the Parties that Claims by private individuals be treated in accordance with applicable law. Released Claims is also used herein to describe claims brought by a Later Litigating Subdivision or other non-party Subdivision that would have been Released Claims if they had been brought by a Releasor against a Released Entity.

MMM. *"Released Entities."* With respect to Released Claims, Albertsons and (1) all past and present subsidiaries, divisions, predecessors, successors, and assigns (in each case, whether direct or indirect) of Albertsons; (2) all past and present subsidiaries and divisions (in each case, whether direct or indirect) of any entity described in subsection (1); (3) the respective past and present officers, directors, members, trustees, and employees of any of the foregoing (each for actions that occurred during and related to their work for, or employment with, any of Albertsons or the foregoing entities); (4) all past and present joint ventures (whether direct or indirect) of Albertsons or its subsidiaries, including in any subsidiary's capacity as a participating member in such joint venture; (5) all direct or indirect parents and shareholders of Albertsons (solely in their capacity as parents or shareholders of Albertsons with respect to Covered Conduct); and (6) any insurer of Albertsons or any person or entity otherwise described in subsections (1)-(5) (solely in its role as insurer of such person or entity and subject to the last sentence of Section X.C). An illustrative list of Albertsons's joint ventures, subsidiaries and affiliates and predecessor entities is set forth in Exhibit J. Any person or entity described in subsections (3)-(6) shall be a Released Entity solely in the capacity described in such clause and shall not be a Released Entity with respect to its conduct in any other capacity. Any other entity acquired, or joint venture entered into, by Albertsons after the Initial Participation Date is not a Released Entity. Further and notwithstanding anything else in this paragraph, no entity sued in *In re: National Prescription Opiate Litigation*, No. 1:17-md-2804 (N.D. Ohio) is included as a Released Entity other than the entities listed on Exhibit J.

NNN. *"Releasors."* With respect to Released Claims, (1) each Settling State; (2) each Participating Subdivision; and (3) without limitation and to the maximum extent of the power of each Settling State's Attorney General's and/or Participating Subdivision to release Claims, (a) the Settling State's and Participating Subdivision's departments, agencies, divisions, boards, commissions, Subdivisions, districts, instrumentalities of any kind and attorneys, including its Attorney General, and any person in his or her official capacity whether elected or appointed to serve any of the foregoing and any agency, person, or other entity claiming by or through any of the foregoing, (b) any public entities, public instrumentalities, public educational institutions, unincorporated districts, fire districts, irrigation districts, and other Special Districts in a Settling State, and (c) any person or entity acting in a *parens patriae,* sovereign, quasi-sovereign, private attorney general, *qui tam,* taxpayer, or other capacity seeking relief on behalf of or generally applicable to the general public with respect to a Settling State or Subdivision in a Settling State, whether or not any of them participate in this Agreement. The inclusion of a specific reference to a type of entity in this definition shall not be construed as meaning that the entity is not a Subdivision. Each Settling State's Attorney General represents that he or she has or has obtained (or will obtain no later than the Initial Participation Date) the authority set forth in Section X.G. In addition to being a Releasor as provided herein, a Participating Subdivision shall also provide the Subdivision Settlement Participation Form referenced in Section VII providing for a release to the fullest extent of the Participating Subdivision's authority.

OOO. *"Remediation Accounts Fund."* The component of the Settlement Fund described in Section V.

PPP. *"Revocation Event."* With respect to a Bar, Settlement Class Resolution, or Case-Specific Resolution, a revocation, rescission, reversal, overruling, or interpretation that in any way limits the effect of such Bar, Settlement Class Resolution, or Case-Specific Resolution on Released

Claims, or any other action or event that otherwise deprives the Bar, Settlement Class Resolution, or Case-Specific Resolution of force or effect in any material respect.

QQQ. *"Settlement Class Resolution."* A class action resolution in a court of competent jurisdiction in a Settling State (that is not successfully removed to federal court) with respect to a class of Subdivisions in that Settling State that (1) conforms with that Settling State's statutes, case law, and rules of procedure regarding class actions; (2) is approved and entered as an order of a court of competent jurisdiction in that Settling State and such order has become a Final Order; (3) is binding on all Non-Participating Subdivisions in that Settling State (other than opt outs as permitted under the next sentence); (4) provides that all such Non-Participating Subdivisions may not bring any Released Claims against any Released Entities, whether on the ground of this Agreement (or the releases herein) or otherwise; and (5) does not impose any costs or obligations on Albertsons other than those provided for in this Agreement, or contain any provision inconsistent with any provision of this Agreement. If applicable state law requires that opt-out rights be afforded to members of the class, a class action resolution otherwise meeting the foregoing requirements shall qualify as a Settlement Class Resolution unless Subdivisions collectively representing more than one percent (1%) of the total population of that Settling State opt out. In seeking certification of any Settlement Class, the applicable Settling State and Participating Subdivisions shall make clear that certification is sought solely for settlement purposes and shall have no applicability beyond approval of the settlement for which certification is sought. Nothing in this Agreement constitutes an admission by any Party that class certification would be appropriate for litigation purposes in any case or for purposes unrelated to this Agreement.

RRR. *"Settlement Fund."* The interest-bearing fund established at U.S. Bank pursuant to this Agreement into which the Annual Remediation Payments are made under Section IV, which is intended to be classified as a "qualified settlement fund" within the meaning of 26 C.F.R. §§ 1.468B-1 *et seq*. and which shall be approved by any Settling State in accordance with the requirements of 26 C.F.R. § 1.468B-1.

SSS. *"Settlement Fund Administrator."* BrownGreer PLC, which is the entity that annually determines the Annual Remediation Payment (including calculating offset or reduction and Incentive Payments pursuant to Section IV and any amounts subject to offset or reduction pursuant to Section XII) and Additional Remediation Amount, administers the Settlement Fund, and distributes amounts into the Remediation Accounts Fund, State Fund, and Subdivision Fund pursuant to this Agreement. The duties of the Settlement Fund Administrator shall be governed by this Agreement. Prior to the Effective Date, Albertsons and the Enforcement Committee shall agree to a detailed description of the Settlement Fund Administrator's duties and responsibilities, including a detailed mechanism for paying the Settlement Fund Administrator's fees and costs, all of which shall be appended to the Agreement as Exhibit L.

TTT. *"Settlement Fund Escrow."* The interest-bearing escrow fund established pursuant to this Agreement to hold disputed payments made under this Agreement.

UUU. *"Settlement Payment Schedule."* The schedule attached to this Agreement as Exhibit M-1, Exhibit M-2, and Exhibit M-3.

VVV. "*Settling State.*" An Eligible State that has entered into this Agreement and delivers executed releases in accordance with Section VIII.A.

WWW. *"State Allocation."* The State Remediation Payment multiplied by the percentage for each Eligible State listed in Exhibit F. The allocation percentages in Exhibit F reflect a re-allocation to only states in which the Released Entities operate because any and all potential claims and/or liability against the Released Entities arise from alleged Covered Conduct related to Products in those states.

XXX. *"State Fund."* The component of the Settlement Fund described in Section V.

YYY. *"Statewide Payment Amount."* The amount from an Annual Remediation Payment to be paid to a Settling State, its separate types of funds (if applicable), and its Participating Subdivision listed on Exhibit G.

ZZZ. *"State Remediation Payment."* The maximum amount owed by Albertsons to the Settling States and Subdivisions, exclusive of the Private Attorney Fees, Additional Remediation Amount, and is in the amount of $655,114,448.14.

AAAA. *"State-Subdivision Agreement."* An agreement that a Settling State reaches with the Subdivisions in that Settling State regarding the allocation, distribution, and/or use of funds allocated to that Settling State and to its Subdivisions. A State-Subdivision Agreement shall be effective if approved pursuant to the provisions of Exhibit O or if adopted by statute. Preexisting agreements addressing funds other than those allocated pursuant to this Agreement shall qualify if the approval requirements of Exhibit O are met. A Settling State and its Subdivisions may revise a State-Subdivision Agreement if approved pursuant to the provisions of Exhibit O, or if such revision is adopted by statute.

BBBB. *"Statutory Trust."* A trust fund established by state law to receive funds allocated to a Settling State's Remediation Accounts Fund and restrict any expenditures made using funds from the Settling State's Remediation Accounts Fund to Opioid Remediation, subject to reasonable administrative expenses. A Settling State may give a Statutory Trust authority to allocate one (1) or more of the three (3) types of funds comprising such Settling State's Settlement Fund, but this is not required.

CCCC. *"Subdivision."* Any (1) General Purpose Government (including, but not limited to, a municipality, county, county subdivision, city, town, township, parish, village, borough, gore, or any other entities that provide municipal-type government), School District, or Special District within a Settling State, and (2) any other subdivision, subdivision official (acting in an official capacity on behalf of the subdivision) or sub-entity of or located within a Settling State (whether political, geographical or otherwise, whether functioning or non-functioning, regardless of population overlap, and including, but not limited to, Nonfunctioning Governmental Units and public institutions) that has filed a lawsuit that includes a Released Claim against a Released Entity in a direct, *parens patriae,* or any other capacity. "General Purpose Government," "School District," and "Special District" shall correspond to the "five basic types of local governments"

recognized by the U.S. Census Bureau and match the 2017 list of Governmental Units.[2] The three (3) General Purpose Governments are county, municipal, and township governments; the two (2) special purpose governments are School Districts and Special Districts.[3] "Fire District," "Health District," "Hospital District," and "Library District" shall correspond to categories of Special Districts recognized by the U.S. Census Bureau.[4] References to a Settling State's Subdivisions or to a Subdivision "in," "of," or "within" a Settling State include Subdivisions located within the Settling State even if they are not formally or legally a sub-entity of the Settling State; *provided, however,* that a "Health District" that includes any of the following words or phrases in its name shall not be considered a Subdivision: mosquito, pest, insect, spray, vector, animal, air quality, air pollution, clean air, coastal water, tuberculosis, and sanitary.

DDDD. "*Subdivision Allocation Percentage.*" The portion of a Settling State's Subdivision Fund set forth in Exhibit G that a Subdivision will receive pursuant to Section V if it becomes a Participating Subdivision. The aggregate Subdivision Allocation Percentage of all Subdivisions receiving a Subdivision Allocation Percentage in each Settling State shall equal one hundred percent (100%). Immediately upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3) that addresses allocation from the Subdivision Fund, whether before or after the Initial Participation Date, Exhibit G will automatically be amended to reflect the allocation from the Subdivision Fund pursuant to the State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3. The Subdivision Allocation Percentages contained in Exhibit G may not change once notice is distributed pursuant to Section VII.A, except upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3) that addresses allocation from the Subdivision Fund. For the avoidance of doubt, no Subdivision not listed on Exhibit G shall receive an allocation from the Subdivision Fund and no provision of this Agreement shall be interpreted to create such an entitlement.

FFFF. *"Subdivision Settlement Participation Form."* The form attached as Exhibit K that Participating Subdivisions must execute and return to the Implementation Administrator or Settlement Fund Administrator, and which shall (1) make such Participating Subdivisions signatories to this Agreement, (2) include a full and complete release of any and of such Subdivision's claims, and (3) require the prompt dismissal with prejudice of any Released Claims that have been filed by any such Participating Subdivision

GGGG. *"Threshold Motion."* A motion to dismiss or equivalent dispositive motion made at the outset of litigation under applicable procedure. A Threshold Motion must include as potential grounds for dismissal any applicable Bar or the relevant release by a Settling State or Participating Subdivision provided under this Agreement and, where appropriate under applicable law, any applicable limitations defense.

HHHH. *"Total Unearned Incentive Payments."* As defined in Section IV.H.7.

IIII. *"Trigger Date."* In the case of a Primary Subdivision, the Reference Date. In the case of all other Subdivisions, the Preliminary Agreement Date.

II. Participation by Eligible States and Condition to Preliminary Agreement

A. *Notice to Eligible States.* On August 21, 2026, this Agreement shall be distributed to all Eligible States. The Attorneys General of the Eligible States shall then have until September 21, 2026 to decide whether to become Settling States. Eligible States that determine to become Settling States shall so notify Albertsons and shall further commit to obtaining any necessary additional state releases prior to the Reference Date. This notice period may be extended by written agreement of Albertsons and the Enforcement Committee.

B. *Condition to Preliminary Agreement*. Following the notice period set forth in Section II.A, Albertsons shall determine whether, in its sole discretion, enough Eligible States have agreed to become Settling States to proceed with notice to Subdivisions as set forth in Section VII. If Albertsons determines that this condition has been satisfied, and that notice to the Subdivisions should proceed, it will so notify the Settling States by providing notice to the Enforcement Committee on the Preliminary Agreement Date. If Albertsons determine that this condition has not been satisfied, and this Agreement will have no further effect and all releases and other commitments or obligations contained herein will be void.

C. *Later Joinder by Eligible States*. After the Preliminary Agreement Date, an Eligible State may only become a Settling State with the consent of Albertsons and the Enforcement Committee. If an Eligible State becomes a Settling State more than sixty (60) calendar days after the Preliminary Agreement Date, but on or before the Reference Date, the Subdivisions in that Eligible State that become Participating Subdivisions within ninety (90) calendar days of the Eligible State becoming a Settling State shall be considered Initial Participating Subdivisions. An Eligible State may not become a Settling State after the Reference Date.

D. *Litigation Activity.* Following the Preliminary Agreement Date, Eligible States that determine to become Settling States shall make reasonable efforts to cease litigation activity against Albertsons, including by jointly seeking stays or, where appropriate, severance of claim against Albertsons, where feasible, and otherwise to minimize such activity by means of agreed deadline extensions and agreed postponement of depositions, document productions, and motion practice if a motion to stay or sever is not feasible or is denied.

III. Injunctive Relief

A. *Injunctive Relief.* As part of the Consent Judgment, the Parties agree to the entry of the injunctive relief terms attached in Exhibit P.

IV. Settlement Payments

A. *Settlement Fund.* All payments under this Section IV shall be made into the Settlement Fund, except that, where specified, they shall be made into the Settlement Fund Escrow. The Settlement Fund shall be allocated and used only as specified in Section V.

B. *Annual Remediation Payments*

1. Albertsons shall make nine (9) Annual Remediation Payments, each comprised of Base Payments and Incentive Payments as provided in this Section IV and as determined by the Settlement Fund Administrator as set forth in this Agreement, *provided that* the Annual Remediation Payment in Payment Year 1 shall consist solely of Base Payments. The payment schedule for the Annual Remediation Payments is attached hereto as Exhibit M-2.

2. In no instance shall Albertsons's Annual Remediation Payment obligation exceed the Annual Remediation Maximum, reduced for Non-Settling States, except as specified in the definition of "Annual Remediation Maximum" for Payment Years 3, 4, and 9. In no instance shall the sum of Albertsons's Annual Remediation Payment obligations for Payment Years 1-9 exceed the sum of Albertsons's Annual Remediation Maximums for Payment Years 1-9, reduced for Non-Settling States.

C. *Settlement Fund Payment Process*

1. To determine each Annual Remediation Payment for Payment Year 2 forward, the Settlement Fund Administrator shall use the data as of sixty (60) days prior to the Payment Date for each payment, unless another provision of the Agreement specifies a different date. Prior to the Effective Date, the Parties will include an exhibit to the Agreement setting forth in detail the process for the Settlement Fund Administrator obtaining relevant data and for distributing funds to the Settling States and their Participating Subdivisions listed on Exhibit G consistent with the terms of this Agreement as quickly as practical.

2. The Settlement Fund Administrator shall determine the Annual Remediation Payment and the Statewide Payment Amount for each Settling State, consistent with the provisions in Exhibit L, by:

a. Determining, for each Settling State, the amount of Base Payments and Incentive Payments to which the Settling State is entitled by applying the criteria under Section IV.F, Section IV.G, and Section IV.H;

b. applying any offsets, credits or reductions as specified under Section IV and Section XII;

c. determining the total amount owed by Albertsons to all Settling States and the Participating Subdivisions listed on Exhibit G; and

d. the Settlement Fund Administrator shall then allocate, after subtracting the portion of any Settlement Fund Administrator costs and fees owed out of funds from the Settlement Fund pursuant to Section V.C.5, the Annual Remediation Payment pursuant to Section V among the Settling States, among the separate types of funds for each Settling State (if applicable), and among the Participating Subdivisions listed on Exhibit G.

3. If, no later than fifty (50) days prior to the Payment Date, Albertsons and the Enforcement Committee inform the Settlement Fund Administrator that they agree on the amount of the Annual Remediation Payment and the Statewide Payment Amount for each Settling State, Albertsons shall pay the agreed-upon Annual Remediation Payment amount on the Payment Date and the Settlement Fund Administrator shall treat those amounts as the determination described in Section IV.C.2. If the Settlement Fund Administrator is not so informed, it shall give notice to Albertsons, the Settling States, and the Enforcement Committee of the amount of the Annual Remediation Payment, and the Statewide Payment Amount for each Settling State, following the determination described in Section IV.C.2, and the following timeline shall apply:

a. Within twenty-one (21) calendar days of the notice provided by the Settlement Fund Administrator, Albertsons, any Settling State or the Enforcement Committee may dispute, in writing, the calculation of the Annual Remediation Payment or the Statewide Payment Amount for a Settling State. Such disputing party must provide a written notice of dispute to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and Albertsons identifying the nature of the dispute, the amount of money that is disputed, and the Settling State(s) affected.

b. Within twenty-one (21) calendar days of the sending of a written notice of dispute, any affected party may submit a response, in writing, to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and Albertsons identifying the basis for disagreement with the notice of dispute.

c. If no response is filed, the Settlement Fund Administrator shall adjust the amount calculated consistent with the written notice of dispute, and Albertsons shall pay the adjusted amount, collectively totaling that year's Annual Remediation Payment, on the Payment Date. If a written response to the written

notice of dispute is timely sent to the Settlement Fund Administrator, the Settlement Fund Administrator shall notify Albertsons of the preliminary amount to be paid, which shall be the greater of the amount originally calculated by the Settlement Fund Administrator or the amount that would be consistent with the notice of dispute, *provided, however,* that in no circumstances shall the preliminary amount to be paid be higher than the Annual Remediation Maximum. For the avoidance of doubt, a transfer of payments from the Settlement Fund Escrow for other Payment Years does not count toward determining whether the amount to be paid is higher than the Annual Remediation Maximum.

d. The Settlement Fund Administrator shall place any disputed amount of the preliminary amount paid by Albertsons into the Settlement Fund Escrow and shall disburse any undisputed amount to each Settling State and its Participating Subdivisions listed on Exhibit G pursuant to Section IV.C.4.

4. If a Settling State informs the Settlement Fund Administrator that it and its Participating Subdivisions listed on Exhibit G have agreed on the amount of its Statewide Payment Amount, determined pursuant to Section IV.C.2 or Section IV.C.3, to be distributed to the Settling State, among its separate types of funds (if applicable), and among its Participating Subdivisions listed on Exhibit G, the Settlement Fund Administrator shall disburse the Statewide Payment Amount pursuant to the consensus distribution amounts provided by the Settling State as quickly as practical. For a Settling State that does not so notify the Settlement Fund Administrator, the Settlement Fund Administrator shall allocate the Settling State's Statewide Payment Amount, pursuant to Section V, among the separate types of funds for the Settling State (if applicable), and among its Participating Subdivisions listed on Exhibit G using the following procedures:

a. As soon as possible for each payment and following the determination described in Section IV.C.2 or Section IV.C.3, the Settlement Fund Administrator shall give notice to the relevant Settling States and their Participating Subdivisions listed on Exhibit G of the amount to be received by each Settling State, the amount to be received by the separate types of funds for each Settling State (if applicable), and the amount to be received by each Participating Subdivision listed on Exhibit G for each Settling State.

b. Within twenty-one (21) days of the notice provided by the Settlement Fund Administrator, any Settling State or Participating Subdivision listed on Exhibit G may dispute, in writing, the calculation of the amount to be received by the relevant Settling State and/or its Participating Subdivision listed on Exhibit G. A dispute will be deemed invalid and disregarded if it challenges the allocations adopted by a State-Subdivision Agreement approved pursuant to the provisions of Exhibit O or by statute. Such disputing party must provide a written notice of dispute to the Settlement Fund Administrator, any affected Settling State, and any affected Participating Subdivision identifying the nature of the dispute, the amount of money that is disputed, and the Settling State(s) affected.

c. Within twenty-one (21) days of the sending of a written notice of dispute, any affected Settling State or any affected Participating Subdivision may submit a response, in writing, to the Settlement Fund Administrator, any affected Settling State and any affected Participating Subdivision identifying the basis for disagreement with the notice of dispute.

d. If no response is filed, the Settlement Fund Administrator shall adjust the amount calculated consistent with the written notice of dispute.

e. The Settlement Fund Administrator shall place any disputed amount into the Settlement Fund Escrow and shall disburse any undisputed amount to the Settling State and its Participating Subdivisions eligible for payment.

5. Disputes described in this subsection shall be resolved in accordance with the terms of Section VI.F.

6. The Settlement Fund Administrator may combine the disbursements of Annual Remediation Payments with disbursement of funds under other comparable opioid settlements. In determining when disbursements for each Annual Remediation Payment will be made, the Settlement Fund Administrator may take into account the timeline for the availability of disbursements under other comparable opioid settlements.

7. For the avoidance of doubt, a Subdivision not listed on Exhibit G shall not receive an allocation from the Subdivision Fund and no provision of this Agreement shall be interpreted to create such an entitlement.

D. *Procedure for Annual Remediation Payment and Annual Fees Payment in Payment Year 1.* The process described in Section IV.C shall not apply to Payment Year 1. The procedure in lieu of Section IV.C for Payment Year 1 is as set forth below:

1. The Payment Date for Payment Year 1 is April 30, 2026. Albertsons shall deposit into a segregated interest-bearing bank account it establishes the "Maximum Base Payment" for Payment Year 1 as specified in Exhibit M-2. Albertsons shall also deposit into two (2) separate segregated interest-bearing bank accounts it establishes: (a) the "Maximum Exhibit R Attorney Fee and Cost Funds" for Payment Year 1 as specified in Exhibit M-3; and (b) the "Maximum Additional Remediation Amount" for Payment Year 1 as specified in Exhibit M-3. Albertsons shall separately account for the interest earned on each of the three (3) accounts.

2. Albertsons shall provide proof to the Enforcement Committee of the deposits required by Section IV.D.1 by April 30, 2026. Albertsons shall not remove any money from the segregated bank accounts, except as provided by Section IV.D.3 and Section IV.D.4.

3. In the event that an Eligible State does not agree to become a Settling State by the Preliminary Agreement Date, such State's share of the funds held in the segregated bank account holding the "Maximum Base Payment" for Payment Year 1 shall

immediately revert to Albertsons. This amount shall be calculated by multiplying the aggregate Overall Allocation Percentage attributable to Eligible States that have not agreed to become Settling State by the Preliminary Agreement Date by the "Maximum Base Payment" amount specified in Exhibit M-2 for Payment Year 1. In the event that, in accordance with the terms of Section VIII.B, Albertsons determines not to proceed with the Settlement, or the Settlement does not become effective for any other reason, the funds held in the segregated bank accounts shall immediately revert to Albertsons.

4. If the condition set forth in Section VIII.B is met, Albertsons shall transfer into the Settlement Fund, no later than five (5) business days after the Reference Date (unless the Enforcement Committee specifies a later date), the amount in the segregated account holding the "Maximum Base Payment" for Payment Year 1 (including all interest accrued on that account) plus the total amount of the Base Payment owed in Payment Year 1 for the Eligible States that newly agreed to become a Settling State between the Preliminary Agreement Date and the Reference Date, which shall be calculated by multiplying those Settling States' Overall Allocation Percentage by the amount specified in Exhibit M-2 for Payment Year 1. If the condition set forth in Section VIII.B is met, Albertsons also shall transfer into the relevant funds as directed by the Enforcement Committee, no later than five (5) business days after the Reference Date (unless the Enforcement Committee specifies a later date), the amount in the segregated account holding the "Maximum Exhibit R Attorney Fee and Cost Funds" for Payment Year 1 (including all interest accrued on that account), and the amount in the segregated account holding the sum of the "Maximum Additional Remediation Amount" for Payment Year 1 (including all interest accrued on that account), except that any reductions provided by Section IX.B and Exhibits R shall revert to Albertsons. Albertsons shall provide an accounting to the Enforcement Committee of the transfers, including Statewide Payment Amount for Payment Year 1 for each Eligible State that newly agreed to become a Settling State between the Preliminary Agreement Date and the Reference Date.

5. The Annual Remediation Payment for Payment Year 1 transferred by Albertsons into the Settlement Fund pursuant to Section IV.D.4 shall be disbursed by the Settlement Fund Administrator after the Effective Date to each Settling State and to its Initial Participating Subdivisions listed on Exhibit G pursuant to Section IV.C.4 through Section IV.C.7; *provided, however*, that for any Settling State where the Consent Judgment has not been entered as of the Effective Date, the funds allocable to that Settling State and its Participating Subdivisions listed on Exhibit G shall not be disbursed until ten (10) calendar days after the entry of the Consent Judgment in that Settling State.

E. *Payment Date for Payment Years 2 through 9.* The Payment Date for Payment Year 2 is March 31, 2027. The Payment Date for Payment Years 3 through 9 shall be each successive March 31, or the first business day thereafter if March 31 falls on a weekend. The Annual Remediation Payments for those Payment Years shall be made pursuant to the process set forth in Section IV.C.

F. *Offsets to Annual Remediation Payments to the Settlement Fund for Non-Settling States.* An offset equal to $655,114,448.14 times the Overall Allocation Percentage assigned to each Non-Settling State in Exhibit F shall be deducted from the total amount to be paid by

Albertsons to the Settlement Fund. For the avoidance of doubt, the Adjusted State Remediation Payment is calculated in a way that reflects this offset. The Base Payments and Incentive Payments are also subject to offset and reduction as provided in Section XII.

G. *Base Payments.*

1. Subject to the offset and reduction provisions set forth in Section XII, Albertsons shall make Base Payments into the Settlement Fund in an amount equal to thirty-eight percent (38%) of the Adjusted State Remediation Payment. The maximum total for Base Payments is $248,943,490.30. The Base Payments shall be due in installments consistent with Exhibit M-2 over the nine (9) Payment Years, subject to potential offsets for Non-Settling States as provided in Section IV.F.

2. The Base Payment for any Settling State in each Payment Year shall be the Base Payment for that Payment Year specified in Exhibit M-2 times the Settling State's Overall Allocation Percentage specified in Exhibit F.

H. *Incentive Payments.*

1. Subject to the offset and reduction provisions set forth in Section XII, Albertsons shall make potential additional incentive payments totaling up to a maximum of sixty-two percent (62%) of the Adjusted State Remediation Payment, with the Incentive Payment amount depending on whether and the extent to which the criteria set forth below are met in each Settling State. The maximum total for Incentive Payments is $406,170,957.84.

2. A Settling State qualifies to receive Incentive Payments in addition to Base Payments if it meets the incentive eligibility requirements specified below. With the exception of the Incentive Payment Earn-Back, the maximum total Incentive Payment for any Settling State shall be no more than the maximum total for Incentive Payments listed in Section IV.H.1 times the Settling State's Overall Allocation Percentage specified in Exhibit F. With the exception of the Incentive Payment Earn-Back, Incentive Payments are state-specific, with the actual amount depending on whether and the extent to which the criteria set forth below are met in such Settling State.

3. The incentive payments shall be divided among four (4) categories, referred to as Incentive Payments A, BC and D, and the Incentive Payment Earn-Back. Incentive Payments A and BC will be due in installments over the eight (8) Payment Years beginning with Payment Year 2, and Incentive Payment D will be due in installments over Payment Years 6 through 9, as shown on Exhibit M-2. The Incentive Payment Earn-Back will be due, if earned pursuant to Section IV.H.7, in Payment Year 9. The total amount of incentive payments in an Annual Remediation Payment shall be the sum of the incentive payments for which the individual Settling States are eligible for that Payment Year under the criteria set forth below. The incentive payments shall be made with respect to a specific Settling State based on its eligibility for that Payment Year under the criteria set forth below. For the avoidance of doubt, eligibility for Incentive Payments A, BC, and D shall be determined on a Settling State-by-Settling State basis.

4. Incentive Payment A.

a. Incentive Payment A is mutually exclusive with Incentive Payments BC and D; if a Settling State receives Incentive Payment A in an Annual Remediation Payment, such Settling State is not eligible for Incentive Payments BC or D in that Annual Remediation Payment. A Settling State that receives Incentive Payment A is eligible to receive the Incentive Payment Earn-Back, if the requirements of Section IV.H.7 are met.

b. Incentive Payment A shall be equal to sixty-two percent (62%) of the Adjusted State Remediation Payment, provided all Settling States satisfy the requirements of Incentive Payment A. Incentive Payment A will be due to a Settling State as part of the Annual Remediation Payment over eight (8) Payment Years, starting in Payment Year 2, and shall equal a total potential maximum of $406,170,957.84 if all Eligible States qualify for Incentive Payment A. Each Settling State's share of Incentive Payment A in a given year, *provided* that Settling State qualifies, shall equal the total maximum amount available for Incentive Payment A for that year as reflected in Exhibit M-2 times the Settling State's Overall Allocation Percentage.

c. Qualification for Incentive Payment A is as follows: A Settling State qualifies for Incentive Payment A if, as of two (2) years of the Effective Date: (i) there is a Bar in that Settling State in full force and effect, (ii) there is a Settlement Class Resolution in that Settling State in full force and effect, (iii) the Released Claims of all of the following entities are released through the execution of Subdivision Settlement Participation Forms, or there is a Case-Specific Resolution against such entities: all Primary Subdivisions, Litigating Subdivisions, School Districts with a K-12 student enrollment of at least 25,000 or .10% of a Settling State's population, whichever is greater, Hospital Districts that have at least one hundred twenty-five (125) hospital beds in one or more hospitals rendering services in that district, and Primary Fire Districts; or (iv) a combination of the actions in clauses (i)-(iii) has achieved the same level of resolution of Claims by Subdivisions (*e.g.,* a Bar against future litigation combined with full joinder by Litigating Subdivisions). For the avoidance of doubt, subsection (iv) cannot be satisfied unless all Litigating Subdivisions are Participating Subdivisions or there is a Case-Specific Resolution against any such Subdivisions that are not Participating Subdivisions. Albertsons and the Enforcement Committee shall meet and confer in order to agree on data sources for purposes of this Section prior to the Initial Participation Date.

d. A Settling State that does not qualify for Incentive Payment A as of two (2) years after the Effective Date shall not be eligible for Incentive Payment A for that Payment Year or any subsequent Payment Years.

e. Albertsons shall indicate before the Initial Participation Date whether existing legislation in a Settling State is sufficient to qualify as a Bar.

f. If a Settling State does not qualify for Incentive Payment A as of the Payment Date for Payment Year 2, and becomes eligible for Incentive Payment A as of Payment Date for Payment Year 3, it shall receive the payment that it would have received for Incentive Payment A for Payment Year 2 (the "Incentive Payment A Catch-up Payment") on the Payment Date for Payment Year 3. If a Settling State is not eligible for Incentive Payment A as of the Payment Date for Payment Year 3, and becomes eligible for Incentive Payment A as of two (2) years after the Effective Date, it shall receive the payment that it would have received for Incentive Payment A for Payment Years 2 and 3 (also an "Incentive Payment A Catch-up Payment") on the Payment Date for Payment Year 4. The Incentive Payment A Catch-up Payment shall be reduced by any amounts paid to the Settling State under Incentive Payment BC prior to the Settling State's eligibility for Incentive Payment A.

g. If Albertsons made a payment under Incentive Payment A solely on the basis of a Bar or Settlement Class Resolution in a Settling State and that Bar or Settlement Class Resolution is subsequently removed, revoked, rescinded, reversed, overruled, interpreted in a manner to limit the scope of the release, or otherwise deprived of force or effect in any material respect, that Settling State shall not be eligible for Incentive Payment A thereafter, unless the Settling State requalifies for Incentive Payment A through any method pursuant to Section IV.H.4.c, in which case the Settling State shall be eligible for Incentive Payment A less any litigation fees and costs incurred by Albertsons in the interim, except that, if the re-imposition occurs after the completion of opening statements in a trial involving a Released Claim, the Settling State shall not be eligible for Incentive Payment A (unless this exception is waived by Albertsons).

5. Incentive Payment BC.

a. Incentive Payment BC shall be available to Settling States that do not qualify for Incentive Payment A.

b. Incentive Payment BC shall be up to a maximum of fifty-nine percent (59%) of the Settling State's State Allocation. Incentive Payment BC will be due to a Settling State as part of the Annual Remediation Payment over ten (8) Payment Years, starting in Annual Remediation Payment 2. Subject to Section IV.F, Incentive Payment BC shall equal a total potential maximum of $386,517,524.40 if all states are eligible.

c. A Settling State may earn Incentive Payment BC in Annual Remediation Payments 2 through 9 and may receive, when combined with the Settling State's Base Payment, a maximum of up to ninety-seven 97% of the Settling State's State Allocation. The maximum Incentive Payment BC for any Settling State in a given Payment Year shall be the Incentive Payment BC for that Payment Year specified in Exhibit M-2 times the Settling State's Overall Allocation Percentage specified in Exhibit F, provided such Settling State becomes eligible for

Incentive Payment BC by sixty (60) days before the Payment Date for Payment Year 6.

d. The amount of Incentive Payment BC for which a Settling State is eligible shall be determined based on the aggregate population of the Settling State's Incentive BC Subdivisions that are Participating Subdivisions or have had their claims resolved through a Case-Specific Resolution, divided by the aggregate population of all the Settling State's Incentive BC Subdivisions. The Settling State's Incentive BC Subdivisions are (i) all Litigating Subdivisions (including School Districts and Special Districts) and (ii) all Non-Litigating Threshold Subdivisions (collectively, all Litigating Subdivisions and all Non-Litigating Threshold Subdivisions are "*Incentive BC Subdivisions*").

e. The percentage of the Settling State's maximum Incentive Payment BC for the Payment Year provided by Section IV.H.5.c to which the Settling State is entitled shall be determined according to the table of Incentive BC payment levels below:

Participation Percentage of Incentive BC Eligible Subdivision Population[5]	**Incentive Payment BC Percentage for the Relevant Payment Year**
Less than 85%	0%
85% or more but less than 86%	3.57%
86% or more but less than 87%	8.93%
87% or more but less than 88%	14.29%
88% or more but less than 89%	19.64%
89% or more but less than 90%	25%
90% or more but less than 91%	30.36%

[5] The "Participation Percentage of Incentive BC Eligible Subdivision Population" shall be determined by the aggregate population of the Settling State's Incentive BC Subdivisions that are Participating Subdivisions, or have had their claims resolved through a Case-Specific Resolution, divided by the aggregate population of the Settling State's Incentive BC Subdivisions. In calculating the Settling State's population that resides in Incentive BC Subdivisions, the population of the Settling State's Incentive BC Subdivisions shall be the sum of the population of all Incentive BC Subdivisions in the Settling State, notwithstanding that persons may be included within the population of more than one Incentive BC Subdivision. An individual Subdivision shall not be included more than once in the numerator, and shall not be included more than once in the denominator, of the calculation regardless if it (or any of its officials) is named as multiple plaintiffs in the same lawsuit; provided, however, that for the avoidance of doubt, no Subdivision will be excluded from the numerator or denominator under this sentence unless a Subdivision otherwise counted in the denominator has the authority to release the Claims (consistent with Section X) of the Subdivision to be excluded.

91% or more but less than 92%	35.71%
92% or more but less than 93%	41.07%
93% or more but less than 94%	46.43%
94% or more but less than 95%	51.79%
95% or more but less than 96%	60.71%
96% or more but less than 97%	68.75%
97% or more but less than 98%	76.79%
98% or more but less than 99%	84.82%
99% or more but less than 100%	92.86%
100%	100%

f. For Payment Years 2-5, the percentage of the available Incentive Payment BC amount for which a Settling State is eligible will be based on the Participation Percentage of Incentive BC Eligible Subdivision Population as of sixty (60) days before the Payment Date. For Payment Years 6-9, the percentage of the available Incentive Payment BC amount for which a Settling State is eligible will be based on the Participation Percentage of Incentive BC Eligible Subdivision Population as of sixty (60) days before the Payment Date for Payment Year 6. If Incentive BC Eligible Subdivisions that have become Participating Subdivisions, or achieved Case-Specific Resolution status, collectively represent less than eighty-five percent (85%) of a Settling State's Incentive BC Eligible Subdivision population by sixty (60) days before the Payment Date for Payment Year 6, the Settling State shall not receive any Incentive Payment BC.

g. If there are no Incentive BC Eligible Subdivisions in a Settling State, and that Settling State is otherwise eligible for Incentive Payment BC because it is not eligible for Incentive Payment A, that Settling State will receive its maximum Incentive Payment BC for that Annual Remediation Payment provided by Section IV.H.5.c.

6. Incentive Payment D.

a. Incentive Payment D shall be available to Settling States that do not qualify for Incentive Payment A.

b. Incentive Payment D shall be equal to up to a maximum of ten percent (10%) of the Adjusted State Remediation Payment, with the actual amount depending whether and the extent to which the criteria set forth below are met in each Settling State. The maximum total for Incentive Payment D is $65,511,444.81.[6]

c. Incentive Payment D shall be paid starting at Payment Year 6 and the amount of Incentive Payment D in Payment Years 6-9 will depend on (i) the Settling State meeting the qualifications set out in Section IV.H.6.d and (ii) the Participation Percentage of Incentive BC Eligible Subdivision Population achieved by the Settling State as of sixty (60) days prior to the Payment Date for Payment Year 6.

d. A Settling State qualifies for Incentive Payment D if no Later Litigating Subdivision (for purposes of Incentive Payment D, Later Litigating Subdivisions are limited to (i) a Primary Subdivision; (ii) a school district with a K-12 student enrollment of at least 25,000 or 0.10% of the Settling State's population, whichever is greater; (iii) a health district or hospital district that has at least one hundred twenty-five (125) hospital beds in one or more hospitals rendering services in that district; and (iv) Primary Fire Districts) in that Settling State has a lawsuit against a Released Entity survive more than six (6) months after denial in whole or in part of a Threshold Motion.

e. A Settling State's qualification for Incentive Payment D shall be determined as of sixty (60) calendar days prior to the Payment Date ("*Incentive Payment D Look-Back Date*"). If a Later Litigating Subdivision's lawsuit in that Settling State survives more than six (6) months after denial in whole or in part a Threshold Motion after that date, that Settling State shall not be eligible for Incentive Payment D for the Payment Year in which that occurs and any subsequent Payment Year.

f. The Incentive Payment D for any Settling State qualifying for Incentive Payment D in Payment Years 6-9 shall be equal to between three percent (3%) and ten percent (10%) of the State Remediation Payment times the Settling State's Overall Allocation Percentage specified in Exhibit F. The applicable percentage shall be determined based on the Participation Percentage of Incentive BC Eligible Subdivision Population achieved by the Settling State as of sixty (60) days prior to the Payment Date for Payment Year 6 as shown in the table below:

[6] The Incentive Payment BC table specified in Section IV.H.5.e and Incentive Payment D table specified in Section IV.H.6.f operate so that the combined amount of Incentive Payment BC and Incentive Payment D cannot exceed sixty-two percent (62%) of the Adjusted State Remediation Payment over the term of the Agreement. Albertsons will have no obligation to pay more than $406,170,957.84 for the combined amounts of Incentive Payment BC and Incentive Payment D minus any offsets for Non-Settling States specified in Section IV.F.

Participation Percentage of Incentive BC Eligible Subdivision Population as of sixty (60) days prior to the Payment Date for Payment Year 6	Each Eligible Settling State's Applicable Incentive Payment D Percentage
Participation of less than 95%	10% of State Allocation
Participation of 95% but less than 96%	9% of State Allocation
Participation of 96% but less than 97%	8% of State Allocation
Participation of 97% but less than 98%	7% of State Allocation
Participation of 98% but less than 99%	6% of State Allocation
Participation of 99% but less than 100%	5% of State Allocation
Participation of 100%	3% of State Allocation

g. Incentive Payment D shall be paid in four equal installments. Prior to making the Annual Remediation Payment for Payment Years 6-9, the Settlement Fund Administrator shall determine a Settling State's qualification for Incentive Payment D as of the Incentive Payment D Look-Back Date for that Payment Year. Prior to the Incentive Payment D Look-Back Date for each Payment Year, Albertsons may provide the Settlement Fund Administrator and the Enforcement Committee with notice identifying any Settling State(s) it believes do not qualify for Incentive Payment D and information supporting its belief.

h. Notwithstanding Section IV.H.6.d and Section IV.H.6.e, a Settling State can become re-eligible for Incentive Payment D if the lawsuit that survived a Threshold Motion is dismissed pursuant to a later motion on grounds included in the Threshold Motion, in which case the Settling State shall be eligible for Incentive Payment D less any litigation fees and costs incurred by Albertsons in the interim, except that if the dismissal motion occurs after the completion of opening statements in such action, the Settling State shall not be eligible for Incentive Payment D.

7. Incentive Payment Earn-Back. Upon calculation of Incentive Payments A, BC, and D for Payment Year 9, all Incentive Payment amounts that have been unearned by any Settling State under this Agreement for Payment Years 2-9 will be aggregated to determine the Total Unearned Incentive Payments for all Settling States. In Payment Year 9, the Settling States can collectively qualify to receive the Total Unearned Incentive Payments, up to a maximum of 2% of the State Remediation Payment ($13,102,288.96) (the "Potential Earn-Back Amount"), if there has been no lawsuit for Covered Conduct against a Released Entity by a Non-Eligible State or Subdivision in a Non-Eligible State that survived more than six (6) months after denial in whole or in part of a Threshold Motion. If, at any point prior to Payment Year 9, any lawsuit for Covered Conduct against a Released Entity by a Non-Eligible State or Subdivision in a Non-Eligible State survives more than (6) months after denial in whole or in part of a Threshold Motion, no Settling State is eligible for any portion of the Potential Earn-Back Amount. If no lawsuit for Covered Conduct against a Released Entity by a Non-Eligible State or Subdivision in a Non-Eligible State survives more than six (6) months after denial in whole or in part of a Threshold Motion, then the Settling States will receive the Potential Earn-Back Amount in accordance with the Overall Allocation Percentages in Exhibit F.

I. In no event shall any Settling State receive Base Payments and Incentive Payments A, BC, and D totaling more than one hundred percent (100%) of its respective Overall Allocation Percentage specified in Exhibit F times the State Remediation Payment. However, if the requirements in Section IV.H.7 are met by the Settling States, a Settling State may receive Base Payments and Incentive Payments totaling more than one hundred percent (100%) of its respective Overall Allocation Percentage specified in Exhibit F times the State Remediation Payment.

V. Allocation and Use of Settlement Payments

A. *Components of Settlement Fund.* The Settlement Fund shall be funded by the Annual Remediation Payments and comprised of a Remediation Accounts Fund, a State Fund, and a Subdivision Fund for each Settling State. The payments made under Section IV into the Settlement Fund shall be initially allocated among those three (3) sub-funds and distributed and used as provided below. Payments placed into the Settlement Fund do not revert back to Albertsons.

B. *Use of Settlement Payments.*

1. It is the intent of the Parties that the payments disbursed from the Settlement Fund to Settling States and Participating Subdivisions be for Opioid Remediation, subject to exceptions that must be documented in accordance with Section V.B.2. In no event may less than ninety-five (95%) of Albertsons's maximum amount of payments pursuant to Section IV as set forth on Exhibit M-2 over the entirety of all Payments Years (but not any single Payment Year) be spent on Opioid Remediation.

2. While disfavored by the Parties, a Settling State or a Participating Subdivision set forth on Exhibit G may use monies from the Settlement Fund (that have not been restricted by this Agreement solely to future Opioid Remediation) for purposes that do not qualify as Opioid Remediation. If, at any time, a Settling State or a Participating Subdivision set forth on Exhibit G uses any monies from the Settlement Fund for a purpose that does not qualify as Opioid Remediation, such Settling State or Participating Subdivision set forth on Exhibit G shall identify such amounts and report to the Settlement Fund Administrator and Albertsons how such funds were used, including if used to pay attorneys' fees, investigation costs, litigation costs, or costs related to the operation and enforcement of this Agreement, respectively. It is the intent of the Parties that the reporting under this Section V.B.2 shall be available to the public. For the avoidance of doubt, (a) any amounts not identified under this Section V.B.2 as used to pay attorneys' fees, investigation costs, or litigation costs shall be included in the Compensatory Restitution Amount for purposes of Section V.F and (b) Participating Subdivisions not listed on Exhibit G may only use monies from the Settlement Fund for purposes that qualify as Opioid Remediation.

C. *Allocation of Settlement Fund.* The allocation of the Settlement Fund allows for different approaches to be taken in different states, such as through a State-Subdivision Agreement. Given the uniqueness of Settling States and their Subdivisions, Settling States and their Subdivisions are encouraged to enter into State-Subdivision Agreements in order to direct the allocation of their portion of the Settlement Fund. As set out below, the Settlement Fund Administrator will make an initial allocation to three (3) state-level sub-funds. The Settlement

Fund Administrator will then, for each Settling State and its Participating Subdivisions, apply the terms of this Agreement and any relevant State-Subdivision Agreement, Statutory Trust, Allocation Statute, or voluntary redistribution of funds as set out below before disbursing the funds.

1. Base Payments. The Settlement Fund Administrator will allocate Base Payments under Section IV.G among the Settling States pursuant to Section IV.G.2. Base payments for each Settling State will then be allocated fifteen percent (15%) to its State Fund, seventy percent (70%) to its Remediation Accounts Fund, and fifteen percent (15%) to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in Section V.D.

2. Incentive Payments. The Settlement Fund Administrator will treat Incentive Payments under Section IV.H on a state-specific basis. Incentive Payments for which a Settling State is eligible under Section IV.H will be allocated fifteen percent (15%) to its State Fund, seventy percent (70%) to its Remediation Accounts Fund, and fifteen percent (15%) to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in Section V.D.

3. Application of Adjustments. If an offset or reduction under Section XII applies with respect to a Settling State, the offset or reduction shall be applied proportionally to all amounts that would otherwise be apportioned and distributed to the State Fund, the Remediation Accounts Fund, and the Subdivision Fund for that Settling State.

4. Settlement Fund Administrator. Prior to the Effective Date, Albertsons and the Enforcement Committee will agree to a detailed mechanism consistent with the foregoing for the Settlement Fund Administrator to follow in allocating, apportioning, and distributing payments, which shall then be appended hereto as Exhibit L.

5. Settlement Fund Administrator Costs. Any costs and fees associated with or arising out of the duties of the Settlement Fund Administrator as described in Exhibit L shall be paid from the interest accrued in the Settlement Fund Escrow and the Settlement Fund; *provided, however,* that if such accrued interest is insufficient to pay the entirety of any such costs and fees, Albertsons shall pay fifty percent (50%) of the additional amount and fifty percent (50%) shall be paid out of the Settlement Fund.

D. *Settlement Fund Reallocation and Distribution*. As set forth below, within a particular Settling State's account, amounts contained in the Settlement Fund sub-funds may be reallocated and distributed per a State-Subdivision Agreement or other means. If the apportionment of amounts is not addressed and controlled under Section V.D.1 and Section V.D.2, then the default provisions of Section V.D.4 apply. It is not necessary that a State-Subdivision Agreement or other means of allocating funds pursuant to Section V.D.1 and Section V.D.2 address all of the Settlement Fund sub-funds. For example, a Statutory Trust might only address disbursements from a Settling State's Remediation Accounts Fund.

1. Distribution by State-Subdivision Agreement. If a Settling State has a State-Subdivision Agreement, amounts apportioned to that Settling State's State Fund, Remediation Accounts Fund, and Subdivision Fund under Section V.C shall be reallocated and distributed as provided by that agreement. Any State-Subdivision Agreement entered into after the Preliminary

Agreement Date shall be applied only if it requires: (a) that all amounts be used for Opioid Remediation, except as allowed by Section V.B.2, and (b) that at least seventy percent (70%) of amounts be used solely for future Opioid Remediation.[7] For a State-Subdivision Agreement to be applied to the relevant portion of an Annual Payment, notice must be provided to Albertsons and the Settlement Fund Administrator at least sixty (60) calendar days prior to the Payment Date.

2. Distribution by Allocation Statute. If a Settling State has an Allocation Statute and/or a Statutory Trust that addresses allocation or distribution of amounts apportioned to such Settling State's State Fund, Remediation Accounts Fund, and/or Subdivision Fund and that, to the extent any or all such sub-funds are addressed, requires (1) all amounts to be used for Opioid Remediation, except as allowed by Section V.B.2, and (2) at least seventy percent (70%) of all amounts to be used solely for future Opioid Remediation then, to the extent allocation or distribution is addressed, the amounts apportioned to that Settling State's State Fund, Remediation Accounts Fund, and Subdivision Fund under Section V.C shall be allocated and distributed as addressed and provided by the applicable Allocation Statute or Statutory Trust. For the avoidance of doubt, an Allocation Statute or Statutory Trust need not address all three (3) sub-funds that comprise the Settlement Fund, and if the applicable Allocation Statute or Statutory Trust does not address distribution of all or some of these three (3) sub-funds, the applicable Allocation Statute or Statutory Trust does not replace the default provisions described in Section V of any such unaddressed fund. For example, if an Allocation Statute or Statutory Trust that meets the requirements of this Section V.D.2 only addresses funds restricted to remediation, then the default provisions of this Agreement concerning allocation among the three (3) sub-funds comprising the Settlement Fund and the distribution of the State Fund and Subdivision Fund for that Settling State would still apply, while the distribution of the applicable State's Remediation Accounts Fund would be governed by the qualifying Allocation Statute or Statutory Trust.

3. Voluntary Redistribution. A Settling State may choose to reallocate all or a portion of its State Fund to its Remediation Accounts Fund. A Participating Subdivision included on Exhibit G may choose to reallocate all or a portion of its allocation from the Subdivision Fund to the Settling State's Remediation Accounts Fund or to another Participating Subdivision. The Settlement Fund Administrator is not required to honor a voluntary redistribution for which notice is provided to it less than sixty (60) calendar days prior to the applicable Payment Date.

4. Distribution in the Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. If Section V.D.1 and Section V.D.2 do not apply, amounts apportioned to that Settling State's State Fund, Remediation Accounts Fund, and Subdivision Fund under Section V.C shall be distributed as follows:

a. Amounts apportioned to that Settling State's State Fund shall be distributed to that Settling State.

b. Amounts apportioned to that Settling State's Remediation Accounts Fund shall be distributed consistent with Section V.E. Each Settling State shall

[7] Future Opioid Remediation includes amounts paid to satisfy any future demand by another governmental entity to make a required reimbursement in connection with the past care and treatment of a person related to the Alleged Harms

submit to the Settlement Fund Administrator a designation of a lead state agency or other entity to serve as the single point of contact for that Settling State's funding requests from the Remediation Accounts Fund and other communications with the Settlement Fund Administrator. The designation of an individual entity is for administrative purposes only and such designation shall not limit funding to such entity or even require that such entity receive funds from this Agreement. The designated entity shall be the only entity authorized to request funds from the Settlement Fund Administrator to be disbursed from that Settling State's Remediation Accounts Fund. If a Settling State has established a Statutory Trust then that Settling State's single point of contact may direct the Settlement Fund Administrator to release the Settling State's Remediation Accounts Fund to the Statutory Trust.

c. Amounts apportioned to that Settling State's Subdivision Fund shall be distributed to Participating Subdivisions in that Settling State included on Exhibit G per the Subdivision Allocation Percentage listed in Exhibit G. Section VII.I shall govern amounts that would otherwise be distributed to Non-Participating Subdivisions listed in Exhibit G. For the avoidance of doubt and notwithstanding any other provision in this Agreement, no Non-Participating Subdivision will directly receive any amount from the Settlement Fund, regardless of whether such Subdivision is included on Exhibit G.

d. Special Districts shall not be allocated funds from the Subdivision Fund, except through a voluntary redistribution allowed by Section V.D.3 to Special Districts that are Participating Subdivisions. A Settling State may allocate funds from its State Fund or Remediation Accounts Fund for Special Districts that are Participating Subdivisions.

5. Restrictions on Distribution. No amounts may be distributed from the Subdivision Fund contrary to Section VII, i.e., no amounts may be distributed directly to Non-Participating Subdivisions or to Later Participating Subdivisions to the extent such a distribution would violate Section VII.E through Section VII.H. Amounts allocated to the Subdivision Fund that cannot be distributed by virtue of the preceding sentence shall be distributed into the sub-account in the Remediation Accounts Fund for the Settling State in which the Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement described in Section V.D.1 or by an Allocation Statute or a Statutory Trust described in Section V.D.2.

E. *Provisions Regarding the Remediation Accounts Fund.*

1. State-Subdivision Agreement, Allocation Statute, and Statutory Trust Fund Provisions. A State-Subdivision Agreement, Allocation Statute, or Statutory Trust may govern the operation and use of amounts in that Settling State's Remediation Accounts Fund so long as it complies with the requirements of Section V.D.1 or Section V.D.2, as applicable, and all direct payments to Subdivisions comply with Section VII.E through Section VII.H.

2. Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. In the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust that

addresses distribution, the Remediation Accounts Fund will be used solely for future Opioid Remediation and the following shall apply with respect to a Settling State:

a. Regional Remediation.

(i) At least fifty percent (50%) of distributions for remediation from a Settling State's Remediation Accounts Fund shall be annually allocated and tracked to the regional level. A Settling State may allow the Advisory Committee established pursuant to Section V.E.2.d to define its regions and assign regional allocations percentages. Otherwise, the Settling State shall (A) define its initial regions, which shall consist of one (1) or more General Purpose Subdivisions and which shall be designated by the state agency with primary responsibility for substance abuse disorder services employing, to the maximum extent practical, existing regions established in that Settling State for opioid abuse treatment or other public health purposes; (B) assign initial regional allocation percentages to the regions based on the Subdivision Allocation Percentages in Exhibit G and an assumption that all Subdivisions included on Exhibit G will become Participating Subdivisions.

(ii) This minimum regional expenditure percentage is calculated on the Settling State's initial Remediation Accounts Fund allocation and does not include any additional amounts a Settling State has directed to its Remediation Accounts Fund from its State Fund, or any other amounts directed to the fund. A Settling State may dedicate more than fifty percent (50%) of its Remediation Accounts Fund to the regional expenditure and may annually adjust the percentage of its Remediation Accounts Fund dedicated to regional expenditures as long as the percentage remains above the minimum amount.

(iii) The Settling State (A) has the authority to adjust the definition of the regions, and (B) may annually revise the percentages allocated to each region to reflect the number of General Purpose Subdivisions in each region that are Non-Participating Subdivisions.

b. *Subdivision Block Grants.* Certain Subdivisions shall be eligible to receive regional allocation funds in the form of a block grant for future Opioid Remediation. A Participating Subdivision eligible for block grants is a county or parish (or in the case of Settling States that do not have counties or parishes that function as political subdivisions, a city) that (1) does not contain a Litigating Subdivision or a Later Litigating Subdivision for which it has the authority to end the litigation through a release, bar or other action, (2) either (i) has a population of 400,000 or more or (ii) in the case of California has a population of 750,000 or more and (3) has funded or otherwise managed an established health care or treatment infrastructure *(e.g.,* health department or similar agency). Each Subdivision eligible to receive block grants shall be assigned its own region.

c. *Small Settling States.* Notwithstanding the provisions of Section V.E.2.a, Settling States with populations under four (4) million that do not have existing regions described in Section V.E.2.a shall not be required to establish regions. However, such a Settling State that contains one (1) or more Subdivisions eligible for block grants under Section V.E.2.b shall be divided regionally so that each block-grant eligible Subdivision is a region and the remainder of the state is a region.

d. *Advisory Committee.* The Settling State shall designate an Opioid Settlement Remediation Advisory Committee (the *"Advisory Committee")* to provide input and recommendations regarding remediation spending from that Settling State's Remediation Accounts Fund. A Settling State may elect to use an existing advisory committee or similar entity (created outside of a State-Subdivision Agreement or Allocation Statute); *provided, however,* the Advisory Committee or similar entity shall meet the following requirements:

(i) Written guidelines that establish the formation and composition of the Advisory Committee, terms of service for members, contingency for removal or resignation of members, a schedule of meetings, and any other administrative details;

(ii) Composition that includes at least an equal number of local representatives as state representatives;

(iii) A process for receiving input from Subdivisions and other communities regarding how the opioid crisis is affecting their communities, their remediation needs, and proposals for remediation strategies and responses; and

(iv) A process by which Advisory Committee recommendations for expenditures for Opioid Remediation will be made to and considered by the appropriate state agencies.

3. Remediation Accounts Fund Reporting. The Settlement Fund Administrator shall track and assist in the report of remediation disbursements as agreed to between Albertsons and the Enforcement Committee

F. *Nature of Payment*. Albertsons, the Settling States, and the Participating Subdivisions each acknowledge and agree that notwithstanding anything to the contrary in this Agreement, including, but not limited to, the scope of the Released Claims:

1. They have entered into this Agreement to avoid the delay, expense, inconvenience, and uncertainty of further litigation;

2. (a) The Settling States and Participating Subdivisions sought compensatory restitution and remediation for alleged damage or harm caused by the potential violation of a law (within the meaning of 26 U.S.C. § 162(f)(2)(A) and 26 C.F.R. § 1.162-21(e)(4)(i) as

damages for the Alleged Harms allegedly suffered by the Settling States and Participating Subdivisions; (b) the Compensatory Restitution Amount is less than or equal to the amount, in the aggregate, of the Alleged Harms allegedly suffered by the Settling States and Participating Subdivisions; and (c) the portion of the Compensatory Restitution Amount received by each Settling State or Participating Subdivision is less than or equal to the amount of the Alleged Harms allegedly suffered by such Settling State or Participating Subdivision;

3. The payment of the Compensatory Restitution Amount by Albertsons constitutes, and is paid for, compensatory restitution and remediation for alleged damage or harm caused by the potential violation of a law (within the meaning of 26 U.S.C. § 162(f)(2)(A) and 26 C.F.R. § 1.162-21(e)(4)(i) in order to restore, in whole or in part, the Settling States, Participating Subdivisions, and persons to the same position or condition that they would be in had the Settling States, Participating Subdivisions, and persons not suffered the Alleged Harms, and constitutes compensatory restitution and remediation for alleged damage or harm allegedly caused by the potential violation of a law; and

4. For the avoidance of doubt: (a) the entire Compensatory Restitution Amount is properly characterized as described in Section V.F, (b) no portion of the Compensatory Restitution Amount represents reimbursement to any Settling State or Participating Subdivision or other person or entity for the fees or costs of any investigation or litigation, including without limitation attorneys' fees, (c) no portion of the Global Settlement Amount constitutes the disgorgement of any allegedly ill-gotten gains, and (d) no portion of the Global Settlement Amount is paid for, is in place of, or is properly characterized as the payment of any fine, penalty, punitive damages, or other punitive assessments.

VI. Enforcement

A. *Enforceability.* This Agreement is enforceable only by the Settling States and Albertsons; *provided, however,* that Released Entities may enforce Section X and Participating Subdivisions listed on Exhibit G have the enforcement rights described later in this paragraph and in Section VI.D. Except to the extent allowed by the Injunctive Relief Terms, Settling States and Participating Subdivisions shall not have enforcement rights against Albertsons with respect to either the terms of this Agreement that apply only to or in other Settling States or any Consent Judgment entered into by another Settling State. Participating Subdivisions shall not have enforcement rights against Albertsons with respect to this Agreement or any Consent Judgment except that Participating Subdivisions listed on Exhibit G shall have enforcement rights as set forth herein as to payments that would be allocated to the Participating Subdivisions or the Remediation Accounts Fund in such Settling State; *provided, however,* that each Settling State shall allow Participating Subdivisions in such Settling State to notify it of any perceived violations of this Agreement or the applicable Consent Judgment.

B. *Jurisdiction.* Albertsons consents to the jurisdiction of the court in which each Settling State files its Consent Judgment, limited to resolution of disputes identified in Section VI.F.1 for resolution in that court.

C. *Specific Terms Dispute Resolution.*

1. Any dispute that is addressed by the provisions set forth in the Injunctive Relief Terms shall be resolved as provided therein.

2. In the event that Albertsons believes that the ninety-five percent (95%) threshold established in Section V.B.1 is not being satisfied, any Party may request that Albertsons and the Enforcement Committee meet and confer regarding the use of funds to implement Section V.B.1. The completion of such meet-and-confer process is a precondition to further action regarding any such dispute. Further action concerning Section V.B.1 shall: (i) be limited to Albertsons seeking to reduce its Annual Remediation Payments by no more than five percent (5%) of the difference between the actual amount of Opioid Remediation and the ninety-five percent (95%) threshold established in Section V.B.1; (ii) only reduce Annual Remediation Payments to those Settling States and their Participating Subdivision(s) that are below the ninety-five percent (95%) threshold established in Section V.B.1; and (iii) not reduce Annual Remediation Payments restricted to future Opioid Remediation.

D. *State-Subdivision Enforcement.*

1. A Subdivision shall not have enforcement rights against a Settling State in which it is located with respect to this Agreement or any Consent Judgment except that a Participating Subdivision listed on Exhibit G shall have enforcement rights (a) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust with respect to intrastate allocation or (b) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, to allegations that (i) the Settling State's use of Remediation Accounts Fund monies were not used for uses similar to or in the nature of those uses contained in Exhibit E; or (ii) a Settling State failed to pay funds directly from the Remediation Accounts Fund to a Participating Subdivision eligible to receive a block grant pursuant to Section V.E.2.b.

2. A Settling State shall have enforcement rights against a Participating Subdivision located in its territory (a) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust; or (b) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, to allegations that the Participating Subdivisions' uses of Remediation Accounts Fund monies were not used for purposes similar to or in the nature of those uses contained in Exhibit E.

3. As between the Settling States and Participating Subdivisions, the above rights are contractual in nature and nothing herein is intended to limit, restrict, change or alter any other existing rights under law.

E. *Subdivision Albertsons Payment Enforcement.* A Participating Subdivision listed on Exhibit G shall have the same right as a Settling State to seek resolution regarding the failure by Albertsons to make its Annual Remediation Payment in a Payment Year.

F. *Other Terms Regarding Dispute Resolution.*

1. Except to the extent provided by Section VI.C or Section VI.F.2, all disputes shall be resolved in either the court that entered the relevant Consent Judgment or, if no such Consent

Judgment was entered, a state or territorial court with jurisdiction located wherever the seat of the relevant state government is located.

a. State court proceedings shall be governed by the rules and procedures of the relevant forum.

b. For the avoidance of doubt, disputes to be resolved in state court include, but are not limited to, the following:

(i) disputes concerning whether expenditures qualify as Opioid Remediation;

(ii) disputes between a Settling State and its Participating Subdivisions as provided by Section VI.D, except to the extent the State-Subdivision Agreement provides for other dispute resolution mechanisms. For the avoidance of doubt, disputes between a Settling State and any Participating Subdivision shall not be considered National Disputes;

(iii) whether this Agreement and relevant Consent Judgment are binding under state law;

(iv) the extent of the Attorney General's or other participating entity's authority under state law, including the extent of the authority to release claims; and

(v) whether the definition of a Bar, a Case-Specific Resolution, Final Order, lead state agency as described in Section V.D.4.b, Later Litigating Subdivision, Litigating Subdivision, or Threshold Motion have been met; and

(vi) all other disputes not specifically identified in Section VI.C or Section VI.F.2.

c. Any Party may request that the National Arbitration Panel provide an interpretation of any provision of the settlement that is relevant to the state court determination, and the National Arbitration Panel shall make reasonable best efforts to supply such interpretation within the earlier of thirty (30) calendar days or the time period required by the state court proceedings. Any Party may submit that interpretation to the state court to the extent permitted by, and for such weight provided by, the state court's rules and procedures. If requested by a Party, the National Arbitration Panel shall request that its interpretation be accepted in the form of an *amicus curiae* brief, and any attorneys' fees and costs for preparing any such filing shall be paid for by the requesting Party.

2. National Disputes involving a Settling State, a Participating Subdivision that has enforcement rights pursuant to Section VI.A, and/or Albertsons shall be resolved by the National Arbitration Panel.

a. National Disputes are disputes that are not addressed by Section VI.C, and which are exceptions to Section VI.F.1's presumption of resolution in state courts because they involve issues of interpretation of terms contained in this Agreement applicable to all Settling States without reference to a particular state's law. Disputes between a Settling State and any Participating Subdivision shall not be considered National Disputes. National Disputes are limited to the following:

(i) the amount of offset and/or credit attributable to Non-Settling States;

(ii) issues involving the scope and definition of Product;

(iii) interpretation and application of the terms "Covered Conduct," "Released Entities," and "Released Claims";

(iv) the failure by Albertsons to pay the Annual Remediation Payment or the Additional Restitution Amount in a Payment Year, but for the avoidance of doubt, disputes between Albertsons and a Settling State over the amounts owed only to that state that do not affect any other Settling State shall not be considered National Disputes;

(v) the interpretation and application of any most-favored-nation provision in Section XIII.D;

(vi) questions regarding the performance and/or removal of the Settlement Fund Administrator;

(vii) disputes involving liability of successor entities;

(viii) disputes that require a determination of the sufficiency of participation in order to qualify for Incentive Payments A, BC or D;

(ix) disputes involving a Releasor's compliance with, and the appropriate remedy under, Section X.B.4.c;

(x) disputes requiring the interpretation of Agreement terms that are national in scope or impact, which shall mean disputes requiring the interpretation of Agreement terms that (i) concretely affect four (4) or more Settling States; and (ii) do not turn on unique definitions and interpretations under state law; and

(xi) any dispute subject to resolution under Section VI.F.1 but for which all parties to the dispute agree to arbitration before the National Arbitration Panel under the provisions of this Section VI.F.2.

b. The National Arbitration Panel shall be comprised of three (3) arbitrators. One (1) arbitrator shall be chosen by Albertsons, one (1) arbitrator shall be chosen by the Enforcement Committee with due input from Participating

Subdivisions listed on Exhibit G, and the third arbitrator shall be agreed upon by the first two (2) arbitrators. The membership of the National Arbitration Panel is intended to remain constant throughout the term of this Agreement, but in the event that replacements are required, the retiring arbitrator shall be replaced by the party that selected him/her.

c. The National Arbitration Panel shall make reasonable best efforts to decide all matters within one hundred eighty (180) calendar days of filing, and in no event shall it take longer than one (1) year.

d. The National Arbitration Panel shall conduct all proceedings in a reasonably streamlined process consistent with an opportunity for the parties to be heard. Issues shall be resolved without the need for live witnesses where feasible and with a presumption in favor of remote participation to minimize the burdens on the parties.

e. To the extent allowed under state law, a Settling State, a Participating Subdivision that has enforcement rights pursuant to Section VI.A, and (at any party's request) the National Arbitration Panel may certify to an appropriate state court any question of state law. The National Arbitration Panel shall be bound by a final state court determination of such a certified question. The time period for the arbitration shall be tolled during the course of the certification process.

f. The arbitrators will give due deference to any authoritative interpretation of state law, including any declaratory judgment or similar relief obtained by a Settling State, a Participating Subdivision that has enforcement rights pursuant to Section VI.A, or Albertsons on a state law issue.

g. The decisions of the National Arbitration Panel shall be binding on Settling States, Participating Subdivisions, Albertsons, and the Settlement Fund Administrator. In any proceeding before the National Arbitration Panel involving a dispute between a Settling State and Albertsons whose resolution could prejudice the rights of a Participating Subdivision(s) in that Settling State, such Participating Subdivision(s) shall be allowed to file a statement of view in the proceeding.

h. Nothing herein shall be construed so as to limit or otherwise restrict a Settling State from seeking injunctive or other equitable relief in state court to protect the health, safety, or welfare of its citizens.

i. Each party shall bear its own costs in any arbitration or court proceeding arising under this Section VI. The costs for the arbitrators on the National Arbitration Panel shall be divided and paid equally by the disputing sides for each individual dispute, e.g., a dispute between Albertsons and Settling States/Participating Subdivisions shall be split fifty percent (50%) by Albertsons and fifty percent (50%) by the Settling States/Participating Subdivisions that are parties to the dispute; a dispute between a Settling State and a Participating Subdivision shall be split fifty percent (50%) by the Settling State that is party to

the dispute and fifty percent (50%) by any Participating Subdivisions that are parties to the dispute.

3. Prior to initiating an action to enforce pursuant to this Section VI.F, the complaining party must:

a. Provide written notice to the Enforcement Committee and/or Albertsons of its complaint, including the provision of the Consent Judgment and/or Agreement that the practice appears to violate, as well as the basis for its interpretation of the disputed provision. The Enforcement Committee shall establish a reasonable process and timeline for obtaining additional information from the involved parties; *provided, however,* that the date the Enforcement Committee establishes for obtaining additional information from the parties shall not be more than forty-five (45) calendar days following the notice. The Enforcement Committee may advise the involved parties of its views on the complaint and/or seek to resolve the complaint informally.

b. Wait to commence any enforcement action until thirty (30) calendar days after the date that the Enforcement Committee establishes for obtaining additional information from the involved parties.

4. If the parties to a dispute cannot agree on the proper forum for resolution of the dispute under the provisions of Section VI.F.1 or Section VI.F.2, a committee comprising the Enforcement Committee and sufficient representatives of Albertsons such that the members of the Enforcement Committee have a majority of one (1) member will determine the forum where the dispute will be initiated within twenty-eight (28) calendar days of receiving notification of the dispute relating to the proper forum. The forum identified by such committee shall be the sole forum for litigating the issue of which forum will hear the substantive dispute, and the committee's identification of such forum in the first instance shall not be entitled to deference by the forum selected.

G. To the extent allowed by applicable law, this Settlement Agreement shall not be deemed to create a lien or encumbrance against any real property owned by Albertsons or its affiliates, unless in the event of a default or breach of the payment provisions by Albertsons. Nothing in this Section shall be construed to limit any remedy of any Settling State or Participating Subdivision in the event of a default or breach of this Agreement by Albertsons.

H. *No Effect.* Nothing in this Agreement shall be interpreted to limit the Settling States' Civil Investigative Demand *("CID")* or investigative subpoena authority, to the extent such authority exists under applicable state law and the CID or investigative subpoena is issued pursuant to such authority, and Albertsons reserve all of its rights in connection with a CID or investigative subpoena issued pursuant to such authority.

VII. Participation by Subdivisions

A. *Notice.* No later than fifteen (15) calendar days after the Preliminary Agreement Date, the Implementation Administrator shall send individual written notice (which may be

delivered via e-mail or other electronic means and may be combined with distribution of the Subdivision Settlement Participation Form) of the opportunity to participate in this Agreement and the requirements of participation to all Subdivisions in the Settling States that are (1) Litigating Subdivisions or (2) Non-Litigating Subdivisions listed on Exhibit G. To the extent a Special District is entitled to an allocation for a direct payment through its inclusion in Exhibit G pursuant to a State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution, the Implementation Administrator, with the cooperation of the Settling States shall also send individual written notice (which may be delivered via e-mail or other electronic means) of the opportunity to participate in this Agreement and the requirements of participation to such Special Districts. Unless otherwise agreed by the Parties, the version of Exhibit G used for notice shall be the one in place as of the Preliminary Agreement Date. Notice (which may be delivered via e-mail or other electronic means) shall also be provided simultaneously to counsel of record for Litigating Subdivisions and known counsel for Non-Litigating Subdivisions and Special Districts listed on Exhibit G. Up to $1,500,000 of the costs of the Implementation Administrator shall be paid for by Albertsons. The Settling States, with the cooperation of Albertsons, may also provide general notice reasonably calculated to alert Non-Litigating Subdivisions in the Settling States to this Agreement, the opportunity to participate in it, and the requirements for participation. Such notice may include publication and other standard forms of notification, as well as notice to state and county organizations such as the National Association of Counties and the National League of Cities. The notice will include that the deadline for becoming an Initial Participating Subdivision is the Initial Participation Date. Nothing contained herein shall preclude a Settling State from providing further notice to or otherwise contacting any of its Subdivisions about becoming a Participating Subdivision, including beginning any of the activities described in this paragraph prior to the Preliminary Agreement Date.

B. *Requirements for Becoming a Participating Subdivision—Non-Litigating Subdivisions.* A Non-Litigating Subdivision in a Settling State may become a Participating Subdivision by returning an executed Subdivision Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) specifying (1) that the Subdivision agrees to the terms of this Agreement pertaining to Subdivisions, (2) that the Subdivision releases all Released Claims against all Released Entities, (3) that the Subdivision agrees to use monies it receives, if any, from the Settlement Fund pursuant to the applicable requirements of Section V; *provided, however,* that Non-Litigating Subdivisions may only use monies originating from the Settlement Fund for purposes that qualify as Opioid Remediation, and (4) that the Subdivision submits to the jurisdiction of the court where the applicable Consent Judgment is filed for purposes limited to that court's role under this Agreement. The required Subdivision Settlement Participation Form is attached as Exhibit K.

C. *Requirements for Becoming a Participating Subdivision—Litigating Subdivisions/Later Litigating Subdivisions.* A Litigating Subdivision or Later Litigating Subdivision in a Settling State may become a Participating Subdivision by returning an executed Subdivision Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) and upon prompt dismissal with prejudice of its lawsuit following the Reference Date or the date on which the conditions for

effectiveness in Section VIII.B have been met, whichever is later. A Settling State may require each Litigating Subdivision in that Settling State to specify on the Subdivision Settlement Participation Form whether its counsel has waived any contingency fee contract with that Participating Subdivision and whether, if eligible, it intends to seek fees pursuant to Exhibit R. The Settlement Fund Administrator shall provide quarterly reports of this information to the parties organized by Settling State. A Litigating Subdivision or Later Litigating Subdivision may not become a Participating Subdivision after the completion of opening statements in a trial of the lawsuit it brought that includes a Released Claim against a Released Entity.

D. *Initial Participating Subdivisions.* A Subdivision qualifies as an Initial Participating Subdivision if it meets the applicable requirements for becoming a Participating Subdivision set forth in Section VII.B or Section VII.C by the Initial Participation Date. All Subdivision Settlement Participation Forms shall be held in escrow by the Implementation Administrator until the Reference Date. If, for any reason, the Agreement does not become effective, all obligations created by such forms and releases in them shall be void *ab initio* and/ all Subdivision Participation Agreements shall be returned to Counsel for Litigating Subdivisions or to the Subdivisions not represented by counsel or destroyed to the extent that such destruction is not prohibited by then existing document preservation obligations.

E. *Later Participating Subdivisions.* A Subdivision that is not an Initial Participating Subdivision may become a Later Participating Subdivision by meeting the applicable requirements for becoming a Participating Subdivision set forth in Section VII.B or Section VII.C after the Initial Participation Date and by agreeing to be subject to the terms of a State-Subdivision Agreement (if any) or any other structure adopted or applicable pursuant to Section V.D or Section V.E. The following provisions govern what a Later Participating Subdivision can receive (but do not apply to Initial Participating Subdivisions):

1. A Later Participating Subdivision shall not receive any share of any Annual Remediation Payment due before it became a Participating Subdivision.

2. A Later Participating Subdivision that becomes a Participating Subdivision after June 30, 2027, shall receive seventy-five percent (75%) of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Subdivision prior to that date (unless the Later Participating Subdivision is subject to Section VII.E.3 or Section VII.E.4).

3. A Later Participating Subdivision that, after the Initial Participation Date, maintains a lawsuit for a Released Claim(s) against a Released Entity and has judgment entered against it on every such Claim before it became a Participating Subdivision (other than a consensual dismissal with prejudice) shall receive fifty percent (50%) of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Subdivision prior to such judgment; *provided, however,* that if the Subdivision appeals the judgment and the judgment is affirmed with finality before the Subdivision becomes a Participating Subdivision, the Subdivision shall not receive any share of any Base Payment or Incentive Payments.

4. A Later Participating Subdivision that becomes a Participating Subdivision while a Bar or Case-Specific Resolution involving a different Subdivision exists in its state shall receive

twenty-five percent (25%) of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Subdivision without such Bar or Case-Specific Resolution.

F. *No Increase in Payments.* Amounts to be received by Later Participating Subdivisions shall not increase the payments due from Albertsons.

G. *Ineligible Subdivisions.* Prior Litigating Subdivisions whose claims have already been resolved, Subdivisions located in Non-Settling States, and Subdivisions not located in Eligible States cannot be Participating Subdivisions.

H. *Non-Participating Subdivisions.* Non-Participating Subdivisions shall not directly receive any portion of any Annual Remediation Payment, including from the State Fund and direct distributions from the Remediation Accounts Fund; however, a Settling State may choose to fund future Opioid Remediation that indirectly benefits Non-Participating Subdivisions.

I. *Unpaid Allocations to Later Participating Subdivisions and Non-Participating Subdivisions.* Any Base Payment and Incentive Payments allocated pursuant to Section V.D to a Later Participating Subdivision or Non-Participating Subdivision that cannot be paid pursuant to this Section VII, including the amounts that remain unpaid after the reductions required by Section VII.E.2 through Section VII.E.4, will be allocated to the Remediation Accounts Fund for the Settling State in which the Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement or by a Statutory Trust.

VIII. Condition to Effectiveness of Agreement and Filing of Consent Judgment

A. *Determination to Proceed with Settlement—Settling States*. Following the Initial Participation Date, the Settling States on the Enforcement Committee shall determine whether to proceed with the Agreement. No later than fifteen (15) calendar days prior to the Reference Date, the Settling States shall provide notice to Albertsons and the Enforcement Committee of their decision. If the Settling States elect not to proceed, this Agreement will have no further effect, and all releases (including those contained in Subdivision Participation Agreements) and other commitments or obligations contained herein or in Subdivision Settlement Participation Forms will be void. Within seven (7) calendar days of informing Albertsons that there is sufficient participation to proceed, the Settling States will deliver all signatures and releases required by the Agreement to be provided by the Settling States to Albertsons.

B. *Determination to Proceed with Settlement—Albertsons*. If the Settling States elect to proceed, Albertsons will then determine on or before the Reference Date whether there is sufficient Eligible State participation, sufficient Subdivision participation, and sufficient resolution of the Claims of the Litigating Subdivisions in the Settling States (through participation under Section VII, Case-Specific Resolution(s) and Bar(s)) to proceed with this Agreement. The determination shall be in the sole discretion of Albertsons and may be based on any criteria or factors deemed relevant by Albertsons.

C. *Notice by Albertsons.* On or before the Reference Date, Albertsons shall inform the Settling States of its determination pursuant to Section VIII.B. If Albertsons determines to proceed,

the Parties will proceed to file the Consent Judgments and the obligations in the Subdivision Settlement Participation Forms will be effective and binding as of the Reference Date. If Albertsons determines not to proceed, this Agreement will have no further effect, any amounts deposited for Payment Year 1, including funds referenced in Section IV.D.1 and Exhibit M, shall revert to Albertsons, and all releases (including those contained in Subdivision Settlement Participation Forms) and other commitments or obligations contained herein or in Subdivision Settlement Participation Forms will be void.

IX. Participating Subdivision Attorneys' Fees and Costs and Additional Remediation Amount

A. The Agreement on Subdivision Attorneys' Fees, Expenses and Costs is set forth in Exhibit R and incorporated herein by reference.

B. *Additional Remediation Amount*.

1. Subject to and without exceeding the maximum payment amounts set forth in the "Additional Remediation Amount" column of Exhibit M-3 and subject to the reduction specified in Section IX.B.2, Albertsons shall pay an Additional Remediation Amount to the Settling States listed in Exhibit N. Such funds shall be paid, on the schedule set forth in Exhibit M-3, as allocated by the Settlement Fund Administrator pursuant to Exhibit N.

2. *Reduction of Additional Remediation Amount*. The amounts owed by Albertsons pursuant to this Section IX.B shall be reduced by the allocations set forth on Exhibit N for Non-Settling States.

3. For the avoidance of doubt, (1) a Settling State that retained outside counsel in connection with the investigation of Albertsons that receives an Additional Remediation Amount may choose to have the Additional Remediation Amount designated to pay the Settling State's outside counsel, and may instruct the Settlement Fund Administrator to pay those funds directly to the Settling State's outside counsel, and (2) Additional Remediation Amount funds, including funds designated by a Settling State to pay its outside counsel under this paragraph, shall not be subject to allocation as provided in Section V.C through Section V.E.

C. All payments addressed by this Section IX will be made for each Payment Year in which they are due pursuant to Exhibit M-3.

X. Release

A. *Scope.* As of the Effective Date, the Released Entities are hereby released and forever discharged from all of the Releasors' Released Claims. Each Settling State (for itself and its Releasors) and Participating Subdivisions hereby absolutely, unconditionally, and irrevocably covenants not to bring, file, or claim, or to cause, assist or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in any forum whatsoever. The releases provided for in this Agreement are intended by the Parties to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar

against any liability relating in any way to Released Claims and extend to the full extent of the power of each Settling State and its Attorney General to release claims. This Agreement shall be a complete bar to any Released Claim.

B. *Claim-Over and Non-Party Settlement.*

1. It is the intent of the Parties that:

a. Released Entities should not seek contribution or indemnification (other than pursuant to an insurance contract), from other parties for their payment obligations under this Agreement;

b. the payments made under this Agreement shall be the sole payments made by the Released Entities to the Releasors involving, arising out of, or related to Covered Conduct (or conduct that would be Covered Conduct if engaged in by a Released Entity);

c. Claims by Releasors against non-Parties should not result in additional payments by Released Entities, whether through contribution, indemnification or any other means; and

d. the Agreement meets the requirements of the Uniform Contribution Among Joint Tortfeasors Act and any similar state law or doctrine that reduces or discharges a released party's liability to any other parties.

The provisions of this Section X.B are intended to be implemented consistent with these principles. This Agreement and the releases and dismissals provided for herein are made in good faith.

2. No Released Entity shall seek to recover for amounts paid under this Agreement based on indemnification, contribution, or any other theory from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, or health care practitioner; *provided* that a Released Entity shall be relieved of this prohibition with respect to any entity that asserts a Claim-Over against it. For the avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance contracts.

3. To the extent that, on or after the Reference Date, any Releasor enters into a Non-Party Settlement, including in any bankruptcy case or through any plan of reorganization (whether individually or as a class of creditors), the Releasor will include (or in the case of a Non-Party Settlement made in connection with a bankruptcy case, will cause the debtor to include), unless prohibited from doing so under applicable law, in the Non-Party Settlement a prohibition on contribution or indemnity of any kind substantially equivalent to that required from Albertsons in Section X.B.2, or a release from such Non-Released Entity in favor of the Released Entities (in a form equivalent to the releases contained in this Agreement) of any Claim-Over. The obligation to obtain the prohibition and/or release required by this subsection is a material term of this Agreement.

4. In the event that any Releasor obtains a judgment with respect to Non-Party Covered Conduct against a Non-Released Entity that does not contain a prohibition like that described in Section X.B.3 or any Releasor files a Non-Party Covered Conduct Claim against a Non-Released Entity in bankruptcy or a Releasor is prevented for any reason from obtaining a prohibition/release in a Non-Party Settlement as provided in Section X.B.3, and such Non-Released Entity asserts a Claim-Over against a Released Entity, the Released Entity shall be relieved of the prohibition in Section X.B.2 with respect to that Non-Released Entity and that Releasor and Albertsons shall take the following actions to ensure that the Released Entities do not pay more with respect to Covered Conduct to Releasors or to Non-Released Entities than the amounts owed under this Settlement Agreement by Albertsons:

a. Albertsons shall notify that Releasor of the Claim-Over within sixty (60) calendar days of the assertion of the Claim-Over or sixty (60) calendar days of the Effective Date of this Settlement Agreement, whichever is later;

b. Albertsons and that Releasor shall meet and confer concerning the means to hold Released Entities harmless and ensure that they are not required to pay more with respect to Covered Conduct than the amounts owed by Albertsons under this Agreement;

c. That Releasor and Albertsons shall take steps sufficient and permissible under the law of the state of the Releasor to hold Released Entities harmless from the Claim-Over and ensure Released Entities are not required to pay more with respect to Covered Conduct than the amounts owed by Albertsons under this Agreement. Such steps may include, where permissible:

(i) Filing of motions to dismiss or such other appropriate motion by Albertsons or Released Entities, and supported by Releasors, in response to any claim filed in litigation or arbitration;

(ii) Reduction of that Releasors' Claim and any judgment it has obtained or may obtain against such Non-Released Entity by whatever amount or percentage is necessary to extinguish such Claim-Over under applicable law, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

(iii) Placement into escrow of funds paid by the Non-Released Entities such that those funds are available to satisfy the Claim-Over;

(iv) Return of monies paid by Albertsons to that Releasor under this Settlement Agreement to permit satisfaction of a judgment against or settlement with the Non-Released Entity to satisfy the Claim-Over;

(v) Payment of monies to Albertsons by that Releasor to ensure they are held harmless from such Claim-Over, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

(vi) Credit to Albertsons under this Agreement to reduce the overall amounts to be paid under the Agreement such that they are held harmless from the Claim-Over; and

(vii) Such other actions as that Releasor and Albertsons may devise to hold Albertsons harmless from the Claim-Over.

d. The actions of that Releasor and Albertsons taken pursuant to paragraph (c) must, in combination, ensure Albertsons is not required to pay more with respect to Covered Conduct than the amounts owed by Albertsons under this Agreement.

e. In the event of any dispute over the sufficiency of the actions taken pursuant to paragraph (c), that Releasor and Albertsons may seek review by the National Arbitration Panel, provided that, if the parties agree, such dispute may be heard by the state court where the relevant Consent Judgment was filed. The National Arbitration Panel shall have authority to require Releasors to implement a remedy that includes one or more of the actions specified in paragraph (c) sufficient to hold Released Entities fully harmless. In the event that the Panel's actions do not result in Released Entities being held fully harmless, Albertsons shall have a claim for breach of this Agreement by Releasors, with the remedy being payment of sufficient funds to hold Albertsons harmless from the Claim-Over. For the avoidance of doubt, the prior sentence does not limit or eliminate any other remedy that Albertsons may have.

5. To the extent that the Claim-Over is based on a contractual indemnity, the obligations under Section X.B.4 shall extend solely to a Non-Party Covered Conduct Claim against a clinic, hospital or other purchaser, distributor or dispenser of Products, a manufacturer that sold Products, a consultant, and/or a pharmacy benefit manager or other third-party payor. Albertsons shall notify the Settling States, to the extent permitted by applicable law, in the event that any of these types of Non-Released Entity asserts a Claim-Over arising out of contractual indemnity against it.

C. *Indemnification and Contribution Prohibited.* No Released Entity shall seek to recover for amounts paid under this Agreement based on indemnification, contribution, or any other theory, from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, or health care practitioner. For the avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance contracts.

D. *General Release.* In connection with the releases provided for in this Agreement, each Settling State (for itself and its Releasors) and Participating Subdivision expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

> **General Release; extent.** A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release and that if known by him or her, would have materially affected his or her settlement with the debtor or released party.

A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Settling State (for itself and its Releasors) and Participating Subdivision hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Settling States' decision to enter into this Agreement or the Participating Subdivisions' decision to participate in this Agreement.

E. *Assigned Interest Waiver.* To the extent that any Settling State has any direct or indirect interest in any rights of a third-party that is a debtor under the Bankruptcy Code as a result of a claim arising out of Covered Conduct by way of assignment or otherwise, including as a result of being the beneficiary of a trust or other distribution entity, to assert claims against Albertsons (whether derivatively or otherwise), under any legal or equitable theory, including for indemnification, contribution, or subrogation, the Settling State waives the right to assert any such claim, or to receive a distribution or any benefit on account of such claim and such claim, distribution, or benefit shall be deemed assigned to Albertsons.

F. *Res Judicata.* Nothing in this Agreement shall be deemed to reduce the scope of the res judicata or claim preclusive effect that the settlement memorialized in this Agreement, and/or any Consent Judgment or other judgment entered on this Agreement, gives rise to under applicable law.

G. *Representation and Warranty.* The signatories hereto on behalf of their respective Settling States expressly represent and warrant that they have (or have obtained, or will obtain no later than the Initial Participation Date) the authority to settle and release, to the maximum extent of the Settling State's power, all Released Claims of (1) their respective Settling States, (2) all past and present executive departments, state agencies, divisions, boards, commissions and instrumentalities with the regulatory authority to enforce state and federal controlled substances acts, and (3) any of their respective Settling State's past and present executive departments, agencies, divisions, boards, commissions, and instrumentalities that have the authority to bring Claims related to Covered Conduct seeking money (including abatement and/or remediation) or revocation or suspension of a pharmaceutical distribution or dispensing license. For the purposes of clause (3) above, executive departments, agencies, divisions, boards, commissions, and instrumentalities are those that are under the executive authority or direct control of the Settling State's Governor. Also for the purposes of clause (3), a release from a Settling State's Governor as set forth in Exhibit X is sufficient to demonstrate that the appropriate releases have been obtained.

H. *Effectiveness.* The releases set forth in this Agreement shall not be impacted in any way by any dispute that exists, has existed, or may later exist between or among the Releasors.

Nor shall such releases be impacted in any way by any current or future law, regulation, ordinance, or court or agency order limiting, seizing, or controlling the distribution or use of the Settlement Fund or any portion thereof, or by the enactment of future laws, or by any seizure of the Settlement Fund or any portion thereof.

I. *Cooperation.* Releasors (1) will not encourage any person or entity to bring or maintain any Released Claim against any Released Entity and (2) will reasonably cooperate with and not oppose any effort by Albertsons to secure the prompt dismissal of any and all Released Claims, including suits brought by non-Releasors based on Released Claims. Releasors will meet and confer and make reasonable efforts to resolve any action that is filed by a Subdivision against Albertsons on or after the date the Preliminary Agreement Date. This provision shall not require a Settling State to make any monetary payment or adjustment to allocation or incur other obligation.

J. *Non-Released Claims.* Notwithstanding the foregoing or anything in the definition of Released Claims, this Agreement does not waive, release or limit any criminal liability, workers' compensation Claims, Claims for liability under tax law, Claims under securities law by a Settling State Releasor as investor, Claims against parties who are not Released Entities, Claims by private individuals, and any claims arising under this Agreement for enforcement of this Agreement.

XI. Later Litigating Subdivisions

A. *Released Claims against Released Entities*. If a Later Litigating Subdivision in a Settling State maintains a lawsuit for a Released Claim against a Released Entity after the Reference Date, the following shall apply subject to Section XI.B:

1. The Released Entity shall take ordinary and reasonable measures to defend the action, including filing a Threshold Motion with respect to the Released Claim. The Released Entity shall further notify the Settling State and Settlement Fund Administrator immediately upon notice of a Later Litigating Subdivision bringing a lawsuit for a Released Claim and shall not oppose a Settling State's submission in support of the Threshold Motion. Albertsons shall give the relevant Settling State a reasonable opportunity to extinguish the Released Claims without any payment or any other obligations being imposed upon any Released Entities (apart from the Global Settlement Amount payable by Albertsons under the Agreement or the Injunctive Relief Terms incurred by it). The relevant Settling State and Albertsons shall confer and use reasonable efforts to promptly resolve the lawsuit so that it is dismissed with prejudice. Nothing in this subsection creates an obligation for a Settling State to make a monetary payment or incur any other obligation to an entity filing a lawsuit.

2. If the lawsuit asserting a Released Claim is resolved with finality on terms requiring payment by the Released Entity, Albertsons shall receive a dollar-for-dollar offset against Incentive Payment D for the amount paid. The offset shall be applied against the relevant portion of the Annual Remediation Payments starting in Payment Year 9 and working backwards.

3. For the avoidance of doubt, any offset pursuant to this Section XI in a Settling State that at the time is not eligible for Incentive Payment A shall continue to apply even if the Settling State at issue subsequently becomes eligible for Incentive Payment A.

4. *"Terms requiring payment"* shall mean (i) a final monetary judgment or (ii) a settlement; *provided* that the Released Entity sought the applicable State Attorney General's consent to the settlement and such consent was either obtained or unreasonably withheld. Should the judgment or settlement resolve claims that are not Released Claims, the offset shall be for the Released Claims portion only, which shall be distinguishable in the judgment or settlement.

B. *Exceptions*

1. Section XI.A shall not apply where the Settling State at issue meets the eligibility criteria for and is entitled to Incentive Payment A for the Payment Year at issue, except as expressly provided therein.

2. An offset under Section XI.A.2 shall not apply where the Later Litigating Subdivision opted out of a Settlement Class Resolution in the Settling State at issue that was in full force and effect in that Settling State as of the due date of the payment for Payment Year 2 and remains in full force and effect; *provided* that an offset relating to that Subdivision may apply under Section XII.

3. Section XI.A shall not apply where the Later Litigating Subdivision seeks less than $10 million, or so long as its total claim is reduced to less than $10 million, in the lawsuit for a Released Claim at issue.

C. *No Effect on Other Provisions.* An offset under Section XI.A shall not affect the Injunctive Relief Terms or the Consent Judgment.

D. *No Effect on Other States*. An offset under Section XI.A applicable to one State shall not affect the allocation or payment of the Annual Remediation Payment to other Settling States.

E. *Litigating Subdivisions in Non-Eligible States.* The Settling States will not encourage, facilitate, or assist in any manner whatsoever claims for Covered Conduct against Albertsons in any Settling, Non-Settling, or Non-Eligible State, regardless of whether those claims were filed against Albertsons prior to, on, or after the Effective Date.

XII. Other Reductions/Offsets

A. *Settlement Class Resolution Opt Outs.* If a Settling State is eligible for Incentive Payment A on the basis of a Settlement Class Resolution, and a Primary Subdivision that opted out of the Settlement Class Resolution maintains a lawsuit asserting a Released Claim against a Released Entity, the following shall apply. If the lawsuit asserting a Released Claim either survives a Threshold Motion or has an unresolved Threshold Motion fewer than sixty (60) calendar days prior to the scheduled start of a trial involving a Released Claim, and is resolved with finality on terms requiring payment by the Released Entity, Albertsons shall receive a dollar-for-dollar offset for the amount paid against its obligation to make remaining Incentive Payment A payments that would be apportioned to that Settling State and to its Subdivisions. For the avoidance of doubt, an offset shall not be applicable under this subsection if it is applicable under Section XI.A with respect to the Subdivision at issue.

B. *Revoked Bar, Settlement Class Resolution, or Case-Specific Resolution.* If Albertsons made any Annual Remediation Payments that included any incentive payments earned as a result of the existence of a Bar, Settlement Class Resolution, or Case-Specific Resolution in a Settling State, and there is subsequently a Revocation Event with respect to that Bar, Settlement Class Resolution, or Case-Specific Resolution after the determination of the amount of such Annual Remediation Payment, Albertsons shall receive a dollar-for-dollar offset against the portion of remaining Annual Remediation Payments that would be allocated to that Settling State and its Participating Subdivisions. This offset will be calculated as the dollar amount difference between (1) the total amount of incentive payments paid by Albertsons by virtue of the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event and (2) the total amount of incentive payments that would have been due from Albertsons during that time had the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event not been in effect. The amount of incentive payments that would have been due, referenced in clause (2) above, will be calculated one hundred eighty (180) calendar days after the Revocation Event; for purposes of calculating the amount of incentive payments that would have been due, any relevant Subdivision shall be included as a Participating Subdivision if: (1) its Released Claims are extinguished by any subsequent Bar, Settlement Class Resolution, or Case-Specific Resolution in effect as of the date of such calculation, or (2) it becomes a Participating Subdivision (in addition to all other Participating Subdivisions) prior to the date of such calculation.

C. *Certain Taxes.* Amounts paid by Albertsons under an Opioid Tax in a Settling State in a Payment Year shall give rise to a dollar-for-dollar offset against Albertsons obligation to pay its share of the Annual Remediation Payment in that Payment Year that would be allocated to the taxing Settling State or its Participating Subdivisions. If such amounts paid exceed the Annual Remediation Payment allocable to the taxing Settling State or its Participating Subdivisions in that Payment Year, the excess shall carry forward as an offset against its remaining Annual Remediation Payments that would be allocated to the taxing Settling State or its Participating Subdivisions. Albertsons represents that as of August 20, 2026, there is no Opioid Tax currently in effect in any Eligible State that would give rise to this offset provision.

XIII. Miscellaneous

A. *Population of General Purpose Governments.* The population figures for General Purpose Governments shall be the published U.S. Census Bureau's population estimates for July 1, 2019, released May 2020. These population figures shall remain unchanged during the term of this Agreement.

B. *Population of Special Districts.* For any purpose in this Agreement in which the population of a Special District is used other than Section IV.H.4.c and Section IV.H.6.d: (a) School Districts' population will be measured by the number of students enrolled who are eligible under the Individuals with Disabilities Education Act *("IDEA")* or Section 504 of the Rehabilitation Act of 1973; (b) Health Districts' and Hospital Districts' population will be measured at twenty-five percent (25%) of discharges; and (c) all other Special Districts' (including Fire Districts' and

Library Districts') population will be measured at ten percent (10%) of the population served.[8] For the avoidance of doubt, this means that California healthcare districts will be measured at ten percent (10%) of their membership. Albertsons and the Enforcement Committee shall meet and confer in order to agree on data sources for purposes of this Section prior to the Preliminary Agreement Date.

C. *Population Associated with Sheriffs*. For any purpose in this Agreement in which the population associated with a lawsuit by a sheriff is used, the population will be measured at twenty percent (20%) of the capacity of the jail(s) operated by the sheriff.

D. *Most-Favored-Nation Provision*

1. If, after the Effective Date, Albertsons enters into any settlement agreement with any Non-Settling State that resolves Claims similar in scope to the Claims released by a Settling State under this Agreement on overall payment terms that are more favorable to such Non-Settling State than the overall payment terms of the Agreement (after due consideration of relevant differences in population or other appropriate factors), then the Settling States, individually or collectively, may elect to seek review, pursuant to Section XIII.D.3, of the overall payment terms of this Agreement and the Non-Settling State agreement so that such Settling State(s) may obtain overall payment terms at least as favorable as those obtained by such Non-Settling State. "Overall payment terms" refers to consideration of all payment terms of the two agreements, taken together, including, but not limited to the amount of payments, the timing of payments, and conditions or contingencies on payments.

2. For any settlement with a Non-Settling State involving Released Claims that is entered into after the Effective Date, Albertsons shall provide the Enforcement Committee with a copy of the settlement agreement or relevant consent judgment within thirty (30) calendar days of the consummation of such settlement. The Enforcement Committee will promptly distribute such copy to all Settling States.

3. In the event that one or more Settling State(s) believes that the overall payment terms of an agreement by Albertsons with a Non-Settling State are more favorable to the Non-Settling State, when compared based on the totality of the consideration set forth in Section XIII.D.1, the Settling State(s) and Albertsons shall engage in the following process:

a. Within sixty (60) calendar days of the date on which the Enforcement Committee provides a settlement agreement or consent judgment to Settling States, the Settling State(s) shall provide notice to Albertsons of its intent to seek revision of this Agreement to provide payment terms that are, on an overall basis, as favorable as those obtained by the Non-Settling State. To the extent allowed by law, such notice shall be confidential and not disclosed publicly and

[8] The estimates for counties and parishes were accessed at https://www.census.gov/data/datasets/time-series/demo/popest/2010s-counties-total.html. The estimates for cities and towns can currently be found at https://www.census.gov/data/datasets/time-series/demo/popest/2010s-total-cities-and-towns.html.

shall provide, in detail, the basis for the Settling State(s)'s belief that it is entitled to a revision of the Agreement.

b. Albertsons shall, within thirty (30) calendar days, provide a response to the Settling State(s), explaining its position, in detail, as to whether the Settling State(s) are entitled to more favorable overall payment terms than those provided for in this Agreement.

c. In the event the Settling State(s) and Albertsons do not reach agreement as to the application of Section XIII.D.1, the Settling State(s) may petition the National Arbitration Panel to seek a ruling from the Panel as to the applicability of Section XIII.D.1, provided that the Settling State(s) may seek such review only if at least five (5) Settling States co-sign the petition. The Panel shall consider submissions and argument by the parties pursuant to the procedures set forth in Section VI.F.2.

d. The Settling State and Albertsons shall be bound by the determination of the National Arbitration Panel of the overall payment terms of this Agreement and the Non-Settling State agreement so that such Settling State(s) may obtain, with respect to Albertsons, overall payment terms at least as favorable as those obtained by such Non-Settling State.

4. This Section XIII.D does not apply to, and there is no ability of any Settling State to seek or obtain revision of this Agreement based on, any agreement with Albertsons that is entered into with a Non-Settling State: (a) either the earlier of (i) after the close of expert discovery or (ii) after a date ninety (90) calendar days prior to the scheduled start date of a trial between Albertsons and the Non-Settling State, or any severed or bifurcated portion thereof, provided that, where, in order to complete a settlement, a Non-Settling State and Albertsons jointly request an adjournment of the scheduled start date of a trial within ninety (90) days of that date, this exception will apply as if the trial date had not been adjourned; (b) that previously litigated to judgment a case related to opioids against any manufacturer, distributor, or pharmacy; (c) the earlier of (i) after a Non-Settling State that has obtained any court order or judicial determination that grants judgment (in whole or in part) against Albertsons in the Non-Settling State's case; (ii) after a sanctions ruling against Albertsons in the Non-Settling State's case against Albertsons; or (iii) after any ruling has issued in the Non-Settling State's case against any manufacturer, distributor, or pharmacy on the issue of joint and several liability. The National Arbitration Panel shall have no power to review agreements that satisfy any of the conditions described in this paragraph.

5. This Section XIII.D does not apply to, and there is no ability of any Settling State to seek or obtain revision of this Agreement based on, any agreement between Albertsons and Non-Participating Subdivisions or Non-Participating Special Districts.

6. This Section XIII.D will not apply to any agreement entered into more than eighteen (18) months after the Effective Date.

E. *No Admission.* Albertsons does not admit liability or wrongdoing. Neither this Agreement nor the Consent Judgments shall be considered, construed or represented to be (1) an admission, concession or evidence of liability or wrongdoing or (2) a waiver or any limitation of any defense otherwise available to Albertsons.

F. *Tax Cooperation and Reporting.*

1. Upon request by Albertsons, the Settling States and Participating Subdivisions agree to perform such further acts and to execute and deliver such further documents as may be reasonably necessary for Albertsons to establish the statements set forth in Section V.F to the satisfaction of their tax advisors, their independent financial auditors, the Internal Revenue Service, or any other governmental authority, including as contemplated by 26 C.F.R § 1.162-21(b)(3)(ii) and any subsequently proposed or finalized relevant regulations or administrative guidance.

2. Without limiting the generality of Section XIII.F.1, each Settling State and Participating Subdivision shall cooperate in good faith with Albertsons with respect to any tax claim, dispute, investigation, audit, examination, contest, litigation, or other proceeding relating to this Agreement.

3. Pursuant to 26 C.F.R. § 1.6050X-1(a) and (b), the Designated State, on behalf of all Settling States and Participating Subdivisions, shall designate one of its officers or employees to act as the "appropriate official" within the meaning of 26 C.F.R. § 1.6050X-1(f)(1)(ii)(B) (the "Appropriate Official"). The Designated State shall direct and ensure that the Appropriate Official timely (a) files (i) at the time this Agreement becomes binding on the Parties, an IRS Form 1098-F in the form attached as Exhibit U with respect to Albertsons and (ii) any legally required forms, returns or amended returns with any applicable governmental authority, or any returns requested by Albertsons, and (b) provides to Albertsons a copy of (i) the IRS Form 1098-F filed with respect to Albertsons and (ii) any legally required written statement pursuant to any applicable law and any other document referred to in clause (a)(ii) above. Any such forms, returns, or statements shall be prepared and filed in a manner fully consistent with Section V.F. and as set forth in Section XIII.F.4.

4. Any form, return, amended return, or written statement filed or provided pursuant to Section XIII.F.3, and any similar document, shall be prepared and filed in a manner consistent with reporting the Global Settlement Amount as the "Total amount to be paid" pursuant to this Agreement in Box 1 of IRS Form 1098-F and the Compensatory Restitution Amount as "Restitution/remediation amount" in Box 3 of IRS Form 1098-F, as reflected in the attached Exhibit U. If the Designated State or Appropriate Official shall be required to file any form, return, amended return, or written statement contemplated by this Section XIII.F other than an IRS Form 1098-F in the form attached as Exhibit U, the Designated State shall direct and ensure that the Appropriate Official provides to Albertsons a draft of such form, return, amended return, or written statement no later than sixty (60) calendar days prior to the due date thereof, and shall accept any reasonable revisions from Albertsons on the return, amended return, or written statement.

5. For the avoidance of doubt, neither Albertsons nor the Settling States and Participating Subdivisions make any warranty or representation to any Settling State, Participating Subdivision, or Releasor as to the tax consequences of the payment of the Compensatory Restitution Amount (or any portion thereof).

G. *No Third-Party Beneficiaries.* Except as expressly provided in this Agreement, no portion of this Agreement shall provide any rights to, or be enforceable by, any person or entity that is not the Settling State or Released Entity. Settling States may not assign or otherwise convey any right to enforce any provision of this Agreement.

H. *Calculation.* Any figure or percentage referred to in this Agreement shall be carried to seven decimal places.

I. *Construction.* None of the Parties and no Participating Subdivision shall be considered to be the drafter of this Agreement or of any of its provisions for the purpose of any statute, case law, or rule of interpretation or construction that would or might cause any provision to be construed against the drafter of this Agreement. The headings of the provisions of this Agreement are not binding and are for reference only and do not limit, expand, or otherwise affect the contents or meaning of this Agreement.

J. *Cooperation.* Each Party and each Participating Subdivision agrees to use its best efforts and to cooperate with the other Parties and Participating Subdivisions to cause this Agreement and the Consent Judgments to become effective, to obtain all necessary approvals, consents and authorizations, if any, and to execute all documents and to take such other action as may be appropriate in connection herewith. Consistent with the foregoing, each Party and each Participating Subdivision agrees that it will not directly or indirectly assist or encourage any challenge to this Agreement or any Consent Judgment by any other person, and will support the integrity and enforcement of the terms of this Agreement and the Consent Judgments.

K. *Entire Agreement.* This Agreement, including its exhibits and any other attachments, embodies the entire agreement and understanding between and among the Parties and Participating Subdivisions relating to the subject matter hereof and supersedes (1) all prior agreements and understandings relating to such subject matter, whether written or oral and (2) all purportedly contemporaneous oral agreements and understandings relating to such subject matter.

L. *Execution.* This Agreement may be executed in counterparts and by different signatories on separate counterparts, each of which shall be deemed an original, but all of which shall together be one and the same Agreement. One or more counterparts of this Agreement may be delivered by facsimile or electronic transmission with the intent that it or they shall constitute an original counterpart hereof. One or more counterparts of this Agreement may be signed by electronic signature.

M. *Good Faith and Voluntary Entry.* Each Party warrants and represents that it negotiated the terms of this Agreement in good faith. Each of the Parties and Participating Subdivisions warrants and represents that it freely and voluntarily entered into this Agreement without any degree of duress or compulsion. The Parties and Participating Subdivisions state that

no promise of any kind or nature whatsoever (other than the written terms of this Agreement) was made to them to induce them to enter into this Agreement

N. *Legal Obligations.* Nothing in this Agreement shall be construed as relieving Albertsons of the obligation to comply with all state and federal laws, regulations or rules, nor shall any of the provisions herein be deemed to be permission to engage in any acts or practices prohibited by such laws, regulations, or rules. Except with respect to the Injunctive Relief Terms, in the event of a conflict between this Agreement and any requirement or requirements of federal, state, or local laws, such that Albertsons cannot comply with this Agreement without violating such a requirement or requirements, Albertsons shall document such conflicts and notify the Attorney(s) General of the relevant Settling State(s) that it intends to comply with the requirement or requirements to the extent necessary to eliminate the conflict. With respect to the Injunctive Relief Terms, in the event of such a conflict, the procedures set forth in the Injunctive Relief Terms will be followed.

O. *No Prevailing Party.* The Parties and Participating Subdivisions each agree that they are not the prevailing party in this action, for purposes of any claim for fees, costs, or expenses as prevailing parties arising under common law or under the terms of any statute, because the Parties and Participating Subdivisions have reached a good faith settlement.

P. *Waive Challenge.* The Parties and Participating Subdivisions each further waive any right to challenge or contest the validity of this Agreement on any ground, including, without limitation, that any term is unconstitutional or is preempted by, or in conflict with, any current or future law. Nothing in the previous sentence shall modify, or be construed to conflict with, Section XIII.N.

Q. *Non-Admissibility.* The settlement negotiations resulting in this Agreement have been undertaken by the Parties and by certain representatives of the Participating Subdivisions in good faith and for settlement purposes only, and no evidence of negotiations or discussions underlying this Agreement shall be offered or received in evidence in any action or proceeding for any purpose. This Agreement shall not be offered or received in evidence in any action or proceeding for any purpose other than in an action or proceeding arising under or relating to this Agreement.

S. *No Waiver.* The waiver of any rights conferred hereunder shall be effective only if made by written instrument executed by the waiving Party or Parties. The waiver by any Party of any breach of this Agreement shall not be deemed to be or construed as a waiver of any other breach, whether prior, subsequent, or contemporaneous, nor shall such waiver be deemed to be or construed as a waiver by any other Party.

T. *Preservation of Privilege.* Nothing contained in this Agreement or any Consent Judgment, and no act required to be performed pursuant to this Agreement or any Consent Judgment, is intended to constitute, cause, or effect any waiver (in whole or in part) of any attorney-client privilege, work product protection, or common interest/joint defense privilege, and each Party and Participating Subdivision agrees that it shall not make or cause to be made in any forum any assertion to the contrary.

U. *Successors.*

1. This Agreement shall be binding upon, and inure to the benefit of, Albertsons and its respective successors and assigns.

2. Albertsons shall not, in one (1) transaction or a series of related transactions, sell or transfer U.S. assets having a fair market value equal to twenty-five percent (25%) or more of the consolidated assets of Albertsons (other than sales or transfers of inventories, or sales or transfers to an entity owned directly or indirectly by Albertsons) where the sale or transfer is announced after the Reference Date, is not for fair consideration, and would foreseeably and unreasonably jeopardize Albertsons's ability to make the payments under this Agreement that are due on or before the third Payment Date following the close of a sale or transfer transaction, unless Albertsons obtains the acquiror's agreement that it will be either a guarantor of or successor to the percentage of Albertsons's remaining Payment Obligations under this Agreement equal to the percentage of Albertsons's consolidated assets being sold or transferred in such transaction. Percentages under this section shall be determined in accordance with United States generally accepted accounting principles and as of the date of Albertsons most recent publicly filed consolidated balance sheet prior to the date of entry into the sale or transfer agreement at issue. This Section XIII.U shall be enforceable solely by the Settling States, and any objection under this Section XIII.U not raised within sixty (60) calendar days of the announcement of the relevant transaction is waived.

V. *Modification, Amendment, Alteration.* In the event the Plaintiffs' Executive Committee, the Executive Committee of the State Attorneys General, or Albertsons concludes

prior to the Reference Date that technical corrections are required to this Agreement, the Plaintiffs' Executive Committee, the Executive Committee of the State Attorneys General, and Albertsons shall meet and confer and make such amendments as they agree are appropriate. After the Reference Date, any modification, amendment, or alteration of this Agreement by the Parties shall be binding only if evidenced in writing signed by Albertsons, along with the signature of at least two-thirds of those then serving as Attorney General of the Settling States along with a representation from each Attorney General that either: (1) the advisory committee or similar entity established or recognized by that Settling State (either pursuant to Section V.E.2.d, by a State-Subdivision Agreement, or by statute) voted in favor of the modification, amendment or alteration of this Agreement including at least one member appointed by the Participating Subdivisions listed on Exhibit G; or (2) in Settling States without any advisory committee, that 50.1% (by population) of the Participating Subdivisions listed on Exhibit G expressed approval of the modification, amendment, or alteration of this Agreement in a writing.

W. *Termination.*

1. Unless otherwise agreed to by each of Albertsons and the Settling States, this Agreement and all of its terms (except Section XIII.Q and any other non-admissibility provisions, which shall continue in full force and effect) shall be canceled and terminated with respect to the Settling State, and the Agreement and all orders issued by the courts in the Settling State pursuant to the Agreement shall become null and void and of no effect if one or more of the following conditions applies:

a. a Consent Judgment approving this Agreement without modification of any of the Agreement's terms has not been entered as to a Settling State by a court of competent jurisdiction on or before one hundred eighty (180) calendar days after the Effective Date;

b. this Agreement or the Consent Judgment as to that Settling State has been disapproved by a court of competent jurisdiction to which it was presented for approval and/or entry (or, in the event of an appeal from or review of a decision of such a court to approve this Agreement and the Consent Judgment, by the court hearing such appeal or conducting such review), and the time to appeal from such disapproval has expired, or, in the event of an appeal from such disapproval, the appeal has been dismissed or the disapproval has been affirmed by the court of last resort to which such appeal has been taken and such dismissal or disapproval has become no longer subject to further appeal (including, without limitation, review by the United States Supreme Court); or

2. If this Agreement is terminated with respect to a Settling State for whatever reason pursuant to Section XIII.W.1, then:

a. an applicable statute of limitation or any similar time requirement (excluding any statute of repose) shall be tolled from the date the Settling State signed this Agreement until the later of the time permitted by applicable law or for one year from the date of such termination, with the effect that Albertsons and the

Notwithstanding any other provision in this Section XIII.W.3 or in this Agreement, all releases under this Agreement will remain effective despite any termination under this Section XIII.W.3.

X. *Governing Law.* Except as (1) otherwise provided in this Agreement or (2) as necessary, in the sole judgment of the National Arbitration Panel, to promote uniformity of interpretation for matters within the scope of the National Arbitration Panel's authority, this Agreement shall be governed by and interpreted in accordance with the respective laws of the Settling State, without regard to the conflict of law rules of such Settling State, that is seeking to enforce the Agreement against Albertsons or against which Albertsons is seeking enforcement. regard to any limits or agreements as to the amount of the settlement otherwise provided in this Agreement; *provided, however,* that notwithstanding the foregoing sentence, (i) all reductions of Releasing Parties' Claims, and all releases and covenants not to sue, contained in this Agreement shall remain in full force and effect as to all persons or entities other than Albertsons itself; and (ii) in the event the Settling State asserts any Released Claim against Albertsons after the rejection and/or termination of this Agreement as described in this Section XIII.Y.1.a and receives a judgment, settlement or distribution arising from such Released Claim, then the amount of any payments the Settling State has previously received from Albertsons under this Agreement shall be applied to reduce the amount of any such judgment, settlement or distribution (provided that no credit shall be given against any such judgment, settlement or distribution for any payment that the Settling State is required to disgorge or repay to Albertsons's bankruptcy estate); and

b. the Settling States may exercise all rights provided under the federal Bankruptcy Code (or other applicable bankruptcy or non-bankruptcy law) with respect to their Claims against Albertsons subject to all defenses and rights of the Albertsons.

Z. *Waiver*. Albertsons, for good and valuable consideration the receipt of which is acknowledged, hereby (a) waives, foregoes and relinquishes all rights to utilize and/or seek relief under any of the following laws of the State of Texas for the restructuring of its debts or liabilities related to Released Claims, Claims that would have been Released Claims if they had been brought by a Releasor against a Released Entity before the Effective Date, or this Agreement: Tex. Bus. Orgs. Code § 10.003 (Contents of Plan of Merger: More Than One Successor) or any other statute of Subchapter A of Chapter 10 of Tex. Bus. Orgs. Code to the extent such statute relates to multi-successor mergers (and/or any other similar laws or statutes in any other state or territory); Tex. Bus. Orgs. Code §§ 11.01–11.414 (Winding Up and Termination of Domestic Entity); or Tex. Bus. & Com. Code §§ 23.01–23.33 (Assignments for the Benefit of Creditors) (collectively, the "Texas Statutes"), and (b) agrees, warrants and represents that it will not file, request or petition for relief under the Texas Statutes related to its debts or liabilities related to Released Claims, Claims that would have been Released Claims if they had been brought by a Releasor against a Released Entity before the Effective Date, or this Agreement, in each case until such time as all of Albertsons's payment obligations incurred hereunder are satisfied in full. The foregoing waiver and relinquishment includes, without limitation, until such time as all of Albertsons's payment obligations incurred hereunder are satisfied in full, Albertsons's rights to execute a divisional merger or equivalent transaction or restructuring related to its debts or liabilities related to Released Claims, Claims that would have been Released Claims if they had been brought by a Releasor against a Released Entity before the Effective Date, or this Agreement that in each case has the intent or foreseeable effect of (i) separating material assets from material liabilities and (ii) assigning or allocating all or a substantial portion of those liabilities to any subsidiary or affiliate that files for relief under chapter 11 of the Bankruptcy Code, or pursuant to which such subsidiary or affiliate that files for relief under chapter 11 of the Bankruptcy Code would be assuming or retaining all or a substantial portion of those liabilities.

3. The Governmental Entity agrees to the terms of the Albertsons Settlement pertaining to Participating Subdivisions as defined therein.

4. By agreeing to the terms of the Albertsons Settlement and becoming a Releasor, the Governmental Entity is entitled to the benefits provided therein, including, if applicable, monetary payments beginning after the Effective Date.

5. The Governmental Entity agrees to use any monies it receives through the Albertsons Settlement solely for the purposes provided therein.

6. The Governmental Entity submits to the jurisdiction of the court in the Governmental Entity's state where the Consent Judgment is filed for purposes limited to that court's role as provided in, and for resolving disputes to the extent provided in, the Albertsons Settlement. The Governmental Entity likewise agrees to arbitrate before the National

Arbitration Panel as provided in, and for resolving disputes to the extent otherwise provided in, the Albertsons Settlement.

7. The Governmental Entity has the right to enforce the Albertsons Settlement as provided therein.

8. The Governmental Entity, as a Participating Subdivision, hereby becomes a Releasor for all purposes in the Albertsons Settlement, including without limitation all provisions of Section X (Release), and along with all departments, agencies, divisions, boards, commissions, districts, instrumentalities of any kind and attorneys, and any person in their official capacity elected or appointed to serve any of the foregoing and any agency, person, or other entity claiming by or through any of the foregoing, and any other entity identified in the definition of Releasor, provides for a release to the fullest extent of its authority. As a Releasor, the Governmental Entity hereby absolutely, unconditionally, and irrevocably covenants not to bring, file, or claim, or to cause, assist or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in any forum whatsoever. The releases provided for in the Albertsons Settlement are intended by the Parties to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to Released Claims and extend to the full extent of the power of the Governmental Entity to release claims. The Albertsons Settlement shall be a complete bar to any Released Claim.

9. The Governmental Entity hereby takes on all rights and obligations of a Participating Subdivision as set forth in the Albertsons Settlement.

10. In connection with the releases provided for in the Albertsons Settlement, each Governmental Entity expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

> **General Release; extent.** A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release that, if known by him or her would have materially affected his or her settlement with the debtor or released party.

A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Governmental Entity hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Governmental Entities' decision to participate in the Albertsons Settlement.

11. Nothing herein is intended to modify in any way the terms of the Albertsons Settlement, to which Governmental Entity hereby agrees. To the extent this Participation and Release Form is interpreted differently from the Albertsons Settlement in any respect, the Albertsons Settlement controls.

I have all necessary power and authorization to execute this Participation and Release Form on behalf of the Governmental Entity.

NOTES TO EXHIBIT M-2:

1. All figures for the Maximum Base Payment, Maximum Incentive A Payment, and Maximum Incentive Payment BC are maximum figures that reflect the following:

- An assumption that all Eligible States are Settling States.
- An assumption that all Settling States earn the full amount of the relevant incentive payment.

2. All figures for the Maximum Incentive Payment D show the amount earned based on all Settling States obtaining its maximum value of 10%, and reflect the following:
   - An assumption that all Eligible States are Settling States.
   - An assumption that all Settling States are eligible for Incentive Payment D in every Payment Year in which Incentive D is paid.

3. All figures for the Maximum Annual Remediation Payment reflect the following:
   - An assumption that all Eligible States are Settling States.
   - An assumption that each Settling State earn the maximum amount of the available Incentive Payment by either qualifying for Incentive Payment A, or the combination of obtaining a 100% participation percentage for Incentive Payment BC and earning Incentive Payment D at a value of 3%).

4. Pursuant to the terms of the Settlement Agreement, Albertsons will never have to pay both the Maximum Incentive Payment BC and Maximum Incentive Payment D.

5. Any offsets for Eligible States that are Non-Settling States would be deducted from the Maximum Base Payment, Maximum Incentive Payments (A, BC, and D), and Maximum Annual Remediation Payment by subtracting the amount of the payment times the Overall State Allocation Percentage for each Non-Settling State.

6. A Settling State may receive Base Payments and Incentive Payments totaling more than one hundred percent (100%) of its respective Overall Allocation Percentage in Year 9 if it is eligible to receive an Earnback Payment. The maximum aggregate Earnback Payment for all Settling States shall be lesser of the Total Unearned Incentive Payments for all Settling States, or $13,102.288.96 million.

EXHIBIT O

Adoption of a State-Subdivision Agreement

A State-Subdivision Agreement shall be applied if it meets the requirements of Section V and is approved by the State and by the State's Subdivisions as follows:

1. *Requirements for Approval*. A State-Subdivision Agreement shall be deemed as agreed to when it has been approved by the State and either (a) Subdivisions whose aggregate "Population Percentages," determined as set forth below, total more than sixty percent (60%), or (b) Subdivisions whose aggregate Population Percentages total more than fifty percent (50%) provided that these Subdivisions also represent fifteen percent (15%) or more of the State's counties or parishes (or, in the case of Settling States whose counties and parishes do not function as local governments, 15% of or more of the Settling State's non-county Subdivisions), by number.

2. *Approval Authority*. Approval by the State shall be by the Attorney General. Approval by a Subdivision shall be by the appropriate official or legislative body pursuant to the required procedures for that Subdivision to agree to a legally binding settlement.

3. *Population Percentage Calculation*. For purposes of this Exhibit O only, Population Percentages shall be determined as follows: For States with functional counties or parishes[1] the Population Percentage of each county or parish shall be deemed to be equal to (a) (1) two hundred percent (200%) of the population of such county or parish, minus (2) the aggregate population of all Primary Incorporated Municipalities located in such county or parish, divided by (b) two hundred percent (200%) of the State's population. A "*Primary Incorporated Municipality*" means a city, town, village or other municipality incorporated under applicable state law with a population of at least 25,000 that is not located within another incorporated municipality. The Population Percentage of each Primary Incorporated Municipality shall be equal to its population (including the population of any incorporated or unincorporated municipality located therein) divided by two hundred percent (200%) of the State's population; provided that the Population Percentage of a Primary Incorporated Municipality that is not located within a county shall be equal to two hundred percent (200%) of its population (including the population of any incorporated or unincorporated municipality located therein) divided by two hundred percent (200%) of the State's population. For all States that do not have functional counties or parishes, the Population Percentage of each non-county Subdivision (including any incorporated or unincorporated municipality located therein), shall be equal to its population divided by the State's population.

4. *Preexisting Agreements and Statutory Provisions*. A State may include with the notice to its Subdivisions an existing agreement, a proposed agreement, or statutory provisions regarding the distribution and use of settlement funds and have the acceptance of such an agreement or statutory provision be part of the requirements to be an Initial Participating Subdivision.

[1] Certain states do not have counties or parishes that have functional governments, including Alaska.

5. *Revised Agreements*. A State-Subdivision Agreement that has been revised, supplemented, or refined shall be applied if it meets the requirements of Section V and is approved by the State and by the State's Subdivisions pursuant to the terms above.

EXHIBIT P

Pharmacy Controlled Substance Compliance Program & Anti-Diversion Injunctive Terms

I. INTRODUCTION

1. Except where these Injunctive Terms specify a different implementation period, Albertsons shall implement the Injunctive Terms set forth below in Sections II through XVII by the Injunctive Terms Implementation Date (defined below).

2. To the extent that Albertsons already has in place positions, committees, departments, policies or programs that satisfy the Injunctive Terms, no re-naming or other change is required by these Injunctive Terms.

3. Overview

    a. Albertsons will implement or maintain a Controlled Substance Compliance Program ("CSCP").

    b. The CSCP must include written standard operating procedures and/or corporate policies (the "CSCP Policies and Procedures") required by these Injunctive Terms.

    c. The CSCP shall apply during the term of these Injunctive Terms, to each of Albertsons' retail pharmacy stores that dispense Schedule II Designated Controlled Substances and are registered or licensed with each Settling State.

    d. Albertsons shall provide a copy of the relevant CSCP Policies and Procedures to each Settling State within sixty (60) days of the Injunctive Terms Implementation Date. To the extent any implementation is expected to require additional time, the Parties agree to work together in good faith to establish a timeline for implementation. No later than thirty (30) days after the Injunctive Terms Implementation Date, each Settling State shall identify the person or office to whom Albertsons must provide a copy of the relevant CSCP Policies and Procedures and any other State-specific reporting required under these Injunctive Terms.

    e. Settling States shall form the States Injunctive Relief Committee to serve as a point of contact for Albertsons and to perform such other roles as set forth herein. Upon the committee's formation, Settling States shall provide notice to Albertsons of the members of the committee.

4. Compliance with Laws

a. Albertsons acknowledges and agrees that its pharmacies must comply with applicable state and federal laws, regulations, and rules, including those regarding the dispensing of Controlled Substances. The requirements of these Injunctive Terms are in addition to, and not in lieu of, any other requirements of federal, state, or local law. Nothing in the Injunctive Terms shall be construed as relieving Albertsons of the obligation of its pharmacies to comply with all federal, state and local laws, regulations or rules, nor shall any of the provisions of the Injunctive Terms be deemed as permission for Albertsons to engage in any acts or practices prohibited by such laws, regulations or rules.

b. The Injunctive Terms are not intended to and shall not be interpreted to prevent Albertsons from taking or implementing any other compliance or policy steps that are more restrictive or that are necessary to conform with federal, state, or local legal requirements, unless such steps would conflict with State or local law. The Injunctive Terms are not intended to and shall not be interpreted to require Albertsons to inventory any Controlled Substances or any particular Controlled Substances or to require dispensing of any Controlled Substances or of any individual, types, subsets or categories of Controlled Substances prescriptions.

c. In the event that Albertsons determines that there may be a conflict between the Injunctive Terms and the express requirements of federal, state, or local laws, or interpretations of such laws articulated by an agency responsible for enforcing such laws or a court ("Express Interpretations"), such that Albertsons determines that it cannot comply with the Injunctive Terms without violating these express requirements or Express Interpretations, Albertsons shall follow the express requirements of the federal, state or local law or Express Interpretation thereof and shall provide notice to the Settling State(s). Within thirty (30) days after receipt of a notification from Albertsons referenced above, Albertsons and the State shall meet and discuss the potential conflict, and Albertsons shall comply with any reasonable requests from the Settling State as necessary to determine whether there is a conflict between the Injunctive Terms and the express requirements of federal, state, or local laws, or Express Interpretations. In the event that Albertsons believes a court or administrative action brought by a governmental body in a Settling State has commenced against it or its pharmacists for actions required by the Injunctive Terms, then Albertsons may notify the Attorney General of the Settling State of such pending action. If the State agrees that the court or administrative action is a result of actions required by the Injunctive Terms, the State will engage in best efforts to resolve the conflict or assist in achieving resolution of the court or administrative action. Nothing in this paragraph shall (i) limit the right of the Settling State to disagree with Albertsons as to the conflict; (ii) be deemed to relieve Albertsons from following any subsequently enacted law or regulation,

or judicial decisions from a regulatory authority with jurisdiction over controlled substances that is more restrictive than the provisions of the Injunctive Terms, or from following the Injunctive Terms if they are more restrictive than applicable laws at issue in the administrative action if there is no conflict; (iii) be deemed to relieve Albertsons from adhering to the outcome of a court or administrative action when it is determined that there is no conflict; or (iv) limit a Settling State's ability to relieve Albertsons of a duty under these Injunctive Terms if that Settling State determines that that term is in conflict with that Settling State's express legal requirements.

d. Albertsons shall retain all records it is required to create pursuant to its obligations hereunder for a period no shorter than three years, unless otherwise specified. Nothing in these Injunctive Terms shall prevent a Settling State from issuing a lawful subpoena or Civil Investigative Demand (CID) for records pursuant to an applicable law.

5. No Admission and No Use as Evidence. Albertsons does not admit liability or wrongdoing. These Injunctive Terms shall not be considered, construed, or represented to be (1) an admission, concession, or evidence of liability, wrongdoing, or to impose the existence of any legal obligations or requirements other than the requirement to follow these Injunctive Terms, or (2) a waiver or limitation of any defense otherwise available to Albertsons. These Injunctive Terms shall not be offered or received in evidence or otherwise relied on in any action or proceeding for any purpose other than in an action or proceeding to modify or enforce or monitor compliance with these Injunctive Terms.

II. TERM AND SCOPE

1. The term of these Injunctive Terms shall be from the Injunctive Terms Implementation Date until ten years from the Injunctive Term Implementation Date, unless otherwise specified herein.

2. Except as otherwise stated herein, the Injunctive Terms shall apply to Albertsons' retail pharmacy stores located in, and registered or licensed with, each Settling State that dispense Schedule II Designated Controlled Substances to Patients, including any Schedule II Designated Controlled Substances dispensed by any such retail pharmacy stores that are mailed or shipped to patients in a Settling State. Should Albertsons operate an online pharmacy that is registered or licensed to dispense Schedule II

Designated Controlled Substances in any Settling State while these Injunctive Terms are in effect, the Injunctive Terms shall apply to such pharmacy as well.[1]

As used in these Injunctive Terms, the terms "Controlled Substance Compliance Committee" and "Controlled Substance Compliance Department" refer to the entity or entities, however titled, that carry out the functions required by these Injunctive Terms. Notwithstanding the preceding sentence, to the extent an existing position, committee or department carries out the functions required by these Injunctive Terms, any other functions undertaken by such position, committee or department shall not be subject to these Injunctive Terms or oversight by the Settling States pursuant to these Injunctive Terms. The position, committee and department discussed in these Terms may bear different names and need not be limited to the roles and functions set forth herein.

2. The Controlled Substance Compliance Director shall have knowledge of and experience with the laws and regulation of Controlled Substances, in particular the regulations in 21 C.F.R. § 1306.04.

The Hotline may be implemented by adding a dedicated option to existing systems that includes reporting regarding Designated Controlled Substances. Albertsons shall publish its Hotline contact information to its employees and Patients in the Settling States. Albertsons shall maintain for the duration of these Injunctive Terms a record of each complaint made to the Hotline regarding Designated Controlled Substances and documentation regarding any investigation or response to such complaints. Nothing herein shall require Albertsons to investigate a pharmacist's professional judgment to refuse a prescription that the pharmacist believes was prescribed or is being used for other than a legitimate medical purpose or that the pharmacist believes was not prescribed by an individual Prescriber acting in the usual course of his or her professional practice.

V. INDEPENDENCE

1. Albertsons' Controlled Substance Compliance Department personnel, pharmacists, contract pharmacists, and pharmacist technicians who work at Albertsons' pharmacies within the Settling States, and field personnel who supervise pharmacists and pharmacist technicians (together, "CSCP Employees"), shall not be compensated in whole or in part by commissions, bonuses, incentives or any other monetary or non-pecuniary benefit that depends in material part on revenue or profitability targets or expectations to sales of Controlled Substances. Nothing in these Injunctive Terms shall be interpreted to prevent compensation of employees based on sales volume, revenue or profitability targets/expectations for enterprise-, store-, or pharmacy-wide sales that include Controlled Substances.

2. No CSCP Employees may be terminated, suspended, threatened with or face any other negative employment consequence for failing to meet any revenue or profitability targets or expectations that depends in material part on sales of Controlled Substances. The Controlled Substance Compliance Director shall be a member of the Controlled Substance Compliance Committee.

2. Albertsons' Controlled Substance Compliance Committee shall have quarterly meetings during which the Controlled Substance Compliance Director shall report on, and the Controlled Substance Compliance Committee shall review, among other things, (a) the Prescription Validation Process, including the CSCP Policies and Procedures on identifying and resolving Patient, Prescriber and Prescription Red Flags; (b) the training required under the Injunctive Terms; (c) proactive due diligence and site visits; (d) the Prescriber Review Processes; (e) significant new national and regional diversion trends involving Controlled Substances; (f) Albertsons' adherence to the Injunctive Terms and applicable laws and regulations; and (g) any technology, staffing, or other resource needs for the CSCP. The Controlled Substance Compliance Committee shall have access to all CSCP reports described in the following subsection.

3. On an annual basis, Albertsons' Controlled Substance Compliance Committee shall provide a written report to the President of the Settling Pharmacy's Retail Division, the Chief Financial Officer of the Settling Pharmacy's Retail Division, the Chief Legal Officer of the Settling Pharmacy's Retail Division, and the corporate Chief Compliance Officer, outlining (a) the Settling Pharmacy's adherence to, and any material deviations from these Injunctive Terms; (b) the allocation of resources sufficient to comply with these Injunctive Terms; and (c) any revisions to the CSCP that the Controlled Substance Compliance Committee has approved. The corporate Chief Compliance Officer shall determine if and when it is appropriate to make a report to the Board or any subcommittee thereof, but shall report at least annually.

4. Albertsons, through its Controlled Substance Compliance Department and Committee, shall, at least once every year, review and oversee any enhancements to the CSCP Policies and Procedures and systems for dispensing activity that the Controlled Substance Compliance Committee deems necessary.

5. The Controlled Substance Compliance Committee shall be responsible for the approval of all material revisions to the CSCP Policies and Procedures, provided that nothing herein shall prevent Albertsons from implementing changes to the CSCP Policies and Procedures pending such review and approval.

VII. MANDATORY TRAINING

1. The CSCP Policies and Procedures shall be published in a form and location readily accessible to all pharmacy and compliance personnel at each of Albertsons' retail pharmacy locations in the Settling States. Online availability is sufficient, so long as pharmacy and compliance personnel have access to a computer with access to the CSCP Policies and Procedures.

2. Albertsons shall launch training for all existing CSCP Employees, to the extent practical (for example, accounting for employee leave), on the CSCP Policies and Procedures required under these Injunctive Terms, including the Prescription Validation Process and corresponding responsibility. The training shall be launched within one hundred twenty (120) days of the Injunctive Terms Implementation Date. All CSCP Employee new hires, to the extent practical, shall be required to participate in such trainings within sixty (60) days of hiring or six (6) months of the Injunctive Terms Implementation Date, whichever is later. Albertsons will further require that every CSCP Employee, to the extent practical, receive such training at least once every three (3) years for the term of these Injunctive Terms.

3. On an annual basis for the duration of these Injunctive Terms, Albertsons shall test its CSCP Employees on their knowledge regarding the CSCP Policies and Procedures required under these Injunctive Terms, including the Prescription Validation Process and corresponding responsibility.

4. It shall be a part of the CSCP Policies and Procedures and all trainings of all CSCP Employees required under these Injunctive Terms that pharmacists shall refuse to dispense Controlled Substances that they believe were prescribed or are being used for other than a legitimate medical purpose or that they believe were not prescribed by an individual Prescriber acting in the usual course of his or her professional practice.

5. All trainings required under these Injunctive Terms shall also make clear that (i) Albertsons' compensation and non-retaliation policies, including pursuant to these Injunctive Terms, prevent CSCP Employees from being compensated or penalized in any way related to revenue or profitability targets or expectations specific to sales of Controlled Substances; and ii) pharmacists will not be penalized in any way for exercising their professional judgment to refuse to fill prescriptions for Controlled Substances pursuant to their corresponding responsibility. To the extent that trainings designed and launched prior to the Effective Date of these Injunctive Terms do not reference these policies, they shall be added by the end of 2026.

VIII. THE PRESCRIPTION VALIDATION PROCESS

1. As part of its CSCP, Albertsons shall maintain a Prescription Validation Process in the CSCP Policies and Procedures, as further described and set forth in this section, that each pharmacist employed by Albertsons in a Settling State must follow when dispensing a prescription for a Controlled Substance. A Red Flag shall not be interpreted to mean that a prescription is, or is more likely than not, illegitimate and/or not issued in the usual course of professional practice or treatment.

2. A Red Flag will be considered "resolved" if, after further investigation as described below, and given other facts and circumstances surrounding the prescription, a pharmacist determines, in his or her professional judgment, that the facts that triggered the Red Flag do not lead him or her to believe that the prescription was written or is being submitted for an illegitimate medical purpose or outside the usual course of a Prescriber's professional practice.

3. Albertsons' CSCP Policies and Procedures shall provide that if a pharmacist identifies any "Patient Red Flags" associated with a Controlled Substances prescription (described in Section IX(3) below), before filling the prescription the pharmacist must resolve them; and that the method of resolution falls within the judgment of the pharmacist and may include reviewing the Patient's profile and history with the Settling Pharmacy, calling the Prescriber or Prescribers if appropriate, speaking with the Patient if appropriate, calling on the pharmacist's pre-existing knowledge of the Patient or Prescriber, reviewing available Prescription Monitoring Program ("PMP" or "PDMP") data, and/or reviewing other data or information available to the pharmacist.

4. Albertsons' CSCP Policies and Procedures shall provide that if forgery or fraud is suspected, or if the pharmacist identifies any other "Prescription Red Flags" associated

with a Controlled Substances prescription (described in Section IX(4) below), the pharmacist must resolve the Prescription Red Flags before filling the prescription; and that the method of resolution falls within the judgment of the pharmacist and may include reviewing the Patient's profile and history with Albertsons, calling the Prescriber or Prescribers if appropriate, speaking with the Patient if appropriate, calling on the pharmacist's pre-existing knowledge of the Patient or Prescriber, reviewing available PMP or PDMP data, and/or reviewing other data or information available to the pharmacist.

5. Albertsons' CSCP Policies and Procedures shall require that if a pharmacist identifies any "Prescriber Red Flags" associated with a Controlled Substances prescription (described in Section IX(5) below), the pharmacist must resolve them before filling the prescription; and that the method of resolution falls within the judgment of the pharmacist and may include reviewing any Albertsons records regarding the Prescriber, calling the Prescriber if appropriate, speaking with the Patient if appropriate, calling on the pharmacist's pre-existing knowledge of the Patient or Prescriber, reviewing available PMP or PDMP data, and/or reviewing other data or information available to Albertsons.

6. Albertsons' CSCP Policies and Procedures related to Schedule II Designated Controlled Substances shall provide that the resolution of all Red Flags identified by the pharmacist, as well as any prescriptions that were rejected pursuant to Red Flags identified by the pharmacist, and the reasons why they were rejected, must be documented by the pharmacist, unless if based on the pharmacist's pre-existing knowledge of the Patient or Prescriber. Any such records shall be maintained for the duration of these Injunctive Terms. To the extent that a Red Flag is resolved based upon facts or circumstances that are already reflected or documented in Albertsons' records, further documentation of those facts or circumstances is not required for resolution of substantially the same Red Flag on subsequent prescriptions. For example, if a Patient lives fifty-five (55) miles from an Albertsons but works near the pharmacy and that fact is reflected in pharmacy records, no documentation for the resolution of the Red Flag addressing the Patient's distance from the pharmacy is required in connection with individual prescriptions dispensed for that Patient. A lack of documentation shall not be interpreted to create a presumption that a pharmacist did not resolve any identified Red Flags. Nothing in these Injunctive Terms shall require Albertsons to create a record in those instances where the pharmacist rejects a prescription when presented without an effort to resolve any red flags, including but not limited to instances where the pharmacist rejects a prescription for clinical reasons, or where the pharmacist identifies on the face of the prescription a Prescription Red Flag (defined in Section IX below) that causes the pharmacist to conclude without further inquiry that the prescription is invalid.

7. Albertsons' CSCP Policies and Procedures shall provide that, even if all Red Flags are resolved, a pharmacist shall reject a prescription if, in his or her professional judgment, he or she believes that it was written or is being submitted for other than a legitimate medical purpose and/or was written outside the usual course of an individual Prescriber's professional practice.

IX. RED FLAGS

1. Upon request by the Settling States, but no more than annually, and no earlier than four months after the Injunctive Terms Implementation Date, Albertsons shall provide to the Settling States a report (the "Annual Data Report") that sets forth: (1) the total number of prescriptions for Controlled Substances dispensed annually, aggregated nationally and by state; (2) the top twenty-five prescribers of Designated Controlled Substances in each Settling State; and (3) the list of prescribers subject to disclosure in section X.5; (4) the specific process, system, metrics or algorithms (if any) sufficient to demonstrate the operational system's ability to identify each category of Red Flag listed in this section; (5) the total number of Designated Controlled Substance prescriptions that pharmacists at the Settling Pharmacy refused to dispense, as reflected in the pharmacy dispensing or other electronic system. Unless otherwise required by law, if a Settling State seeks to disclose any data and/or information provided under this provision as part of a proceeding to enforce these Injunctive Terms or otherwise, it shall first provide ten (10) days' notice to Albertsons unless doing so would conflict with applicable law. A Settling State shall not otherwise disclose or provide any data provided under this provision to third parties during or after the Term of these Injunctive Terms unless required to do so by law. If a Settling State is required to disclose or provide any data under this provision to third parties during or after the Term of these Injunctive Terms, it shall first provide ten (10) days' notice to Albertsons unless doing so would conflict with applicable law. All data and/or information provided under this paragraph shall be deemed confidential law enforcement material, to the extent state law permits, and shall not be subject to production unless required by law. Nothing in this paragraph shall be deemed to prevent a Settling State from sharing this material with other State or federal law enforcement agencies.

2. Within the three months following the provision of the Annual Data Reports, either Albertsons or the States Injunctive Relief Committee may propose in writing a meet and confer to discuss potential changes to the scope of one or more categories of Red Flags. At such a meeting, Albertsons or the States Injunctive Relief Committee may provide additional research, information or data available to them beyond that provided in the Annual Data Reports. For example, Albertsons might propose reducing the threshold for triggering a particular category of Red Flag or consolidating certain Red Flags or subcategories of Red Flags into a single metric, or the States Injunctive Relief Committee might propose increasing the threshold for triggering a particular Red Flag

or expanding that Red Flag to include multiple subcategories (*e.g.*, number of prescriptions, distance thresholds).

a. If Albertsons and the States Injunctive Relief Committee agree on such changes to one or more Red Flags, they shall document those changes in writing and they shall become a part of these Injunctive Terms for all intents and purposes.

b. If Albertsons and the States Injunctive Relief Committee cannot agree on the proposed changes during their meeting and confer, the Party seeking the change(s) to the Red Flag(s) may seek a 5-day mediation of the issue at its own expense. If the mediation fails to resolve the dispute between the parties, the party seeking the proposed change(s) may appeal to the National Arbitration Panel to have the National Arbitration Panel modify the Red Flags on the basis that the change(s) would be consistent both with avoiding unnecessary material costs of identifying and resolving Red Flags and materially reducing the diversion of Controlled Substances. In such a proceeding, the Party seeking the proposed change(s) may provide evidence from Annual Data Reports or from other research, data and information.

c. In any such proceedings, there shall be a presumption against imposition of any proposed Red Flags, or proposed modifications to pre-existing Red Flags, that have not been identified by the United States Drug Enforcement Administration (DEA) or other law enforcement agencies tasked with the regulation of Controlled Substances.

d. The Red Flags required by these Injunctive Terms shall at no point be too numerous or complex to be reasonably workable for pharmacists in the context of protecting patient safety, performing corresponding responsibility, drug utilization review, and their other responsibilities. Any dispute over whether the Red Flags required by these Injunctive Terms have become too numerous or complex to be reasonably workable for pharmacists shall be submitted to the National Arbitration Panel. In the event a dispute is submitted to the National Arbitration Panel, it shall be Albertsons' burden to prove that the Red Flag(s) at issue are overly burdensome and that their burdensome nature outweighs any public health benefit.

3. Albertsons' CSCP Policies and Procedures shall direct its pharmacists to treat the following circumstances as "Patient Red Flags":

a. A Patient seeks to fill a Schedule II Designated Controlled Substance prescription more than three days prior to the contemplated exhaustion date of an earlier prescription of the same Schedule II Designated Controlled Substance (e.g., exhaustion of the days' supply assuming the prescription has been taken in accordance with the prescribers' directions on the face of the prescription), provided the previous prescription was also dispensed by the same Settling Pharmacy;

b. A Patient seeks to fill a Designated Controlled Substance prescription from a Prescriber after having filled Designated Controlled Substance prescriptions at the same Albertsons from more than four other Prescribers, from separate practices, in a given 6-month period;[2]

c. To the extent personally known by the dispensing pharmacist, Prescriber has been the subject of more than ten (10) documented refusals to fill within a six-month period;

d. A Patient seeks to fill a Designated Controlled Substance prescription after having filled three other Designated Controlled Substance prescriptions written by multiple Prescribers with overlapping days of supply at Albertsons' pharmacies within thirty (30) days;

e. The distance between a Patient's residence and the Albertsons receiving the Designated Controlled Substance prescription is farther than 50 miles;

f. The Patient resides more than one hundred (100) miles from the Prescriber who issued the Designated Controlled Substances prescription;

g. To the extent personally known by the dispensing pharmacist, a Patient seeks to fill a Designated Controlled Substance prescription after having two other prescriptions for Designated Controlled Substances subjected to documented refusals to fill by an Albertsons pharmacist within the past thirty (30) days;

h. A patient pays in cash for a Designated Controlled Substance despite having prescription drug insurance on file for that medication;

i. Three or more Patients come to the pharmacy together to fill prescriptions for the same Designated Controlled Substances;

j. A Patient requests a Designated Controlled Substance by its slang or street description, such as "Mallinckrodt blues," "M's" or "the blue pill"; and

[2] In Albertsons' sole discretion, for administrative convenience Albertsons may implement this Red Flag without regard to whether Prescribers are at separate practices, thereby resulting in more instances in which the flag occurs.

k. A Patient presenting a prescription for a Designated Controlled Substance appears visibly altered, intoxicated, or incoherent.

4. Albertsons' CSCP Policies and Procedures shall direct its pharmacists to treat the following circumstances as "Prescription Red Flags:"

   a. A Controlled Substance prescription fails to meet the requirements of law;

   b. A Controlled Substance prescription that appears altered, including but not limited to, a photocopied prescription or a prescription in which an altering agent, such as white out, was used;

   c. A Controlled Substance prescription written with misspellings suggesting the prescription may not have been written by a valid Prescriber;

   d. A Controlled Substance prescription using atypical abbreviations suggesting the prescription may not have been written by a valid Prescriber; and

   e. A Controlled Substance prescription written with multiple colors of ink or in multiple different handwritings.

5. Albertsons' CSCP Policies and Procedures shall direct its pharmacists to treat the following circumstances as "Prescriber Red Flags:"

   a. A Prescriber provides a Patient with prescriptions for all three of a Schedule II Designated Controlled Substance, a benzodiazepine, and carisoprodol;

   b. A Prescriber has no office within fifty (50) miles of the retail pharmacy store where a Designated Controlled Substance prescription is submitted; and

   c. A Prescriber of Designated Controlled Substances uses prescriptions that are preprinted or stamped with drug type and amount.

X. PRESCRIBER REVIEW

1. Albertsons shall regularly review the prescribing patterns and practices of Prescribers of Designated Controlled Substances (the "Prescriber Review Process"). The Prescriber Review Process shall employ algorithms, or other means, to review data on Albertsons' retail dispensing for potential Prescribers of concern.

2. Albertsons shall initiate Prescriber Review Process in the following circumstances:

   a. Personnel implementing the Prescriber Review Process become aware that a Prescriber of Designated Controlled Substances located in a Settling State has been the subject of a blanket refusal to fill by one or more of Albertsons' retail pharmacy stores in the Settling States;

b. Personnel implementing the Prescriber Review Process become aware that a Prescriber of Designated Controlled Substances located in a Settling State has been charged or indicted with a crime related to prescribing Designated Controlled Substances by the Federal Government or law enforcement in a Settling State; or

c. Albertsons has received a Hotline complaint that has been investigated and substantiated concerning a Prescriber's illegitimate prescribing of Designated Controlled Substances.

3. Based on the professional judgment of the employees operating the Prescriber Review Process, Albertsons may also initiate the Prescriber Review Process when:

a. Personnel implementing the Prescriber Review Process are notified in writing by law enforcement that a Prescriber of Designated Controlled Substances located in a Settling State is the target of an investigation regarding the prescribing of Controlled Substances;

b. A Prescriber of Designated Controlled Substances was flagged for review by an Albertsons pharmacist in a Settling State (other than through a refusal to fill or blanket refusal to fill) or by field personnel who supervise Albertsons' pharmacies in a Settling State; or

c. A Prescriber of Designated Controlled Substances located in a Settling State was identified through the running of algorithms on Albertsons' retail dispensing.

4. Once Albertsons identifies a Prescriber for further investigation, Albertsons shall review pertinent and available data or information pertaining to the Prescriber, which may include interviews or other information gathered in the discretion of the employees operating the Prescriber Review Process. All data and information collected or created as part of the Prescriber Review Process shall be maintained by Albertsons for the length of these Injunctive Terms. When permitted by law, nothing contained in this Section prevents Albertsons from taking immediate action to Block a Prescriber.

5. If after the Prescriber Review Process those making the decision have not resolved the circumstances that caused Albertsons to further investigate the Prescriber, then the Prescriber shall be Blocked from having Controlled Substance prescriptions filled at Albertsons' retail pharmacies in the Settling States, when permitted by law. A Prescriber may have an opportunity at the discretion of Albertsons to seek future reinstatement by providing information to Albertsons that may resolve its concerns. Nothing in this Section shall limit the right or ability of Albertsons pharmacists to either refuse to fill a given prescription or refuse to fill all prescriptions for Controlled Substances from a given Prescriber independent of any decision by Albertsons to Block

or not Block a given Prescriber. On written demand, on an annual basis, Albertsons shall provide to each Settling State the names of and DEA registration or NPI numbers of Prescribers of Designated Controlled Substances within that Settling State that it has Blocked. Each Settling State shall provide contact information in order to receive such information. For each of the Settling States, on an annual basis, Albertsons shall provide to the Injunctive Relief Committee: (a) the number, names and DEA registration or NPI numbers of Prescribers who were blocked, and (b) the number of prescribers who were reviewed pursuant to X.2 or X.3 above but not blocked.

XI. PROACTIVE DUE DILIGENCE AND SITE VISITS

1. During the term of these Injunctive Terms, Albertsons shall conduct periodic proactive compliance reviews of its retail pharmacy stores in the Settling States to assist with the identification of potential compliance issues related to the dispensing of Designated Controlled Substances at its retail pharmacy stores in the Settling States. This may be satisfied by the use of algorithms, or other electronic means, to analyze data associated with each pharmacy's dispensing of Designated Controlled Substances to identify particular pharmacies for review as required under this Section XI. Documentation of any resulting reviews shall be maintained by Albertsons and made accessible to all Controlled Substance Compliance Department personnel upon request for the duration of these Injunctive Terms.

2. During the term of these Injunctive Terms, Albertsons personnel or qualified third-party compliance consultants shall conduct site visits to each pharmacy in a calendar year. These site visits shall at a minimum consist of a review of Controlled Substance dispensing documentation and recordkeeping; and a review of physical surroundings and other circumstances for any indications of potential non-compliance with these Injunctive Terms or the CSCP Policies and Procedures, or any violations of other applicable laws and regulations related to the dispensing of Controlled Substances.

3. During site visits, Albertsons' personnel or qualified third-party compliance consultants shall interview relevant pharmacy employees, if appropriate, about any potential areas or issues of concern, including potential violations of laws related to the dispensing of Controlled Substances, the CSCP Policies and Procedures, and these Injunctive Terms.

4. Albertsons' personnel or qualified third-party compliance consultants who conduct site visits shall complete a report reflecting the findings of any site visit pursuant to this section. This report shall document areas or issues of concern, including potential violations of law related to the dispensing of Controlled Substances, the CSCP Policies and Procedures, and these Injunctive Terms.

5. The site visit reports described above shall be maintained by Albertsons and made

accessible to all Controlled Substance Compliance Department personnel for the duration of these Injunctive Terms. Upon its request, the States Injunctive Relief Committee shall be provided sample reports or a report for a particular store.

XII. THEFT AND LOSS PREVENTION

1. In addition to complying with all theft and loss procedures, policies and precautions required by state and federal law, Albertsons shall maintain for at least three years information regarding the receipt and disposition of inventory of all Designated Controlled Substances at each retail pharmacy store.

2. In addition to any other reporting obligations under state and federal law, Albertsons must provide to each Settling State on a quarterly basis any reports it has made to the DEA regarding the theft or significant loss of Designated Controlled Substances in that Settling State pursuant to 21 C.F.R. §1301.76(b). Each Settling State shall provide contact information in order to receive such reports. There shall be no obligation to provide these reports to Settling States that receive contemporaneous reporting of thefts or significant losses of Designated Controlled Substances to a Settling State's board of pharmacy.

XIII. REPORTING TO LAW ENFORCEMENT

1. The Settling States shall inform Albertsons to what extent their law enforcement authorities would like to receive reports, other than those already required by law or regulation, of any confirmed forged prescriptions. To the extent not already in place, Albertsons shall implement standard operating procedures directing its employees to report any confirmed forged prescriptions for Designated Controlled Substances to those Settling States who have indicated that they want to accept it, within five (5) business days of completing any review of such prescription or conduct. The Settling States shall provide contact information in order to receive such reports.

2. Albertsons shall document and for at least two (2) years maintain records of any such reports that are made to Settling States regarding confirmed fraudulent or forged prescriptions, which are maintained centrally.

XIV. ENFORCEMENT OF INJUNCTIVE TERMS

1. Notice of Potential Violations and Opportunity to Cure.

    a. A "Potential Violation" occurs when the Settling State determines, after appropriate investigation and due diligence, that Albertsons is not in substantial compliance with a material aspect of the Injunctive Terms. A Potential Violation may be for a single retail pharmacy. A violation of this Agreement

is not presumed to occur when a pharmacist, pharmacist technician, or other field personnel who supervise pharmacists and/or pharmacist technicians employed by Albertsons violates Albertsons' CSCP Policies and Procedures.

b. Potential Violation Discovered by Settling State.

   i. In the event of a Potential Violation identified by a Settling State, the Settling State shall notify Albertsons in writing (the "State's Notice").

   ii. Within thirty (30) days of receipt of the State's Notice, Albertsons shall provide a written response to the Settling State. The response shall include Albertsons' position as to the act(s) of non-compliance, including, possibly, a statement setting forth why Albertsons believes it is in substantial compliance with the relevant provision(s) or a statement explaining how the Potential Violation has been addressed.

   iii. If the Settling State wishes to meet with Albertsons, Albertsons shall promptly make itself available for such a meeting.

c. If, after review of a written response and any meeting, the Settling State believes that a Potential Violation is ongoing or has not been substantially addressed, it will provide written notice to Albertsons and work in conjunction with Albertsons to devise, within thirty (30) days, a corrective action plan ("Corrective Action Plan") to remedy such Potential Violation, including a reasonable period for implementation of such plan.

d. Within sixty (60) and one hundred twenty (120) days after implementing the Corrective Action Plan, Albertsons will provide a written compliance update to the Settling State and make itself available to meet with the Settling State if requested. If after reviewing the compliance update and any meeting, the Settling State believes a Potential Violation remains ongoing or has not been substantially addressed, the Settling State may commence a 30-day mediation period. If mediation fails to resolve the dispute between the parties, the Settling State may take whatever action it deems necessary, including but not limited to bringing an action to enforce these Injunctive Terms, filing a new action (administrative or civil action) for violation of the Injunctive Terms as allowed by state law, conducting further investigation, or attempting to negotiate an updated Corrective Action Plan with Albertsons. But the Settling State may not seek to reinstate claims that have been released as part of the Settlement Agreement.

e. If Albertsons fails or refuses to provide a written response, to devise or implement a Corrective Action Plan or to provide a compliance update as

required by subsections 1(b), 1(c) and/or 1(d), a Settling State may bring an action to enforce these Injunctive Terms, filing a new action (administrative or civil action) for violation of the Injunctive Terms as allowed by state law, conduct further investigation, or attempt to negotiate an updated Corrective Action Plan with Albertsons. But the Settling State may not seek to reinstate claims that have been released as part of the Settlement Agreement.

f. If, after review of a written response and any meeting, pursuant to subsections 1b. or 1c., above, the Settling State concludes that a Potential Violation is not ongoing or has been substantially addressed, the Settling State will provide written notice of this conclusion to the Settling Pharmacy within thirty (30) days of reaching its conclusion.

2. Enforcement Action. Each Settling State agrees that prior to taking any court or administrative action, other than an action that the Settling State concludes is necessary to address an immediate threat to the health, safety, or welfare of the citizens of the Settling State, or that a public emergency requiring immediate action exists, it will follow the process outlined above. If the Settling State concludes that action is necessary to address an immediate threat to the health, safety, or welfare of the citizens of the Settling State or that a public emergency requiring immediate action exists, it will make best efforts to provide reasonable notice to a Settling Pharmacy prior to initiating any such action.

XV. COMPLIANCE CERTIFICATION

1. Albertsons' Controlled Substance Compliance Director shall, after diligent inquiry, complete an annual compliance certification as set out in Section XV(4).

2. The certification shall be filed annually for the duration of these Injunctive Terms with a Settling State's appropriate licensing and/or regulatory agency and its Attorney General.

3. The certification shall state:

> "I understand the compliance requirements and responsibilities as they relate to [insert name of department], an area under my supervision. My job responsibilities include attempting to achieve compliance with regard to the [insert name of department] with all applicable statutory requirements, obligations of the Injunctive Terms, and applicable policies, and I have taken steps to promote such compliance. To the best of my knowledge, the [insert name of department] is in compliance with the obligations of these Injunctive Terms. I understand that this certification is being provided to and relied upon by the State of [Settling State]."

4. If the Controlled Substance Compliance Director is unable to provide such a certification, the Controlled Substance Compliance Director shall provide a written explanation of the reasons why he or she is unable to provide the certification outlined above.

XVI. DATA SHARING

1. Albertsons shall consent to the provision by its distributors of Albertsons' unblinded "867 Data" (data sent from the distributor to the manufacturer concerning the sale of its products to Albertsons) to opioid manufacturers on any particular Designated Controlled Substances manufactured by them as soon as commercially reasonable and at no cost to the manufacturers, provided that, pursuant to a prior written agreement with Albertsons, the opioid manufacturers agree (a) to ensure the confidentiality of the 867 Data, except as required by law; (b) to implement safeguards and procedures to limit access to and use of the 867 Data, except as required by law; (c) that the 867 Data shall be used solely for compliance purposes as part of their Suspicious Order Monitoring programs; and (d) that the 867 Data shall be shared only with specified personnel and shall not be shared with business or sales personnel.

2. To the extent that Albertsons provides McKesson Corporation, Cardinal Health, Inc., or AmerisourceBergen Corporation (the "Settling Distributors") with Pharmacy Customer Data (as defined in the Distributor Injunctive Terms) for use in their Controlled Substance Monitoring Programs, Albertsons agrees that the Settling Distributor(s) may share such Pharmacy Customer Data with the Monitor appointed pursuant to the Distributor Injunctive Terms, provided that the Monitor agrees, pursuant to a prior written agreement with Albertsons, (a) to ensure the confidentiality of the Pharmacy Customer Data; (b) to implement safeguards and procedures to limit access to and use of the Pharmacy Customer Data; (c) that the Pharmacy Customer Data is used solely for the purpose of ensuring the Settling Distributors' compliance with the Distributor Injunctive Terms; and (d) that the Pharmacy Customer Data shall be shared only with specified personnel.

XVII. CLEARINGHOUSE

1. Albertsons will confer with any Settling Distributor that distributes Designated Controlled Substances to its retail pharmacies and the States Injunctive Relief Committee for a period not to exceed six (6) months from the Injunctive Terms Implementation Date to determine: what additional deidentified information, if any, is needed from Albertsons for a Settling Distributor to perform suspicious order monitoring; if additional deidentified information is needed, how the Settling Pharmacy shall provide it to a Settling Distributor; and what information provided by Albertsons to a Settling Distributor may be deposited by the Settling Distributor into the Clearinghouse. For the avoidance of doubt "deidentified" does not refer to Prescribers. If agreements are not reached, the matters in dispute shall be submitted to arbitration. Due to patient privacy and legal restrictions and other confidentiality and

commercial concerns, in connection with any meet and confer described above, Albertsons may not be compelled to provide individual patient-level or prescription-level data, de-identified or otherwise, to the Settling Distributors.

2. Albertsons and Settling Distributors will also determine whether and in what amount the Settling Pharmacy will contribute to the cost of the operation of the Clearinghouse. When Albertsons contributes to the costs of the Clearinghouse, Settling Pharmacy, Settling Distributors and all other participants in the Clearinghouse shall determine an equitable amount of Albertsons' contribution. If agreements are not reached, the matters in dispute shall be submitted to arbitration.

3. Any data provided by Albertsons to a Settling Distributor and/or the Clearinghouse pursuant to these Injunctive Terms shall be treated in compliance with state and federal law, including but not limited to the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and all applicable state and federal privacy laws.

4. No Settling Distributor or other participant in the Clearinghouse shall receive from the Clearinghouse information specific to Albertsons.

II. Fees and Costs

A. *Total Attorneys' Fees and Costs*

1. Total attorneys' fees and costs to be paid by Albertsons to Attorneys under this Fee Agreement shall be up to, but in no event more than, $81,234,191.57, subject to the reductions and provisions set forth below. The total attorneys' fees and costs consists of up to $ 76,234,191.57 for the Attorney Fee Fund, as set forth in Section II, and $5,000,000.00 in total for the MDL Expense Fund.

[1] Nothing herein shall be understood to indicate approval for additional State Back-Stop Agreements or modifications of existing State Back-Stop Agreements.

The Maximum Attorney Fees, subject to the reductions set forth herein, are $76,234,191.57 and shall be paid on the schedule in Ex. M-3.

2. If an Eligible State does not join the Agreement by the State Participation Date and is accordingly not a Settling State, the total attorneys' fees and costs to be paid under this Fee Agreement by Albertsons shall be reduced by twelve point four percent (12.4%) times the Remediation Payment amount that would have been allocated to that Non-Settling State as set forth in Section IV.B of the Albertsons Agreement.

3. If Albertsons settles with any Non-Settling State after May 1, 2026 and such settlement allows for the Subdivision(s) in such Non-Settling State to join the settlement, Albertsons agrees to withhold from the gross recoveries a Common Benefit Fund assessment, to be deposited in the Court Common Benefit Fund, of 7.5% times the gross recovery paid as defined in the Court Common Benefit Order (Docket #4428). If Albertsons settles with any Subdivision(s) in a Non-Settling State other than in connection with a statewide settlement that includes the relevant State after May 1, 2026, then Albertsons agrees to withhold from the gross recoveries a Common Benefit Fund assessment, to be deposited in the Court Common Benefit Fund, of 7.5% times the gross recoveries (the "*Albertsons Subdivision CBF Assessment,*" and, along with the Albertsons State Settlement CBF Assessment, each a "*Albertsons CBF Assessment*"). If (a) Albertsons settles with a Non-Settling State after May 1,2026 (b) such settlement does not allow for the Subdivision(s) in such Non-Settling State to join the settlement, and (c) Albertsons later prevails in asserting that Released Claims of Primary Subdivisions in such Non-Settling State were released as a result of such settlement, Albertsons agrees to deposit the Albertsons State Settlement CBF Assessment in the Common Benefit Fund. Any Albertsons CBF Assessment is inclusive of any assessment related to such settlement that would be required by the Common Benefit Order (Docket #4428). .

B. *Attorney Fee Fund and Sub Funds*

1. The Attorney Fee Fund shall consist of the Contingency Fee Fund and the Common Benefit Fee Fund. There shall be a split of the Attorney Fee Fund into the Contingency Fee Fund and the Common Benefit Fund. The split shall be 40% to the Contingency Fee Fund and 60% to the Common Benefit Fund, provided the Contingency Fee Fund shall pay a Contingency Fee of the lesser of the Contingency Fee Contract amount, or 20% of client recovery. Any excess Contingency Fee Fund monies shall revert to the Common Benefit Fund.

2. The Cost Fund shall include the MDL Expense Fund The State Counsel Fee Fund and the State Cost Fund shall be separate funds under the control of the Settling States.

3. It is the intention of the Parties that the Contingency Fee Fund and the Common Benefit Fund shall be administered by the Fee Panel appointed under MDL

Docket No. 3828, which will be governed by the provisions of this Fee Agreement and shall design the process and procedures for the allocation of fees pursuant to this Fee Agreement and the MDL Court's Orders. The Cost Funds shall be administered by the Cost and Expense Fund Administrator appointed under MDL Docket No. 3828, who will be governed by the provisions of this Agreement and shall design the process and procedures for the allocation of costs pursuant to this Agreement and the MDL Court's Order.

4. The fees to be paid under this Fee Agreement are available for Attorneys engaged in Qualifying Representations and Qualified Tribal Representations only. Fees to be paid under this Fee Agreement are not available prior to the Effective Date of the Albertsons Agreement. Fees to be paid under this Fee Agreement are not available for representation of Non-Participating Subdivisions, or Non-Litigating Subdivisions and are not available for representation of private hospitals, third-party payors, NAS claimants, personal injury/wrongful death claimants, or any entity other than Participating Litigating Subdivisions. In addition, fees under this Fee Agreement are not available for representation of any individual or entity in matters other than those claims against Released Entities, but may include a reasonable share of representations that involve development of facts for pursuit of opioid-related claims against multiple defendants in the pharmacy, manufacturing, and distribution chain. e.

5. In no event shall Albertsons be required to pay more into the Attorney Fee Fund than the maximum amount specified in paragraph II.A.1. The amounts allocated to the Contingency Fee Fund and the Common Benefit Fund set by the Fee Panel shall be subject to the reductions set forth in Section II.A.2 and the reductions and refunds set forth below.

6. Awards of fees from the Contingency Fee Fund shall be available to Attorneys with Qualifying Representations of Participating Litigating Subdivisions eligible to receive an allocation under the Albertsons Agreement, as set forth in Exhibit G to the Albertsons Agreement, and shall be made by applying the Mathematical Model attached as Exhibit "A" to this Fee Agreement. The collection of the data and calculations for the Mathematical Model has been a cooperative effort among private counsel for a large number of Litigating Subdivisions. The analysis has been spearheaded by Joseph Tann and Andrew Arnold. The Fee Panel is encouraged to continue working with those counsel in application of the Model. The Fee Panel shall oversee the application of the Model and resolve any questions or disputes concerning the eligibility of a Counsel to participate as required in Section II.G. The Panel is empowered to hear disputes concerning and ensure the accuracy of the mathematical calculation.

7. As to awards from the Contingency Fee Fund, there shall be no right of appeal.

8. Any appeal of an award of the Fee Panel from the Common Benefit Fund will be made to the MDL Court and be reviewed under an abuse of discretion standard and there shall be no further appeal to a higher court and any applicant for a common benefit fund award agrees to waive any such appeal to a higher court than the MDL Court

C. *Common Benefit Fund* (60% of the Attorney Fee Fund)

1. The maximum potential total Common Benefit Fund payment to be made by Albertsons into the Attorney Fee Fund is $45,740,514.94, and in no event shall it exceed that amount. Albertsons's maximum potential Common Benefit Fund payments shall be paid on the following yearly schedule:

	Albertsons Shall Pay Common Benefit
Year 1 April 30, 2026	$12,783,652.99
Year 2 February 28, 2027	$12,783,652.99
Year 3 February 28, 2028	$7,481,913.47
Year 4 February 28, 2029	$7,481,913.47
Year 5 February 28, 2030	$5,209,382.01
Total	$45,740,514.94

2. The Common Benefit Fund shall be available to compensate Attorneys engaged in Qualifying Representations of Participating Litigating Subdivisions and Qualified Tribal Representation of Tribal Participating Governments who:

   a. have performed work for the Common Benefit of all Participating Subdivisions and/or Tribal Nations consistent with the provisions to the guidelines established by Judge Polster set forth in MDL 2804 and the Order dated May 1, 2018, under docket number 358, which is included herein by reference; and

   b. satisfy the eligibility criteria set forth in Section II.G.

   For purposes of Common Benefit Fund distribution, notwithstanding paragraph II.A.5, Attorneys representing Tribal Nations litigating against Albertsons have also reached a settlement for Released Claims with Albertsons, and these

settlements are the subject of agreements with Albertsons. Attorneys are eligible for Common Benefit consideration provided such agreement with Albertsons became effective under their terms. Such Attorneys must meet the eligibility criteria in Section II.G.

For purposes of Common Benefit Fund distribution, notwithstanding paragraph II.A.5, MDL Participating Counsel not engaged in Qualifying Representations of Participating Litigating Subdivisions but who performed work for the Common Benefit pursuant to authorization from the MDL Co-Leads and meet the eligibility criteria in Section II.G. shall be eligible.

3. Albertsons' Common Benefit Fund payments under this Fee Agreement satisfy any assessments or withholdings for the Albertsons Agreement that are or could be required under the Common Benefit Order for Settling States and their Participating Subdivisions. The Common Benefit Fund shall be overseen by the Fee Panel, which shall determine the allocation of funds to eligible Attorneys consistent with this Fee Agreement and the Common Benefit Order.

4. In assessing the benefits that an Applicant has conferred to Participating Subdivisions (including non-Litigating Subdivisions) and/or Tribes for purposes of any compensation decision, the Fee Panel shall give significant weight to the extent to which (i) the Applicant and his or her clients have contributed to increasing (or reducing) Subdivision Participation in the Albertsons Agreement as of the Initial Participation Date, and (ii) the Applicant and his or her clients have contributed to increasing (or reducing) the amounts achieved under Incentive Payments A-D through participation in the Albertsons Agreement, including the Albertsons Tribal Agreement. The Fee Panel may also consider additional fee recoveries the Applicant may potentially obtain, including, but not limited to, from attorney fee funds under other settlement agreements, State Back-Stop Agreements, representations of States or Tribal Nations, representations of other clients in opioids-related matters, or through the representation of Subdivision clients, whether they participated in the Albertsons Agreement or not. It is the intent of this provision to recognize that the goal of the Albertsons Agreement is to provide for maximum participation by the Subdivisions, maximum abatement funding for all Subdivisions nationally, and the maximum peace for Released Entities. However, litigation against Albertsons after the Effective Date by the plaintiffs in *County of Tarrant, Texas v. Purdue Pharma L.P.*, et al. (Case No. 1:18-OP-45274) ("CT9") and *County of Monterey v. Amerisourcebergen Drug Corporation*, et al. (Case No. 1:18-op-45614) ("CT21") may continue and shall not be considered common detriment. Therefore, except with respect to CT9 and CT21, representing one or more Non-Participating States or Non-Participating Subdivision does not further the goal of the Albertsons Agreement, and should not be considered Common Benefit because it does not increase funds available to Participating Subdivisions' abatement programs. Representing one or more Later Litigating Subdivisions or Later Litigating States is antithetical to the Albertsons Agreement and detracts from Common Benefit; the Fee Panel shall

consider this concept of "common detriment" set forth in this paragraph in all of its decision making with respect to the allocation of the Attorney Fee Fund among Applicants, as well as, in its discretion, any reductions provided to Albertsons as set forth in Section II.H. The Fee Panel shall consider the totality of the Applicant's Participating Litigating Subdivisions as compared to the Applicant's Non-Participating Litigating Subdivisions; the Parties recognize that, although the goal is for 100% participation, Applicants with a greater number of clients have a greater probability of having one or more Non-Participating Litigating Subdivisions. As used in this paragraph II.C.4, "client" or "representing" a Subdivision shall include any Litigating Subdivision as to which the Applicant has a Fee Entitlement.

5. As set forth in Section II.H, the Fee Panel must consider the factors described in paragraph II.C.4 to determine how and whether to reduce the amounts to be paid by Albertsons under this Fee Agreement and to determine how to allocate funds among Applicants. They may also, at their discretion, consider other factors. Any reduction in payment obligation or credit to be given Albertsons in this Fee Agreement shall be applied against the last Payment Year and then working backwards. Any reduction to an Applicant not credited to Albertsons shall be allocated to attorneys whose Litigating Subdivision clients participated in the settlement by the Initial Participation Date.

D. *Contingency Fee Fund* (40% of the Attorney Fee Fund)

1. The maximum potential total Contingency Fee Fund payment to be made by Albertsons into the Attorney Fee Fund is $30,493,676.63, and in no event shall it exceed that amount. Albertsons' maximum potential Contingency Fee Fund payment shall be paid on the following yearly schedule:

	Albertsons Shall Pay Contingency Fee Fund
Year 1 April 30, 2026	$8,522,435.33
Year 2 February 28, 2027	$8,522,435.33
Year 3 February 28, 2028	$4,987,942.32
Year 4 February 28, 2029	$4,987,942.32
Year 5 February 28, 2030	$3,472,921.34
Total	$30,493,676.63

2. The Contingency Fee Fund shall be available to compensate Attorneys engaged in Qualifying Representations of Participating Litigating Subdivisions that meet the criteria set forth in Section II.G.

    a. The Contingency Fee Fund shall be available to Attorneys who represent Litigating Subdivisions that are Participating Subdivisions, whether their actions are filed in state or federal court, and meet the eligibility criteria of Section II.G.

    b. Participation in the Contingency Fee Fund by counsel that have a case that is not subject to the jurisdiction of the MDL Court shall not create, provide, or waive jurisdiction of the MDL Court over that Litigating Subdivision, that case or Attorneys, other than to oversee the fairness of the distribution process, and enforcement of this Fee Agreement.

3. The amount owed by Albertsons to the Contingency Fee Fund shall be reduced to reflect the non-joinder of Litigating Subdivisions in Settling States by subtracting the amounts identified by the Fee Panel, pursuant to paragraph II.H.7, that would have been owed to counsel for Non-Participating Litigating Subdivisions in Settling States had such Litigating Subdivisions been Participating Subdivisions.

4. In the event that after the date of the Albertsons Agreement, Albertsons, prior to the Effective Date of the Albertsons Agreement, settles with any Litigating Subdivision that would have been eligible to participate in the Settlement Agreement, and, under such settlement agreement pays attorneys' fees, the Fee Panel shall treat those Litigating Subdivisions as Participating Litigating Subdivisions and, applying the same criteria applicable to all Attorneys for Participating Litigating Subdivisions, determine what amount they would have been paid from the Contingency Fee Fund if they had become Participating Subdivisions under the Albertsons Agreement without such prior settlement. That sum, rather than being paid to the Attorney for the previously settling Litigating Subdivision, shall be credited to Albertsons, except that such refund shall not be greater than the amount paid to the Attorneys under the Litigating Subdivision's prior settlement agreement. All credits will be applied to the last Payment Year.

5. The Contingency Fee Allocation shall be determined as set forth in the Mathematical Model attached. If after application of the attached model funds remain in the Contingency Fee Fund, such funds shall be transferred to the MDL Common Benefit Fund established by Order of May 9, 2022 (Docket #4428).

E. *MDL Expense Fund*

1. Albertsons shall pay $5,000,000 into the MDL Expense Fund on the Effective Date, on the schedule set forth below.

	MDL Expense Fund
Year 1 April 30, 2026	$2,500,000.00
Year 2 February 28, 2027	$2,500,000.00
Total	$5,000,000.00

2. The MDL Expense Fund shall be released following the Effective Date of this Fee Agreement without any delay to reimburse the MDL PEC for an agreed-to portion of the expenses incurred, as approved by the Cost and Expense Fund Administrator. The sum deposited into the MDL Expense Fund will be paid directly to the MDL Opiate Capital Account.

3. In allocating the MDL Expense Fund, the Administrator shall not allocate any funds for costs incurred after the Effective Date of the Settlement, unless the Administrator determines they were reasonable costs related to the implementation and/or enforcement of the Albertsons Agreement, orin furtherance of MDL 2804

4. At the conclusion of the Opioid MDL 2804 any funds remaining in the MDL Cost & Expense Fund shall be transferred to the MDL 2804 Common Benefit Fund (Dkt #5100).

F. Eligibility

1. It is the intention of all parties participating in the Fee Panel process that there should be total transparency to the Fee Panel and to all fund participants. In connection with the process to be developed by the Fee Panel, any and all monies in attorney's fees received or awarded, including prior or future Contingency Fees, Common Benefit Fees, referral fees, expenses paid, promises for payment, or any other Fee Entitlement, to any Applicant in any opioid litigation shall be disclosed to the Fee Panel as a condition of participating in the Attorney Fee Fund and prior to an award from the Fee Panel. Any payment, expectation of payment or perceived entitlement to participate in a State Back-Stop Agreement or any other agreement reached with a Settling State or any Subdivision or any other source regarding payment of fees must be disclosed to the Fee Panel. Similarly, any right to payment from any other fund, for example a fund for payment to lawyers representing Settling States or Tribal Nations or Subdivisions shall be disclosed to the Fee Panel. Because it is anticipated that there will be multiple firms listed on contingent fee agreements with Litigating Subdivisions, the Fee Panel shall establish procedures, with

input from Attorneys for Participating Litigating Subdivisions, for which party or parties should petition for fees from such groups and to whom the fee shall be paid and thereafter distributed to co-counsel in accordance with applicable agreements. For the avoidance of doubt, all Attorneys that are part of such groups must meet the eligibility criteria in paragraph II.G.3, must be subject to the criteria set forth in paragraph II.C.4, and must be disclosed to the Fee Panel.

2. An Applicant may apply for and recover attorneys' fees from the Common Benefit Fund, the Contingency Fee Fund, and any fund created by a past or future State Back-Stop Agreement, provided the Applicant satisfies the requirements relevant to each such fund and requirements for disclosure to the Fee Panel.

3. An Attorney may not receive any payment from the Attorney Fee Fund (which includes both the Contingency Fee Fund and the Common Benefit Fund) unless the following eligibility criteria are met and annually certified by the Attorney:

   a. The Attorney must expressly waive the enforcement against the Participating Litigating Subdivision client of all Fee Entitlements (other than under State Back-Stop Agreements) arising out of or related to any or all Qualifying Representations of any Participating Litigating Subdivision prior to applying for attorneys' fees from the Attorney Fee Fund. All applications for attorneys' fees under this Fee Agreement shall include an affirmation by the Attorney of such waiver and notice to the client(s) of such waiver. Such waiver shall not preclude the Attorney from submitting such Fee Entitlements to the Fee Panel as a factor for consideration in allocating payments from the Attorney Fee Fund or in connection with a State Back-Stop Agreement. For the avoidance of doubt, no Attorney may recover fees under this Fee Agreement unless the Attorney expressly agrees not to enforce Fee Entitlements as to each and every Participating Litigating Subdivision represented by that Attorney, but such Attorneys may participate in and receive funds from a State Back-Stop Agreement.

   b. The Attorney must represent that s/he has no present intent to represent or participate in the representation of any Later Litigating Subdivision or Later Litigating State, including a Non-Eligible State or a subdivision in a Non-Eligible State, with respect to Released Claims against Released Entities.

   c. The Attorney must represent that s/he has not and will not engage in any advertising or solicitation related to Released Claims against Released Entities where such advertising or solicitation relates to a representation of a Subdivision eligible to be a Participating Subdivision after the Reference Date unless the Attorney is recommending participation in the Agreement.

   d. The Attorney must represent s/he will not charge or accept any referral fees for any Released Claims brought against Released Entities by Later

Litigating Subdivisions or Later Litigating States. This representation shall not prohibit Attorneys from receiving allocated shares of any future common benefit assessments arising out of settlements or judgments with Later Litigating Subdivisions or Later Litigating States that are the result of the MDL Court's Common Benefit Order.

e. The Attorney may not have and must represent that s/he does not have a Fee Entitlement related to a Later Litigating Subdivision or Later Litigating State, including a Non-Eligible State or a subdivision in a Non-Eligible State, other than a potential Common Benefit Fee.

f. The Attorney must fully disclose the participation, or the anticipation of participation, in any agreement with a Settling State or Participating Subdivision concerning fees arising out of or related to the Albertsons Agreement, including any fees paid or anticipated to be paid or any State Back-Stop Agreement.

g. The Attorney must identify for the Fee Panel whether s/he utilized state litigation work product or MDL work product, including but not limited to ARCOS data, document repositories, experts developed in the MDL, trial transcripts, or deposition transcripts. The Attorney must identify whether s/he signed the MDL Participation Agreement.

h. Any Attorney who applies for fees from one or both Funds must represent that, having exercised his/her independent judgment, s/he believes the Albertsons Agreement to be fair and will make or has made best efforts to recommend the Agreement to his or her Subdivision clients in Settling States. For avoidance of doubt, each Attorney is expected to exercise his or her independent judgment in the best interest of each client individually before determining whether to recommend joining the settlement. All applications for attorneys' fees or costs under this Section shall include an affirmation by the Attorney in compliance with this Subsection.

4. No Attorney receiving fees under this Fee Agreement may apply for or recover from the Attorney Fee Fund fees arising from representing a Non-Settling State or a Non-Participating Subdivision, provided, however, that this provision is not intended to prohibit Attorneys who do not represent or otherwise have a contractual agreement with such Non-Settling State or Non-Participating Subdivision from receiving allocated shares of any future common benefit assessments that arise out of settlements or judgments involving such Non-Settling State or Non-Participating Subdivision. All applications for attorneys' fees under this Section shall include an affirmation by the Attorney of compliance with this Section.

5. An Attorney who has filed an application under this section and received an award of attorneys' fees shall provide a certification of compliance with the

Sections of this Fee Agreement annually during the years upon which they are still entitled to receive attorneys' fee payments under this Agreement. This certification will be done as directed by the Panel.

6. If, at any time, the Attorney is unable to make the representations set forth in this Section, such representations become untrue, or the Attorney falsely represents compliance with the eligibility criteria, the Attorney shall cease to be eligible to receive funds from the Attorney Fee Fund until further review by the Fee Panel of the Attorney's eligibility under and compliance with this Section II.

7. If an Attorney has a Fee Entitlement with a Later Litigating Subdivision or Later Litigating State, including a Non-Eligible State or a subdivision in a Non-Eligible State, or otherwise becomes unable to reaffirm compliance with the eligibility criteria set forth above, the Attorney shall notify the Fee Panel. For the avoidance of doubt, any Attorney who undertakes any new representation of, or has a Fee Entitlement with, a Later Litigating Subdivision or Later Litigating State, including a Non-Eligible State or a subdivision in a Non-Eligible State, shall be prohibited from receiving any future funds from the Attorney Fee Fund and be subject to additional obligations as set forth in Subsection 8 below. If an Attorney fails to notify the Fee Panel of such Fee Entitlement with a Later Litigating Subdivision or Later Litigating State, including a Non-Eligible State or a subdivision in a Non-Eligible State, the Attorney shall be required to refund amounts previously paid. The Fee Panel shall notify Albertsons when it receives notification.

8. To the extent an Attorney who has received compensation from the Attorney Fee Fund based on Qualifying Representations of Participating Litigating Subdivisions under the Albertsons Agreement represents a Later Litigating Subdivision or Later Litigating State, including a Non-Eligible State or a subdivision in a Non-Eligible State, such Attorney shall be obligated to refund such amounts received as compensation from the Attorney Fee Fund to Albertsons. Albertsons or such Attorney may bring any dispute as to whether such Attorney shall be obligated to refund such amounts received from the Attorney Fee Fund to Albertsons, to the Fee Panel. Nothing herein shall require a multi-attorney law firm that has received compensation from the Attorney Fee Fund to refund such amounts if an attorney of the firm that is no longer affiliated with such law firm, after such departure, represents a Later Litigating Subdivision or Later Litigating State, provided that (a) neither the law firm nor any of its other attorneys have any contractual or financial arrangement regarding, stand to benefit directly or indirectly from, or directly or indirectly provide financial or other support of any kind to, the former attorney's representation of the Later Litigating Subdivision or Later Litigating State and (b) if the former attorney was a partner or owner of the multi-attorney law firm at the time that the law firm received compensation from the Attorney Fee Fund, the former attorney shall be obligated to refund such amounts as the former

attorney earned as a result of the compensation that the law firm received from the Attorney Fee Fund.

9. In the event that an Attorney is deemed ineligible by the Fee Panel (whether based on its initial application or subsequent recertification), the Fee Panel shall provide notice to the Attorney and give the Attorney 30 days to provide additional information such that the Fee Panel could re-consider the Attorney's eligibility.

10. To the extent that an Attorney has a Fee Entitlement with a Participating Subdivision and is authorized to bring Released Claims against Released Entities, but such authorization is, in scope, less broad than the category of Released Claims set forth in the Albertsons Agreement, such Attorney may participate fully in both the Contingency Fee Fund and the Common Benefit Fund, without any reduction imposed by the Fee Panel due to the scope of the authorization, so long as the Participating Subdivision fully releases all Released Claims against Released Entities.

11. Attorneys applying to the Attorney Fee Fund knowingly and expressly agree to be bound by the decisions of the Fee Panel, subject to the limited appeal rights set forth in this Fee Agreement, and waive the ability to assert the lack of enforceability of the allocation reached through the procedures outlined herein.

12. Applicants are under an ongoing obligation to inform the Fee Panel in writing of any additional fees earned, expected, or received related to any Opioid litigation throughout the period of the Fee Panel's operation.

G. Calculation of Amounts Due

1. The Fee Panel shall be solely responsible for determining the amount of fees to be paid to each Applicant. None of the Released Entities shall have any responsibility, obligation, or liability of any kind whatsoever with respect to how attorneys' fees are calculated under this Section, except that the Fee Panel may receive information from Albertsons as to (a) the identity of Participating, Non-Participating, Litigating, Later Litigating, and Non-Litigating Subdivisions; (b) the impact of non-participation by a Litigating Subdivision as is relevant to the Fee Panel's determination in paragraph II.C.4; and (c) such other information as Albertsons may voluntarily elect to provide.

2. The Fee Panel shall establish procedures for making determinations under this Fee Agreement consistent with this Fee Agreement and orders of the MDL Court. Such procedures may include submission of documentary and/or other evidence, interviews with Applicants and/or other counsel (including counsel for Albertsons) that the Fee Panel deems appropriate, and/or other means of creating a record upon which fee awards will be based.

3. In making determinations under this Fee Agreement, the Fee Panel must apply the eligibility criteria set forth in Section II.G of this Fee Agreement and the criteria set forth in Section II. The Fee Panel shall ensure that payments are only made for Qualifying Representations of Participating Litigating Subdivisions. In addition, the Fee Panel will give consideration in regard to Common Benefit Fund awards to the *Johnson* factors, as well as the following factors (which factors may be applied and given relative weight in the Fee Panel's discretion):

   a. The Applicant's contemporaneously recorded time and labor dedicated to Qualifying Representations along with the Applicant's financial commitment to such Qualifying Representations. Claimed "time" will not be automatically accepted by the Fee Panel but will be critically reviewed and given substantially more weight and consideration if such time was subject to the audit process described in any Pretrial Order(s) governing the collection of common benefit time;

   b. The novelty, time, and complexity of the Qualifying Representations;

   c. The skill requisite to perform legal services properly and undesirability of the case;

   d. The preclusion of other employment by the Applicant due to time dedicated to Qualifying Representations;

   e. The Common Benefit, if any, alleged to have been conferred by the Applicant and whether such Common Benefit work product by that Applicant was used by others in parallel litigations against Released Entities whether within or outside the MDL, provided that any Applicant claiming that s/he substantially benefited cases other than those in which s/he entered an appearance as counsel must substantiate such claims by proffering factual support, such as proper supporting affidavits or other documents as determined by the Fee Panel with input from Attorneys for Participating Litigating Subdivisions;

   f. Any "common detriment," as set forth in paragraph II.C.4;

   g. Any contingent fee agreement or other Fee Entitlement with Participating Subdivisions, enforcement of which, except for State Back-Stop Agreements, are waived in conjunction with the application, the nature and extent of any work for those Participating Subdivisions, whether such Participating Subdivisions actively litigated and, if so, the nature and procedural history of such case(s);

   h. The experience, reputation, and ability of the Applicant;

i. Whether the Applicant's clients brought Released Claims against Released Entities;

j. The status of discovery in cases primarily handled by the Applicant;

m. Any risk for defendants created by Applicants in cases against Albertsons;

n. Successful and unsuccessful motion practice in cases worked on by the Applicant;

o. The date of filing of any cases filed by the Applicant;

p. Obtaining consolidation of the litigation in the Applicant's jurisdiction;

q. The number and population of entities represented by the Applicant and the fees that would have been awarded under extinguished contingent fee arrangements;

r. Whether the Applicant's clients brought claims against Albertsons prior to the announcement of this settlement onMay 1,2026

The extent to which the Applicant contributed to the work product used for the common benefit of opioids litigants, including, without limitation, work on ARCOS data, Prescription Data Monitoring Programs, IQVIA data, depositions, document production and analysis experts, motions, briefs and pleadings, trial preparations, and trials;

w. The extent to which litigation occurred prior to and contributed to completion of settlement negotiations, as distinct from litigation that occurred after the announcement of the Albertsons Agreement on September 8, 2023, such latter litigation both being of less value and, the

case of litigation filed after the announcement of the Albertsons Agreement on September 8, 2023, resulting in a common detriment to the settlement process, which in both cases should be viewed less favorably;

x. The extent to which an Applicant demonstrated a continued commitment of time and resources to MDL 2804 since July 1, 2023; and

y. Any other factors that the Fee Panel finds to be appropriate to consider after input from Applicants to the Attorney Fee Fund.

4. It is possible that the States and Subdivisions that are litigating Opioid cases will enter additional settlements in close proximity of the time for processing the Albertsons Agreement. If there are additional settlements and these settlements create a Common Benefit Attorney Fee Fund to be administered by the Fee Panel, the Fee Panel may:

   a. Consolidate the Common Benefit approval process to include evaluation of all Common Benefit Applications for all settlements entered after November 14, 2022;

   b. Determine the fair and equitable allocation of the Aggregate Common Benefit Fees that come after December 9, 2022, including consideration of beneficial or detrimental actions taken with respect to any Settling Defendant contributing to the Common Benefit Attorney Fee Fund;

   c. Give consideration to the amount and timing of each settlement, including the amount and timing of Common Benefit Fees;

   d. The Fee Panel shall abide by the applicable Attorney Fee Agreement in each of the Settlements in Allocating the Common Benefit Fees provided for in the Settlement; and

   e. Be guided in their work by the Orders of the Court related to Fees and Costs.

5. The Fee Panel shall develop procedures for receiving a single application, which may be updated or amended based on new information (such as participation by additional Litigating Subdivisions) from each Applicant seeking compensation from each sub fund of the Attorney Fee Fund pursuant to processes and procedures developed by the Fee Panel, which shall not be inconsistent with this Fee Agreement. Any request for attorneys' fees not included on the single application or through the updating/amendment process designed by the Fee Panel shall be deemed waived. For purposes of transparency and to permit the Fee Panel to conduct its work, the application from each Applicant shall, at a minimum, require each Applicant to:

a. Identify all Litigating Subdivisions for which s/he is seeking payment from the Attorney Fee Fund;

b. Identify all Subdivisions in both Settling and Non-Settling States (and, where applicable, Tribal Nations) with respect to which s/he has a Fee Entitlement with respect to Relevant Claims against Released Entities, and identify all co-counsel in such cases;

c. Identify which of those Subdivisions are Participating Subdivisions and which are not (with similar information for Tribal Nations, where applicable);

d. Specify the specific fund or funds within the Attorney Fee Fund from which the Attorney is seeking compensation;

e. Demonstrate his or her eligibility for compensation from the relevant sub funds within the Attorney Fee Fund pursuant to the criteria set forth for the relevant sub fund;

f. Identify any and all Fee Entitlements from representations of States, Tribal Nations, or other plaintiffs related to Released Claims against Released Entities or in opioids-related matters;

g. Notwithstanding "a-f" above, the Panel may consider a supplemental application if the Applicant shows good cause why circumstances exist that will lead to consideration for additional Common Benefit award. Examples would include, but are not limited to, an Applicant having Non-Participating Litigating Subdivision clients that subsequently become Participating Subdivisions, a Bar Date passes that increases participation or an Allocation Agreement is reached.

6. With respect to the Common Benefit Fund, the Fee Panel shall (subject to any applicable MDL Court Order):

   a. Review the applications of all Applicants seeking compensation from the Common Benefit Fund, including determining eligibility for each Applicant as set forth in Section II.G.

   b. Using criteria set forth in Sections II.C and II.G, allocate amounts from the Common Benefit Fund to eligible Applicants, including payment amounts for each Payment Year. In making such allocations, the Panel shall apply the principles set forth in paragraph II.C.5 to the amounts paid to Applicants with a Common Benefit Fee Entitlement.

7. With respect to the Contingency Fee Fund, the Fee Panel shall:

a. Review the applications of all Attorneys seeking compensation from the Litigating Subdivision Fee Fund, including determining eligibility for each Attorney as set forth in Section II.G.

b. Apply the Mathematical Model in Exhibit A.

c. Use such allocations to determine refund amounts owed to Albertsons from the Attorney Fee Fund, and inform Albertsons and the MDL PEC of all such adjustments.

8. To the extent that there is a dispute about the calculations of the Fee Panel related to the amount that Albertsons is required to pay (including application of any reductions or refunds under this Fee Agreement), such disputes shall be presented to the Fee Panel and any disputed funds be paid into/held in escrow. The Fee Panel shall resolve such disputes expeditiously, with either Party having the right to seek review from the MDL Court.

9. For purposes of determination of fee or cost awards, allocations, reductions, and possible reversions under this Fee Agreement, unless specified otherwise a Subdivision will be considered a Non-Participating Subdivision if it is not a Participating Subdivision as of the deadline for the application for the fee at issue (or, if the determination does not involve a specific application, the date on which the record for such determination closes).

10. In the event that the Fee Panel, through the use of the Mathematical Model set forth in Exhibit A, allocates funds from the Contingency Fee Fund for an Attorney based on a Qualifying Representation of a Participating Litigating Subdivision and that Subdivision is in a Settling State in which the Consent Judgment has not been approved, such funds shall be placed into escrow until the Consent Judgment is approved, after which time they shall be released.

H. Miscellaneous

1. The Fee Panel shall charge an hourly rate approved by the Court. The Pre-Effective Date costs associated with the Cost and Expense Fund Administrator shall be paid from funds in the Cost Fund. Post-Effective Date, the cost of the Fee Panel shall be charged against the applicable Fee Fund based on allocation by the Fee Panel and shall not be otherwise funded by Albertsons.

2. The MDL PEC will seek, and the Attorneys General for Settling States and the Albertsons will not oppose, a Common Benefit Fee Order requiring an assessment of 7.5% on the gross recovery (by judgment or settlement) of any Non-Participating Subdivision that is subject to the federal court jurisdiction, represented by a MDL PEC firm, represented by any Attorney receiving fees from the Common Benefit Fund, represented by any Attorney that signed a Participation Agreement or had been paid in a case otherwise under the jurisdiction of the MDL Court.

3. The MDL PEC shall provide to Albertsons information the PEC has that identifies Attorneys who represent Litigating Subdivisions who are not Participating Subdivisions and who have an obligation to pay a common benefit assessment, either due to the MDL Court's orders or pursuant to a Participation Agreement.

4. The MDL PEC and Albertsons agree that it is a conflict of interest for an Attorney that had represented a Participating Subdivision or Settling State to represent a Later Litigating Subdivision or Later Litigating State, including a Non-Eligible State or a subdivision in a Non-Eligible State. This Subsection shall be enforceable to the extent permitted by the equivalent to Rules 1.16 and 5.6 of the ABA Model Rules of Professional Conduct in the relevant jurisdictions. The MDL PEC represents that it will comply with this provision in the case of the Albertsons Agreement until the Effective Date of the Albertsons Agreement, as well as thereafter, if the Albertsons Agreement proceeds.

5. Participating Subdivisions agree to instruct their counsel to treat information, work product and expert materials as confidential under Rule 1.6 of the ABA Model Rules of Professional Conduct. Accordingly, an Attorney shall not share information or work product with, or experts or materials to, non-participants (other than the Attorney's own current clients or their lawyers, consultants, experts or other representatives or agents), including Non-Eligible States or subdivisions in Non-Eligible States. However, nothing herein shall prevent MDL Leadership or PEC Counsel from fulfilling their obligations in any MDL and the MDL Court Order.

III. Miscellaneous

A. *Termination*. If the Albertsons Agreement does not proceed past the Reference Date, whether because Albertsons does not determine to proceed or for any other reason, this Fee Agreement shall be null and void, Albertsons shall have no obligation to make any payments under this Fee Agreement, and Albertsons and the MDL PEC shall take such steps as are necessary to restore the *status quo ante*.

B. *MDL Court Consideration*. This Fee Agreement shall be attached as an exhibit to the Albertsons Agreement. This Fee Agreement shall also be submitted by Albertsons and the MDL PEC to the MDL Court for approval pursuant to the motion and order that shall be attached.

1. In the event that the MDL Court, through an order, makes any change to the amounts potentially to be paid by Albertsons under this Fee Agreement, makes any change to the Fee Panel's consideration of the factors set forth in paragraph II.C.4, or any other material change to the draft Order attached as part of Exhibit B or the terms of this Fee Agreement, Albertsons and the MDL PEC shall meet

and confer concerning such changes. The MDL Court shall have no authority to increase the payments made by Albertsons related to fees and costs beyond the amounts described in this Fee Agreement.

2. If Albertsons and the MDL PEC are unable to reach agreement and revisions to this Fee Agreement, this Fee Agreement shall be null and void, Albertsons shall have no obligation to make any payments under this Fee Agreement, and Albertsons and the MDL PEC shall take such further steps as are necessary to restore the *status quo ante.*

C. *Amendment*. Once the MDL Court has entered an order implementing this Fee Agreement, this Fee Agreement can only be amended by (1) written agreement of Albertsons and the MDL PEC and (2) approval by the MDL Court.

D. *Jurisdiction and Enforcement*. The MDL Court shall have exclusive and ongoing jurisdiction over the enforcement and implementation of this Fee Agreement as set forth herein. The MDL PEC shall be the Authorized Party to enforce this Fee Agreement, as to the payment obligations of Albertsons as set forth in this Fee Agreement and as to Attorneys making application to the Funds under this Fee Agreement. Solely for purposes of assessing or allocating common benefit fees, the MDL Court will continue to have jurisdiction over the work product developed in the MDL Court by and under the direction of the MDL PEC with respect to claims against Albertsons, including data and documents, depositions, expert reports, briefs and pleadings; and the MDL Court's protective orders, management orders, and other decisions regarding such discovery and other work product, including but not limited to, conditions on its use, will continue in full force and effect. Nothing in this paragraph authorizes the MDL Court to act contrary to this Agreement or to share any of the work product, or provides the MDL Court with jurisdiction over the Albertsons Agreement.

EXHIBIT A

Description of Mathematical Model for the Allocation of the Contingency Fee Funds

Albertsons Settlement Agreement

This document describes the Mathematical Model for allocation of the Contingency Fee Fund described in Exhibit R (Agreement of Attorneys' Fees, Costs, and Expenses) to the Albertsons Settlement Agreement.[1] Awards of fees from the Contingency Fee Funds shall be available to Attorneys with Qualifying Representations of Participating Litigating Subdivisions eligible to receive an allocation under the Albertsons Settlement Agreement.[2] A Fee Panel shall oversee the application of the Model and resolve any questions or disputes concerning the eligibility of a counsel to participate. The Panel is empowered to hear disputes concerning and ensure the accuracy of the mathematical calculations.

In general terms, allocation of the Contingency Fee Fund shall be made by (1) determining the amount of the Settlement Fund that is attributable to each Participating Litigating Subdivision; (2) making certain adjustments to these amounts based on when the Subdivision filed suit and the terms of the applicable fee contract; and (3) dividing the Contingency Fee Fund proportionately among counsel for each Participating Litigating Subdivision based on the amounts calculated in subpart 2.

To collect a fee award from the Contingency Fee Fund, a Participating Litigating Subdivision must have named Albertsons (or any Released Entity) in its lawsuit. The total maximum amount of the Contingency Fee Fund in the Albertsons Settlement Agreement is $30,493,676.63.[3]

Allocation of the Contingency Fee Fund shall be made according to the following steps. These calculations are made only for purpose of determining the percentage share of the Contingency Fee Fund that Attorneys for each Participating Litigating Subdivision should receive, ***not*** for determining the dollar amount each Subdivision will receive.

(1) For each Settling State, attribute 50% of the settlement funds for that State to its Subdivisions according to the Subdivision Allocation Percentage in Exhibit G to the Albertsons Settlement Agreement.

Illustrative example:

- Assume that State A is allocated 1.00000% of the $1,200,000,000 Remediation amount [see Exhibit M of the Albertsons Settlement Agreement].
- 50% of the 1% share allocated to State A is $6,000,000.

[1] *See* Albertsons Settlement Agreement, Exhibit R § II.D.2.
[2] Albertsons Settlement Agreement, Exhibit R § II.D.2.
[3] Albertsons Settlement Agreement, Exhibit R § II.A.1 & II.D.1.

- Assume that, per Exhibit G of the Agreement, the Subdivision Allocation Percentage for City B in State A is 1.00000000%.
- For purposes of determining its counsel's share of the Contingency Fee Fund, City B is attributed 1.00000000% of $6,000,000, or $60,000.

(2) Adjust the amounts in paragraph 1 as follows:

a. *Upward Adjustment for Early Filers.* Increase the amount calculated in paragraph 1 above by 10% for any Litigating Subdivision that named Albertsons in a suit before December 5, 2017, the date the National Prescription Opiate Litigation MDL was formed. If the Litigating Subdivision did not name Albertsons in a suit before September 8, 2023, then fees from the Contingency Fee Fund will not be awarded to Attorneys with otherwise Qualifying Representations of that Participating Litigating Subdivision.

Illustrative Example:

- Assume City C is attributed $1,000,000 under paragraph 1 above.
- If City C named Albertsons before 12/5/2017, the attributed amount would be adjusted to $1,100,000.

b. *Determine Amount Due under Contingency Fee Contract*. Determine the amount that would be due to Attorneys with Qualifying Representations of each Participating Litigating Subdivision under the terms of the applicable fee contract if the Participating Litigating Subdivision were to receive the amount calculated in paragraph 2.a. This amount can be referred to as the Contingency Fee Assumption.

Illustrative Example:

- Continuing the example given in paragraph 2.a, if Attorneys have a 20% contingency fee contract with City C for the relevant litigation, the amount calculated in this step would be 20% of $1,100,000, or $220,000.

In the next step, the Contingency Fee Assumption is used to determine the percentage share of the Contingency Fee Fund due to Attorneys for each Participating Litigating Subdivision.

(3) Divide the Contingency Fee Fund proportionately among Attorneys for each Participating Litigating Subdivision in two ways:

a. *National Fee Pool Calculation.* Determine each Litigating Subdivision's

percentage share of all amounts due under contingency fee contracts nationwide by dividing the Contingency Fee Assumption calculated for each Subdivision in paragraph 2.b by the sum of all Contingency Fee Assumptions. Then multiply that percentage by the Contingency Fee Fund to figure each Subdivision's dollar share of the Contingency Fee Fund (but only if the Subdivision timely named Albertsons in a lawsuit).

Illustrative example:

- $220,000 [from para. 2.b] ÷ $280,000,000 [total amount owed under contingency fee contracts nationwide] = 0.0785714%[4]
- 0.0785714% * $225,493,007.20 [Contingency Fee Fund] = $177,173.08

b. *Separate State Fee Pools Calculation.* Determine each Litigating Subdivision's percentage share of all amounts due under contingency fee contracts statewide by dividing the Contingency Fee Assumption calculated for each Subdivision in paragraph 2.b by the sum of all Contingency Fee Assumptions in the same State. Then multiply that percentage by the portion of the Contingency Fee Fund that corresponds to that State's Overall Allocation Percentage, shown in Exhibit F of the Albertsons Settlement Agreement, to figure each Subdivision's dollar share of the Contingency Fee Fund (but only if the Subdivision timely named Albertsons in a lawsuit).

Illustrative example:

- 1% * $225,493,007.20 = $2,254,930.07 [amount of the Contingency Fee Fund corresponding to State A]
- Assume a total of $2,500,000 is owed under contingency fee contracts for State A.
- $220,000 [from para. 2.b] ÷ $2,500,000 = 8.8%
- 8.8% * $2,254,930.07 = $198,433.85

The award of fees to Attorneys with Qualifying Representations of Participating Litigating Subdivisions will be the average of the final amounts calculated in paragraphs 3.a and 3.b above, less any amounts the Fee Panel is authorized to, and does, withhold.[5]

Paragraph 3.a represents allocation based on a proportional share of a National Fee Pool,

[4] In this example, $280 million is the amount theoretically owed under all contingency fee contracts for litigation against Albertsons as calculated in paragraph 2.b. This amount is illustrative only; the actual amount will not be known until all litigating subdivisions are identified and the terms of their contingency fee contracts are collected.

[5] The model also enforces a maximum fee award of 20% of the amount calculated in paragraph 2.b. The description in this document of the Mathematical Model is by necessity an abstraction; the precise contours of the calculations are defined in the model itself.

while paragraph 3.b represents allocation based on a proportional share of the Separate State Fee Pools. In other words, for the National Fee Pool described above in paragraph 3.a, the contingency fee contract rate is compared to all other contingency fee contract rates in the nation. For the Separate State Fee Pools described above in paragraph 3.b, the contingency fee contract terms are compared to the other contingency fee contract terms in that same State. The National Fee Pool and the Separate State Fee Pools are given equal weighting.

Using the first methodology, Attorneys for two Subdivisions in different States with the same amount calculated under paragraph 2.b would be assigned the same amount under paragraph 3.a. Using the second methodology, Attorneys for the same two Subdivisions would be assigned different amounts under paragraph 3.b because they are in different States. Specifically, the Subdivision in the State with a smaller proportion of Participating Litigating Subdivisions would be allocated more than the Subdivision in the State with a greater proportion of Participating Litigating Subdivisions.

ALTERNATIVES TO APPROVAL

Alternative Motion for Continuance

If the Board of County Commissioners determine that there is insufficient information with which to make a decision on the Zoning Map Amendment application before them and that additional information, discussion and public comment are necessary to have a more complete and thorough review of the proposed project, then the Board should make the appropriate findings and move to continue the Public Hearing for the Zoning Map Amendment application to a future date with concurrence from the applicant.

If so, then the Board of County Commissioners may wish to consider a motion similar to the following:

Based on the aforementioned finding, and with the applicant's concurrence, the Board of County Commissioners continues the request from Sierra Springs Enterprises, Inc. for a Zoning Map Amendment to change the zoning from the Title 10 districts of Second Rural Residential District, 2 Acres (RR-2) and Third Rural Residential District, 5 Acres (RR-3), to the Title 15 district of Light Industrial - Suburban (LI-S), for four (4) parcels located northeast of the intersection of Opal and Spruce Avenue in Silver Springs totaling approximately 301.45 acres (APN 015-183-01 thru -04), PLZ-2026-060 for ___ days.

Alternative Motion for Denial

If after review and public comment the Board of County Commissioners determines that they should recommend denial of the Zoning Map Amendment application, then the Board may wish to consider a motion similar to the following:

The Board of County Commissioners has considered:

B. That the proposed amendment will not be inconsistent with the adequate public facilities policies contained in this title;

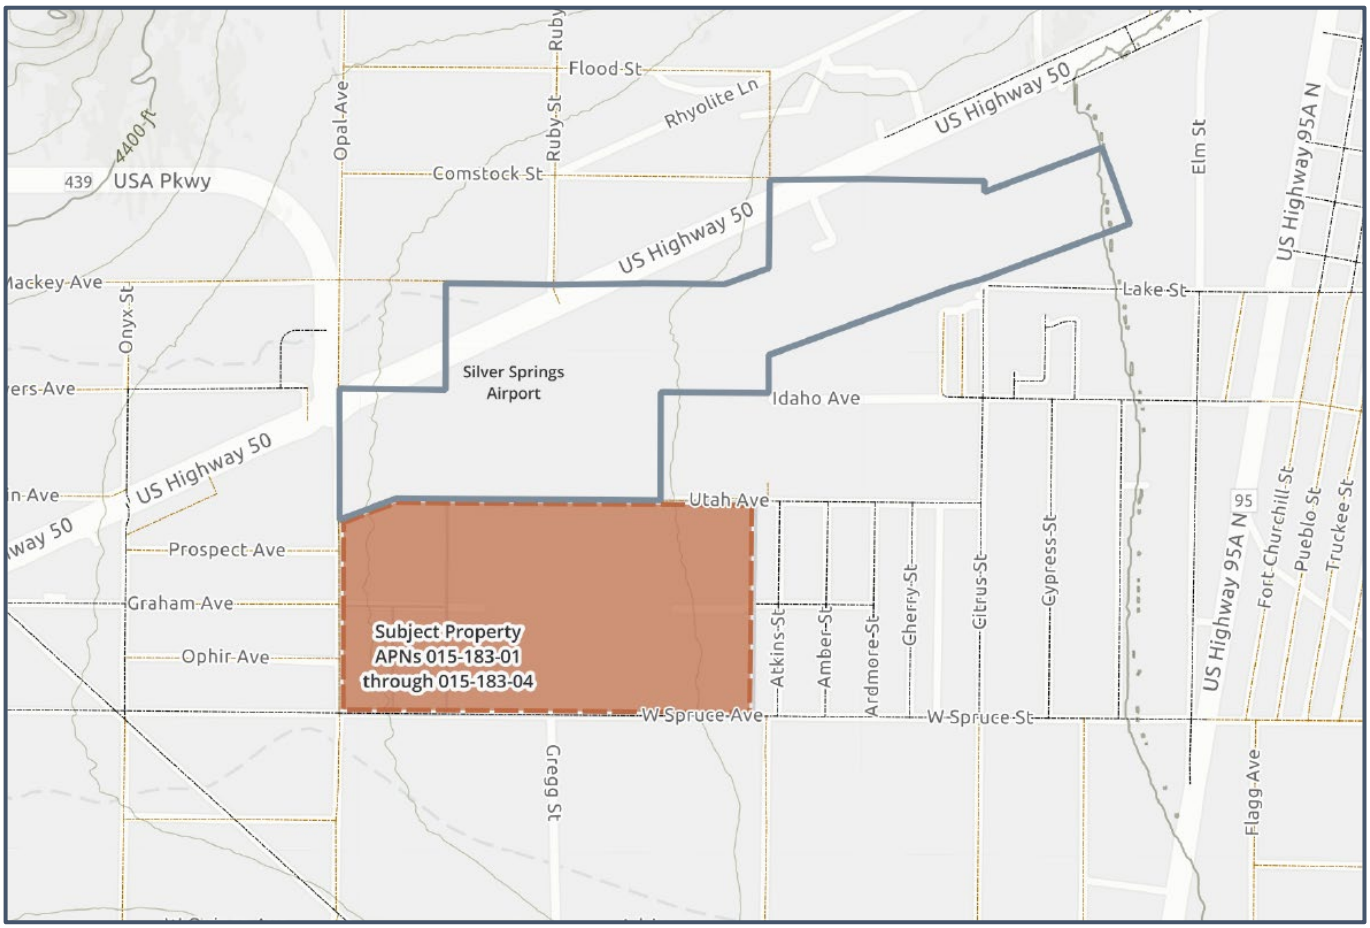

C. That the proposed amendment is compatible with the actual or master planned adjacent uses.

After consideration of the above-listed Findings, the Board of County Commissioners denies the request from Sierra Springs Enterprises, Inc. for a Zoning Map Amendment to change the zoning from the Title 10 districts of Second Rural Residential District, 2 Acres (RR-2) and Third Rural Residential District, 5 Acres (RR-3), to the Title 15 district of Light Industrial - Suburban (LI-S), for four (4) parcels located northeast of the intersection of Opal and Spruce Avenue in Silver Springs totaling approximately 301.45 acres (APN 015-183-01 thru -04), PLZ-2026-060.

BACKGROUND INFORMATION

Location, Size, and History

The subject parcels are located in Silver Springs to the northeast of the intersection of Opal Avenue and W. Spruce Avenue, and total approximately 301.45 acres. The map below, provided by the Applicant, shows the location of the parcels in orange. The site is located adjacent to and south of the existing Silver Springs Airport.

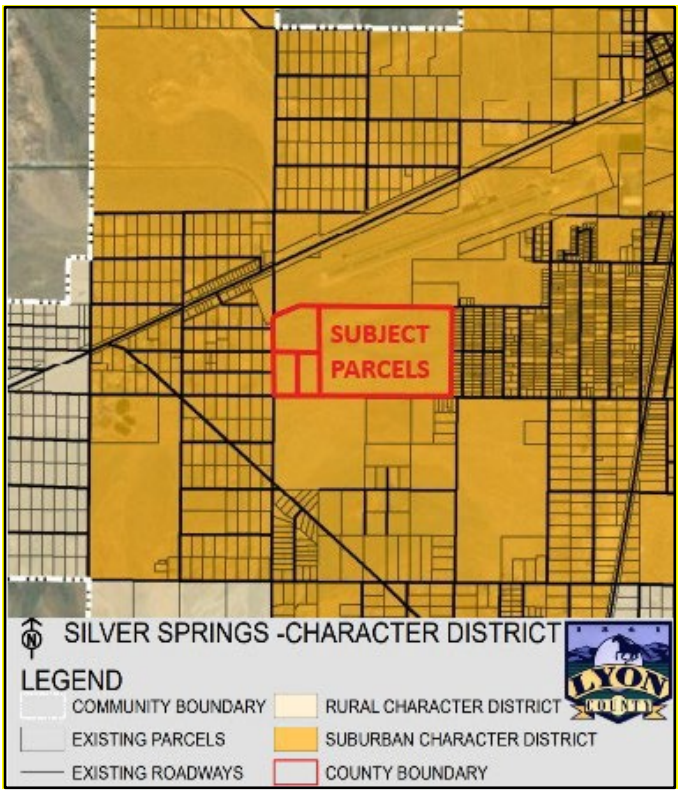

Public Facilities

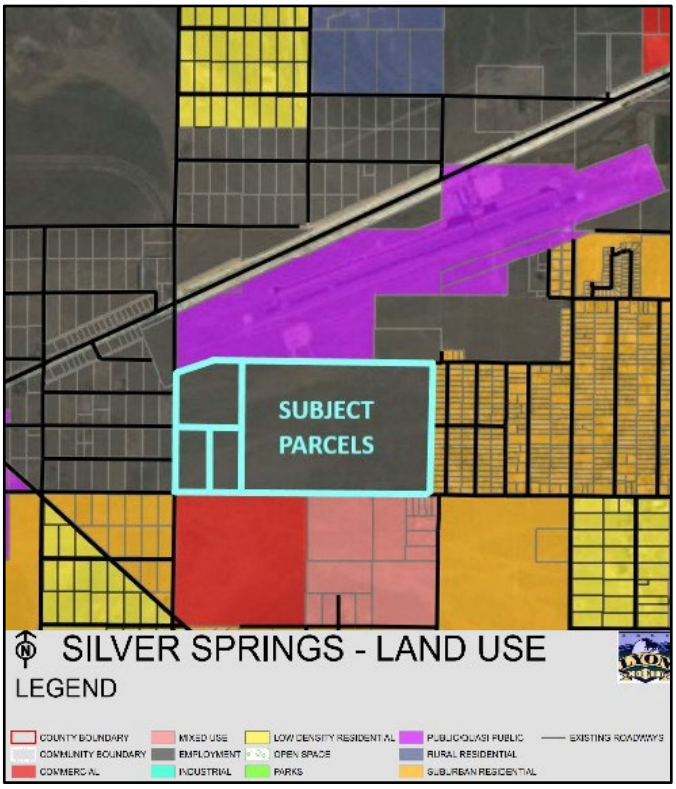

The project is located within the Silver Springs General Improvement District and the Silver Springs Mutual Water Company service areas and there are existing water and sewer services in the vicinity of the properties.

MASTER PLAN AND ZONING

Master Plan

The site is within the Suburban Character District per the Silver Springs Character District Map adopted with the 2020 Master Plan. The Master Plan land use is Employment.

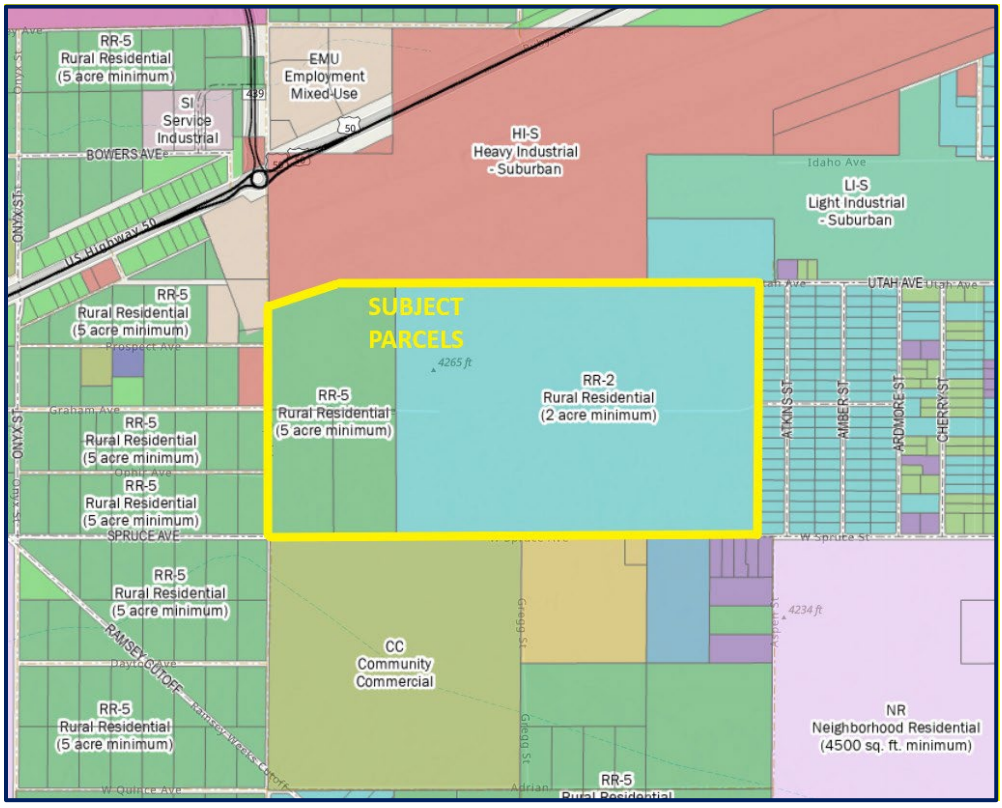

Existing Zoning

The applicable zoning for the subject parcels is Second Rural Residential District, 2 Acres (RR-2) and Third Rural Residential District, 5 Acres (RR-3). The applicant is requesting a zone change to the Title 15 district of Light Industrial - Suburban (LI-S).

The image on the following page from the County's GIS shows the applicable zoning districts for the subject parcels and surrounding parcels as converted through the Title 15 Matrix. As seen on the map, the airport property adjacent to and north of the parcels has HI-S zoning. The properties in the region have a patchwork of zoning districts.

Surrounding property zoning (as converted in Title 15) is primarily Suburban Residential, 2 Acre Minimum (SR-2), Suburban Residential, 12000 sq. ft. Minimum (SR-12000), Rural Residential, 5 acre minimum (RR-5), Employment Mixed-Use (EMU), Community Commercial (CC), and Heavy Industrial – Suburban (HI-S) as depicted in the map below. The parcels to the north, south, and west are sparsely populated while the parcels adjacent to the east are developed as a residential neighborhood. The Silver Springs Airport is adjacent to and north of the subject parcels. There is also Light Industrial - Suburban (LI-S) zoning to the northeast of the site, although not directly adjacent.

Proposed Zoning

The proposed zoning of Light Industrial - Suburban (LI-S) would a provide for a compatible district with the Master Plan as the current zoning of the property is not in conformance.

The purpose of the zoning district per Title 15 is as quoted below:

15.314.01: LIGHT INDUSTRIAL - RURAL (LI-R) AND LIGHT INDUSTRIAL - SUBURBAN (LI-S):

A. Purpose: The purpose of this district is to provide areas for the development of research, light industrial, warehouse and distribution centers. The LI-R and LI-S Zoning Districts implement the industrial land use designation of the Master Plan in Rural and Suburban Character Districts.

STAFF REVIEW AND COMMENTS

The proposed zoning map amendments are reviewed by staff and the Planning Commission, which forward recommendations to the Board of Commissioners for final action.

FINDINGS FOR REVIEWING A ZONING MAP AMENDMENT REQUEST

Chapter 15.220.05 of Lyon County Code states that when considering approval of a zoning map amendment, three Findings must be considered and supported by a statement of evidence, facts and conclusions. Staff has included those three Findings in **bold type** below. Each Finding is listed with the applicant's response in *italics* and then staff's comments.

Finding A: The proposed amendment is consistent with the policies embodied in the adopted master plan and the underlying land use designation contained in the land use plan.

Applicant's Response

1.1. Required finding

"That the proposed amendment is consistent with the policies embodied in the adopted master plan and the underlying land use designation contained in the land use plan."

1.2. Evidence and facts

*1. The adopted Silver Springs Land Use Map designates all four subject parcels **Employment**.*

*2. Chapter 3, Table 2 of the adopted Master Plan expressly lists **LI-S** as a zoning district compatible with the Employment designation. The Employment description includes service and light-industrial facilities, light manufacturing, distribution, indoor and screened outdoor storage, and related employment uses.*

3. Title 15 classifies LI-S as an Industrial Zone intended for research, light-industrial, warehouse, and distribution uses under suburban development standards. The Title 15 classification and Master Plan compatibility table serve different functions: the Master Plan expressly recognizes LI-S as compatible with Employment-designated land.

4. The County Assessor lists RR2T for APN 015-183-01 and RR3T for APNs 015-183-02 through 015-183-04. Those Assessor-listed zoning codes are not among the districts identified in the Master Plan's Employment compatibility table.

5. Relevant adopted policies include:

- ***LU 1.1:** Future development is to be consistent with the Land Use Plan.*
- ***LU 1.3:** Nonresidential development is to occur in appropriately designated locations with existing or planned infrastructure.*
- ***LU 1.4:** Industrial uses are to occur in designated locations and should not adversely affect existing residential settlements.*
- ***LU 3.2:** Commercial and industrial development is encouraged in designated locations where public facilities exist or are planned.*

6. The subject property lies within the adopted 6,000-foot Silver Springs Airport Influence Area. The Master Plan simultaneously designates the property Employment, establishing a planned nonresidential airport-edge context subject to applicable airport-compatibility review.

*1.3. **Analysis and conclusion***

The adopted Employment designation is the controlling land-use fact. The Master Plan expressly identifies LI-S as compatible with Employment and identifies light-industrial, service, manufacturing, warehouse, and distribution activities within the contemplated Employment pattern. Applying LI-S therefore implements the adopted land-use direction for the subject property.

The amendment advances Policies LU 1.1, LU 1.3, LU 1.4, and LU 3.2 by applying a nonresidential suburban district to land already designated Employment within an established airport-influence and public-service context. The amendment approves no site-specific use or construction. Any future proposal must independently satisfy the LI-S use table and all applicable residential-edge, access, utility, fire, drainage, airport, building, environmental, and development requirements.

The proposed amendment from the County-listed RR2T/RR3T codes to LI-S is consistent with the policies embodied in the adopted Master Plan and with the underlying Employment designation. Finding A can be made.

Staff Comment

The applicant's response is supported by staff as the existing zoning of RR-2 and RR-3 is not compatible with the Master Plan designation of Employment, while the proposed zoning of Light Industrial - Suburban is compatible. The proposed zoning amendment supports the Master Plan Employment as shown in the Master Plan Chapter 3, Table 2: Land Use Table Examples of Use: *"Intended to provide concentrated areas of employment, combined with a mix of complementary commercial and residential uses Office/Research Park developments may be incorporated into a master planned neighborhood, or located in close proximity to residential areas."*

Additionally, the site has HI-S zoning directly adjacent to the north and LI-S zoning one lot away to the northeast. LI-S is more compatible with the surrounding residential developments than HI-S which is also allowed within the Employment Master Plan designation. Staff is able to make this Finding in the affirmative.

Finding B: The proposed amendment will not be inconsistent with the adequate public facilities policies contained in this title;

Applicant's Response

2.1. Required finding

"That the proposed amendment will not be inconsistent with the adequate public facilities policies contained in this title."

2.2. Evidence and facts

1. *The application proposes no use, site plan, employee count, operating schedule, trip generation, utility demand, grading, connection request, service allocation, or construction activity.*
2. *The County's 2026 Development Application treats utility statements and site-plan materials as conditional for a zoning map amendment and does not identify a traffic study as a required zoning-map-amendment item. Project-dependent materials that are not applicable to this request are addressed in the application's not-applicable letter.*
3. *Preliminary title report TTR250222 7-CD, effective May 28, 2026, includes the four subject APNs as Parcel 4. It identifies the easements and incidental rights shown or offered on recorded Parcel Map Document 51282 as affecting all four parcels.*
4. *Parcel Map Document 51282 depicts Parcels A through D, totaling 301.452 net acres, with frontage on Opal Avenue, Spruce Avenue, and Terminal Avenue and recorded public-service and access-and-service easements. Future development remains subject to review of actual road condition, maintenance responsibility, and access adequacy for the proposed use.*
5. *The applicant holds the rights and obligations under the March 2, 1994 ERGS/Silver Springs Mutual Water Company agreement through the June 23, 2026 assignment to Sierra Springs Enterprises, Inc. The agreement establishes a contractual framework for future water-service requests. Project-specific service, capacity, connection, and infrastructure requirements will be determined when an actual development proposal is submitted.*
6. *Title and County records place the subject property within the Silver Springs General Improvement District framework. Lyon County manages wastewater service for the Silver Springs GID and operates the Silver Springs wastewater treatment facility. A future proposal must establish its connection, available capacity, line-extension requirements, and any applicable discharge approvals.*

7. *Central Lyon County Fire Protection District serves Silver Springs and provides fire and emergency medical services. Project-specific fire flow, emergency access, building configuration, and hazardous-material review will occur when development is proposed.*

8. *FEMA National Flood Hazard Layer information identifies the subject property as Zone X (unshaded),* ***Area of Minimal Flood Hazard****, with SFHA_TF = F, on FIRM Panel 32019C0200E, effective January 16, 2009. No mapped Special Flood Hazard Area intersects the subject property. Future development remains subject to applicable drainage, floodplain, grading, and engineering review.*

2.3. Analysis and conclusion

The zoning map amendment creates no immediate facility demand because it authorizes no construction or operation. The record identifies the framework relevant to later development: the assigned ERGS/Silver Springs Mutual Water Company agreement, the County-managed Silver Springs GID wastewater provider, Central Lyon fire/EMS service, and recorded road frontage and service/access easements.

The amendment does not replace project-level review. When a specific use and measurable demand are proposed, the applicant must demonstrate lawful access, water service, wastewater connection and capacity, fire flow and emergency access, drainage and flood compliance, and any required road or traffic improvements.

The amendment creates no present facility demand, identifies the existing service and access framework, and preserves the facility review applicable to future development. The proposed amendment ***will not be inconsistent with the adequate public facilities policies contained in Title 15. Finding B can be made.***

Staff Comment

As described in the Public Facilities section on page 4, the project is located within the Silver Springs General Improvement District and the Silver Springs Mutual Water Company service areas and there are existing water and sewer services in the vicinity of the properties. This Finding is met.

Finding C: That the proposed amendment is compatible with the actual or master planned adjacent uses.

Applicant's Response

3.1. Required finding

"That the proposed amendment is compatible with the actual or master planned adjacent uses."

3.2.Evidence and facts

1. *The adopted Silver Springs Land Use Map designates the subject property Employment.*

2. *The western adjoining properties are designated Employment. Existing structures are present west of the subject property on APNs 018-383-08 and 018-382-01.*

3. *Twenty-three Suburban Residential parcels directly abut the subject property along its eastern boundary, and County parcel data indicate dwellings on 21 of them. No public street separates those parcels from the subject property; Atkins Street lies east of the residential parcels.*

4. *The northern context consists of Employment-designated property and the Silver Springs Airport, which is designated Public/Quasi Public. The subject property lies within the adopted Silver Springs Airport Influence Area.*

5. *The southern context includes Suburban Residential, Commercial, and Mixed Use designations. Existing structures are present south of the subject property on APNs 015-211-62, 015-211-59, and 015-211-57.*

6. *The adopted Master Plan places Employment on the subject property directly beside Suburban Residential on the east. The amendment implements the Employment side of that adopted boundary; it does not move the boundary or amend the adjoining residential designation.*

7. *Code 15.314.01 requires a 25-foot building setback from property lines abutting residential uses. It also requires a buffer where LI-S adjoins a Residential Zoning District and applicable landscaping under Chapter 401. When a building exceeds 35 feet in height, applicable setbacks increase by two feet for each foot of additional height.*

8. *For future uses subject to Chapter 337, Code 15.337.03 provides use-specific conditional-use review and standards addressing detrimental off-site impacts, heat, light and glare, vibration, odor, dust, smoke, pollutants, and noise. The residential property-line noise limits stated in that section are 65 dBA during daytime and 60 dBA during nighttime.*

9. *The application approves no particular use, site plan, building location or height, access plan, operating schedule, lighting plan, utility demand, or construction activity.*

3.3. Analysis and conclusion

The northern and western planning context is principally nonresidential, consisting of Employment-designated property and the Public/Quasi Public airport in the northern context. The southern context provides a transition among Suburban Residential, Commercial, and Mixed Use designations. Existing structures south and west are reflected in the application record.

The eastern boundary is the principal sensitive interface. Twenty-three Suburban Residential parcels directly abut the subject property, with no intervening public street. This interface is established by the adopted Master Plan, which places Employment and Suburban Residential directly beside one another at this location. Applying LI-S implements the planned Employment side without changing the residentially planned land.

Title 15 addresses the residential edge through the required 25-foot building setback, residential-zone buffer, applicable landscaping, increased setbacks for buildings taller than 35 feet, and use-specific performance review where Chapter 337 applies. Any future development must also satisfy all applicable site, design, access, utility, fire, drainage, airport, and permitting requirements.

The concurrent Employment and Airport Influence designations show that the County anticipated nonresidential land use in this airport-edge location subject to airport-compatibility review. They do not exempt future development from applicable height, lighting, glare, bird-attractant, electronic-interference, notice, avigation, Federal Aviation Administration, or County requirements.

The amendment implements the subject property's adopted Employment designation, leaves adjoining Master Plan designations unchanged, acknowledges the existing structures and residences, and preserves mandatory residential-edge and project-specific development controls. The proposed amendment is compatible with the actual or master-planned adjacent uses. ***Finding C can be made.***

Staff Comment

As stated previously in this report, the subject parcel is located in a region of Lyon County that is appropriate for the proposed zoning and would bring this parcel into alignment with the Master Plan. The requested zone change to LI-S will be in alignment with the Master Plan designation of Employment and is a less intense use than other zoning designations allowed within Employment districts.

Any future development would be subject to Administrative Design Reviews or Conditional Use Permits which would have restrictions on the uses and mitigate impacts to the neighboring residential developments, particularly to the east of the parcels. This Finding is met in the affirmative by staff.

SSE SIERRA SPRINGS ENTERPRISES

Applicant internal reference: SSE_202 608_001
Applicant and property owner: Sierra Springs Enterprises, Inc.
Application type: Zoning Map Amendment
Subject property: APNs 015-183-01, 015-183-02, 015-183-03, and 015-183-04
Total area: 301.45 acres
Current County-listed zoning: RR2T and RR3T
Requested zoning: Light Industrial - Suburban (LI-S)
Adopted Master Plan designation: Employment

1. Requested action

Sierra Springs Enterprises, Inc. requests a zoning map amendment applying Light Industrial - Suburban (LI-S) to four contiguous parcels totaling 301.45 acres in Silver Springs. The amendment would change the County-listed zoning from RR2T on APN 015-183-01 and RR3T on APNs 015-183-02, 015-183-03, and 015-183-04 to LI-S.

The adopted Silver Springs Land Use Map designates all four parcels Employment, and the Lyon County Master Plan identifies LI-S as a zoning district compatible with that designation. No Master Plan amendment is requested.

2. Property and location

The subject property consists of four vacant parcels:

APN	Acreage	County-listed zoning	Proposed zoning
015-183-01	226.65	RR2T	LI-S
015-183-02	19.62	RR3T	LI-S
015-183-03	18.73	RR3T	LI-S
015-183-04	36.45	RR3T	LI-S
Total	**301.45**		

The property lies south of the Silver Springs Airport in the Opal Avenue, Spruce Avenue, and Utah Avenue area. Recorded Parcel Map 51 282 identifies the property as Parcels A through D and depicts its parcel configuration, road frontage, and access and service easements. The recorded map identifies Terminal Avenue along the airport side of the property. Terminal Avenue separates the property from the airport and continues into the roadway shown as Utah Avenue on current online mapping.

3. Adjacent land-use context

The adopted Master Plan designates adjoining property to the west as Employment. To the north, the context includes Employment-designated property and the Silver Springs Airport, which is designated Public/Quasi Public. The southern context includes Suburban Residential, Commercial, and Mixed Use designations.

Twenty-three Suburban Residential parcels directly abut the subject property along its eastern boundary, and County parcel data indicate dwellings on 21 of them. No public street separates those parcels from the subject property; Atkins Street lies east of the residential parcels.

Existing structures are present west of the subject property on APNs 018-383-08 and 018-382-01 and south of the subject property on APNs 015-211-62, 015-211-59, and 015-211-57. The zoning amendment does not change the Master Plan designation or zoning of any adjoining property.

4. Public services and site conditions

The applicant holds the rights and obligations under the March 2, 1994 ERGS/Silver Springs Mutual Water Company agreement through the June 23, 2026 assignment to Sierra Springs Enterprises, Inc. The agreement establishes a contractual framework for future water-service requests. Project-specific service, capacity, connection, and infrastructure requirements will be determined when development is proposed. Lyon County manages wastewater service for the Silver Springs General Improvement District, and Central Lyon County Fire Protection District provides fire and emergency medical services in Silver Springs.

FEMA National Flood Hazard Layer information identifies the subject property as Zone X (unshaded), **Area of Minimal Flood Hazard**, with `SFHA_TF = F`, outside a mapped Special Flood Hazard Area. The applicable FIRM panel is 32 019C0200E, effective January 16, 2009.

This application changes the zoning map only. It does not propose a particular use, development plan, site plan, subdivision, utility demand, grading, or construction. Any future development will be reviewed under the requirements applicable to that proposal.

Adopted Master Plan designation: Employment

Sierra Springs Enterprises, Inc. requests a zoning map amendment applying LI-S to the four subject parcels. The application changes the zoning map only and does not include a development proposal, site plan, subdivision, or construction request. Lyon County Code 15.220.05 requires the Planning Commission and Board to make the following three findings, supported by evidence, facts, and conclusions.

1. Finding A - Master Plan consistency

1.1. Required finding

"That the proposed amendment is consistent with the policies embodied in the adopted master plan and the underlying land use designation contained in the land use plan."

1.2. Evidence and facts

1. The adopted Silver Springs Land Use Map designates all four subject parcels **Employment**.
2. Chapter 3, Table 2 of the adopted Master Plan expressly lists **LI-S** as a zoning district compatible with the Employment designation. The Employment description includes service and light-industrial facilities, light manufacturing, distribution, indoor and screened outdoor storage, and related employment uses.
3. Title 15 classifies LI-S as an Industrial Zone intended for research, light-industrial, warehouse, and distribution uses under suburban development standards. The Title 15 classification and Master Plan compatibility table serve different functions: the Master Plan expressly recognizes LI-S as compatible with Employment-designated land.
4. The County Assessor lists RR2T for APN 015-183-01 and RR3T for APNs 015-183-02 through 015-183-04. Those Assessor-listed zoning codes are not among the districts identified in the Master Plan's Employment compatibility table.
5. Relevant adopted policies include:
    - **LU 1.1:** Future development is to be consistent with the Land Use Plan.
    - **LU 1.3:** Nonresidential development is to occur in appropriately designated locations with existing or planned infrastructure.
    - **LU 1.4:** Industrial uses are to occur in designated locations and should not adversely affect existing residential settlements.
    - **LU 3.2:** Commercial and industrial development is encouraged in designated locations where public facilities exist or are planned.
6. The subject property lies within the adopted 6,000-foot Silver Springs Airport Influence Area. The Master Plan simultaneously designates the property Employment, establishing a planned nonresidential airport-edge context subject to applicable airport-compatibility review.

1.3. Analysis and conclusion

The adopted Employment designation is the controlling land-use fact. The Master Plan expressly identifies LI-S as compatible with Employment and identifies light-industrial, service, manufacturing, warehouse, and distribution activities within the contemplated Employment pattern. Applying LI-S therefore implements the adopted land-use direction for the subject property.

The amendment advances Policies LU 1.1, LU 1.3, LU 1.4, and LU 3.2 by applying a nonresidential suburban district to land already designated Employment within an established airport-influence and public-service context. The amendment approves no site-specific use or construction. Any future proposal must independently satisfy the LI-S use table and all applicable residential-edge, access, utility, fire, drainage, airport, building, environmental, and development requirements.

The proposed amendment from the County-listed RR2T/RR3T codes to LI-S is consistent with the policies embodied in the adopted Master Plan and with the underlying Employment designation. **Finding A can be made.**

2. Finding B - Adequate public facilities

2.1. Required finding

"That the proposed amendment will not be inconsistent with the adequate public facilities policies contained in this title."

2.2. Evidence and facts

1. The application proposes no use, site plan, employee count, operating schedule, trip generation, utility demand, grading, connection request, service allocation, or construction activity.
2. The County's 2026 Development Application treats utility statements and site-plan materials as conditional for a zoning map amendment and does not identify a traffic study as a required zoning-map-amendment item. Project-dependent materials that are not applicable to this request are addressed in the application's not-applicable letter.
3. Preliminary title report TTR2 502 227-CD, effective May 28, 2026, includes the four subject APNs as Parcel 4. It identifies the easements and incidental rights shown or offered on recorded Parcel Map Document 51 282 as affecting all four parcels.
4. Parcel Map Document 51 282 depicts Parcels A through D, totaling 301.452 net acres, with frontage on Opal Avenue, Spruce Avenue, and Terminal Avenue and recorded public-service and access-and-service easements. Future development remains subject to review of actual road condition, maintenance responsibility, and access adequacy for the proposed use.
5. The applicant holds the rights and obligations under the March 2, 1994 ERGS/Silver Springs Mutual Water Company agreement through the June 23, 2026 assignment to Sierra Springs Enterprises, Inc. The agreement establishes a contractual framework for future water-service requests. Project-specific service, capacity, connection, and infrastructure requirements will be determined when an actual development proposal is submitted.
6. Title and County records place the subject property within the Silver Springs General Improvement District framework. Lyon County manages wastewater service for the Silver Springs GID and operates the Silver Springs wastewater treatment facility. A future proposal must establish its connection, available capacity, line-extension requirements, and any applicable discharge approvals.
7. Central Lyon County Fire Protection District serves Silver Springs and provides fire and emergency medical services. Project-specific fire flow, emergency access, building configuration, and hazardous-material review will occur when development is proposed.
8. FEMA National Flood Hazard Layer information identifies the subject property as Zone X (unshaded), **Area of Minimal Flood Hazard**, with `SFHA_TF = F`, on FIRM Panel 32 019C0200E, effective January 16, 2009. No mapped Special Flood Hazard Area intersects the subject property. Future development remains subject to applicable drainage, floodplain, grading, and engineering review.

2.3. Analysis and conclusion

The zoning map amendment creates no immediate facility demand because it authorizes no construction or operation. The record identifies the framework relevant to later development: the assigned ERGS/Silver Springs Mutual Water Company agreement, the County-managed Silver Springs GID wastewater provider, Central Lyon fire/EMS service, and recorded road frontage and service/access easements.

The amendment does not replace project-level review. When a specific use and measurable demand are proposed, the applicant must demonstrate lawful access, water service, wastewater connection and capacity, fire flow and emergency access, drainage and flood compliance, and any required road or traffic improvements.

The amendment creates no present facility demand, identifies the existing service and access framework, and preserves the facility review applicable to future development. The proposed amendment **will not be inconsistent with the adequate public facilities policies contained in Title 15. Finding B can be made.**

3. Finding C - Compatibility with actual or master-planned adjacent uses

3.1. Required finding

"That the proposed amendment is compatible with the actual or master planned adjacent uses."

3.2. Evidence and facts

1. The adopted Silver Springs Land Use Map designates the subject property Employment.
2. The western adjoining properties are designated Employment. Existing structures are present west of the subject property on APNs 018-383-08 and 018-382-01.
3. Twenty-three Suburban Residential parcels directly abut the subject property along its eastern boundary, and County parcel data indicate dwellings on 21 of them. No public street separates those parcels from the subject property; Atkins Street lies east of the residential parcels.
4. The northern context consists of Employment-designated property and the Silver Springs Airport, which is designated Public/Quasi Public. The subject property lies within the adopted Silver Springs Airport Influence Area.
5. The southern context includes Suburban Residential, Commercial, and Mixed Use designations. Existing structures are present south of the subject property on APNs 015-211-62, 015-211-59, and 015-211-57.
6. The adopted Master Plan places Employment on the subject property directly beside Suburban Residential on the east. The amendment implements the Employment side of that adopted boundary; it does not move the boundary or amend the adjoining residential designation.
7. Code 15.314.01 requires a 25-foot building setback from property lines abutting residential uses. It also requires a buffer where LI-S adjoins a Residential Zoning District and applicable landscaping under Chapter 401. When a building exceeds 35 feet in height, applicable setbacks increase by two feet for each foot of additional height.
8. For future uses subject to Chapter 337, Code 15.337.03 provides use-specific conditional-use review and standards addressing detrimental off-site impacts, heat, light and glare, vibration, odor, dust, smoke, pollutants, and noise. The residential property-line noise limits stated in that section are 65 dBA during daytime and 60 dBA during nighttime.
9. The application approves no particular use, site plan, building location or height, access plan, operating schedule, lighting plan, utility demand, or construction activity.

3.3. Analysis and conclusion

The northern and western planning context is principally nonresidential, consisting of Employment-designated property and the Public/Quasi Public airport in the northern context. The southern context provides a transition among Suburban Residential, Commercial, and Mixed Use designations. Existing structures south and west are reflected in the application record.

The eastern boundary is the principal sensitive interface. Twenty-three Suburban Residential parcels directly abut the subject property, with no intervening public street. This interface is established by the adopted Master Plan, which places Employment and Suburban Residential directly beside one another at this location. Applying LI-S implements the planned Employment side without changing the residentially planned land.

Title 15 addresses the residential edge through the required 25-foot building setback, residential-zone buffer, applicable landscaping, increased setbacks for buildings taller than 35 feet, and use-specific performance review where Chapter 337 applies. Any future development must also satisfy all applicable site, design, access, utility, fire, drainage, airport, and permitting requirements.

The concurrent Employment and Airport Influence designations show that the County anticipated nonresidential land use in this airport-edge location subject to airport-compatibility review. They do not exempt future development from applicable height, lighting, glare, bird-attractant, electronic-interference, notice, avigation, Federal Aviation Administration, or County requirements.

The amendment implements the subject property's adopted Employment designation, leaves adjoining Master Plan designations unchanged, acknowledges the existing structures and residences, and preserves mandatory residential-edge and project-specific development controls. The proposed amendment is compatible with the actual or master-planned adjacent uses. **Finding C can be made.**

Not-Applicable Items Letter

SSE | SIERRA SPRINGS ENTERPRISES

Applicant internal reference: SSE_202 608_001
Applicant and property owner: Sierra Springs Enterprises, Inc.
Application type: Zoning Map Amendment
Subject property: APNs 015-183-01, 015-183-02, 015-183-03, and 015-183-04
Requested zoning: Light Industrial - Suburban (LI-S)

The Zoning Map Amendment checklist identifies Items 3 and 24 as applicable depending on the type of project. This application requests only a zoning map amendment and includes no development project or measurable utility demand. The following explains why those conditional items are not included.

1. Item 3 - Site Plan

A site plan is not applicable because the application includes no proposed use, building, grading, parking, circulation, utility layout, landscaping, or other physical development. The application maps and photographs document the subject property and surrounding context for the requested zoning map amendment.

2. Item 24 - Intent to Serve, Will Serve, or Utility Statements

Project-specific intent-to-serve, will-serve, and utility statements are not applicable because the application includes no proposed use, water demand, wastewater flow, electric load, connection request, or extension design for a utility provider to evaluate.

The applicant is submitting the March 2, 1994 ERGS/Silver Springs Mutual Water Company agreement and its June 23, 2026 assignment to Sierra Springs Enterprises, Inc. as evidence of the existing contractual water-service-right framework. Lyon County manages wastewater service for the Silver Springs General Improvement District. Project-specific utility documentation will be addressed when a development proposal and measurable service demand are submitted for review.

REQUEST

Q&D Construction is requesting a Conditional Use Permit to operate an aggregate pit and scale house on a 117.60-acre parcel subject to RR-20 (Rural Residential, 20-acre minimum) zoning.

PLANNING COMMISSION RECOMMENDATION

On October 13, 2026, the Planning Commission heard presentations from staff and voted 2-4-1 to forward a recommendation of denial to the Board of County Commissioners (Commissioners Ceresloa, Merrit – Aye, Commissioners Allan, Loomis, Irvin, Davis – Nay, Commissioner Jones – Abstention). The stated reasons for Commissioners voting nay, as stated during the meeting, were traffic impacts of the proposed route to the aggregate pit site, concerns with the intersection on Hwy 50 to be used, conflicts with school buses, and the general impacts of the proposed use accessed through a residential neighborhood.

RECOMMENDED MOTIONS

If the Board of County Commissioners determines that they will approve the request, then the Commission may want to consider a motion similar to the following:

The Lyon County Board of County Commission finds that:

A. The proposed use at the specified location is consistent with the policies embodied in the adopted master plan and the general purpose and intent of the applicable district regulations;

B. The proposed use is compatible with the character and integrity of adjacent development and neighborhoods and includes improvements or modifications either on-site or within the public rights-of-way to mitigate development related adverse impacts, such as traffic, noise, odors, visual nuisances, or other similar adverse effects to adjacent development and neighborhoods;

C. The proposed use will not generate vehicular traffic which cannot be accommodated by the existing, planned or conditioned roadway infrastructure;

D. The proposed use incorporates roadway improvements, traffic control devices or mechanisms, or access restrictions to control traffic flow or divert traffic as needed to mitigate the development impacts;

E. The proposed use incorporates features to address adverse effects, including visual impacts and noise, of the proposed conditional use on adjacent properties;

F. The proposed conditional use complies with all additional standards imposed on it by the particular provisions of this chapter and all other requirements of this title applicable to the proposed conditional use and uses within the applicable base zoning district, including but not limited to, the adequate public facility policies of this title; and

G. The proposed conditional use will not be materially detrimental to the public health, safety and welfare, and will not result in material damage or prejudice to other properties in the vicinity.

Based on the aforementioned Findings, I move that the Board of County Commissioners approve the request from Q&D Construction for a Conditional Use Permit to operate an aggregate pit and scale house on a 117.60-acre parcel subject to RR-20 (Rural Residential, 20-acre minimum) zoning (APN 015-521-01) PLZ-2026-059.

CONDITIONS OF APPROVAL

1. The on-site activities shall be operated in accordance with the site plan drawings and descriptions of use as submitted and reviewed in this approval. Additional uses, including operation of an asphalt or concrete batch plant, require approval of an amendment to this Conditional Use Permit. The amendment process would include submittal of updated application materials and approval by the Board of County Commissioners. The County retains the right to add additional Conditions of Approval as applicable to new uses.
2. The applicant shall comply with all state, federal and local government regulations to the satisfaction of the appropriate agencies for the proposed uses. The applicant shall comply with all applicable fire, building, zoning and improvement code requirements and obtain any necessary public inspections.
3. The use of the subject site initially will be as an aggregate pit for Q&D Construction and their projects only. If Q&D Construction wishes to use this site for commercial sales to other users, or provide public access, approval of a modification to this CUP is required and the site shall be furnished with a permanent office with sanitary facilities. The use of temporary sanitary/restroom facilities is only authorized if the uses on site are limited to Q&D Construction staff and projects.
4. The proposed use shall comply with all of the Performance Requirements for Industrial Uses provided in Lyon County code section 15.337.03, including but not limited to the following: odor, dust, dirt, or smoke shall not be emitted that is detectable at or beyond the property line in such a concentration, or of such duration, as to cause a public nuisance, or threaten health or safety, or to unreasonably infringe upon the use and enjoyment of property beyond the boundaries of the district. Because the site is adjacent to residentially-zoned properties, noise shall not exceed a daytime limit of sixty-five (65) A-weighted decibels, (dBA) or a nighttime limit of sixty (60) dBA, as measured at the subject parcel's borders. Should a use on site fail to comply with these Lyon County Code standards, the Conditional Use Permit may be revoked and/or the offending use shall be discontinued.

5. The hours of operation shall be limited to 7:00 AM – 7:00 PM Monday through Friday and 8:00 AM through 5:00 PM on Saturdays.
6. All vehicular traffic to the aggregate pit site shall use the route depicted in the application materials and the staff report, which is to use the intersection of US Highway 50 and Shirlee Avenue, then the Highway 50 frontage road, then east on Dayton Avenue, then south on Topaz Street. Traffic leaving the site shall repeat the route in the opposite direction. No other routes are authorized.
7. The applicant shall enter into a Road Maintenance Agreement with the Lyon County Roads Department to ensure maintenance, improvements, and dust control to the degree determined by the Roads Department. The agreement shall be recorded with the Lyon County Recorder's Office prior to issuance of a Lyon County Business License for the site.
8. No existing structures on the site are approved for use and any proposed future use of said structures shall require approval for occupancy by the Lyon County Building Department.
9. The applicant shall maintain a Lyon County business license for the use while occupying the site.
10. A sign with contact information and phone number for the site operator shall be posted at the front gate, visible from the public right of way.
11. Any new exterior site lighting for the project shall incorporate cut-off shields or similar design features that prevent light and glare spillover onto adjacent properties and public rights-of-way to the satisfaction of the Community Development Director or their designee.
12. The substantial failure to comply with the conditions imposed on the issuance of this conditional use permit or the operation of the conditional use in a manner that endangers the health, safety or welfare of Lyon County or its residents or the violation of ordinances, regulations or laws in the conditional use may result in the institution of revocation proceedings. **Failure to initiate the conditional use permit within two (2) years from the date of approval will result in the expiration of the conditional use permit approval.**

ALTERNATIVE MOTIONS

Alternative Motion for Continuance

If the Board determines that additional information, discussion and public review are necessary for a more thorough review of the proposed conditional use permit; the Commission should make appropriate findings and move to **continue** the Public Hearing with a specific time period for the applicant to provide additional specific information necessary for the analysis of the request. The Commission may wish to consider a motion similar to the following:

The Board of County Commissioners finds that

A. Additional information, discussion and public review are necessary for a more thorough review of the proposed Conditional Use Permit.

Based on the above findings and with the applicant's concurrence, I move that the Board of County Commissioners continues the request from Q&D Construction for a Conditional Use Permit to operate an aggregate pit and scale house on a 117.60-acre parcel subject to RR-20 (Rural Residential, 20-acre minimum) zoning (APN 015-521-01) PLZ-2026-059 for __ days.

Alternative Motion for Denial

If the Planning Commission determines that they should deny the request for a Conditional Use Permit, then they need to make findings supporting a recommendation of denial. The Commissioners may wish to consider a motion similar to the following:

The Board of County Commissioners has considered that the use:

A. Will be detrimental to the use, peaceful enjoyment, economic value, or development of surrounding properties or the general neighborhood; and is incompatible with and detrimental to the character and integrity of adjacent development and neighborhoods, nor has the applicant proposed mitigation of adverse impacts such as noise, vibrations, fumes, odors, dust, glare or physical activity related to the proposed project.

B. Will be detrimental to the public health, safety, convenience and welfare; and

C. Will result in material damage or prejudice to other property in the vicinity.

Based on the aforementioned Findings, I move that the Board of County Commissioners deny the request from Q&D Construction for a Conditional Use Permit to operate an aggregate pit and scale house on a 117.60-acre parcel subject to RR-20 (Rural Residential, 20-acre minimum) zoning (APN 015-521-01) PLZ-2026-059.

BACKGROUND INFORMATION

Location

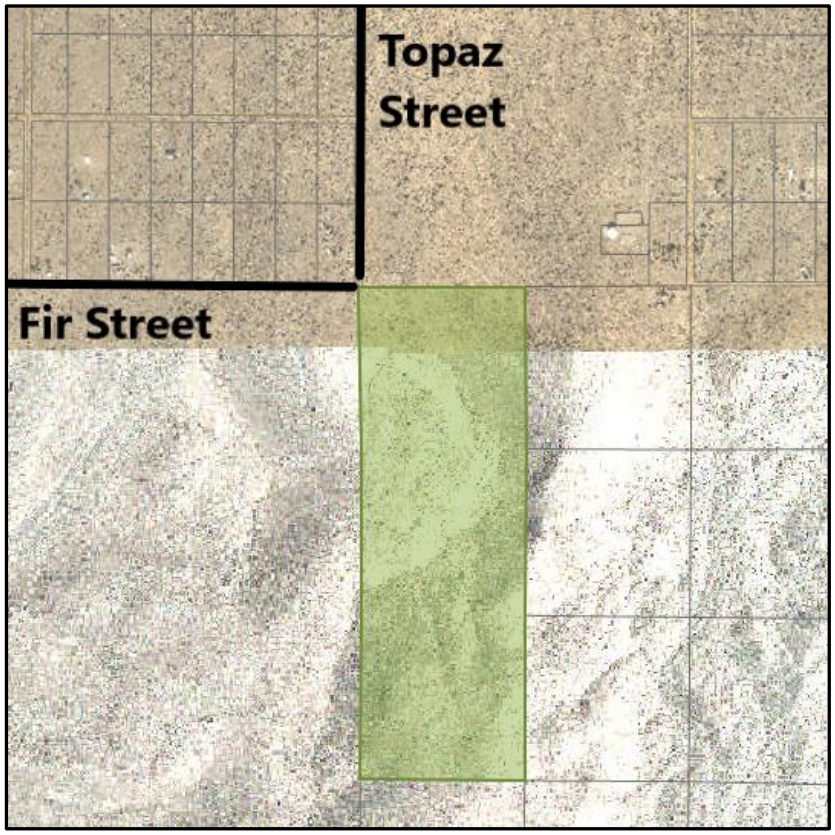

The subject parcel is generally located in Silver Springs, south of US Highway 50 and west of Ramsey Weeks Cutoff. The specific location is the south east corner of W. Fir Street and Topaz Street at 3875 Fir Avenue.

Size, topography, and existing use

The parcel is 117.60 acres per the Lyon County Assessor and includes unoccupied structures of indeterminate age.

The site includes significant topography, with over 250’ of elevation change over the parcel.

Flood Zone Designation

Per the FEMA Flood Insurance Rate Maps (FIRMs) shown to the right, the subject parcel is located in the X Zone (area of minimal flood hazard). No Floodplain Development permits will be required for issuance of grading, construction, or use permits.

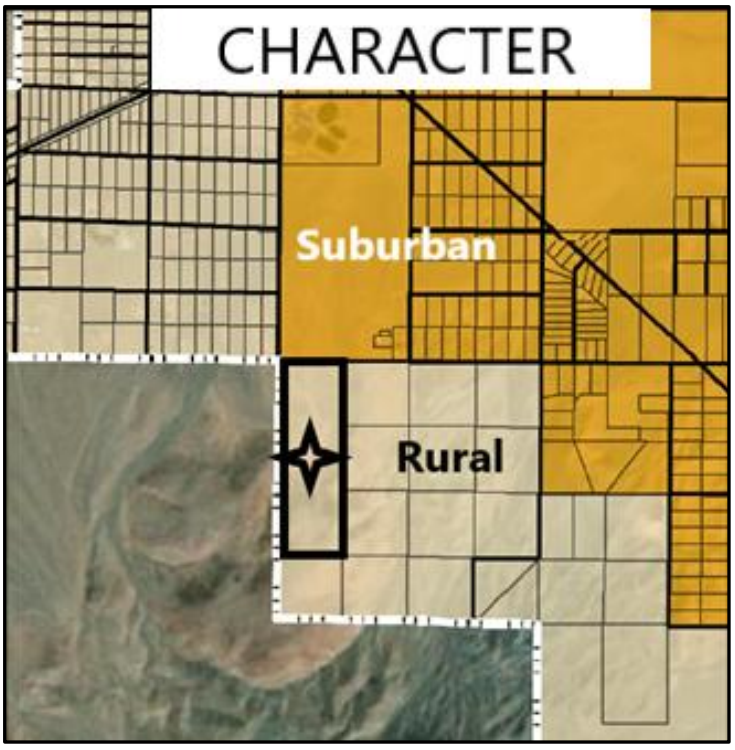

MASTER PLAN AND ZONING

- The project area is within a Rural Character District per the 2020 Master Plan.
- The parcel is designated as Rural Residential per the 2020 Master Plan for Silver Springs.
- The applicable zoning to the site is RR-5 (Rural Residential, 5-acre minimum)

Character District: Rural

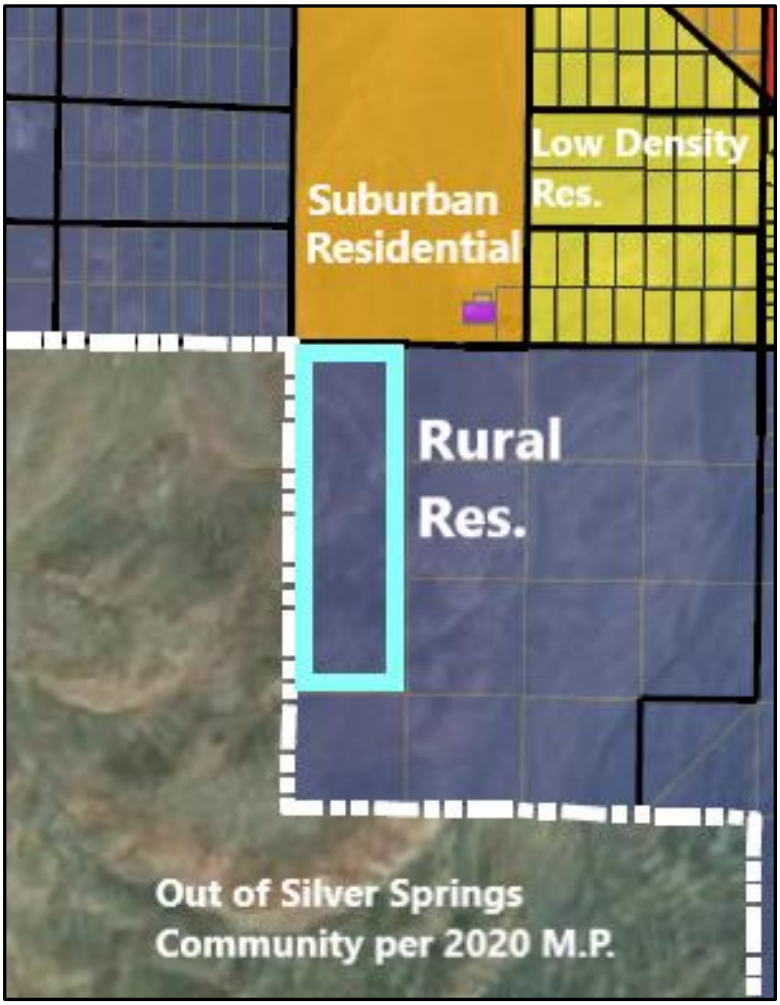

The border of Rural and Suburban Character also represents a boundary for public utilities, with current service areas being available in the Suburban region. The proposed use does not require public utilities so annexation into the service areas is not required.

Master Plan: Rural Residential

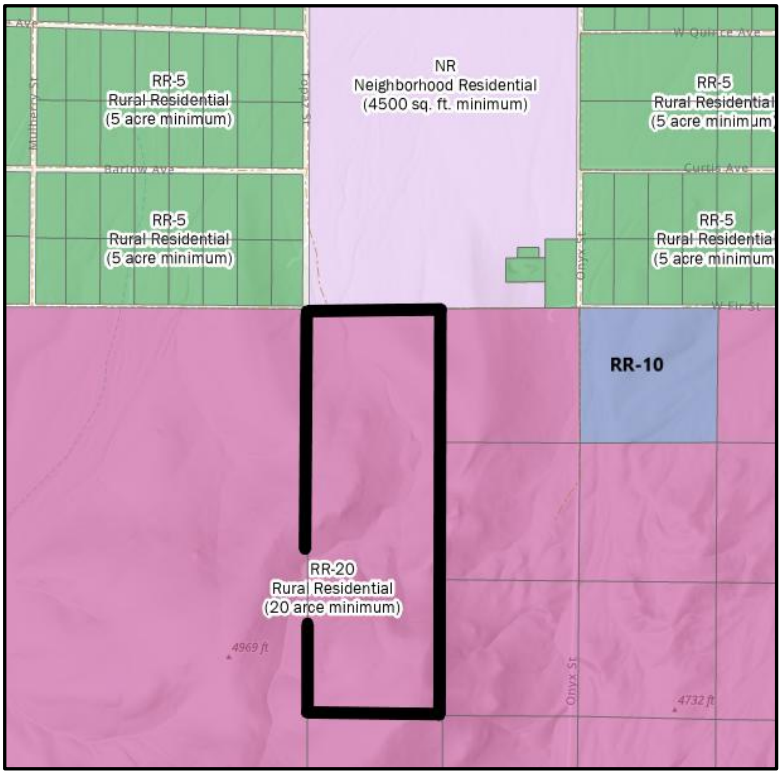

The site shares its designation with lands to the east in the Silver Springs Community per the 2020 Master Plan (MP), but to the west is land outside the Community maps. (Per the MP, land to the west is designated as Open Space per the "General Northerly" map.)

Property to the north has Suburban Residential land use per the Master Plan and is vacant.

Applicable Zoning: RR-5 (Fifth Rural Residential, 20-acre minimum) from Title 10 and subject to the RR-20 (Rural Residential, 20-acre minimum) zoning standards in Title 15.

The Zoning Consistency Matrix, adopted in 2018 with Title 15, is used to "convert" expired Title 10 district names to the applicable zoning in Title 15. The image below depicts the applicable zoning for the subject site and neighboring sites. The site is bound on the east and west with like zoning. To the north is vacant land subject to NR-4,500 (Neighborhood Residential, 4,500 sf minimum).

The allowed uses on site are determined within Table 15.320-1 of Title 15, which charts allowed uses in Rural zoning districts. The use of "*Aggregate…extraction and processing"* requires a Conditional Use Permit and compliance with Lyon County Code (LCC) section 15.337 (Performance Requirements for Industrial Uses) in accordance with Table 15.320-1. (LCC section 15.336 is not applicable for this use.)

This application for a Conditional Use Permit is being submitted to request approval for the use of this property as a private aggregate pit and concrete/asphalt batch plant for Q&D Construction.
The property is located at 3875 Fir Avenue in Silver Springs. The ~118-acre site will be available for mining purposes. Per a site meeting with Lyon County Roads Department, access to the site is proposed through existing right-of-way from Highway 50, east on Dayton Avenue, and south on Topaz Street. This route is proposed to minimize impact to existing properties in the area. The applicant will maintain the roads along this route to minimize dust impacts

Equipment being stored at the site will include excavators, wheel loaders, crushers, water trucks, and other specialty equipment that pertain to these processing operations. A scale and portable restrooms will be located on-site as shown in the site plan.

Operations Plan

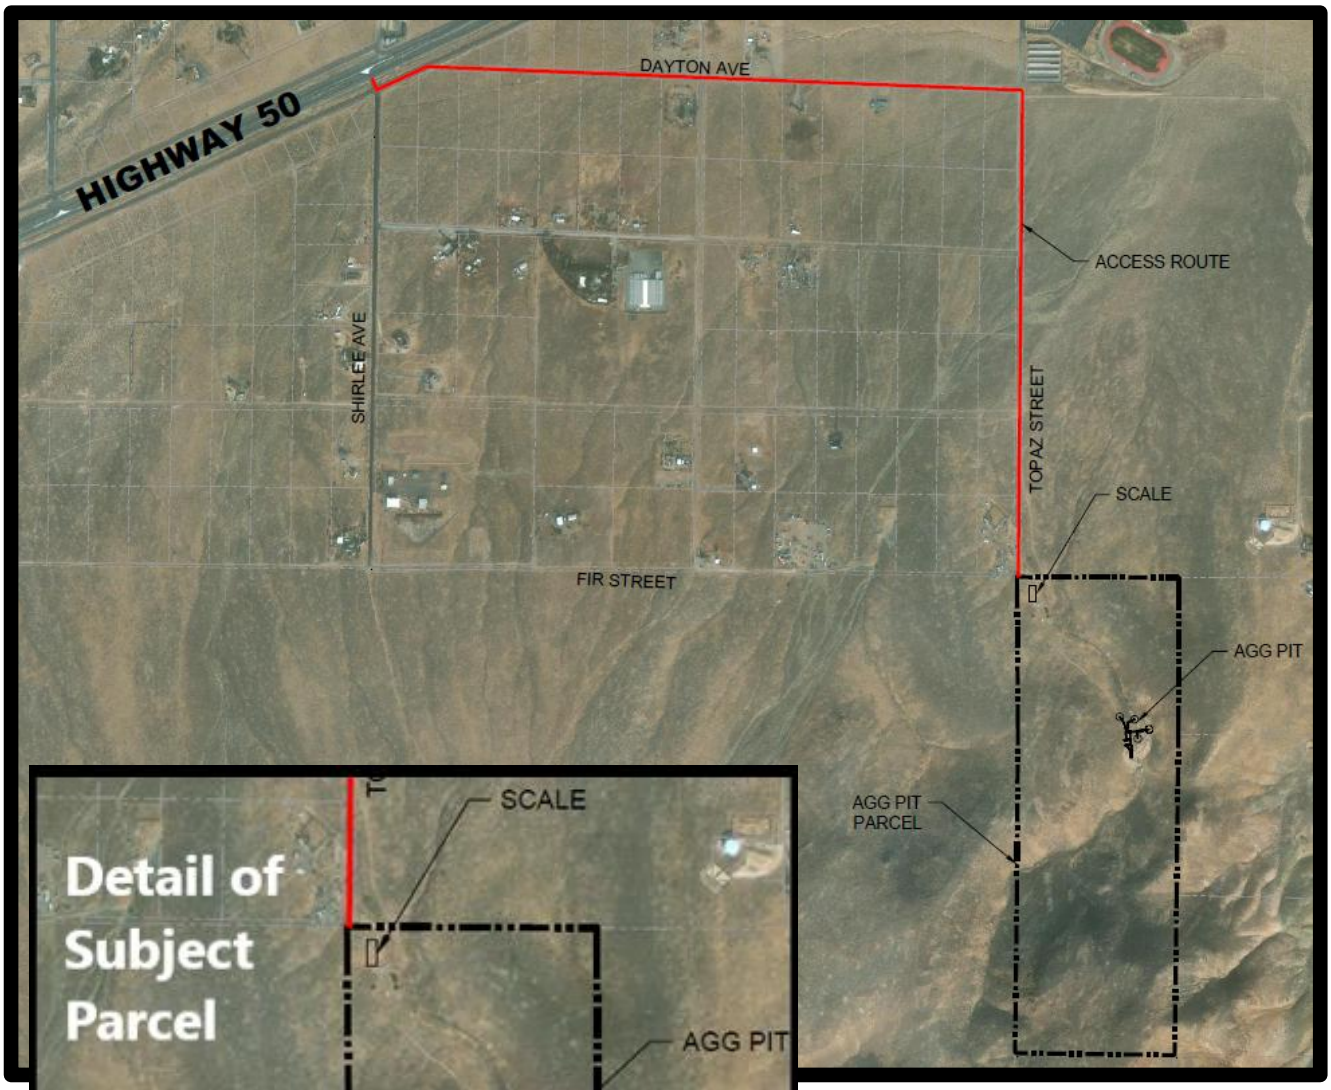

# of employees:	*3-4 on-site employees when in operation.*
Hours of Operation:	*The hours of operation will be from 6 AM to 6 PM, Monday through Saturday, when in operation.*
Estimated Vehicular Traffic:	*60 trips per day when operating at max capacity.*

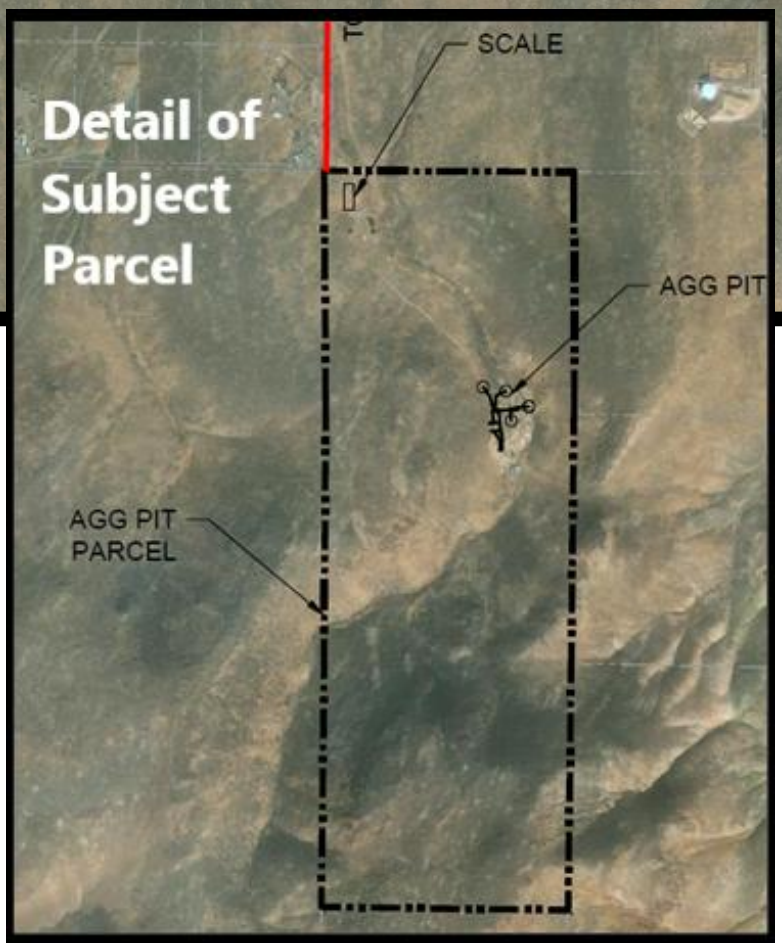

Topaz Street is the public road connected to the site, and is the primary point of ingress and egress.
Vehicles to the site will be employees and drivers. Vehicle circulation will entail a southerly turn off Highway 50, east on Dayton Avenue, and south on Topaz Street, then arrive at site. Exiting the site will follow the same path of travel, in reverse direction. Q&D will maintain the access roads to the site and will ensure dust control measures are used as required.

The applicant's Site Plan and Vicinity Map are on the next page.

STAFF COMMENT

The uses depicted on the site plans represent a "first phase" of use on the site for an aggregate pit, where the operator will source materials for regional construction projects. If/when projects require additional materials, structures may be required for operation of asphalt or concreate batch plants. The recommend Conditions of Approval require approval from the Board of County Commissioners for additional uses and amendment to this CUP (if approved).

FINDINGS

When considering applications for a Conditional Use Permit (CUP), the Commission or Board must evaluate the impact of the conditional use on, and its compatibility with, surrounding properties and neighborhoods to mitigate potential impacts of the use at a particular location and make the following findings from *Chapter 15.230.06: FINDINGS.* Each Finding is listed with the applicant's response and staff's comments.

Finding A: The proposed use at the specified location is consistent with the policies embodied in the adopted master plan and the general purpose and intent of the applicable district regulations;

Applicant's Response

The 2010 Comprehensive Master Plan designates the property as "Rural Residential" at the edge of the Silver Springs designated community. The proposed use is consistent with the policies of the masterplan.

Under Table 15.320-1 of Title 15, 'Aggregate, sand and gravel extraction and processing…' are allowable uses under a Conditional Use Permit for this RR-20 zoning. All requirements stipulated for this zone will be adhered to, however most are not applicable. The property does abut the public Right of Way, is on a street frontage. All other applicable setbacks will be adhered to. No subdivision or lots are being proposed for the site.

Staff Comment

The project is consistent with the first Land Use Goals and Policies of the 2020 Lyon County Master Plan, Chapter 3, Land Use, Economy and Growth:

- Goal LU 1: Orderly Growth Patterns
- Policy LU1.1: Follow Development Patterns as Established in the Land Use Plan

The site received approval for a Special Use Permit (SUP) under Title 10 for the same use of an aggregate pit in 2018. While the use may have been informally used intermittently since that time, the County has no records confirming that the Conditions of Approval for the SUP were formally activated for the site by the operator and as such, the County does not recognize the use as being active. The site is however, on the border with Open Space lands per the Master Plan (per the General Northerly map) and adjacent properties are vacant. The use of this site will be for Q&D Construction projects only and will therefore be used for projects in the Silver Springs region. The Conditions of Approval require that the property is not to be used by Q&D Construction for commercial sales to other users and will therefore limit truck trips outside the immediate area. This use, when conditioned in accordance with LCC section 15.337 (Performance Requirements for Industrial Uses) will limit construction impacts by keeping growth and development impacts local.

B. The proposed use is compatible with the character and integrity of adjacent development and neighborhoods and includes improvements or modifications either on-site or within the public rights-of-way to mitigate development related adverse impacts, such as traffic, noise, odors, visual nuisances, or other similar adverse effects to adjacent development and neighborhoods;

Applicant's Response

The aggregate pit and all associated improvements are proposed within the limits of the subject parcel. The site is remotely located from existing neighbors, and the aggregate pit and other improvements exceed 450 feet from any property boundaries.

Staff Comment

The operation on the site will be subject to the Conditions of Approval in this report with the support of LCC Chapter 15.337. Hours of operation are from the typical Lyon County standard of 7am to 7pm on weekdays, and 8am to 5pm on Saturdays, and sound limit thresholds are included in the Conditions. The access to the site is only authorized as depicted in the staff report and listed in the recommended Conditions of Approval. The Lyon County

School District confirmed to the Planning Department that no school busses use the route proposed. The zoning on this site permits the proposed uses with approval of a CUP and as conditioned, the impacts to neighboring properties should be mitigated.

C. The proposed use will not generate vehicular traffic which cannot be accommodated by the existing, planned or conditioned roadway infrastructure;

Applicant's Response

The vehicular trips to the site, as discussed above, are not expected to be over 60 trips per day. This is well under the trip requirement of 500 trips per day to trigger a traffic impact study. Based on these projections, we believe that the proposed site improvements will have a negligible impact on traffic volumes and patterns. Topaz Street is the only public road connected to the site, which is the primary point of ingress and egress. The proposed uses are not expected to have an impact on the level of service of surrounding roadways.

Staff Comment

The site is accessed by existing roadways that do not require any additional improvements per review of the proposed uses by the Lyon County Roads Department, but a roads maintenance agreement will be required as recommended in the Conditions of Approval to ensure the roadway is consistently repaired by the applicant. The applicant provided a Trip Generation Letter, stamped by a NV-licensed Professional Engineer (P.E.) that calculates less than 500 Average Daily Trips (ADT) or 80 Peak Hour Trips (defined as 7am to 9am). The total ADT for the aggregate pit operation is estimated at 60 per the Trip Generation Letter submitted in the application: if an amendment to this CUP is submitted and includes additional uses such as an asphalt batch plant, then a new Trip Generation Letter will be required as part of the County's review. The access to the site is only authorized as depicted in the staff report and listed in the recommended Conditions of Approval. The Lyon County School District confirmed to the Planning Department that no school busses use the route proposed.

D. The proposed use incorporates roadway improvements, traffic control devices or mechanisms, or access restrictions to control traffic flow or divert traffic as needed to mitigate the development impacts;

Applicant's Response

Based on the proposed trip generation, roadway improvements, traffic control devices or mechanisms, or access restrictions are not anticipated to be required for this project.

Staff Comment

The site is accessed by existing roadways that do not require any additional improvements per review of the proposed uses by the Lyon County Roads Department, but a roads maintenance agreement will be required as recommended in the Conditions of Approval to ensure the roadway is consistently repaired by the applicant. The applicant provided a Trip Generation Letter, stamped by a NV-licensed Professional Engineer (P.E.) that calculates less than 500 Average Daily Trips (ADT) or 80 Peak Hour Trips (defined as 7am to 9am). The access to the site is only authorized as depicted in the staff report and listed in the recommended Conditions of Approval. The Lyon County School District confirmed to the Planning Department that no school busses use the route proposed.

E. The proposed use incorporates features to address adverse effects, including visual impacts and noise, of the proposed conditional use on adjacent properties;

Applicant's Response

Proposed mining operations and equipment will not produce noise levels beyond standard construction levels. The property is secluded and 1,800 feet from the nearest residence, which will minimize visual and noise impacts.

Staff Comment

The distance to existing development is accurately stated. With the recommended Conditions of Approval, adverse impacts to adjacent properties should be mitigated.

F. The proposed conditional use complies with all additional standards imposed on it by the particular provisions of this chapter and all other requirements of this title applicable to the proposed conditional use and uses within the applicable base zoning district, including but not limited to, the adequate public facility policies of this title; and

Applicant's Response

Applicable sections of Title 15 for this zoning were adhered to in the design of the proposed uses for this site. This is a private facility, which will provide onsite parking and accessibility accommodations in accordance with Lyon County zoning requirements.

Staff Comment

Provided the recommended Conditions of Approval are approved and adhered to by the operator of the proposed operations, the uses on the site should not present material damages to neighboring sites. The uses will utilize existing public roadways, operate under hour and noise limitations, and provide a regional contractor with a local site for their projects, reducing truck traffic on regional highways for longer distances.

G. The proposed conditional use will not be materially detrimental to the public health, safety and welfare, and will not result in material damage or prejudice to other properties in the vicinity.

Applicant's Response

Water trucks will be utilized for dust control purposes.

Any odor, dust, dirt, or smoke that may be emitted from the proposed operations would be virtually non-detectable at and beyond the property line, or otherwise reduced to such a concentration or of such duration to any risk of public nuisance, or threaten health or safety, or to unreasonably infringe upon the use and enjoyment of property beyond the boundaries of the subject site.

No material detriment to public health and safety, or to other properties in the area, will result from this proposed use.

Staff Comment

Provided the recommended Conditions of Approval are approved and adhered to by the operator of the proposed operations, the uses on the site should not present material damages to neighboring sites. The uses will utilize existing public roadways, operate under hour and noise limitations, and provide a regional contractor with a local site for their projects, reducing truck traffic on regional highways for longer distances.

Subject: Silver Springs Aggregate Pit – Trip Generation Memo

This memo provides a trip generation analysis to support the Conditional Use Permit application for the Silver Springs Aggregate Pit to be located at APN 015-521-01.

Trip Generation

The proposed project consists of the development and operation of a commercial aggregate pit at the subject property. The facility will be operated by QD Construction and will not be open to the general public. Access to the site will be restricted to authorized haul trucks and operational personnel only. Material pickup operations will be conducted during normal operational hours.

The *ITE Trip Generation Manual* (Institute of Transportation Engineers, 11th Edition) is the primary reference for estimating vehicle trip generation. A review of the ITE land use classifications confirmed that no applicable land use code exists for aggregate pits or similar extractive material operations. Because no ITE rate or equation is available for this land use type, an alternative methodology based on operator-provided operational data was employed, consistent with accepted traffic engineering practice when ITE data is unavailable or inapplicable.

Per information provided by QD Construction, the aggregate pit will operate at a maximum of **60 material pickup loads per day**. Each load pickup involves one truck entering the site (inbound trip) and one truck exiting the site (outbound trip), resulting in two (2) vehicle trips per load. In addition to haul truck movements, a limited number of employee and operational vehicle trips are expected to access the site daily. Based on the scale of the operation and the non-public nature of the facility, a conservative estimate of **4 employee/operational vehicle trips per day** is assumed. The daily trip generation for the proposed aggregate pit is summarized in Table 1 below.

Trip Type	Vehicles	Trips per Vehicle	Daily Trips
Haul Truck Loads (Inbound)	60	1	60
Haul Truck Loads (Outbound)	60	1	60
Employee / Operational Vehicles (Inbound)	4	1	4
Employee / Operational Vehicles (Outbound)	4	1	4
Total Daily Trips			**128**

Based on the maximum operational scenario of 60 loads per day, the proposed aggregate pit is estimated to generate a **minimum of 120 daily vehicle trips** attributable to haul truck activity, plus additional trips associated with site employees and operational personnel.

Peak Hour Considerations

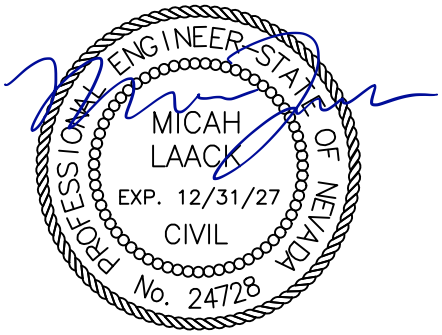

Because the facility is not open to the public and haul truck operations are typically scheduled and dispatched rather than arriving randomly, trip generation during the AM and PM peak hours are expected to be a function of the operational schedule established by QD Construction. If haul truck operations are distributed across a standard 8- to 10-hour operational day, the average truck arrival/departure rate would be approximately **6 loads per hour** (60 loads ÷ 10 hours), equating to approximately **12 truck trips per hour** during operational periods. Actual peak hour volumes may vary depending on the dispatch schedule and should be confirmed with the client.

Summary

The *ITE Trip Generation Manual* does not contain a land use classification applicable to aggregate pit operations; therefore, trip generation for the proposed QD Construction facility was estimated based on operator-provided operational data. At maximum capacity of 60 haul truck loads per day, the facility is estimated to generate **128 daily vehicle trips**. The facility will not be open to the public, and all site access will be restricted to authorized vehicles.

Dear Lyon County Planning Department and Board of County Commissioners,

I am a property owner at address
4220 Fir Street in Silver Springs, Nevada,
APN # 018-492-12
My property consists of 4.34 acres classified for single-family residential use.

I am concerned about the proposed Silver Springs aggregate pit, PLZ-2026-059, and its potential impact on nearby residential properties.

My concerns include airborne dust, noise, heavy truck traffic, potential blasting, groundwater impacts, and the possible reduction in residential property values and marketability.

I respectfully request that the county evaluate these impacts on existing residential parcels, including mine, before making a final decision.

I would also appreciate copies of the proposed site plan, environmental studies, operating conditions, and truck routes, along with confirmation of the distance between the proposed operation and my property.

Thank you for considering the interests and investments of existing residential property owners.

Opposition to Conditional Use Permit PLZ-2026-059 - 3875 Fir Avenue, Q&D Construction aggregate pit and scale house

Lyle F. <fifelaccount@gmail.com> Sun, Oct 11, 2026 at 9:28 PM
To: countyclerks@lyon-county.org
Cc: planning@lyon-county.org

Dear Planning Commissioners:

I am writing to formally oppose conditional use permit application PLZ-2026-059, which would allow an aggregate pit and scale house to operate on the 117.6-acre parcel at 3875 Fir Avenue. I respectfully request that the Planning Commission deny this application.

I am an immediate next-door neighbor to the subject property and would experience the impacts of this operation directly. An aggregate pit is not a temporary construction project. Its ongoing excavation, processing, truck traffic, and related activity would effectively force me to live beside a continuous construction type operation.

My primary concerns include:

- Dust and air quality: My property is downwind of the proposed operation. Dust from excavation, aggregate handling, exposed ground, and truck traffic could regularly travel onto my property and affect my health, outdoor activities, home, vehicles, vegetation, and overall quality of life.
- Noise: Heavy equipment, machinery, backup alarms, scale-house operations, and truck traffic would introduce persistent industrial noise into an area that is currently quiet and rural.
- Light pollution: Operational and security lighting could intrude onto neighboring residential properties and diminish the area's dark, rural nighttime environment.
- Truck traffic and safety: The operation could generate frequent heavy-truck traffic, increasing noise, dust, road wear, and safety risks for nearby residents.
- Residential character and enjoyment of property: The parcel is zoned RR20, or Rural Residential with a 20-acre minimum. An aggregate pit and scale house would be incompatible with the residential character of the area and would substantially interfere with my peaceful use and enjoyment of my property.

I purchased my home in the country because the area is quiet, beautiful, and rural. I relied on its residential character when deciding to live here. Approving an intensive aggregate operation next door would fundamentally alter that character and impose significant, long-term effects on neighboring residents.

I ask the Commission to consider whether this proposal is truly compatible with RR20 zoning and whether it can operate without causing substantial harm to adjacent residential properties. In my view, the effects cannot be adequately addressed through conditions because dust, noise, lighting, heavy equipment, and truck traffic are inherent parts of an aggregate operation.

For these reasons, I respectfully request that the Planning Commission deny conditional use permit PLZ-2026-059 and preserve the property's rural residential use. Please include this letter in the official record for the October 13, 2026 hearing.

Thank you so much for your time and attention considering this matter.
